SENETAS CORPORATION LIMITED

(ABN 33 006 067 607)

("COMPANY")

CORPORATE GOVERNANCE STATEMENT

This Corporate Governance Statement sets out the position of the Company with regards to the ASX Corporate Governance Council's 4th edition Corporate Governance Principles and Recommendations (**Principles and Recommendations**). While the Principles and Recommendations are not mandatory, the Company is required to disclose the extent to which it complies with the Principles and Recommendations each year.

The Board of directors confirms that the Company's corporate governance framework complies in almost all respects with the Principles and Recommendations and that where it does not comply, it is due to the current relative size of the Company and the scale and nature of its operations. The Council recognises that different entities may legitimately adopt different governance practices, based on a range of factors, including their size, complexity, history, and corporate culture.

Copies of the Company's codes and policies may be downloaded from the corporate governance section of the Company's website at <http://www.senetas.com/investor/corporate-governance/>.

Principle 1: Lay Solid Foundations for Management and Oversight

The Company did not comply with all aspects of Recommendation 1.5 but it did comply with Recommendations 1.1, 1.2, 1.3, 1.4, 1.6 and 1.7 for the financial year ended 30 June 2026.

Recommendation 1.1:

A listed entity should have and disclose a board charter setting out:

- (a) the respective roles and responsibilities of its board and management; and*
- (b) those matters expressly reserved to the board and those delegated to management.*

The Board's responsibilities are defined in the Board Charter, a copy of which is available at <http://www.senetas.com/investor/corporate-governance/>, and there is a clear delineation between the functions reserved for the Board and those conferred upon the Chief Executive Officer ("CEO") and certain other officers of the Company.

Recommendation 1.2

A listed entity should:

- (a) undertake appropriate checks before appointing a director or senior executive or putting someone forward for election as a director; and*
- (b) provide security holders with all material information in its possession relevant to a decision on whether or not to elect or re-elect a director.*

The Company will undertake checks the Board considers appropriate before appointing a person, or putting forward to shareholders a candidate for election, as a director. However, this will not apply to the re-election of existing directors.

Subject to any legal obligations to the contrary, the Company will provide shareholders with all material information in its possession relevant to a decision on whether or not to elect or re-elect a director.

Recommendation 1.3

A listed entity should have a written agreement with each director and senior executive setting out the terms of their appointment.

The Company has formal letters of appointment for each of its directors and senior executives, setting out the key terms and conditions of the appointment.

Recommendation 1.4

The company secretary of a listed entity should be accountable directly to the board, through the chair, on all matters to do with the proper functioning of the board.

The Company Secretary is accountable directly to the Board, through the Chairman, on all matters to do with the proper functioning of the Board.

Recommendation 1.5

A listed entity should:

- (a) have and disclose a diversity policy;*
- (b) through its board or a committee of the board set measurable objectives for achieving gender diversity in the composition of its board, senior executives and workforce generally; and*
- (c) disclose in relation to each reporting period:*
 - (1) the measurable objectives set for that period to achieve gender diversity;*
 - (2) the entity's progress towards achieving those objectives; and*
 - (3) either:*
 - (A) the respective proportions of men and women on the board, in senior executive positions and across the whole workforce (including how the entity has defined "senior executive" for these purposes); or*
 - (B) if the entity is a "relevant employer" under the Workplace Gender Equality Act, the entity's most recent "Gender Equality Indicators", as defined in and published under that Act.*

If the entity was in the S&P/ASX 300 Index at the commencement of the reporting period, the measurable objective for achieving gender diversity in the composition of its board should be to have not less than 30% of its directors of each gender within a specified period

The Company has adopted a Diversity Policy. The Diversity Policy confirms that the Company recognises that a talented and diverse workforce can be a key competitive advantage for it. The Company is committed to seeking out and retaining the best talent to develop business growth and performance, as business success is a reflection of the qualities and skills of its people. The Company is committed to promoting diversity in all areas of the Company as it recognises that each employee brings unique skills, capabilities, experiences and characteristics which benefit the organisation as a whole.

The Board, after taking into account its current relatively small size, small number of employees and the industry in which it operates, has established basic objectives for achieving gender diversity. These objectives are:

- where practicable, at least one credible and suitably experienced female candidate will be considered during the recruitment process for vacant executive positions; and
- where practicable, at least one credible and suitably experienced female candidate will be considered for vacant Board positions by the professional consultant or Board committee assisting the Board in the selection process.

There were no women on the Board during the 2026 financial year.

The proportion of women in the senior executive team of the Company as at 30 June 2026 was 17%.

The Company is not a "relevant employer" under the Workplace Gender Equality Act.

A copy of the Diversity Policy is available on the Company's website at <http://www.senetas.com/investor/corporate-governance>.

Recommendation 1.6

A listed entity should:

- (a) have and disclose a process for periodically evaluating the performance of the board, its committees and individual directors; and*
- (b) disclose for each reporting period whether a performance evaluation has been undertaken in accordance with that process during or in respect of that period.*

The Board has in place a process to review the effectiveness of the Board, its committees and individual directors.

The Board has established a process that involves each director formally completing a questionnaire and assessing the performance of the Board, its committees and individual directors. The assessment covers a range of areas including:

- the composition of the Board;
- the effectiveness of the Board and each committee;
- the extent to which the responsibilities set forth in the respective charters of the Board and each committee are met;
- the quality of reporting from and interaction with management; and
- the extent to which substantive issues are appropriately prioritised and considered during Board meetings.

The results of the assessment are reviewed in detail by the Board.

A Board performance review was conducted for the 2026 financial year in accordance with this process and it was determined that the Board and its Committees continue to be effective and remain focused on continuous improvement.

Recommendation 1.7

A listed entity should:

- (a) have and disclose a process for evaluating the performance of its senior executives at least once every reporting period; and*
- (b) disclose for each reporting period whether a performance evaluation has been undertaken in accordance with that process during or in respect of that period*

In accordance with the Board Charter, the directors' responsibilities include monitoring the performance of senior executives (including the CEO) and ensuring succession plans are in place. The Board has established a Nomination and Remuneration Committee which is responsible for reviewing and approving executive remuneration and incentive policies and practices, and ensuring that the policies and practices are performance based and aligned with the Company's vision, values and overall business objectives.

The Nomination and Remuneration Committee annually reviews the performance of the CEO and recommends to the Board key performance targets for the CEO.

The Committee has responsibility for fairly and responsibly rewarding executives having regard to the performance of the Company, the performance of the executives and the general external pay environment.

In addition, the Committee is responsible for reviewing and approving the design and total proposed payments from any executive incentive plan.

All senior executives of the Company are subject to an annual performance review. Each year during the budgeting process, the CEO sets senior executive key performance targets which are aligned to the performance targets set by the Board. These targets are aligned to the overall business goals and the Company's requirements. In the case of the CEO, these targets are negotiated between the Nomination and Remuneration Committee and signed off by the Board. Remuneration incentives are dependent on the outcome of these evaluations.

The Board and Nomination and Remuneration Committee ensure that an evaluation of the senior management team is undertaken annually.

Further information regarding executive compensation can be found in the Remuneration Report in the Annual Report.

A copy of the Nomination and Remuneration Committee Charter is available on the Company's website at <http://www.senetas.com/investor/corporate-governance/>

Principle 2: Structure the board to be effective and add value

The Company did not comply with Recommendations 2.4 and 2.5 but it did comply with Recommendations 2.1, 2.2, 2.3 and 2.6 for the financial year ended 30 June 2026.

Recommendation 2.1

The board of a listed entity should:

(a) have a nomination committee which:

(1) has at least three members, a majority of whom are independent directors; and

(2) is chaired by an independent director,

and disclose:

(3) the charter of the committee;

(4) the members of the committee; and

(5) as at the end of each reporting period, the number of times the committee met throughout the period and the individual attendances of the members at those meetings; or

(b) if it does not have a nomination committee, disclose that fact and the processes it employs to address board succession issues and to ensure that the board has the appropriate balance of skills, knowledge, experience, independence and diversity to enable it to discharge its duties and responsibilities effectively

Senetas has established a Nomination and Remuneration Committee.

The Nomination and Remuneration Committee's authority, responsibilities, composition and membership requirements are documented in the Nomination and Remuneration Committee charter approved by the Board, which is available on the Company's website at <http://www.senetas.com/investor/corporate-governance/>

Details of the relevant qualifications and experience of the members of the committee and their attendance at meetings during the reporting period are disclosed in the Annual Report.

The members of the Nomination and Remuneration Committee are: Mr Ken Gillespie, Mr Chris Fedde and Mr Francis Galbally. Mr Gillespie is Chairman of the Committee and is an independent director. Mr Chris Fedde is also an independent director.

Recommendation 2.2

A listed entity should have and disclose a board skills matrix setting out the mix of skills that the board currently has or is looking to achieve in its membership.

The Board has determined that, in terms of the mix of skills and diversity it is looking for in its own membership, it is best served by having a mix of individuals with different perspectives that have deep expertise and a breadth of experience in the following areas:

- strategy and innovation;
- international business management;
- international marketing and sales;
- information technology;
- financial management and corporate governance; and
- government regulation and policy.

Details in relation to the qualifications, experience, mix of skills and diversity of the Board can be found in the Directors' Report at <http://www.senetas.com/investor/corporate-governance/>

Recommendation 2.3

A listed entity should disclose:

(a) the names of the directors considered by the board to be independent directors;

(b) if a director has an interest, position or relationship of the type described in Box 2.3 but the board is of the opinion that it does not compromise the independence of the director, the nature of the interest, position or relationship in question and an explanation of why the board is of that opinion; and

(c) the length of service of each director.

The Company has assessed the independence of its directors against the requirements for independence which are set out in Principle 2 of the ASX Corporate Governance Principles and Recommendations.

Throughout the 2026 financial year there were six directors, with two independent non-executive directors, three non-independent non-executive directors (including the Chairman of the Board) and one executive director (the CEO).

Mr Galbally (Executive Chairman of the Board during FY2026) is not considered to be an independent director due to his executive capacity and his substantial shareholding in the Company.

Mr Given is not considered to be an independent director as he is a consultant to Madison Park LLC ("Madison Park"). Madison Park is a substantial shareholder of the Company. Mr Given does not have equity in Madison Park and does not have power to exercise, or control the exercise of voting rights of shares held in the Company by Madison Park, nor does Mr Given have the power to dispose of, or control the exercise of a power to dispose of shares held in the Company by Madison Park.

Mr Schofield is not considered to be an independent director as he has family connections with Mr Phil Cohen who has control of Madison Park.

Mr Gillespie has served on the Board greater than 10 years and is considered by the Board to be independent. Director tenure is a factor taken into account by the Board in assessing the independence of a director but it is not determinative. Following an assessment of Mr Gillespie's independence, the Board assessed that he would be able to continue to bring valuable expertise, independent judgement and the ability to act in the best interests of the Company beyond the term of 10 years.

Mr Wilson is the CEO of the Company and is not independent.

As stated above, Mr Ken Gillespie and Mr Chris Fedde are independent directors.

Recommendation 2.4

A majority of the board of a listed entity should be independent directors.

For the reasons stated above, a majority of the Board is not independent. At 30 June 2026, the composition of the Board of directors and length of tenure of each member is stated below:

<i>Name</i>	<i>Position</i>	<i>Date appointed</i>	<i>Independent</i>
Francis W Galbally	Director (Non-Executive Chairman) #	May 2012	NO
Lachie Given	Director (Non-Executive)	March 2013	NO
Ken Gillespie	Director (Non-Executive) #	April 2013	YES
Chris Fedde	Director (Non-Executive)	November 2025	YES
Philip Schofield	Director (Non-Executive)	December 2017	NO
Andrew Wilson	Director (Executive)	August 2012	NO

Mr Francis Galbally's appointment as the Non-Executive Chairman of the Company took effect on 1 September 2025.

To uphold robust governance standards, the Board appointed Mr Ken Gillespie as the Lead Independent Director (also known as Senior Independent Director) with effect from 1 September 2025. Mr Gillespie, an existing independent Non-Executive Director, and who rose to the rank of Lieutenant General and commander of the Australian Army, provides independent leadership on the Board and acts as a check-and-balance to the Executive Chairman role.

The decision to redefine the Chairman's role (from non-executive to executive) was taken after careful consideration of the Company's current needs and circumstances. The Board believes this arrangement best positions the Company to capitalise on upcoming opportunities and drive strategic objectives. Key factors influencing this decision include a desire to maintain a lean executive team; Mr Galbally's unique experience and established customer relationships; and complementing the CEO's role with an additional focus on strategic partnerships and high-level customer and stakeholder engagement.

The Board acknowledges that having an Executive Chairman is a departure from the ASX Corporate Governance Council's '*Corporate Governance Principles and Recommendations (4th edition)*' regarding independent leadership of the Board.

A key safeguard is the designation of Mr Gillespie as Lead Independent Director. Mr Gillespie's appointment will ensure that independent oversight and leadership are preserved on the Board. His responsibilities in this role will include acting as Alternate Chair when required, including whenever Mr Galbally may be conflicted; he will assist the Board in reviewing the performance of the Chairman; and Mr Gillespie will also provide shareholders with a separate channel of communication to the Board.

Recommendation 2.5

The chair of the board of a listed entity should be an independent director and, in particular, should not be the same person as the CEO of the entity.

The roles of the Chairman and CEO are exercised by two separate individuals. As stated above, Mr Galbally, the Company's Executive Chairman, is not an independent director.

Recommendation 2.6

A listed entity should have a program for inducting new directors and for periodically reviewing whether there is a need for existing directors to undertake professional development to maintain the skills and knowledge needed to perform their role as directors effectively.

The Company has an induction program for new directors which provides a summary of the Company and its activities to assist each new director to become effective in their role. The program includes one-on-one meetings with the CEO and senior members of management. In addition, the Board receives ongoing briefings and development sessions from senior management to continuously build non-executive directors' knowledge and to ensure that the Board remains up to date with key internal and external developments.

Principle 3: Instil a culture of acting lawfully, ethically and responsibly

The Company complied with Recommendations 3.1 to 3.4 for the financial year ended 30 June 2026.

Recommendation 3.1

A listed entity should articulate and disclose its values.

As part of its commitment to recognising the legitimate interests of stakeholders, the Company has established a Code of Conduct to guide compliance with legal and other obligations to stakeholders. The Company's Values are incorporated in its Code of Conduct. The Code of Conduct applies to directors, senior executives, employees, contractors and consultant to the Company. The Code of Conduct covers the following key areas:

- acting with the highest standards of honesty, integrity, respectful and law-abiding behaviour;
- conflicts of interest;

- protection and proper use of assets.

A copy of the Company's Code of Conduct is available on the Company's website at <http://www.senetas.com/investor/corporate-governance/>

Recommendation 3.2:

A listed entity should:

- (a) have and disclose a code of conduct for its directors, senior executives and employees; and*
- (b) ensure that the board or a committee of the board is informed of any material breaches of that code.*

The Company has adopted a Code of Conduct which applies to all directors and employees of the Company, as well as a Securities Trading Policy.

Copies of the Company's Code of Conduct and the Securities Trading Policy are available on the Company's website at <http://www.senetas.com/investor/corporate-governance/>

Recommendation 3.3:

A listed entity should:

- (a) have and disclose a whistleblower policy; and*
- (b) ensure that the board or a committee of the board is informed of any material incidents reported under that policy*

The Company has adopted a Whistleblower Policy which:

- is intended to encourage employees to report promptly any actual or suspected improper conduct by the Company or any of its employees;
- is designed to complement normal communication channels between managers and employees;
- demonstrates the commitment of the Company to protect employees who report improper conduct through this Policy; and
- is intended to complement existing employee related policies such as the Occupational Health & Safety Policy and Employee Manual.

The Board is informed of any material incidents reported under that policy.

A copy of the Company's Whistleblower Policy is available on the Company's website at <http://www.senetas.com/investor/corporate-governance/>

Recommendation 3.4:

A listed entity should:

- (a) have and disclose an anti-bribery and corruption policy; and*
- (b) ensure that the board or a committee of the board is informed of any material breaches of that policy.*

The Company has adopted an Anti-Bribery and Corruption Policy. In addition, the Company's Code of Conduct and various internal policies confirm that illegal acts such as bribery and corruption by directors and employees are not tolerated and are against the high standards expected of directors and employees.

A copy of the Company's Anti-Bribery and Corruption Policy is available on the Company's website at <http://www.senetas.com/investor/corporate-governance/>

Principle 4: Safeguard the integrity of Corporate Reports

The Company did not comply with Recommendation 4.1 but complied with Recommendations 4.2 and 4.3 for the financial year ended 30 June 2026.

Recommendation 4.1

The board of a listed entity should:

(a) have an audit committee which:

- (1) has at least three members, all of whom are non-executive directors and a majority of whom are independent directors; and*
- (2) is chaired by an independent director, who is not the chair of the board, and disclose:*
 - (3) the charter of the committee;*
 - (4) the relevant qualifications and experience of the members of the committee; and*
 - (5) in relation to each reporting period, the number of times the committee met throughout the period and the individual attendances of the members at those meetings; or*

(b) if it does not have an audit committee, disclose that fact and the processes it employs that independently verify and safeguard the integrity of its corporate reporting, including the processes for the appointment and removal of the external auditor and the rotation of the audit engagement partner.

Senetas has established an Audit and Risk Committee which is chaired by Mr Given, a non-executive director. As stated above, Mr Given is not an independent director and he is not the Chairman of the Board.

Mr Gillespie and Mr Fedde are the other members of the Audit and Risk Committee and are independent directors.

Mr Fedde joined the Board in November 2025 and became a member of the Audit and Risk Committee and Nomination and Remuneration Committee following his appointment. Mr Fedde replaced Mr Dave Hansen on the Board and the Committees following his resignation. Mr Hansen was also an independent director.

Details of the relevant qualifications and experience of the members of the committee and their attendance at meetings during the reporting period are disclosed in the Annual Report.

The Audit and Risk Committee's authority, responsibilities, composition and membership requirements are documented in the Audit and Risk Committee charter approved by the Board, which is available on the Company's website at <http://www.senetas.com/investor/corporate-governance/>.

Recommendation 4.2

The board of a listed entity should, before it approves the entity's financial statements for a financial period, receive from its CEO and CFO a declaration that, in their opinion, the financial records of the entity have been properly maintained and that the financial statements comply with the appropriate accounting standards and give a true and fair view of the financial position and performance of the entity and that the opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.

The CEO and the Chief Financial Officer have, in accordance with section 295A of the Corporations Act, declared in writing to the Board that the financial reporting, risk management and associated compliance and controls have been assessed and found to be operating efficiently and effectively during the year. All risk assessments covered the whole financial year and the period up to the signing of the annual financial report for all material operations of the Company.

While the Audit and Risk Committee is also responsible for overseeing the establishment and implementation of risk management and internal compliance and control systems, the Board remains responsible for the overall internal control framework, but recognises that no cost-effective internal control system will preclude all errors and irregularities. The Company places considerable reliance on the skill, experience and judgement of its employees to make decisions within the policy framework and to communicate openly on all risk related matters.

Recommendation 4.3

A listed entity should disclose its process to verify the integrity of any periodic corporate report it releases to the market that is not audited or reviewed by an external auditor.

The Company's process for verifying unaudited periodic corporate reports and other unaudited material provided to shareholders is as follows:

- (a) reports are prepared by, or under the supervision of, subject-matter experts (internal or external, as required);
- (b) material statements in the reports are reviewed by management and key internal stakeholders, for accuracy and material requirements;
- (c) information in a report that relates to financial projections, statements as to future financial performance or changes to the policy or strategy of the Company (taken as a whole) must be approved by the Board or a committee of the Board with appropriate authorisation; and
- (d) the report is reviewed and approved for release to the ASX under the Company's Continuous Disclosure Policy.

This process is intended to ensure that all applicable laws, regulations and Company policies have been complied with, and that the report is materially accurate, balanced and provides investors with appropriate information to make informed investment decisions.

Principle 5: Make Timely and Balanced Disclosure

The Company complied with Recommendations 5.1 to 5.3 for the financial year ended 30 June 2026.

Recommendation 5.1

A listed entity should have and disclose a written policy for complying with its continuous disclosure obligations under listing rule 3.1.

The Company has adopted a Continuous Disclosure Compliance Policy. This Policy sets out the standards, protocols and the detailed requirements expected of all directors, officers, senior management and employees of the Company for complying with the Listing Rules and Corporations Act relating to continuous disclosure.

The Continuous Disclosure Compliance Policy is designed to provide equal access to information and to promote quality communications between the Company and third parties such as shareholders, the investment community, the media and ASX.

In addition, the Board assesses its continuous disclosure obligations at each Board meeting.

A copy of the Company's Continuous Disclosure Compliance Policy is available on the Company's website at <http://www.senetas.com/investor/corporate-governance/>.

Recommendation 6.3

A listed entity should disclose how it facilitates and encourages participation at meetings of security holders.

The Company has adopted a Shareholder Communications Policy for shareholders wishing to communicate with the Board. Senetas seeks to utilise numerous modes of communication, including electronic communication to ensure that its communication with shareholders is frequent, clear and accessible. All shareholders are invited to attend the Company's Annual General Meeting, either in person or by representative, being the forum in which to discuss issues relevant to the Company. The Board accordingly encourages full participation by shareholders. Shareholders will have an opportunity to submit questions to the Board and auditors.

A copy of the Company's Shareholder Communications Policy is available on the Company's website at <http://www.senetas.com/investor/corporate-governance/>.

Recommendation 7.1

The board of a listed entity should:

- (a) have a committee or committees to oversee risk, each of which:*

¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

² Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

³ Throughout this form, where you are given two or more options to select, you can, if you wish, delete any option which is not applicable and just retain the option that is applicable. If you select an option that includes "OR" at the end of the selection and you delete the other options, you can also, if you wish, delete the "OR" at the end of the selection.
