¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

The purpose of the Committee's risk management process is to assist the Board in relation to risk management policies, procedures and systems and ensure that risks are identified, assessed and appropriately managed.

The Company complies with the recommendations set by the ASX Corporate Governance Council in relation to the composition and operation of the Committee. The Committee is comprised of all non-executive directors, the majority of whom are independent. Current members are independent

directors Mr Paul Cassano (Chair) and Ms Lisa Hennessy together with non-independent director, Mr Graham McLean.

Committee members qualifications and experience are detailed in 3.1. above and the number of times the Committee met and individual attendance at meetings is set out in the Company's Annual Report.

8. Diversity

CleanSpace is committed to diversity and inclusion in its workplace and has adopted a Diversity Policy. However, CleanSpace has not set measurable objectives to achieve gender diversity in the composition of its board, senior executives and workforce generally.

Male	75%	50%	57%
Female	25%	50%	43%
Unspecified	0%	0%	0%

Due to the current size of the Company, the Board does not consider it appropriate to provide measurable objectives at this time. CleanSpace is committed to ensuring that the appropriate mix of skills, expertise, and diversity are considered when employing staff at all levels of the organisation and when making new senior executive and Board appointments. It is satisfied that the composition of employees, senior executives and members of the Board is appropriate.

9. Code of Conduct

Accordingly, the Board has adopted a formal Code of Conduct that outlines how it expects its representatives to behave and conduct business in the workplace and includes legal compliance and guidelines on appropriate ethical standards.

13. Communications with Shareholders (Cont.)

The AGM is an important occasion for updating shareholders on the Company's performance. The AGM provides the opportunity for shareholders to ask questions of and hear from the Board. CleanSpace encourages shareholder participation at its AGM as an opportunity to allow the Board to listen and respond to shareholder feedback. Shareholders who can not attend the meeting can submit questions to the Board either by emailing the Company Secretary or through the Company's share registry when logging into the share registry's website to vote online. Further details are provided to Shareholders in the Notice of Meeting for the AGM.

The Company ensures that its external auditor attends all AGMs and is available to answer queries from shareholders relevant to the audit and any substantive resolutions are decided by a poll rather than a show of hands.

CleanSpace gives its shareholders the option to send and receive all communications to the Company and its share registry electronically. Shareholders are encouraged to update their communication preferences and elect to receive all communication electronically with the Company's share registry, Boardroom Pty Limited, at investorserve.com.au.

14. Securities Trading Policy

The Company has adopted a Securities Trading Policy that is intended to explain the types of conduct in relation to dealing in securities that are prohibited by law and establish procedures for the buying and selling of securities to ensure that public confidence is maintained in the reputation of the Company and the Company's Directors and employees, and in the trading of the Company's securities.

The Securities Trading Policy provides that Directors, employees and contractors must not deal in the Company's securities when they are aware of 'inside' information. Directors and certain restricted employees must not deal in the Company's securities during any of the following blackout periods:

- from the close of the ASX trading day on 31 December each year, until 10:00am AEDT on

the ASX trading day following the day on which the Company's half yearly results are released to the ASX;

- from the close of the ASX trading day on 30 June each year, until 10:00am AEDT on the ASX trading day following the day on which the Company's full year results are released to the ASX; and
- any other period that the Board specifies from time to time.

If 30 June or 31 December are not ASX trading days, then the blackout period begins on the preceding ASX trading day.

Directors and restricted employees must confirm they are not in possession of any inside information and receive prior approval for any proposed dealing in the Company's securities outside of the above blackout periods (including any proposed dealing by one of their connected persons).

15. Whistle-blower Protection Policy

The Company is committed to the highest standards of conduct and ethical behaviour in all of its business activities and to promoting and supporting a culture of honest and ethical behaviour, corporate compliance and good corporate governance. The Company's Whistle-blower Protection Policy has been adopted to provide a safe and confidential environment where concerns can be raised by whistle blowers without fear of reprisal or detrimental treatment.

16. Anti-bribery and Corruption Policy

The Company is committed to complying with all laws of the jurisdictions in which it operates, including those relating to bribery and corruption. The Company's Anti-bribery and Corruption Policy set out the responsibilities of the Company's personnel, including in their dealings with, and through, third parties. It addresses protection of the Company's personnel in seeking to comply with this policy, investigations, consequences for breach, examples of improper conduct, contact with

government officials, in-kind gifts and corporate hospitality, political and charitable contributions and secret commissions.

Any material breach of the Anti-bribery and Corruption Policy is required to be notified to the Board.

17. Senior Executive Performance Review

Senior executives manage the day-to-day tasks of the Company under the guidance and direction of the CEO. CleanSpace recognises the importance of its senior executives to the Company's growth and performance. Accordingly, the Company undertakes regular evaluations of its senior executives to review their effectiveness and performance on an ongoing basis.

The CEO reviews the performance of senior executives annually. These evaluations assess the completeness and effectiveness of each senior executive in meeting their KPIs, whether the executive has the appropriate mix of skills and experience to allow the Company to meet its corporate goals and whether the executive provides a safe, secure, productive, harmonious and inclusive environment for their employees to perform at their best.

A performance review of senior executives was undertaken by the CEO this year.

18. Departure from ASX Recommendations

Through the corporate governance framework adopted by the Board (and summarised above), the Company is compliant with each of the ASX Recommendations other than Recommendations 1.5, 2.4 and 2.5.

Recommendation 1.5: While the Board has adopted a Diversity Policy, it has not set measurable objectives to achieve gender diversity in the composition of its board, senior executives and workforce generally. This is not consistent with Recommendation 1.5 of the ASX Recommendations. Given the Company's current number of employees and the diversity levels within the business, the Board is comfortable with this position, however it may choose to develop measurable objectives for gender diversity across the Company in the future.

Recommendation 2.4: While the Board is comprised of a majority of non-executive directors, only 50% of the Board are independent directors which is not the majority as recommended in Recommendation 2.4. The Board regularly considers its composition and each individual director and believes, notwithstanding its current composition, it acts in the best interests of the entity as a whole rather than in the interests of an individual security holder or other party.

Recommendation 2.5: Mr McLean is not currently considered an independent Chairman, given his previous role as an executive of the Company. The Board considers the Chairman is suitably skilled and has the appropriate experience and expertise to perform this role, notwithstanding his non-independence, and is capable of doing so in an objective manner and in the best interests of all shareholders.
