¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

² Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

³ Throughout this form, where you are given two or more options to select, you can, if you wish, delete any option which is not applicable and just retain the option that is applicable. If you select an option that includes "OR" at the end of the selection and you delete the other options, you can also, if you wish, delete the "OR" at the end of the selection.

See notes 4 and 5 below for further instructions on how to complete this form.

Recommendation 2.2 A listed entity should have and disclose a Board skills matrix setting out the mix of skills and diversity	NO	ASX Release	Under the Nomination Committee Charter, the Nomination Committee (or, in its absence, the Board) is required to prepare a Board skills matrix setting out the mix of skills that the Board currently has (or is looking to achieve in its composition). The Board will review this at least annually against the Company's Board skills matrix to ensure it has the appropriate mix of skills to

that the Board currently has or is looking to achieve in its membership.			discharge its obligations effectively and to add value and to ensure the Board has the ability to deal with new and emerging business and governance issues. The Company has a Board designed a skill matrix setting out the mix of skills and diversity that the Board was looking to achieve in its membership. Details of those skills were detailed in the ASX release dated 19 September 2023 entitled "Date of AGM and Closing Date for Director Nominations." The Board made appointments in respect of the required skills gaps at that time. The Board Charter requires the disclosure of each Board member's qualifications and expertise. Full details as to each Director's relevant skills and experience are available in the Director's Report section of the Company's financial report.
Recommendation 2.3 A listed entity should disclose: (a) the names of the Directors considered by the Board to be independent Directors; (b) if a Director has an interest, position, association or relationship of the type described in the Corporate Governance Principles and Recommendations (4th Edition), but the Board is of the opinion that it does not compromise the independence of the Director, the nature of the interest, position, association or relationship in question and an explanation of why the Board is of that opinion; and (c) the length of service of each Director.	YES	Annual Report - 2026	The Board reviewed the independence of each of the Directors in office during the reporting period and determined that Non-Executive Directors, Mr Marco Da Silva and Mr Darren Cooper are independent Directors. Mr Santo Carlini is a Non-Executive Director who has a relevant interest in approximately 10.54% of the Company's issued capital, held through an associated entity, and is therefore associated with a substantial holder of the Company. Having regard to the factors set out in the Recommendations (4th Edition), the Board does not consider Mr Carlini to be an independent Director, as his substantial holding is a relationship of the type that could, or could reasonably be perceived to, materially interfere with the independent exercise of his judgement. Independence can only be satisfied if a Director is free of any business or relationship that could materially interfere with or could reasonably be perceived to materially interfere with the independent exercise of their judgement. Details of the Directors' interests, positions, associations and relationships are provided in the Remuneration Report section of the Annual Report. The length of service of each Director is also disclosed within the Remuneration Report.
