¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

² Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

³ Throughout this form, where you are given two or more options to select, you can, if you wish, delete any option which is not applicable and just retain the option that is applicable. If you select an option that includes "OR" at the end of the selection and you delete the other options, you can also, if you wish, delete the "OR" at the end of the selection.

This corporate governance statement sets out EVE Health Group Limited ("the Company") current compliance with the ASX Corporate Governance Council Principles and Recommendations ("Recommendations"). The Recommendations are not mandatory, however this corporate governance statement discloses the extent to which the Company has followed the Recommendations.

PRINCIPLE 1: LAY SOLID FOUNDATIONS FOR MANAGEMENT AND OVERSIGHT

Recommendation 1.1 Role of Board and Management

The Board considers that the essential responsibility of directors is to oversee the Company's activities for the benefit of its shareholders, employees and other stakeholders and to protect and enhance shareholder value. Responsibility for management of the Company's business is delegated to the Managing Director, who is accountable to the Board.

Further, the Board takes specific responsibility for:

- Contributing to the development of and approving corporate strategy;
- Appointing, assessing the performance of and, if necessary, removing the Managing Director;
- Reviewing and approving business plans, the annual budget and financial plans including available resources and major capital expenditure initiatives;
- Overseeing and monitoring:
 - Organisational performance and the achievement of strategic goals and objectives
 - Compliance with the Company's code of conduct
 - Progress of major capital expenditures and other corporate projects including acquisitions, mergers and divestments;
- Monitoring financial performance including approval of the annual, half yearly and quarterly reports and liaison with the auditor;
- Ensuring there are effective management processes in place, including reviewing and ratifying systems of risk identification and management, ensuring appropriate and adequate internal control processes, and that monitoring and reporting procedures for these systems are effective;
- Enhancing and protecting the Company's reputation;
- Approving major capital expenditure, capital management, acquisitions and divestments;
- Reporting to shareholders;
- Appointment of directors; and
- Any other matter considered desirable and in the interest of the Company.

The Board is responsible for the overall Corporate Governance of the Company including the strategic direction, establishing goals for management and monitoring the achievement of these goals. In broad terms, the Board is accountable to the shareholders and must ensure that the Company is properly managed to protect and enhance shareholders' wealth and other interests. The Board Charter sets out the role and responsibilities of the Board within the governance structure of the Company and its related bodies corporate (as defined in the Corporations Act).

Senior executives are responsible for the ongoing management of the Company's operations and reporting to the Board. They are accountable for all functions that are necessary to the operations of the Company and not specifically reserved to the Board. Senior executives' performance is reviewed on a regular basis by the Board.

A copy of the Board Charter is available on the Company's website.

Recommendation 1.2 Director / Senior Management Checks

The Company has in place a policy that it will perform appropriate checks on all potential directors and senior management. This will potentially include undertaking background and other checks before appointing a person or putting them forward to shareholders as a candidate for election as a director. The Company also provides information on the length of time in office for those seeking re-election as well information about relevant qualifications, skills and experiences.

Recommendation 1.3 Written Agreement with each Director and Senior Executive

All non-executive directors are engaged by the Company under letters of appointment and senior executives are engaged under executive service agreements. These agreements detail the roles and responsibilities of the individual.

Details of the letters of appointment and service contracts for senior executives are provided in the Remuneration Report within the Annual Report.

Recommendation 1.4 Company Secretary

The appointment and removal of a Company Secretary is a matter reserved for decision by the Board.

The Company Secretary has a direct line of communication with all directors, and is responsible for supporting the proper functioning of the Board which includes providing advice on governance and procedural issues, the preparation of Board papers and minutes, attendance at Board meetings and maintaining policies and procedures.

Recommendation 1.5 Diversity Policy

The Company has a formal policy in relation to diversity but has not set measurable objectives for the achieving diversity. The Board believes that given the size and nature of the Company's activities, and the existing diversity profile of the organisation, that an informal approach is appropriate at this time. Senior management roles and positions are filled by the best candidates available without discrimination. The Company aims to increase diversity in senior appointments as positions and appropriate candidates become available.

The Company is committed to a workplace environment that promotes diversity and recognises the key competitive benefits of recruiting, developing and retaining a talented, diverse and motivated workforce. The Board recognises the benefits of diversity at board level, senior management level and within the organisation generally and recognises the organisational strengths, deeper problem solving ability and opportunity for innovation that diversity may bring.

The Company intends to review this position annually and, as activities expand, plans to establish a formal diversity policy and set measurable objectives for achieving diversity in relation to gender. The Company also recognises the absence of female representation at board and senior executive levels and intends to consider appropriate steps to address this as the Company grows.

The proportion of women employees in the organisation as of 30 June 2026 is:

In whole organisation	38%
In senior executive positions	Nil
On the Board	nil

Recommendation 1.6 Board Performance Assessment

Membership of the Board, its activities and composition, is subject to on-going review. Given the size of the Company and the management team, this process is managed informally by the directors. Improvement in Board processes and effectiveness is a continuing objective and the primary purpose of Board evaluation is to identify ways to improve performance.

The Board has not conducted a formal performance assessment of the Board, including its Committees and individual directors, during the year. The Company will look to conduct a formal evaluation in the future.

Recommendation 1.7 Performance Evaluation of Senior Executives

The performance of all directors is reviewed by the Chairman on an ongoing basis and any director whose performance is considered unsatisfactory is asked to retire. The Chairman's performance is reviewed by the other Board members.

The Company has established guidelines to identify the measurable and qualitative indicators of the director's performance during the course of the year. Those guidelines include:

- Attendance at all board meetings. Missing more than three consecutive meetings without reasonable excuse will result in that director's position being reviewed; and
- Attendance at the Company's Shareholder Meetings. Non-attendance without reasonable excuse will result in that director's position being reviewed.

No formal performance reviews were conducted during the 2026 financial year.

PRINCIPLE 2: STRUCTURE THE BOARD TO ADD VALUE

Recommendation 2.1 Nominations Committee

The Company does not currently have a separate Nomination Committee. The duties and responsibilities typically delegated to such a committee are considered to be the responsibility of the full Board, given the size and nature of the Company's activities and as such, the Board does not believe that any marked efficiencies or enhancements would be achieved by the creation of a separate nomination committee.

Recommendation 2.2 Board Skills Matrix

The Company supports the appointment of directors who bring a wide range of business and professional skills and experience. While the Company does not have a formal skills matrix, it does consider directors attributes prior to any appointment. The qualifications, skills and experience for each director are included in the Directors' Report in the Annual Report. The Company will review the requirement for a skills matrix as it grows to ensure that it is in the best position to add expertise and experience that is relevant to the Company.

Recommendation 2.3 Directors' Independence

An independent director is defined as a director that is free of any interest, position, association or relationship that might influence, or reasonably be perceived to influence, in a material respect his or her capacity to bring an independent judgment to bear on issues before the Board and to act in the best interests of the Company and its shareholders.

The date of appointment and independence of each director is as follows. A profile of each director and their professional skills and expertise is included in the Directors' Report of the Annual Report.

Name	Position	Date of Appointment	Independent
Rodney Hannington	Non-Executive Chairman	15 June 2022	Yes
Stuart Gunzburg	Executive Director / CSO	12 June 2025	No
Gregory (Bill) Fry	Non-Executive Director	19 August 2009	No

Recommendation 2.4 Majority of Directors Independent

The Company does not presently meet the requirements of Recommendation 2.4 as there is not a majority of independent directors. The Board believes this current structure is best suited to enable the Company to deliver shareholder value and manage the operations for a company of its size. The Company will continue to review its Board structure as it grows to ensure that it has the best structure in place to deliver value to its shareholders, key stakeholders and the communities in which it operates.

Recommendation 2.5 Chairman and Chief Executive Officer / Managing Director

The Company maintains a separation between the role of Chairman and the role of Chief Executive Officer.

Recommendation 2.6 Company Induction and Professional Development of Directors

The Board's induction program provides incoming directors with information that will enable them to carry out their duties in the best interests of the Company, as well as educating them in the Company's policies and procedures.

The Company encourages directors to develop and maintain the skills and knowledge needed to perform their role as Directors.

PRINCIPLE 3: ACT LAWFULLY, ETHICALLY AND RESPONSIBLY

Recommendation 3.1 Company's Values

The Company's values are:

- Act with honesty and integrity
- Respect the law and act accordingly
- Respect confidentiality and not misuse information
- Value and maintain professionalism
- Avoid conflicts of interest
- Strive to be good corporate citizens
- Have respect for each other

Recommendation 3.2 Code of Conduct

The Company has a formal Code of Conduct which establishes the standards of behaviour expected of Directors and employees of the Company.

All directors and employees have a responsibility to report any suspected non-compliance with the Code of Conduct, during the period there were no instances reported to the Board or management.

A copy of the Code of Conduct is available on the Company's website.

Recommendation 3.3 Whistleblower Policy

The Company has a formal Whistleblower Policy available on the Company's website.

The policy outlines reportable conduct and procedures including the fair treatment of all stakeholders in the process. The policy applies to all of the Company's officers and employees.

Recommendation 3.4 Anti-Bribery and Corruption Policy

The Company does not currently have in place a formal Anti-Bribery and Corruption Policy. The Company expects that its other actions in this area such as the Code of Conduct and Whistleblower Policy sufficiently cover the Company's requirements in this area at this stage. The Board intends to adopt a formal policy as operations expand.

PRINCIPLE 4: SAFEGUARD INTEGRITY IN CORPORATE REPORTING

Recommendation 4.1 Audit Committee

The Board has established an Audit Committee with a charter that sets out its roles, responsibilities, composition, structure and membership requirements. The Audit Committee's responsibilities include overseeing the Company's financial reporting, reviewing internal controls, monitoring compliance with applicable laws and regulations, liaising with the external auditor, and reviewing the performance of the external audit function.

The Audit Committee is yet to be constituted to ensure an appropriate composition going forward. Until that time, the role of the Audit Committee will be fulfilled by the full Board. Therefore, the Audit Committee does not currently fully comply with Recommendation 4.1.

The Audit Committee did not meet during the year ended 30 June 2026. A copy of the Audit Committee Charter is available on the Company's website.

Recommendation 4.2 Declarations from the CEO and CFO

The Chief Executive Officer (or equivalent) and the Chief Financial Officer (or equivalent) provide a declaration in accordance with section 295A of the Corporations Act to the Board that, in their opinion, the financial records of the Company have been

properly maintained and that the Company's financial reports comply with the appropriate accounting standards and present a true and fair view of the Company's financial position and performance and that the opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.

Recommendation 4.3 Verification of Periodic Corporate Reports

The Board ensures that any periodic corporate report the Company intends to release to the market is internally reviewed, verified and approved by the Company Secretary prior to release to the market.

PRINCIPLE 5: MAKE TIMELY AND BALANCED DISCLOSURE

Recommendation 5.1 Continuous Disclosure Policy

The Company has a formal Continuous Disclosure Policy as required by Recommendation 5.1. This policy was introduced to ensure the Company achieves best practice in complying with its continuous disclosure obligations under the Corporations Act and ASX Listing Rules and ensuring the Company and individual officers do not contravene the Corporations Act or ASX Listing Rules. A full copy of this policy can be found on the Company's website.

The Company is required to immediately tell the ASX once it becomes aware of any information concerning it that a reasonable person would expect to have a material effect on the price or value of the entity's securities.

Therefore, to meet this obligation the Company undertakes to:

- Notify the ASX immediately it becomes aware of any information that a reasonable person would expect to have a material effect on the price and value of the company's securities, unless that information is not required to be disclosed under the listing rules;
- Disclose notifications to the ASX on the Company website following confirmation of the publishing of the information by the ASX; and
