ASX Announcement 1 September 2026

UPDATE TO - DGR INVESTMENT IN SAVANNAH GOLDFIELDS

DGR Global Ltd (ASX: DGR) ("**DGR**" or "the **Company**") wishes to provide an update in relation to the binding term sheet agreement that DGR entered ("**Agreement**") to invest a total of $3 million in Savannah Goldfields Ltd ("**Savannah**") through:

- A gold production royalty investment ("Royalty"); and
- A share placement.

DGR refers to its ASX announcements of 11 May 2026 and 13 May 2026.

Of the $3M, DGR has invested $1.5 million in exchange for a variable-rate royalty over gold production from Savannah's Georgetown, Agate Creek tenements and operations in North Queensland.

The Royalty provides for Savannah to pay:

- 3.0% of gross gold production for the first 15,000 ounces produced (Tier 1);
- 1.5% of gross gold production for the second 15,000 ounces produced (Tier 2); and
- 1.0% thereafter of gross gold production in perpetuity (Tier 3).

The Royalty also provides for a 1% gross royalty from any production from third party tolling ores treated at Savannah's processing facilities.

The Royalty provides for a minimum payment to DGR of $100,000 per fortnight during the first 15,000-ounce production. (Tier 1)

DGR advises that Savannah has failed to meet the last 4 fortnightly royalty payments.

The Royalty is to be secured by mortgage over Savannah's assets ("**Mortgage**") which is to have priority security status, subject to approval by Savannah's convertible noteholders.

Under the Agreement both DGR and Savannah were required to act in good faith and use all reasonable endeavours to prepare and execute a definitive Royalty Agreement ("**Royalty Agreement**") and the Mortgage within 30 days of the date of the Agreement.

Savannah has failed and/or refused to execute the Royalty Agreement and the Mortgage.

Further Savannah has also failed to convene a meeting of Noteholders to approve the priority status required by DGR within the agreed timeframe under the Agreement.

DGR considers Savannah is in material breach of the Agreement and will now consider the next steps to securing both protection and enforcement of its rights under the Agreement.

DGR will update the market in due course.

ABOUT DGR GLOBAL LIMITED

DGR Global's business involves the creation of resource exploration development and mining companies. The business uses the skills of a core team of talented geoscientists to identify resource projects capable of yielding world class discoveries of attractive commodities.

This is achieved through:

- The identification of commodities with a favourable 20-year price outlook.
- Geological terranes with:
  - A demonstrated strong endowment for that commodity.
  - An under-explored history.
  - Opportunity for the application of recently developed exploration techniques.
  - Jurisdictions with improving socio-economic and regulatory frameworks.
  - Extensive available tenures.
