Commentary on Results

During the financial year, Investor Centre Limited continued to own 100% of Pulse Markets Pty Ltd ("Pulse Markets"), which remained the Company's principal operating subsidiary.

Pulse Markets had historically operated as a diversified financial services business providing services to retail, institutional, corporate and private clients, including transacting in equities and derivatives and assisting companies with equity capital raising activities.

During the year, the Group experienced significant financial and operational challenges associated with its funding arrangements and the operations of Pulse Markets.

Amram Corp Pty Ltd – Liquidation and Cessation of Funding

On 29 August 2025, Amram Corp Pty Ltd ("Amram") entered liquidation. Prior to its liquidation, Amram had provided funding to ICU through a line of credit facility. At the time of Amram's liquidation, approximately \$2.8 million was owing by ICU under the facility.

Following the appointment of liquidators to Amram, further funding to ICU under the facility ceased and the liquidators subsequently offered the ICU debt for sale.

Jonathan Zhang & Co Capital ("JNC") proposed to acquire the debt and provide replacement funding to ICU. In connection with the proposed transaction, Mr Jonathan Zhang and Ms Cuixian Zhou were appointed as Directors of the Company on 22 October 2025.

JNC did not ultimately complete the proposed acquisition of the debt or the associated funding arrangements. Mr Jonathan Zhang and Ms Cuixian Zhou subsequently resigned from the Board on 23 March 2026.

In June 2026, the debt previously owing to Amram was acquired by Lake Volta Investments Pty Ltd ("LVI").

Following the acquisition, LVI commenced discussions with the Company regarding future funding and a proposed restructuring and recapitalisation of ICU, with the objective of addressing the Company's outstanding financial and regulatory requirements and supporting an application for the reinstatement of the Company's securities to quotation on the Australian Securities Exchange ("ASX"), subject to satisfaction of all applicable ASX requirements.

The Company has also been considering the potential adoption or integration of business activities associated with LVI, including brokerage and wholesale lending activities, as part of the proposed restructuring and recapitalisation.

Pulse Markets Pty Ltd – Cancellation of Australian Financial Services Licence

Following the cessation of funding from Amram, Pulse Markets experienced significant financial and operational constraints, including an inability to meet certain regulatory financial obligations and maintain the staffing levels required for its operations.

On 11 February 2026, the Australian Securities and Investments Commission ("ASIC") cancelled the Australian Financial Services Licence ("AFSL") held by Pulse Markets.

The cancellation of the AFSL materially affected Pulse Markets' ability to continue conducting its previous financial services and brokerage activities and had a material adverse effect on the operations and value of the Company's principal operating subsidiary.

As a consequence, the Board reassessed the future operations and business model of the Company and its subsidiaries and continued to pursue opportunities for the recapitalisation and restructuring of the Group.

Operating Results

Revenue from ordinary activities for the financial year ended 30 June 2026 was \$83,590, compared with \$155,850 in the previous financial year.

The loss attributable to owners of the Company for the financial year ended 30 June 2026 was \$724,416, compared with a loss of \$1,145,343 for the previous financial year.

This represents a reduction in the loss of approximately 36.8% compared with the previous financial year.

Dividends

No dividends have been paid or declared by the Company since the start of the financial year and up to the date of this Report. The Directors do not recommend the payment of a dividend.

Significant Events After Balance Date

Following the acquisition by Lake Volta Investments Pty Ltd ("LVI") in June 2026 of the debt previously owing by the Company to Amram Corp Pty Ltd, the Company has continued discussions with LVI regarding the future funding, recapitalisation and restructuring of ICU and the Group.

These discussions include consideration of future funding arrangements and the potential introduction or integration of business activities associated with LVI, including brokerage and wholesale lending activities, as part of a proposed restructuring and recapitalisation of the Company.

The proposed restructuring is intended to provide the Company with a sustainable future operating business, address outstanding financial and regulatory requirements and support the Company's objective of seeking reinstatement of its securities to quotation on the ASX, subject to satisfaction of all applicable ASX requirements.

As at the date of this Report, discussions with LVI remain ongoing and no binding agreement in relation to the proposed restructuring, recapitalisation or integration of LVI's business activities has been completed.

The financial effect of these matters cannot presently be reliably estimated as the proposed arrangements remain subject to negotiation, agreement between the relevant parties and, where applicable, regulatory and shareholder approvals.

Except for the matters disclosed above, no other matter or circumstance has arisen since 30 June 2026 that has significantly affected, or may significantly affect, the operations of the Group, the results of those operations, or the state of affairs of the Group in future financial periods.

NOTE 14: FINANCIAL REPORTING BY SEGMENTS

The Board of Directors for Investor Centre Limited reviews internal reports prepared and strategic decisions of the Company are determined upon analysis of these internal reports. During the Reporting Period, the Company operated predominantly in one business and geographical segment. Accordingly, under the 'management approach' outlined, one operating segment has been identified and no further disclosure is required in the notes to the financial statements.

NOTE 15: EVENTS AFTER THE END OF THE REPORTING PERIOD

Funding, Recapitalisation and Proposed Restructuring

Following the acquisition by Lake Volta Investments Pty Ltd ("LVI") in June 2026 of the debt previously owing by the Company to Amram Corp Pty Ltd, the Company has continued discussions with LVI regarding the future funding, recapitalisation and restructuring of Investor Centre Limited ("ICU") and the Group.

These discussions include consideration of future funding arrangements and the potential introduction or integration of business activities associated with LVI, including brokerage and wholesale lending activities, as part of a proposed restructuring and recapitalisation of the Company.

The proposed restructuring is intended to provide the Company with a sustainable future operating business, address outstanding financial and regulatory requirements and support the Company's objective of seeking reinstatement of its securities to quotation on the Australian Securities Exchange ("ASX"), subject to satisfaction of all applicable ASX requirements.

As at the date of this report, discussions with LVI remain ongoing and no binding agreement in relation to the proposed restructuring, recapitalisation or integration of LVI's business activities has been completed.

The financial effect of these matters cannot presently be reliably estimated as the proposed arrangements remain subject to negotiation, agreement between the relevant parties and, where applicable, regulatory and shareholder approvals.

NOTE 16: FAIR VALUE MEASUREMENT

The carrying amounts of trade and other receivables and trade and other payables are assumed to approximate their fair values due to their short-term nature.

The net fair value of cash and cash equivalents and non-interest bearing monetary financial assets and financial liabilities approximate their carrying value.

The net fair value of financial assets and financial liabilities is based upon market prices where a market exists or by discounting the expected future cash flows by the current interest rates for assets and liabilities with similar risk profiles.

NOTE 17: CONTINGENT LIABILITIES

The group holds a AFSL and has historically been required to make payments in relation to claims arising from this service. The directors believe the provision for settlement of claims against the company is adequate however recognise that ultimately settled amounts may be less or exceed the provisioned amount.

There have been no other events that have occurred after the balance date that would have an effect on the group's financial statements other than those that are already reflected in the financial statements.
