

OPERATIONAL ASSETS

MAHINERANGI WIND FARM

Mahinerangi Wind Farm is located west of Dunedin near Lake Mahinerangi, in the South Island of New Zealand.

Stage 1 of the wind farm was commissioned in 2011. Stage 2 of the wind farm project will be known as Puke Kapo Hau.

[READ MORE](#)

TARARUA WIND FARM

The Tararua Wind Farm stands on 700 hectares of private farmland in the Tararua Ranges, in the lower North Island of New Zealand.

PUKE KAPO HAU

We have achieved Fast-track and Mercury board approval to develop Puke Kapo Hau (Mahinerangi Wind Farm, stage 2). Our plan comprises 40 turbines, installed capacity of 192MW and an annual generation of about 535GWH, enough to power the equivalent of about 76,000 average homes every year.
