About Clover Corporation Limited

Clover Corporation is an Australian publicly listed company (ASX:CLV). Clover evolved from a R&D, manufacturing and marketing company to once concentrating on forming strategic relationships focused on technology, new product development and commercialisation. Clover's superior microencapsulation technology enables nutritional oils, such as tuna, fish, algal and fungal oils, to be added to infant formula, foods and beverages. Developed through extensive R&D, its proprietary technologies protect those sensitive oils from oxidation, allowing them to be incorporated into a range of applications. All Clover products reach the highest standards of purity, stability, and performance, allowing customers to maximise and deliver nutrition.
