Articore upgrades US OTC listing

Articore advises that its issuer-sponsored listing on the OTC Markets has been upgraded from the Pink Limited Market to the OTCQB Venture Market, effective in the US, 15 September 2026.

OTCQB is a market tier for established companies that meet higher financial and disclosure standards, and trading on it is intended to enhance visibility and accessibility for US investors.

In connection with this upgrade, the Group's OTC ticker symbol has changed from 'RDBBF' to 'ATGRF'.

This change relates solely to the Group's quotation on OTC Markets and has no effect on its ASX listing.
