Meet the next generation of mineral discoveries

BHP Xplor and 121 Mining Investment are bringing together the 2026 Xplor cohort and a select group of active mining investors for an exclusive one-day networking event. This is the first opportunity for investors to meet the latest group of exploration companies selected for BHP's global accelerator programme and hear directly from the management teams advancing innovative geological concepts across the minerals sector.

More than a showcase, this is an opportunity to be in the room with active investors, exploration leaders and industry decision-makers actively seeking the next significant mineral discovery. Throughout the day, attendees will have the chance to build relationships, exchange ideas and uncover investment opportunities through high-value conversations in an exclusive, invitation-only environment.

Designed to connect capital with innovation, the event provides unparalleled access to tomorrow's exploration

success stories before they reach the wider market.

Attend via online

Registration for live stream access: Investment Showcase Livestream.

The presentation to be delivered by Mr Birch at the investment showcase is available on Orion's website
