

Pure One Delivers First Heidelberg Truck

Commercial Vehicle Sales & Marketing to Ramp Up with September Drive Day

HYDROGEN TRUCK DELIVERY

- Pure One confirms the delivery of a hydrogen fuel cell 8x4 concrete agitator truck to Heidelberg Materials \completing the contract.
- Delivery represents \$800,000 in revenue and demonstrates Pure One's ability to supply to established Australian industrial fleet operators.

DRIVE DAY CONFIRMED FOR 30 SEPTEMBER

- Pure One will host its Drive Day at Eastern Creek, NSW.
- This marks the first public showcase of its new Zeus electric van and Alpha battery-swap prime mover range adapted for the Australian market.
- The event will bring together prospective customers, fleet operators and parties of interest to experience the vehicles and discuss their operational requirements.

ELECTRIC VEHICLE RANGE AND DEALER NETWORK EXPANSION

- Following customer interest in the high-payload Zeus electric vehicle range, Pure One is progressing an expanded passenger vehicle offering in response to customer requests.
- Securing a dealer network to support broader customer access is a key focus.

Sydney, 21st September 2026: Australian clean technology company Pure One Corporation Limited (ASX: P1E) ("Pure One" or "the Company") is pleased to announce the successful delivery of a hydrogen-powered concrete agitator truck to Heidelberg Materials, marking a further commercial milestone in the rollout of its clean energy commercial vehicle range.

The delivery comes ahead of the Company's Drive Day at Eastern Creek on 30 September 2026, where Pure One will showcase its Zeus electric van and Alpha prime mover range to prospective customers and dealers. The Company is also progressing the expansion of its Zeus passenger vehicle offering and dealer network in response to customer interest.

Pure One Managing Director, Mr Scott Brown, commented: "Delivering this hydrogen-powered truck to Heidelberg Materials is an important commercial milestone for Pure One. It demonstrates our ability to take a heavy vehicle through to customer delivery and meet the requirements of an established industrial fleet operator in Australia.

"We have invested heavily in developing and adapting our vehicle range and bringing it to the local market. Our focus is now on aggressively pursuing sales by putting those vehicles in front of customers and demonstrating how they can enhance fleet requirements.

"The Eastern Creek Drive Day on 30 September is the next step in that process. Alongside the

Heidelberg delivery, the expansion of our Zeus offering and continued dealer network development, it reflects the progress we are making towards a broader commercial vehicle business.”

Heidelberg delivery demonstrates commercial capability

The hydrogen fuel cell 8x4 32-tonne concrete agitator truck has been delivered to Heidelberg Materials following its release from port. The delivery follows Pure One’s announcement of 27 August 2026, which confirmed that the vehicle had arrived in Australia and was awaiting delivery to the customer.

The order represents A\$800,000 in revenue for FY27. Delivery marks a tangible step in translating Pure One’s hydrogen vehicle program into commercial revenue and demonstrates its ability to supply heavy vehicles to established industrial customers in Australia.

Successfully supplying a vehicle for the large concrete sector is an important milestone for the Company’s heavy vehicle business, extending its delivery track record in a demanding commercial fleet application.

T32 HFC Heidelberg Truck arrived for inspection early September and to be fitted with concrete bowl before delivery

Eastern Creek Drive Day to showcase vehicles

Pure One has confirmed that its Drive Day will be held at Sydney Motorsport Park, Eastern Creek, on 30 September 2026.

The event will provide the first public showcase of the Company's new electric vehicles adapted for Australian requirements, featuring the Zeus electric van and Alpha battery-swap electric prime mover range. It will allow prospective customers and dealer groups to inspect the vehicles, participate in drive and ride experiences, and discuss potential fleet applications with the Pure One team.

The Drive Day comes at an important stage in Pure One's development, following investment in vehicle design, adaptation and bringing its expanded range to Australia. With vehicles now available locally, the Company is moving into a more active phase of customer demonstrations and commercial engagement.

Right-hand drive battery swap prime mover Alpha by Pure One

Products showcased on the day include the Alpha Prime Mover with key features as below:

- 90,000 GCM
- Battery lease program that allows entry EV cost comparable to diesel
- Low TOC running on electricity
- 5-min battery swap and CCS2 integrated charging
- 280kW rated/420kW peak, 2,600 Nm torque

**Right-hand drive high-capacity electric van Zeus by Pure One
with Opera House and Harbour Bridge**

The Zeus EV Van will also be available for driving on the day with a car licence:

- 1980kg payload, the biggest in EV Van Space
- 14m³ cargo space
- 100.9 kWh battery
- 22kW onboard AC
- Passenger vehicle variation up to 12 seats

The event is intended to support the conversion of customer interest into sales opportunities by allowing fleet operators to assess the vehicles against their own operational needs. Invitations for the event are sent out to business customers, councils and investors who are interested in a day of viewing, driving and riding experience.

Investors are invited to view and encouraged to register for this event as our VIP guests at <https://events.humanitix.com/pure-one-vip-drive-day-launch-at-eastern-creek-2026>.

Zeus expands range offerings and focuses on dealer network development

Following interest in its high-payload electric commercial vehicles, Pure One is progressing an expanded Zeus passenger vehicle offering in response to customer requests.

Building on the cargo configurations previously outlined, the Company is working to address customer-identified requirements in electric passenger transport Zeus aims to address demand for affordable electric people movers, using its high-capacity chassis to offer practical passenger configurations for commercial operators.

Zeus Pulse Passenger Van Proposed Offering	
Configurations	Low-roof passenger electric van with 9 seats, High-roof passenger electric van with 12 seats
Battery	100.4kWh CATL battery, dual AC/DC charging capabilities with 22 kW onboard charger
Target applications	Council and community, sporting clubs and schools, hotel, resorts and airport transfers, tourism, NDIS transport

Zeus will be coming in four different configurations to suit passenger and cargo needs

In parallel, Zeus continues to expand its dealer network to improve customer access to the range and support sales activity across additional markets.

Together, the broader vehicle offering and dealer network development are intended to extend Pure One’s reach across commercial fleet and passenger transport applications.

About Pure One Corporation Limited

Pure One Corporation Limited (ASX: P1E) is a clean technology company focused on delivering zero-emission mobility and energy solutions. Building on its legacy in hydrogen technologies, Pure One has expanded into battery-electric vehicles and battery-swap solutions, creating commercial and sustainable value for customers across Australia and beyond.

The Company continues to support hydrogen fuel as a domestically sourced clean energy option while offering innovative multi-technology solutions that enable commercial fleets to transition to zero-emission operations.

Concurrently, the Company is developing natural gas projects in Australia through Eastern Gas Corporation Limited (ASX: EGA) and indirectly in Botswana through its strategic investment in Botla Energy (ASX: BTE), a Botswana-focused energy company listed on the ASX.

Strategically, Pure One will also prioritise incubation for early-stage companies or projects within the clean energy sector, with the aim of realising profits from those investments. For further information, see www.pure1corp.com.
