¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

² Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

³ Throughout this form, where you are given two or more options to select, you can, if you wish, delete any option which is not applicable and just retain the option that is applicable. If you select an option that includes "OR" at the end of the selection and you delete the other options, you can also, if you wish, delete the "OR" at the end of the selection.

See notes 4 and 5 below for further instructions on how to complete this form.

ANNEXURE – KEY TO CORPORATE GOVERNANCE DISCLOSURES

Corporate Governance Council recommendation		Where a box below is ticked, ⁴ we have followed the recommendation in full for the whole of the period above. We have disclosed this in our Corporate Governance Statement:	Where a box below is ticked, we have NOT followed the recommendation in full for the whole of the period above. Our reasons for not doing so are: ⁵
PRINCIPLE 1 – LAY SOLID FOUNDATIONS FOR MANAGEMENT AND OVERSIGHT			
1.1	A listed entity should have and disclose a board charter setting out: (a) the respective roles and responsibilities of its board and management; and (b) those matters expressly reserved to the board and those delegated to management.	☒ and we have disclosed a copy of our board charter at: https://investorhub.goldhydrogen.com.au/corporate-governance	☐ set out in our Corporate Governance Statement OR ☐ we are an externally managed entity and this recommendation is therefore not applicable
1.2	A listed entity should: (a) undertake appropriate checks before appointing a director or senior executive or putting someone forward for election as a director; and (b) provide security holders with all material information in its possession relevant to a decision on whether or not to elect or re-elect a director.	☒	☐ set out in our Corporate Governance Statement OR ☐ we are an externally managed entity and this recommendation is therefore not applicable
1.3	A listed entity should have a written agreement with each director and senior executive setting out the terms of their appointment.	☐	☒ set out in our Corporate Governance Statement OR ☐ we are an externally managed entity and this recommendation is therefore not applicable
1.4	The company secretary of a listed entity should be accountable directly to the board, through the chair, on all matters to do with the proper functioning of the board.	☒	☐ set out in our Corporate Governance Statement OR ☐ we are an externally managed entity and this recommendation is therefore not applicable

⁴ Tick the box in this column only if you have followed the relevant recommendation in full for the whole of the period above. Where the recommendation has a disclosure obligation attached, you must insert the location where that disclosure has been made, where indicated by the line with “*insert location*” underneath. If the disclosure in question has been made in your corporate governance statement, you need only insert “our corporate governance statement”. If the disclosure has been made in your annual report, you should insert the page number(s) of your annual report (eg “pages 10-12 of our annual report”). If the disclosure has been made on your website, you should insert the URL of the web page where the disclosure has been made or can be accessed (eg “www.entityname.com.au/corporate governance/charters”).

Gold
Hydrogen

The Gold Standard in Green Energy

**Corporate Governance Statement
2026**

Overview

The Board of Directors of Gold Hydrogen Limited (the **Company**) is responsible for the corporate governance of the Company. The Board guides and monitors the business affairs of the Company on behalf of the shareholders, by whom they are elected, and to whom they are accountable.

The Company's **Corporate Governance Statement** has been adopted and structured with reference to the fourth edition of the ASX Corporate Governance Council's *Corporate Governance Principles and Recommendations* (the **ASX Recommendations**).

The Company's practices are largely consistent with the ASX Recommendations, and the Board has made appropriate statements reporting on the adoption of the various specific governance recommendations. However, it does not consider that full compliance with all of the ASX Recommendations is currently possible or appropriate, due to the current size and scale of the Company's Board, management team and operations. The Board has offered full disclosure and reasons for the adoption of Company practices, in compliance with the "if not, why not" approach, and these are summarised below.

The Board is of the view that, with the exception of the departures specifically noted below, the Company otherwise complies with the ASX Recommendations.

A copy of the Company's full suite of corporate governance materials is available on its website under *Investor Centre / Corporate Governance*.

1. Lay Solid Foundations for Management and Oversight

1.1 Board Charter

In general, the Board provides input that assists in identifying and understanding emerging trends and issues, setting the broad framework within which the strategic and business plans are prepared each year, recommending any significant shifts in the broad strategic direction of the Company, reviewing, developing and approving the Company's long-term strategic plan, and ensuring the Company develops annual business plans to achieve its strategic objectives.

The Board has delegated to the Managing Director, the day-to-day responsibility for running the affairs of the Company, and for implementing the policies and strategy set by the Board. The Board also delegates to senior management the responsibilities for the day-to-day activities leading toward achievement of the Company's strategic direction with agreed boundaries and authority limitations.

The Company has adopted a **Board Charter** which sets out the functions and responsibilities of the Board, the matters expressly reserved for the Board, the structure of the composition of the Board, and guidelines for assessing the independence of its members.

A copy of the **Board Charter** is available on the Company's website under *Investor Centre / Corporate Governance*.

1.2 Information Regarding Election and Re-election of Director Candidates

The policies and procedures for the selection and appointment of new Directors are founded on the basis that candidates are considered and selected by reference to a number of factors which include, but are not limited to, their relevant expertise, experience and achievements, compatibility with other Board members, and capability and credibility within the Company's scope of activities. Background checks, including via third parties, are undertaken ahead of any Director appointment.

Directors that are initially appointed by the Board are subject to election / ratification by shareholders at the Company's next Annual General Meeting in accordance with the Company's constitution.

The Company has appropriate procedures in place to ensure that material information relevant to a decision to elect or re-elect a Director (including whether the incumbent Directors support the election or re-election) is disclosed in the Notice of Meeting provided to shareholders.

At each Annual General Meeting the following Directors automatically retire and are eligible for re-appointment:

- (a) any Director (other than the Managing Director) who has been elected in the office for a period in excess of three (3) consecutive years or until the third annual general meeting following her/his appointment, whichever is longer, without submitting him/herself for re-election; and
- (b) any Director who was appointed by the Directors during the year to fill a casual vacancy or as an addition to the existing Directors.

1.3 Written Agreements for Appointments of Directors and Senior Executives

Upon their appointment, new Directors receive a letter of appointment and a Deed of Access and Indemnity. Non-Executive Directors are not appointed for fixed terms. Executive Directors have written service contracts which set out the material terms for their engagement, including a description of position and duties, reporting lines, remuneration arrangements and termination rights and entitlements.

Letters of appointment for Non-Executive Directors require those Directors to, among other things: disclose their material personal interests and any matters which may affect their independence; comply with key corporate policies; and notify the Company before accepting any new role that could impact upon the time commitment expected of them or give rise to a conflict of interest.

Currently not all of the written agreements setting out the terms of appointment of the Company's Directors and Senior Executives are with those Directors or Senior Executives (as the case may be) personally. However, the majority of the Board has been contracted and paid personally by the Company. Having regard to the nature and scale of the Company's operations and activities, the Board does not consider a degree of non-compliance with this Recommendation to be detrimental to the Company or its shareholders.

1.4 Company Secretary

The Company Secretary is accountable directly to the Board (through the Board Chair) for facilitating the Company's corporate governance processes and the proper functioning of the Board. Each Director is entitled to access the advice and services of the Company Secretary.

In accordance with the Company's Board Charter, the appointment and removal of the Company Secretary is a matter for the Board as a whole. A copy of the **Board Charter** is available on the Company's website under *Investor Centre / Corporate Governance*.

Mr Karl Schlobohm has served as Gold Hydrogen's Company Secretary since 1 May 2022. Details of his experience and qualifications are outlined in the Company's Annual Report.

1.5 Diversity

The Board has adopted a formal **Diversity and Inclusion Policy** which can be accessed on the Company's website under *Investor Centre / Corporate Governance*. The Policy outlines the purpose, principles, measurable objectives, targets and key performance indicators to be achieved when the Board considers the Company to be of sufficient size and scale (given the nature of its current activities) for achieving specific diversity targets.

The recruitment and selection processes adopted by the Company ensure that staff and management are selected in a non-discriminatory manner, based on merit (ie. capability, expertise, industry experience, qualifications, etc).

The Company respects and values the competitive advantage of diversity (which includes but is not limited to gender, age, disability, ethnicity, marital or family status, religious or cultural background), and the benefit of its integration throughout the Company in order to improve corporate performance, increase shareholder value and maximise the probability of achievement of the Company's goals. However, the Board of Directors does not believe that the Company is *currently* of a sufficient size to justify the establishment of formal and measurable objectives, having regard to the nature and scale of its activities.

1.6 Board Review and Evaluation

The Company has adopted a **Board Performance and Evaluation Policy**, a copy of which is available on the Company's website under *Investor Centre / Corporate Governance*.

The Company has previously undertaken an externally facilitated Board skills review and performance evaluation process. As the Company's underlying activities have remained consistent, and composition of the Board has not changed, no further review has been undertaken at this time. This situation will be reviewed as the Company's activities evolve towards development, and / or the composition of the Board changes.

1.7 Management Review and Evaluation

The Board has established a People, Culture and Resources Committee which reviews the performance and remuneration of the Company's Managing Director and Executive management. Amongst other things, the Committee is responsible for reporting and making recommendations to the Board on matters relevant to performance review metrics, corporate and project milestone achievement and industry remuneration trends, structures and guidelines.

In early 2026, the Committee reviewed the performance of Company Executives individually, and as a group, in accordance with predetermined criteria, predominantly framed on the achievement of non-financial but value-accretive project milestones as outlined in the Remuneration Report of the Company's Annual Report. The review undertaken covered the 12 month period through to 31 December 2025. Furthermore, the performance evaluation process was conducted having regard to the expectations and responsibilities associated with the Executive's role, as well as any relevant contractual provisions. This process is to be repeated annually.

2. Structure the Board to be Effective and Add Value

2.1 Nomination Committee

The Board is of the view that the Company is not currently of the size or scale to justify the formation of a separate Nomination Committee, although a Charter has been adopted for future use once a Committee is established. The Board currently performs the functions of a Nomination Committee, and where necessary seeks the advice of external advisors in relation to this role.

The current Board of the Company was formed on 1 July 2022 and its members were chosen to provide an appropriate balance of skills, knowledge, industry experience, independence and diversity to enable it to discharge its duties and responsibilities effectively. Refer further commentary in Section 2.2 below.

The Directors will continue to monitor the skills and experience required at Board level as the Company's operations continue to evolve, and will seek to recruit new Directors as required to ensure requisite coverage.

The Board shall, upon the Company reaching the requisite corporate and commercial maturity, approve the constitution of a Nomination Committee to assist the Board in relation to the appointment of Directors and senior Executives as required.

2.2 Board Skills Matrix

Maintaining a balance of experience and skills is an important factor in the composition of a public company Board. The Board of the Company is currently comprised of seasoned industry professionals with combined qualifications, skills and experience as shown in the Board skills matrix on the next page.

Skills	Number of Directors			
	1	2	3	4
Leadership Expertise / Experience				
Strategy Development				
Listed Company Experience				
Resource Industry Experience				
Financial Experience / Reporting Oversight				
Legal and Regulatory Expertise				
Native Title & Stakeholder Liaison / Negotiation				
Operational and OH&S Expertise				
Risk Management Experience				
Debt / Equity Funding Experience				
Extensive Expertise / Experience				
Some Expertise / Experience				

In July 2024, the Company undertook an externally facilitated Board skills review and performance evaluation process. One of the conclusions of the review process was that each of the Directors considered that the Board was of an appropriate size - and contained an appropriate mix of experience, knowledge and skills - for the Company's current and short-term range of corporate and project initiatives. As the Company's underlying activities have remained consistent, and composition of the Board has not changed, no further review has been undertaken at this time. This situation will be reviewed as the Company's activities evolve towards development, and / or the composition of the Board changes.

2.3 Disclose Independence and Length of Service

Recognising the importance of the appropriate balance between independent and non-independent representation on the Board, the Company has developed a formal **Assessing the Independence of Directors Policy**, which can be accessed from the Company's website under *Investor Centre / Corporate Governance*.

The Board of the Company is comprised of the following members:

NAME	ROLE	DATE OF APPOINTMENT	LENGTH OF SERVICE
Alexander Downer	Non-Executive Chair - Independent	01.07.2022	4 years
Katherine Barnett	Non-Executive Director - Independent	01.07.2022	4 years
Roger Cressey	Executive Director	01.07.2022	4 years
Neil McDonald	Managing Director	28.01.2021	5.5 years

All of the Company's Directors have been awarded options as part of their overall remuneration package, as outlined in the Company's Annual Report. This includes Non-Executive Directors Alexander Downer and Katherine Barnet. The quantum of options held by each is not considered to impair the independence of the Non-Executive Directors given the Company's capital structure. Accordingly, whilst the Company has two independent Non-Executive Directors, its current Board membership is not comprised of a *majority* of independent Directors.

However, at this stage of the Company's development, the Board does not consider non-compliance with this corporate governance guideline to be prejudicial to the effectiveness of the Board in exercising their business judgment and acting in the best interest of all shareholders. As the Company matures and its business operations develop, the Board will consider the appointment of further independent Non-Executive Directors or modifications to the composition of its Board.

2.4 Majority of Directors Should be Independent

Refer to 2.3 above.

2.5 Board Chair Should be Independent

The Company's Non-Executive Chair, Mr Alexander Downer, is considered to be independent under the ASX Recommendations. The quantum of options granted to Mr Downer as part of his remuneration package is not considered to be significant enough to impair his independence, having regard to the capital structure of the Company.

2.6 Director Induction and Personal Development

The Company's operations and corporate structure are currently of a straightforward nature. Any new Director will be taken to the Company's project site(s) in South Australia and be given a comprehensive project and technical overview from the Company's Senior Executives, as well as an opportunity to meet with the Company's Board Chair and the Chair(s) of any Board Committees.

In addition, the Company will make the following information available to any new Director upon request:

- (a) all disclosure documents, including the Company's 2022 Prospectus;
- (b) past minutes of Directors' meetings of the Company;
- (c) existing governance and other policies or procedures of the Company;
- (d) copies of the audited financial statements of the Company since 2021, together with an opportunity to independently meet with the Company's auditors;
- (e) a copy of the Company's most recent risk matrix, together with an opportunity to be briefed on same by Executive Management;
- (f) any other requested information, finance or otherwise, about the affairs of the Company;
- (g) unfettered access to the Company's COO and the CFO / Company Secretary;
- (h) access to the Company's external legal representatives.

The Company recommends and encourages all Directors to attend relevant external seminars, conferences and educational programs for expanding their knowledge base and professional skills.

Directors also have the right, in connection with the discharge of their duties and responsibilities, to seek independent professional advice at the Company's expense in accordance with the agreed procedure set by the Board.

The Company provides the following documents to all Directors:

- (a) a Letter of Appointment including appointment terms, the Director's duties and obligations, the Director's entitlements, as well as a number of informational requests to assist the Company disclosure and potential conflict management;
- (b) a Consent to Act, which requires a formal written consent to become a Director, containing the minimum information required by the Company; and
- (c) a Deed of Access and Indemnity.

3. Instil a Culture of Acting Lawfully, Ethically and Responsibly

3.1 Company Values

The Company's **Core Values** and operating principles underpin the culture of the organization. They also guide the Board and the Company's management in their day-to-day dealings with each other and the Company's range of stakeholders. The Company's **Core Values** include:

- **Excellence** – we will strive for excellence in everything we do;
- **Integrity** – we will act with honesty and fairness;
- **Respect** – we will respect our full range of stakeholders;
- **Sustainable Development** – we will make a positive contribution to global decarbonisation; and
- **Performance** – we are striving for positive outcomes for stakeholders and the environment.

The Company's **Core Values** are outlined in full on the Company's website under *Investor Centre / Corporate Governance*.

3.2 Code of Conduct and Business Ethics

The Board has established a **Code of Conduct and Business Ethics** for Directors, management and employees of the Company. The Code requires that Directors, management and employees maintain high standards of integrity by ensuring that all business activities are conducted legally and ethically in compliance with the letter and spirit of both the law and Company policies.

A copy of the **Code of Conduct and Business Ethics** can be accessed on the Company's website under *Investor Centre / Corporate Governance*.

3.3 Whistleblower Policy

The Board has established a **Whistleblower Policy** that sets out the procedure for making disclosures of information that qualify for protection under the Corporations Act or the Whistleblower Policy. It applies to Directors, management and employees of the Company (and their relatives), as well as suppliers of the Company (and their employees, contractors, suppliers, consultants and service providers).

A copy of the **Whistleblower Policy** can be accessed on the Company's website under *Investor Centre / Corporate Governance*.

3.4 Anti-Bribery and Corruption Policy

The Board takes a zero-tolerance approach to bribery and corruption and is committed to acting professionally, ethically and with integrity in all of its business dealings and relationships. This extends to implementing and enforcing effective systems to counter bribery and corruption, and the Board has established an **Anti-Bribery and Corruption Policy**. Any potential or actual breaches of the Policy are to be reported to the Company's Board.

A copy of the **Anti-Bribery and Corruption Policy** can be accessed on the Company's website under *Investor Centre / Corporate Governance*.

4. Safeguard the Integrity of Corporate Reports

4.1 Audit Committee

The Board has established an Audit and Risk Management Committee. The Committee currently comprises:

- (a) Ms Katherine Barnet – Non-Executive Director (Committee Chair)
- (b) Mr Alexander Downer – Non-Executive Director

The Committee is chaired by a Non-Executive Director (Ms Katherine Barnet) who is not the Chair of the Board. Ms Barnet is also considered by the Company to be an independent Director, as is Mr Downer. Whilst both Ms Barnet and Mr Downer hold options in the Company, the quantum is considered insufficient to impair their independence, having regard to the capital structure of the Company. The formal membership of the Committee is currently less than the recommended minimum of three members.

However, given the current size and scale of the Company's operations, this matter is not considered by the Board to impede the role and effectiveness of the Committee. As the Company's size and scale of operations increases, consideration will be given to appointing further Non-Executive Directors to become members of the Committee.

The Company has adopted an **Audit and Risk Management Charter** setting out the Committee's responsibilities as well as its reporting requirements. The Charter is reviewed annually to determine whether any changes are necessary. A copy of the Charter can be accessed from the Company's website under *Investor Centre / Corporate Governance*.

From a financial and corporate reporting perspective, the Audit and Risk Management Committee is responsible for:

- (a) monitoring the integrity of the financial statements of the Company, reviewing significant financial reporting judgments;
- (b) reviewing the Company's internal financial control system;
- (c) considering the appointment of the external auditor and to approve the remuneration and terms of engagement of the external auditors;
- (d) monitoring and reviewing the external auditor's independence, objectivity and effectiveness, taking into consideration relevant professional and regulatory requirements; and
- (e) developing and implementing policy on the engagements of the external auditor to supply non-audit services, taking into account relevant ethical guidance regarding the provision of non-audit services by the external audit firm.

The Audit and Risk Management Committee is responsible for reviewing the nomination, performance and independence of the Company's external auditors. BDO Audit Pty Ltd (**BDO**) was appointed as the Company's external auditor in 2022.

4.2 Managing Director and CFO Certification of Financial Statements

Prior to the approval of the Company's financial statements each year, the Managing Director and the Chief Financial Officer confirm in writing to the Board that the financial reports of the Company for the financial year:

- (a) present a true and fair view, in all material respects, of the Company's financial condition and operational results and are in accordance with relevant accounting standards;
- (b) the statement given in accordance with section 295A of the Corporations Act is founded on a sound system of risk management and internal compliance and control which implements the policies adopted by the Board; and
- (c) the Company's risk management and internal compliance and control system is operating efficiently and effectively in all material respects in relation to financial reporting risks.

4.3 Verification of Periodic Corporate Reports

Being a participant in the natural resources industry, the Company lodges unaudited cash flow statements and activity statements on a quarterly basis with ASX. These reports are prepared by the Company's accounting and operational staff respectively, checked by the Company's CFO, COO and Managing Director, and then circulated to the Board ahead of release to the market. In this way the Company believes these reports are materially accurate, balanced and provide shareholders and interested investors with an appropriate level of information.

The Company's half-yearly financial reports are audit reviewed ahead of publication, and its Annual Financial Report, including the Directors' Report and Remuneration Report, is subject to audit by the Company's external audit firm.

5. Make Timely and Balanced Disclosure

5.1 Continuous Disclosure Policy

The Board has adopted a **Continuous Disclosure Policy** to ensure compliance with the relevant disclosure requirements of the ASX Listing Rules and the Corporations Act. The Policy sets out: the rules and procedures for ASX information disclosure; the responsibility of the Board, senior Executives and staff to ensure that price sensitive information is identified, reviewed by management and disclosed to ASX in a timely, clear and objective manner; and that all information provided to ASX is posted on the Company's website as soon as possible after its disclosure to ASX.

The Company Secretary manages the Company's compliance with its continuous disclosure obligations in conjunction with the Managing Director. The Company Secretary is the nominated person responsible for communications with, and coordinating disclosure of information to, ASX.

A copy of the **Continuous Disclosure Policy** is available on the Company's website under *Investor Centre / Corporate Governance*.

5.2 Directors Should Receive Copies of Material Market Announcements

Directors receive advanced copies of all material announcements to be released to ASX, including related information, such as financial statements and public presentations, and are aware of and accountable for, the Company's compliance with regard to its continuous disclosure obligations.

5.3 Release of New Presentations to Market

In order to ensure the equality of information among investors, the Company releases to the market a copy of all new and substantive investor or analyst presentations at the time of delivery. This is a requirement of the Company's **Continuous Disclosure Policy**, a copy of which is available on the Company's website under *Investor Centre / Corporate Governance*.

6. Respect the Rights of Security Holders

6.1 Information on Website

Information about the Company, its Board and management team, its operations, and its governance is made available to investors and the general public at: <https://www.goldhydrogen.com.au/>

The Company's website also contains information about the hydrogen industry and economy generally, information about natural hydrogen and the history of it being found on the Yorke Peninsula, details of the Company's Ramsay Project, as well as a number of technical papers and access to all of the Company's ASX releases and reports.

Information about the Company's corporate governance and related policies is specifically available on the Company's website under *Investor Centre / Corporate Governance*.

6.2 Two-Way Investor Relations Program

The Company is committed to informing shareholders of all major developments affecting the operations of the Company and its commercial and financial state of affairs. Communications with shareholders include:

- (a) the annual report which is to be distributed, or otherwise made available, to all shareholders;
- (b) the half-year financial report;
- (c) quarterly activities and cash flow reports;
- (d) information relevant to the Annual General Meeting and other general meetings called to obtain shareholder approval for significant corporate actions, as appropriate;
- (e) company announcements, reports, presentations, interviews, analyst reports, etc;
- (f) electronic shareholder updates related to the above matters and other industry-related issues of interest; and
- (g) all of the information available on the Company's website, located at: <https://www.goldhydrogen.com.au/> as well as its Investor Hub site, located at: <https://investorhub.goldhydrogen.com.au/>

In relation to its Investor Hub, the Company regularly uploads new content, including videos accompanying select announcements, education material, interviews and corporate research. Gold Hydrogen encourages investors to post questions / feedback through the Q&A function accompanying each piece of content to engage with the leadership team and gain a better understanding of the Company's exploration activities and announcements.

Alternatively, Shareholders, interested investors and other stakeholders are able to contact the Company via its website, as well as being able to subscribe to its electronic newsletter service via the website.

The Company welcomes questions from shareholders at any time, and these are answered promptly unless the information requested is market sensitive and not in the public domain. All announcements made by the Company to ASX are posted to its website and distributed to those shareholders who have registered via Investor Hub (<https://investorhub.goldhydrogen.com.au/auth/signup>).

6.3 Facilitate Participation at Meetings of Security Holders

The Company encourages shareholder participation at its Annual General Meeting (AGM) and other General Meetings (which may be convened from time to time) and ensures that all Notices of Meetings are available on its website and distributed electronically to registered recipients. The Company's external auditor attends the Company's AGM and is available to answer any questions which shareholders may have about the conduct of the external audit for the relevant financial year, and the preparation and content of the audit report.

Shareholders who are unable to attend meetings of the Company are encouraged to participate in meetings by way of the appointment of a proxy.

6.4 Determination of Shareholder Resolutions

The Company conducts all shareholder meetings on the basis that resolutions to be put to Shareholders are to be determined by poll.

6.5 Facilitate Electronic Communications

The Company has the capability to communicate with shareholders electronically through its website, its Investor Hub portal and email communications. Electronic contact details are provided on the Company's website at www.goldhydrogen.com.au/contact and

The Company also operates Twitter and LinkedIn accounts to facilitate shareholder updates on alternative platforms. The Company also has an electronic newsletter to distribute industry and Company related news and articles of interest.

7. Recognise and Manage Risk

7.1 Risk Committee

The Board has not set up a stand-alone risk committee, but has established a combined Audit and Risk Management Committee, which – from a risk perspective – is responsible for:

- (a) ensuring the development of an appropriate risk management policy framework that provides guidance to management in implementing appropriate risk management practices throughout the Company's operations, practices and systems;
- (b) defining and periodically reviewing risk management as it applies to the Company and clearly identify all the stakeholders;
- (c) ensuring that the Committee clearly communicates the Company's risk management philosophy, policies and strategies to Directors, senior Executives, employees, contractors and appropriate stakeholders;
- (d) ensuring that Directors and senior Executives establish a risk aware culture which reflects the Company's risk policies and philosophies;
- (e) reviewing methods of identifying broad areas of risk and setting parameters or guidelines for business risk reviews; and
- (f) considering capital raising, treasury and market trading activities with particular emphasis on risk treatment strategies and appropriate levels of organisational authority.

The Company has adopted an **Audit and Risk Management Charter** setting out the Committee's responsibilities as well as its reporting requirements. The Charter is reviewed annually to determine whether any changes are necessary. A copy of the Charter can be accessed from the Company's website under *Investor Centre / Corporate Governance*.

7.2 Annual Risk Review and Disclosure

The responsibility for undertaking and assessing risk management and internal control effectiveness is delegated to Company management. Management is required by the Board to report back on the efficiency and effectiveness of risk management. A comprehensive review of all relevant risks was initially undertaken in the lead up to the Company's January 2023 IPO, as detailed in its prospectus.

Since that time, the Company's executive team and the Board have undertaken a number of reviews of the identification and measurement of relevant corporate and project related risks as the Company's activities have evolved.

The Company's risk management framework was further developed and updated during the year ended 30 June 2026 in conjunction with the re-commencement and evolution of its on-site activities. Furthermore, the Company's risk management framework and risk matrix undergo regular review as the Company's project related-activities continue to expand, become more diversified, and / or operate in new geographic areas.

As part of its ongoing risk management practices, the Company has in place an experienced Board, conducts regular (typically monthly) Board meetings, has an Audit and Risk Management Committee, has a documented **Delegation of Authority** and a **Fraud Control Policy**, is subject to six-monthly financial audits, has a purchase order system, documented invoice authorisation and payment procedures (with a documented audit trail), and undertakes a rigorous appraisal of proposed project expenditures prior to commitment.

7.3 Internal Audit or Alternative Approach

The Company does not have a formal internal audit function due to the current size and scale of its operations. The Audit and Risk Management Committee monitors the need for an internal audit function. The Company's management – under advisement from its external auditors – periodically undertakes internal reviews of the Company's financial systems and processes, and where systems are considered inadequate or require improvement, better systems are developed or purchased.

At this stage the Company's operational and financial functions are not complex, and all expenditure authorizations include the Managing Director and the CFO or COO. All suppliers are known to the Company's management, and any irregular and unrecognized expenses are routinely queried and discussed with one of the three personnel noted above. The Company has an electronic system for invoice approval and payment authorisation procedures, together with a system of manual checks including supplier activity verification and bank detail confirmation. This provides a complete verifiable audit trail from approval through to payment.

The Company's Board has implemented a **Delegation of Authority** regime as part of its governance and risk management processes, under which the Managing Director and Executives execute on the Company's strategic objectives and business plans within agreed Board-sanctioned financial limits.

The Company's range of risk, governance, safety and employment-related policies and practices are to be periodically reviewed (and if required, updated) by the Company's Managing Director, CFO, and COO. Any substantial changes or additions are approved by the Board ahead of implementation.

7.4 Sustainability Risks and Management

The Company, as an exploration company, faces inherent risks in its activities, including economic, environmental and social sustainability risks which may have a material impact on the Company's ability to create value for its shareholders and deliver positive outcomes for its broader stakeholders.

The Board monitors the ongoing operational and financial performance of the Company's activities. Furthermore, the Board receives advice from management and consultants on areas of operational and financial risks, and consider strategies for appropriate risk management. All operational and financial strategies are aimed at improving the value of the Company's assets, and its potential impact on the environment, the community and its range of stakeholders.

The Company's Corporate Governance framework includes a Charter for an Environment, Social and Governance (**ESG**) Committee to review and monitor the Company's assessment and management of its ongoing social and environmental risks. However, given the current size and scale of the Company's operations, the Board currently performs the functions of this Committee, and where necessary seeks the advice of external advisors in relation to this role.

The Board shall, upon the Company reaching the requisite corporate and commercial maturity, approve the constitution of an ESG Committee to assist the Board in relation to the oversight of the Company's activities and policy framework in this area.

In line with its **Core Values**, the Company intends to continue to conduct all of its activities in a responsible, sustainable manner, mindful of the potential human, economic, social and environmental impacts of its actions. The Company, through its activities and ultimate objectives, plans to make a positive contribution to decarbonisation and the green energy sector. The Company consults regularly with stakeholders at the State and local government level, as well as with the community on the Yorke Peninsula, particularly in advance of its medium to high impact activities such as seismic surveys, drilling campaigns, well testing, etc.

The Board has adopted a **Sustainability Policy**, which is available on the Company's website under *Investor Centre / Corporate Governance*. The Company also publishes an annual Sustainability Report at the same time as its Annual Report.

8. Remunerate Fairly and Responsibly

8.1 Remuneration Committee

Rather than a Remuneration Committee, the Company's Board has formed a People, Culture and Resources Committee, which is responsible for – amongst other things - reviewing and making recommendations to the Board on Director and senior Executive remuneration packages and frameworks. The Committee meets at least annually, or at such intervals as required to fulfill its obligations in this regard.

The Committee currently comprises:

- (a) Ms Katherine Barnet – Independent Non-Executive Director (Committee Chair)
- (b) Mr Alexander Downer – Independent Non-Executive Director

The Committee is chaired by Ms Katherine Barnet, who is considered an independent Director. The Committee is comprised of two members who are both considered to be independent Non-Executive Directors. The formal membership of the Committee is currently less than the recommended minimum of three members.

However, given the current size and scale of the Company's operations its current membership is not considered by the Board to impede its role and effectiveness. As the Company's size and scale of operations increases, consideration will be given to appointing further Non-Executive Directors to re-constitute the membership of the Committee in line with best practice standards.

The Board has adopted a **People, Culture and Resources Committee Charter**, which is available on the Company's website under *Investor Centre / Corporate Governance*.

8.2 Disclosure of Executive and Non-Executive Director Remuneration Policy

The Board of Directors is ultimately responsible for determining and reviewing compensation arrangements for the Directors and the Executive Management of the Company. Based on the input and recommendations of the People, Culture and Resources Committee, the Board assesses the appropriateness of the nature and amount of remuneration of such officers on a periodic basis by reference to relevant employment market conditions with the overall objective of ensuring maximum stakeholder benefit from the retention of a high-quality Board and Executive Management.

Disclosure of the remuneration details for Directors and Executives (Key Management Personnel) is outlined in the **Remuneration Report** segment of the Company's **Annual Report**, and is audited by the Company's external auditors.

The remuneration of the Company's Executives (including its Executive Directors) is fixed and reviewed by the Board, with input from the People, Culture and Resources Committee, and comprises a fixed remuneration component and may also include specific short and long-term incentives in the form of performance-based salary increases and/or bonuses; and/or the issue of options or other performance related securities.

Disclosure of the remuneration details for Directors and Executives (Key Management Personnel) is outlined in the **Remuneration Report** segment of the Company's **Annual Report**, and is audited by the Company's external auditors.

All of the Company's Directors were awarded unlisted options in the lead up to the Company's IPO (exercisable at various multiples of the IPO price). This includes Non-Executive Directors Alexander Downer and Katherine Barnet. The quantum of options held by each is not considered to impair the independence of the Non-Executive Directors given the Company's capital structure.

8.3 Equity-Based Remuneration Scheme

The Company's Share Trading Policy specifically prohibits Directors and Executives from engaging in short-term trading in the Company's securities. The Policy also stipulates that participants may not enter into transactions which limit the economic risks of participating in any equity-based remuneration scheme. The **Share Trading Policy** can be accessed on the Company's website under *Investor Centre / Corporate Governance*.
