The Company has adopted this recommendation.

The Board has established a formal charter that details the respective Board and management functions and responsibilities. There is a clear delineation between the Board's responsibility for the Company's strategy and oversight of the business and affairs, and the day-to-day management of its operations. Pursuant to the Company's Diversity Policy, it is the Board's responsibility and objective to foster an environment within the Company where individual differences are respected, employment opportunities are based on merit, skill and ability, and where inappropriate attitudes, behaviours and practices at all levels within the Company are confronted and eliminated.

Given the size of the Company and its current stage of operation, the Board does not presently intend to set specific diversity objectives.

Whilst the Board strongly endorses gender diversity, until such time as the Company's human resource base has grown to a point where fully implementing specific measurable objectives will become more meaningful, the Company will continue to recruit the best person for each role, regardless of gender, ethnicity, age, relationship status or any other irrelevant factor not applicable to the position.
