¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

² Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

³ Throughout this form, where you are given two or more options to select, you can, if you wish, delete any option which is not applicable and just retain the option that is applicable. If you select an option that includes "OR" at the end of the selection and you delete the other options, you can also, if you wish, delete the "OR" at the end of the selection.

See notes 4 and 5 below for further instructions on how to complete this form.

Recommendation 1.3 A listed entity should have a written agreement with each director and senior executive setting out the terms of their appointment.	Complying	The Company's Corporate Governance Plan requires the Board to ensure that each Director and senior executive is a party to a written agreement with the Company which sets out the terms of that Director's or senior executive's appointment.

Complying	The Board Charter outlines the roles, responsibility and accountability of the Company Secretary. (iii) The Board will review this position on an annual basis and will implement measurable objectives as and when they deem the Company to require them.

Principles And Recommendations	Comply	Explanation
Recommendation 1.6 A listed entity should: (a) have and disclose a process for periodically evaluating the performance of the board, its committees and individual directors; and (b) disclose in relation to each reporting period, whether a performance evaluation was undertaken in the reporting period in accordance with that process.	Part-Complying	(a) The Board is responsible for evaluating the performance of the Board and individual directors on an annual basis. It may do so with the aid of an independent advisor. The process for this can be found in Schedule E of the Company's Corporate Governance Plan which is available on the Company's website. (b) The Company's Performance Evaluation Policy requires the Board to disclose whether or not performance evaluations were conducted during the relevant reporting period. Due to the size of the Board and the nature of the business, it has not been deemed necessary to institute a formal documented performance review program of individuals. However, the Chairman intends to conduct formal reviews each financial year whereby the performance of the Board as a whole and the individual contributions of each director are disclosed. The Board considers that at this stage of the Company's development an informal process is appropriate. The review will assist to indicate whether the Board's performance is appropriate and efficient with respect to the Board Charter. The Board regularly reviews its skill base and whether it remains appropriate for the Company's operational, legal and financial requirements.
Recommendation 1.7 A listed entity should: (a) have and disclose a process for periodically evaluating the performance of its senior executives; and (b) disclose in relation to each reporting period, whether a performance evaluation was undertaken in the reporting period in accordance with that process.	Part-Complying	(a) The Board is responsible for evaluating the performance of senior executives. The Board is to arrange an annual performance evaluation of the senior executives. (b) The Company's Performance Evaluation Policy requires the Board to conduct annual performance of the senior executives. The Policy requires the Board to disclose whether, or not, performance evaluations were conducted during the relevant reporting period. During the financial year an evaluation of performance of the individuals was not formally carried out. However, a general review of the individuals occurs on an on-going basis to ensure that structures suitable to the Company's status as a listed entity are in place.
Principle 2: Structure the board to add value		
Recommendation 2.1 The board of a listed entity should: (a) have a nomination committee which: (i) has at least three members, a majority of whom are independent directors; and (ii) is chaired by an independent director, and disclose: (iii) the charter of the committee; (iv) the members of the committee; and (v) as at the end of each reporting period, the number of times the committee met throughout the period and the individual attendances of the members at those meetings; or (b) if it does not have a nomination committee, disclose that fact and the processes it employs to address board succession issues and to ensure that the board has the appropriate balance of skills, experience, independence and knowledge of the entity to enable it to discharge its duties and responsibilities effectively.	Part-Complying	(b) Due to the size and nature of the existing Board and the magnitude of the Company's operations the Company currently has no Nomination Committee. Pursuant to clause 4(h) of the Company's Board Charter, the full Board carries out the duties that would ordinarily be assigned to the Nomination Committee under the written terms of reference for that committee. The duties of the Nomination Committee are outlined in Schedule E of the Company's Corporate Governance Plan available online. The Board devotes time at each board meeting to discuss board succession issues.
