¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

² Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

³ Throughout this form, where you are given two or more options to select, you can, if you wish, delete any option which is not applicable and just retain the option that is applicable. If you select an option that includes "OR" at the end of the selection and you delete the other options, you can also, if you wish, delete the "OR" at the end of the selection.

See notes 4 and 5 below for further instructions on how to complete this form.

RECOMMENDATIONS (4th Edition)	COMPLY	EXPLANATION
Principle 1: Lay solid foundations for management and oversight		
Recommendation 1.1 A listed entity should have and disclose a charter which sets out the respective roles and responsibilities of the Board, the Chair and management, and includes a description of those matters expressly reserved to the Board and those delegated to management.	YES	The Company has adopted Corporate Governance Policies that set out the specific roles and responsibilities of the Board, the Chair and management and includes a description of those matters expressly reserved to the Board and those delegated to management. The Corporate Governance Policies set out the specific responsibilities of the Board, requirements as to the Board's composition, the roles and responsibilities of the Chairman and Company Secretary, Directors' access to Company records and information, details of the Board's relationship with management, details of the Board's performance review and details of the Board's disclosure policy. A copy of the Company's Corporate Governance Policies is available on the Company's website.

Recommendation 1.2 A listed entity should: (a) undertake appropriate checks before appointing a person, or putting forward to security holders a candidate for election, as a Director; and (b) provide security holders with all material information relevant to a decision on whether or not to elect or re-elect a Director.	YES	(a) The Company has guidelines for the appointment and selection of the Board in its Corporate Governance Policies. The Company's Corporate Governance Policies requires that prior to appointing a director or recommending a new candidate for election as a director that appropriate checks are undertaken as to the persons character, experience, education, criminal record and bankruptcy history. The Company will continue undertake these checks in the future prior to appointing a director or recommending a new candidate for election as a director. (b) Under the Corporate Governance Policies, all material information relevant to a decision on whether or not to elect or re-elect a Director must be provided to security holders in the Notice of Meeting containing the resolution to elect or re-elect a Director. The Board will ensure this material information is included in the related Company Notice of Annual General Meeting for such an appointment.
Recommendation 1.3 A listed entity should have a written agreement with each Director and senior executive setting out the terms of their appointment.	YES	The Company's Corporate Governance Policies require the Company to ensure that each Director and senior executive is a party to a written agreement with the Company which sets out the terms of that Director's or senior executive's appointment. The Company has had written agreements with each of its Directors and senior executives for the past financial year.
Recommendation 1.4 The company secretary of a listed entity should be accountable directly to the Board, through the Chair, on all matters to do with the proper functioning of the Board.	YES	The Corporate Governance Policies outlines the roles, responsibility and accountability of the Company Secretary. In accordance with this, the Company Secretary reports to the Board through the Chairman and is responsible for monitoring the extent that Board policy and procedures are followed, and coordinating the timely completion and dispatch of Board agenda and briefing material. All directors have access to the Company Secretary.
Recommendation 1.5 A listed entity should:	PARTIALLY	(a) The Company has adopted a Diversity Policy which provides a framework for the Company to establish and achieve measurable

(a) have a diversity policy which includes requirements for the Board or a relevant committee of the Board to set measurable objectives for achieving gender diversity and to assess annually both the objectives and the entity's progress in achieving them; (b) disclose that policy or a summary of it; and (c) disclose as at the end of each reporting period: (i) the measurable objectives for achieving gender diversity set by the Board in accordance with the entity's diversity policy and its progress towards achieving them; and (ii) either: (A) the respective proportions of men and women on the Board, in senior executive positions and across the whole organisation (including how the entity has defined "senior executive" for these purposes); or (B) if the entity is a "relevant employer" under the Workplace Gender Equality Act, the entity's most recent "Gender Equality Indicators", as defined in the Workplace Gender Equality Act.		diversity objectives, including in respect of gender diversity. The Diversity Policy allows the Board to set measurable gender diversity objectives, if considered appropriate, and to assess annually both the objectives if any have been set and the Company's progress in achieving them. (b) The Diversity Policy is available, as part of the Corporate Governance Policies, on the Company's website. (c) The Board did not set measurable gender diversity objectives for the past financial year because the Board considered the application of a measurable gender diversity objective requiring a specified proportion of women on the Board and in senior executive roles would, given the small size of the Company and the Board, unduly limit the Company from applying the Diversity Policy as a whole and the Company's policy of appointing based on skills and merit. The respective proportions of men and women on the Board, across the whole organisation for the past financial year is disclosed below – <table data-bbox="1220 774 1736 917"> <thead> <tr> <th></th><th>Female</th><th>Male</th></tr> </thead> <tbody> <tr> <td>Board</td><td>0%</td><td>100%</td></tr> <tr> <td>Whole organisation</td><td>0%</td><td>100%</td></tr> </tbody> </table>		Female	Male	Board	0%	100%	Whole organisation	0%	100%
	Female	Male									
Board	0%	100%									
Whole organisation	0%	100%									
Recommendation 1.6 A listed entity should:	YES	(a) The Company's Remuneration and Nomination Committee (or, in its absence, the Board) is responsible for evaluating the performance of the Board on an annual basis. In addition, each Board sub-committee, if applicable, is required to undertake an annual performance review of its own activities annually. The Chairman									

(a) have and disclose a process for periodically evaluating the performance of the Board, its committees and individual Directors; and (b) disclose, in relation to each reporting period, whether a performance evaluation was undertaken in the reporting period in accordance with that process.		shall review each Director at least once every calendar year.
