Director Independence

The Board considers that the number of directors and the composition of the Board are important for the success of the Company.

The Board believes that maximum value for shareholders is best served with the current Board composition comprising five directors, with four being non-executive directors of whom three are independent.

The three independent directors currently are Sarah Kenny, Joanna Ong Joo Mien and Craig Levy.

David Teoh, the Executive Chairman, is not independent as he is a substantial shareholder of the Company. The Board is of the view that the depth of experience and understanding that David has of the Company and of the industry in which the Company operates provides benefits that exceed those that may flow from having an independent non-executive director.

Bob Teoh, a non-executive director, is not independent due to his family relationship with major shareholders. The benefits of Bob's experience in commercial matters and detailed knowledge of the Company and of the industry in which it operates outweigh, in the opinion of the Board, the benefits of independence at this time.

The Board believes that each director brings an independent mind and judgement to bear on all Board decisions, notwithstanding that the Chairperson of the Board is not independent. All directors are able to and do review and challenge the assumptions and performance of management to ensure decisions taken are in the best interest of the Company.

Chairman of the Board

The Chairman of the Board is an executive director of the Company. Nevertheless, the Board believes that David Teoh, in this role, brings the quality and independent judgement to all relevant issues that are required of the Chairperson of the Board. As Executive Chairman, Mr Teoh consults the Board on matters that are sensitive, extraordinary or of a strategic nature.
