¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

² Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

³ Throughout this form, where you are given two or more options to select, you can, if you wish, delete any option which is not applicable and just retain the option that is applicable. If you select an option that includes "OR" at the end of the selection and you delete the other options, you can also, if you wish, delete the "OR" at the end of the selection.

Corporate Governance Statement

Approach to Corporate Governance

Talisman Mining Limited (**Company**) has adopted systems of control and accountability as the basis for the administration of corporate governance, the key features of which are set out in this Statement. The Board is committed to administering the policies and procedures with openness and integrity, pursuing the true spirit of corporate governance commensurate with the Company's needs and individual circumstances.

In establishing its corporate governance framework, the Company has referred to the recommendations set out in the ASX Corporate Governance Council's Corporate Governance Principles and Recommendations 4th edition (**Principles and Recommendations**). The Company has followed each recommendation where the Board has considered the recommendation to be an appropriate benchmark for its corporate governance practices. Where the Company's corporate governance practices follow a recommendation, the Board has made apposite statements reporting on the adoption of the recommendation. In compliance with the "if not, why not" reporting regime, where, after due consideration the Company's corporate governance practices do not follow a recommendation, the Board has explained its reasons for not following the recommendation and disclosed what, if any, alternative practices the Company has adopted instead of those in the recommendation.

The Company reports below on whether it has followed each of the recommendation during the year ended 30 June 2026 (**Reporting Period**). The information in this Statement is current at, and was approved by, a resolution of the Board on 25 September 2026.

Principle 1 – Lay solid foundations for management and oversight

Recommendation 1.1

The Company has established the respective roles and responsibilities of its Board and management, and those matters expressly reserved for the Board and those delegated to management and has documented this in its *Board Charter*, a copy of which is available on the Company's website.

Recommendation 1.2

The Company undertakes appropriate checks before appointing a person or putting forward to shareholders a candidate for election as a director and provides shareholders with all material information in its possession relevant to a decision on whether or not to elect or re-elect a director.

The checks which are undertaken, and the information provided to shareholders are set out in the Company's *Policy and Procedure for the Selection and (Re)Appointment of Directors*, a copy of which is available on the Company's website.

Recommendation 1.3

The Company has a written agreement with each director and senior executive setting out the terms of their appointment. The material terms of any employment, service or consultancy agreement the Company, or any of its child entities, has entered into with its Managing Director, Chief Executive Officer (CEO) any of its directors, and any other person or entity who is a related party of the Managing Director, CEO or any of its directors has been disclosed in accordance with ASX Listing Rule 3.16.4 (taking into consideration the exclusions from disclosure outlined in that rule).

Recommendation 1.4

The Company Secretary is accountable directly to the Board, through the Chair, on all matters to do with the proper functioning of the Board as outlined in the Company's *Board Charter*.

Recommendation 1.5

The Company has adopted a formal *Diversity Policy*, a copy of which is available on the Company's website. The *Diversity Policy* recognises the value of, and is committed to, workplace diversity, with a particular focus on supporting the representation of women at the senior level of the Company and on the Company Board. However, as a result of the Company's current stage of development as an exploration company and given that the Company currently has few employees, the Board considers that it is not practical to set measurable objectives for achieving gender diversity at this time. The Board will review this position on an annual basis and will implement measurable objectives as and when they deem the Company to require them.

The respective proportions of men and women on the Board, in senior executive positions and across the whole organisation as at 30 June 2026 are set out in the following table. "Senior Executive" for these purposes means those persons who have the opportunity to materially influence the integrity, strategy and operation of the Company and its financial performance.

	Proportion of women
Whole organisation	2 out of 10 (17%)
Senior executive positions	0 out of 2 (0%)
Board	0 out of 5 (0%)

Recommendation 1.6

The Chair is responsible for evaluation of the Board and, when deemed appropriate, Board committees and individual directors in accordance with the process disclosed in the Company's *Process for Performance Evaluation*, a copy of which is available on the Company's website.

During the Reporting Period an evaluation of the Board, its committees, and individual directors was undertaken in accordance with the process disclosed in the Company's *Process for Performance Evaluation*.

Recommendation 1.7

The Managing Director/CEO is responsible for evaluating the performance of senior executives in accordance with the process disclosed in the Company's *Process for Performance Evaluations*.

The Nomination Committee is responsible for evaluating the performance of the Managing Director/CEO in accordance with the process disclosed in the Company's *Process for Performance Evaluations*.

During the Reporting Period an evaluation of senior executives took place in accordance with the process disclosed.

Principle 2 – Structure the board to be effective and add value

Recommendation 2.1

The Board has established a Nomination Committee comprising one non-independent non-executive director; Kerry Harmanis and three independent non-executive directors; Jeremy Kirkwood (Chair), Brian Dawes and Mark Cossom (Peter Benjamin prior to the appointment of Mr Cossom and resignation of Mr Benjamin). The Nomination Committee is structured in accordance with Recommendation 2.1.

Details of director attendance at Nomination Committee meetings during the Reporting Period are set out in a table in the Directors' Report on page 22 of the Company's 2026 Annual Report.

The Board has adopted a *Nomination Committee Charter* which describes the role, composition, functions and responsibilities of the Nomination Committee and is disclosed on the Company's website.

Recommendation 2.2

The Board has a skills matrix covering the following key areas of knowledge and experience:

- Strategy
- Financial performance
- Risk and compliance oversight
- Corporate governance
- Executive management
- Legal understanding
- Geology
- Mining/Engineering
- Project Development/Operations
- Health, Safety, Environment and Community
- Finance (markets)
- Commercial

The Board is of the opinion that having a diverse mix of skills, backgrounds, experience, and culture across the Board leads to better outcomes for the Company and shareholders.

The Board is of the view that the current Directors possess an appropriate mix of skills, experience and expertise for the Board to effectively discharge its responsibilities and add

value to the Company. An overview of the qualifications, skills, experience and brief career histories of each Director is included in the Directors' Report on pages 19 and 20 of the Company's 2026 Annual Report.

Recommendation 2.3

The Board considers the independence of directors having regard to the relationships listed in Box 2.3 of the Principles & Recommendations. The current independent directors of the Company are Jeremy Kirkwood, Brian Dawes and Mark Cossom (Peter Benjamin prior to the appointment of Mr Cossom and resignation of Mr Benjamin). Jeremy Kirkwood and Brian Dawes are both considered to be independent notwithstanding their respective length of service.

The length of service of each director is set out in the Directors' Report on pages 20 and 21 of the Company's 2026 Annual Report.

Recommendation 2.4

The Board has a majority of directors who are independent.

Recommendation 2.5

The non-independent Chair of the Board is Kerry Harmanis. The Company has appointed Jeremy Kirkwood as the lead independent director.

Recommendation 2.6

The Company has an induction program that it uses when new directors join the Board and when new senior executives are appointed. The goal of the program is to assist new directors to participate fully and actively in Board decision-making, and to assist senior executives to participate fully and actively in management decision-making, at the earliest opportunity.

The Nomination Committee regularly reviews whether the directors as a group have the skills, knowledge and familiarity with the Company and its operating environment required to fulfil their role on the Board and the Board committees effectively, using a Board skills matrix. Where any gaps are identified, the Nomination Committee considers what training or development should be undertaken to fill those gaps. In particular, the Nomination Committee ensures that any director who does not have specialist accounting skills or knowledge has a sufficient understanding of accounting matters to fulfil his or her responsibilities in relation to the Company's financial statements.

Principle 7 – Recognise and manage risk

Recommendation 7.1

The Board has not established a separate Risk Committee. When the Board convenes as the Risk Committee it carries out those functions which are delegated to it in the Company's *Risk Committee Charter*. Items that are usually required to be discussed by a Risk Committee are marked as separate agenda items at Board meetings when required. The Board deals with any conflicts of interest that may occur when convening in the capacity of the Risk Committee by ensuring that any director with conflicting interests is not party to the relevant discussions.

Details of director attendance at meetings of the full Board, including in its capacity as the Risk Committee, during the Reporting Period, are set out in a table in the Directors' Report on page 22 of the Company's 2026 Annual Report.

The full Board in its capacity as the Risk Committee carried out these reviews during the Reporting Period.

Recommendation 7.3

The Company does not have an internal audit function. To evaluate and continually improve the effectiveness of the Company's risk management and internal control processes, the Board relies on ongoing reporting and discussion of the management of material business risks as outlined in the Company's *Risk Management Policy*, a copy of which is available on the Company's website.

All site-based staff receive training required to perform their assigned tasks safely and correctly. The Company has formalised its approach to risk management by documenting all material business risks in a risk register and allocating ownership for material business risks to the Managing Director/CEO and management of individual material business risks to senior management and individuals within the organisation. The risk register is regularly reviewed by management, updated and presented to the Board.
