¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

² Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

³ Throughout this form, where you are given two or more options to select, you can, if you wish, delete any option which is not applicable and just retain the option that is applicable. If you select an option that includes "OR" at the end of the selection and you delete the other options, you can also, if you wish, delete the "OR" at the end of the selection.

CORPORATE GOVERNANCE STATEMENT 2026

Approved by the Board on 27 August 2026

INTRODUCTION

The Board of Miramar Resources Limited (the “Company” or “Miramar”) is responsible for the overall corporate governance of the Company and its subsidiaries (the “Group”). The Board believes that good corporate governance helps ensure the future success of the Company, adds value to stakeholders and enhances investor confidence. The Board guides and monitors the business affairs of the Company on behalf of the shareholders by whom they are elected and to whom they are accountable.

The ASX document ‘*Corporate Governance Principles and Recommendations 4th Edition*’ (“Recommendations”) published by the ASX Corporate Governance Council applies to listed entities with the aim of enhancing the credibility and transparency of Australia’s capital markets. The Board has assessed the Group’s current practice against the Principles and Recommendations and other than the matters specified below under “*If Not, Why Not*” Disclosure, all the best practice recommendations of the ASX Corporate Governance Council have been applied.

This Corporate Governance Statement (“Statement”) discloses the extent to which the Company has followed the Recommendations, or where appropriate, indicates a departure from the Recommendations with an explanation for the financial year ended 30 June 2026.

This Statement should be read in conjunction with the Company’s Corporate Governance Plan (“CG Plan”) on the Company’s website (the **Website**) www.miramarresources.com.au/corporate/corporate-governance/.

PRINCIPLE 1: LAY SOLID FOUNDATIONS FOR MANAGEMENT AND OVERSIGHT

RECOMMENDATION 1.1: Disclose a board charter

Comply: **YES** ☒

Miramar’s board charter (the “Board Charter”) contained in the CG Plan details the respective roles and responsibilities of the Company’s board (the “Board”) and management and those matters expressly reserved to the Board and delegated to management.

RECOMMENDATION 1.2: Undertake appropriate checks before appointing a director or senior executive and provide material information to security holder

Comply: **YES** ☒

The Company undertakes appropriate checks before appointing a Company director (the “Director”) or senior executive or endorsing the election of any prospective Director and provides security holders with all material information in its possession relevant to a decision on whether or not to elect or re-elect a Director by providing biographical details of candidates including relevant qualifications, experience and skills and details of any other material directorships currently held by the candidate and in the case of a candidate standing for election as a Director for the first time:

- › confirmation that the Company has conducted appropriate checks into the candidate’s background and experience which have been satisfactory; and
- › if the Board considers that the candidate will, if elected, qualify as an independent Director, a statement to that effect.

RECOMMENDATION 1.3: Establish a written agreement with each director and senior executive setting out the terms of their appointment

Comply: **YES** ☒

Each director and senior executive are party to a written agreement with the Company which sets out the terms of that Director’s or senior executive’s appointment, including the remuneration entitlement and performance requirements. Directors also receive a deed of indemnity, insurance, and access.

The summary of agreements is disclosed in the Company’s annual report (the “Annual Report”).

RECOMMENDATION 1.4: The company secretary should be accountable directly to the board, through the chair

Comply: **YES**

The Board Charter contained in the CG Plan outlines the roles, responsibilities and accountability of the Company's company secretary (the "Company Secretary"). In accordance with this, the Company Secretary is accountable directly to the Board, through the Chairperson of the Board (the "Chair"), on all matters to do with the proper functioning of the Board.

RECOMMENDATION 1.5: Disclose a diversity policy which includes requirements for the board to set measurable objectives for achieving gender diversity and to assess annually both the objectives and the entity's progress in achieving them

Comply: **Partial**

The Company has adopted a diversity policy (the "Diversity Policy") which provides a framework for the Company to establish and achieve measurable diversity objectives, including in respect of gender diversity. The Diversity Policy allows the Board to set measurable gender diversity objectives, if considered appropriate, and to assess annually both the objectives (if any have been set) and the Company's progress in achieving them.

The proportion of women within the Group at 30 June 2026 was as follows:

Position category	FY 2026	
	Men	Women
Board	75%	25%
Senior Executive	50%	50%
Whole Organisation	57%	43%

Given the current small size of the Board and the Company's operations, the Board does not presently intend to set measurable gender diversity objectives because:

- (i) the Board does not anticipate there will be a need to appoint any new Directors or senior executives due to the limited nature of the Company's existing and proposed activities and the Board's view that the existing Directors and senior executives have sufficient skill and experience to carry out the Company's plans;
- (ii) if it becomes necessary to appoint any new Directors or senior executives, the Board will consider the application of the measurable diversity objectives and determine whether, given the small size of the Company and the Board, requiring specified objectives to be met will unduly limit the Company from applying the Diversity Policy as a whole and the Company's policy of appointing the best person for the job; and
- (iii) the respective proportions of men and women on the Board, in senior executive positions and across the whole organisation (including how the Company defines "senior executive" for these purposes) for each financial year will be disclosed in this Statement.

RECOMMENDATION 1.6: Companies should disclose, in relation to each reporting period, whether a performance evaluation of the board was undertaken in the reporting period in accordance with that process

Comply: **Partial**

The Nomination and Remuneration Committee is responsible for evaluating the performance of the Board and individual Directors on an annual basis as appropriate. It may do so with the aid of an independent adviser. The Board has not established a Nomination and Remuneration Committees at this time. Until such time as the Board determines that it is appropriate to establish a separate Nomination and Remuneration Committee, the function of the Nomination and Remuneration Committee as set out in the Charters will be performed by the Board.

Evaluation of the Board is carried out on a continuing and informal basis. The Company will put a formal process in place as and when the level of operations justifies it. No performance evaluation was undertaken in the reporting period.

RECOMMENDATION 1.7: Companies should disclose, in relation to each reporting period, whether a performance evaluation of its senior executive was undertaken in the reporting period in accordance with that process

Comply: **Partial**

The Board is responsible for evaluating the performance and remuneration of the Company's senior executives on an annual basis. A senior executive, for these purposes, means key management personnel (as defined in the *Corporations Act 2001*) other than a non-executive Director.

Evaluation of the senior executives is carried out on a continuing and informal basis. The Company will put a formal process in place as and when the level of operations justifies it. No performance evaluation was undertaken in the reporting period.

PRINCIPLE 2: STRUCTURE THE BOARD TO BE EFFECTIVE AND ADD VALUE

RECOMMENDATION 2.1: Establish a nomination committee

Comply:  Partial

The Board as a whole decides on the choice of any new director upon the creation of any new Board position and if any casual vacancy arises. Decisions to appoint new directors will be minuted. The Board will identify candidates and assess their skills in deciding whether an individual has the potential to add value to the Company in accordance with the Company's Nomination Committee Charter. The Board may also seek independent advice to assist with the identification process. The Board considers that this process is appropriate given the size and the complexity of the Group's affairs. Until the situation changes the Board will carry out any necessary Nomination Committee functions.

RECOMMENDATION 2.2: Board skills matrix

Comply:  YES

The Company's objective is to have an appropriate mix of expertise and experience on our Board so that it can effectively discharge its corporate governance and oversight responsibilities. It is the Board's view that the current directors possess an appropriate mix of relevant skills, experience, expertise, and diversity to enable the Board to discharge its responsibilities and deliver the Company's strategic objectives.

The Board will assess each Director's skills and experience and the current Directors as a group, against the Company's board skills matrix (the "Board Skill Matrix") from time to time. It is not a requirement that each Director should present all of the skills and experience listed in the Board Skills Matrix, but the Board collectively should present all of the skills and experience listed in the Board Skills Matrix.

The Board Skills Matrix will be reviewed regularly by the Board to ensure it covers the skills necessary to address existing and emerging business and governance issues relevant to Miramar, as well as to provide support for ensuring that existing directors seek ongoing professional development to maintain their skills or when filling any Board vacancies.

Skill	Attributes
Executive leadership	Sustainable success in business at a very senior executive level.
Strategy	Skills in developing and implementing a successful strategy, including appropriately overseeing and challenging management on the delivery of agreed strategic planning objectives.
Governance	Commitment to the highest standards of governance, including experience with a major organisation that is subject to rigorous governance standards, and an ability to assess the effectiveness of senior management.
Financial acumen	Senior executive or equivalent experience in financial accounting and reporting, corporate finance and internal financial controls, including an ability to probe the adequacies of financial and risk controls.
Relevant exploration and mining industry experience	Experience in the exploration and/or mining industry, including in-depth knowledge of the Group's corporate purpose, strategy, market, competitors, operational issues and technology.
Health, safety and environment	Experience related to workplace health and safety, environmental and social responsibility, and community.
Culture and remuneration	Experience in remuneration policy and implementation, linking remuneration to strategy and performance. Ability to develop succession plans and to develop talent, culture and diversity.

RECOMMENDATION 2.3: Disclose independence of directors

Comply:  YES

The Board Charter requires the disclosure of the names of Directors considered by the Board to be independent.

The Board currently consists of three Directors:

Position	Number in Position	Independent
Non-Executive Chairman	1	Yes
Executive Director	1	No
Non-Executive Director	1	No

The existence of any of the relationships listed in Box 2.3 of the Guide (regarding director independence) and an explanation of why the Board considers a Director to be independent, notwithstanding the existence of those relationships is disclosed in the CG Plan, available on the Website.

The period of office held by each Director in office is disclosed in the Annual Report.

RECOMMENDATION 2.4: Majority independent directors

Comply: 

The Board currently consists of three Directors of whom two Directors are considered non-independent. Details of their skills, experience and expertise and the period of office held by each Director have been included in the Annual Report. The number of Board meetings and the attendance of the Directors are set out in the Annual Report.

The Board considers that the composition of the existing Board is appropriate given the scope and size of the Group's operations and the skills matrix of the existing Board members. The Board will continue to monitor whether this remains appropriate as the scope and scale of its activities evolves and expands.

RECOMMENDATION 2.5: The chair of the board should be an independent director and, in particular, should not be the same person as the Managing Director/Chief Executive Officer

Comply: 

The current Chair of the Company is Mr Jonathan Fisher. Mr Fisher satisfies the Recommendations definition of an independent director.

RECOMMENDATION 2.6: Induction program for new directors and periodic review for existing directors to undertake professional development

Comply: 

Under its CG Plan, the Company commits to providing induction programs for new Directors and senior executives as well as providing opportunities for continuing professional development for all Directors and executives.

New Directors are to be provided with an induction pack at the time of their appointment that provides them with detailed information about the Company, its operations, financial position, risk profile and risk management framework, and its strategies and objectives. The pack is also to include copies of the Company's constitution, the CG Plan, the most recent Annual Report, recent ASX releases, and minutes and papers of previous Board and committee meetings.

New Directors also receive a letter of appointment setting out, amongst other things, their rights, duties and responsibilities as a Director.

The Directors are encouraged to undertake professional development activities to update and enhance their skills and knowledge. It is the practice of the Board's that the Directors to reasonably openly share relevant information they may become privy to arising from their professional development activities.

PRINCIPLE 3: INSTIL A CULTURE OF ACTING LAWFULLY, ETHICALLY AND RESPONSIBLY

RECOMMENDATION 3.1: Articulate and Disclose its Values

Comply: 

Miramar is committed to conducting all of its business activities fairly, honestly with a high level of integrity, and in compliance with all applicable laws, rules and regulations. The Board, management and employees are dedicated to high ethical standards and recognise and support the Group's commitment to compliance with these standards.

The Company's values are set out in its Code of Conduct contained in the CG Plan and are available on the Website. All employees are given appropriate training on the Company's values and senior executives will continually reference such values.

RECOMMENDATION 3.2: Disclose a code of conduct and be informed of any material breaches

Comply:
