Dataworks Completes $3.0 million Placement

Dataworks Group Limited (ASX: **DWG**) ("**Dataworks**" or "the **Company**") is pleased to confirm the successful settlement and allotment of 25,000,000 new fully paid ordinary shares at an issue price of A$0.12 per share, raising A$3.0 million before costs.

The Placement formed part of the capital raising announced by the Company on 15 September 2026. Proceeds from the Placement will be used to strengthen the Company's balance sheet and working capital position, support the mobilisation and delivery of government programs, accelerate commercial execution and invest in the continued development of the Company's platform and products.

The new shares rank equally with existing fully paid ordinary shares on issue.

As previously announced, Placement participants will also be entitled to receive one free attaching unlisted option for every two Placement Shares issued, exercisable at A$0.20 and expiring on 31 December 2027, subject to shareholder approval.

The Company's 1-for-10 non-renounceable Entitlement Offer, also announced on 15 September 2026, is on the same terms as the Placement, and opens on Monday 28 September 2026, in accordance with the timetable set out in the Prospectus.

About Dataworks

Dataworks Group Limited (ASX:DWG) is a leading Regulated Gaming Technology ("RegTech") company specialising in secure, scalable and mission-critical technologies designed to combat problem gambling and support responsible wagering initiatives globally.

Dataworks delivers and operates Australia's **BetStop – National Self-Exclusion Register™** ("NSER") and Ontario's **BetGuard** Centralised Self-Exclusion platform for iGaming Ontario in Canada, together representing the only two known large-scale, enterprise-grade, real-time centralised self-exclusion systems currently operating globally. The Company's platforms maintain real-time integrations with more than 200 of the world's largest wagering operators and are fully embedded into the betting journey, enabling instantaneous exclusion checks and enforcement at critical points of user activity. Since the launch of its first platform approximately two years ago, Dataworks' government platforms have processed more than **41 billion real-time exclusion checks** and now process **in excess of 50 million real-time exclusion checks** on a typical day, demonstrating the scale, resilience and mission-critical nature of the Company's technology.

In addition to its core technology platforms, Dataworks also provides associated managed services infrastructure, including end-to-end contact centre operations supporting large-scale regulatory program delivery.
