Exploration Access Agreement Renewed

DevEx Resources Limited (**ASX: DEV**; **DevEx** or **the Company**) is pleased to advise the exploration access agreement covering EL's 24921 and 24922, and which form part of the Tin Camp Creek tenements, has been renewed.

The tenements were acquired under the Alligator Energy Limited (ASX: AGE) tenement acquisition completed on 26 June 2026. Renewal of the access agreement was the remaining condition attached to $1.75 million of the $7.5 million total acquisition price, which has been held in a third-party escrow account since completion. Those funds will now be released to AGE in accordance with the sale agreement.

Renewal of the agreement secures DevEx's continued access for exploration at Tin Camp Creek, so long as the exploration licences remain current.

Commenting on the renewed access agreement, DevEx Managing Director, Marnie Finlayson, said:

"This agreement marks another important step in DevEx's commitment to genuine and respectful partnerships with Traditional Owners and the Northern Land Council.

"Early engagement and trusted relationships are central to how we operate in the Northern Territory and underpin a key pillar of DevEx's strategy. We look forward to working with the Traditional Owners as exploration advances at Tin Camp Creek."

This announcement has been authorised for release by the Board.
