This annual report covers Intelligent Investor Ethical Share Fund as an individual entity.

The Responsible Entity of Intelligent Investor Ethical Share Fund is InvestSMART Funds Management Ltd (ABN 62 067 751 759) (AFSL 246441).

The Responsible Entity's registered office is:
Suite 2, Level 2, 66 Clarence Street
Sydney, NSW 2000

Directors' report

The directors of InvestSMART Funds Management Ltd, the Responsible Entity of Intelligent Investor Ethical Share Fund (the "Fund"), present their report together with the financial statements of the Fund for the year ended 30 June 2026.

Principal activities

The Fund is an Australian registered managed investment scheme which was constituted on 18 December 2018, registered on 18 December 2018, commenced operations on 07 June 2019 and its units commenced trading on the Australian Securities Exchange (ASX: INES) on 12 June 2019 subject to its obligations under Aqua Rules and ASX Operating Rules. The Fund is domiciled in Australia.

The Fund invests in a portfolio of between 10 and 40 Australian and international holdings with market prices at material discounts to their estimated value in accordance with the Product Disclosure Statement ("PDS") and the Fund's Constitution.

The Fund did not have any employees during the year.

There were no significant changes in the nature of the Fund's activities during the year.

The various service providers for the Fund are detailed below:

Service	Provider
Responsible Entity	InvestSMART Funds Management Ltd
Investment Manager	Intelligent Investor Holdings Pty Limited
Custodian and Administrator	Apex Fund Services Pty Ltd (an Apex Group Company)
Unit Registry	MUFG Corporate Markets (AU) Limited
Statutory Auditor	BDO Audit Pty Limited

Directors

The following persons held office as directors of InvestSMART Funds Management Ltd during the year or since the end of the year and up to the date of this report:

Alastair Davidson	Director
Peter Ron Hodge	Director
Andrew Ward	Director

Review and results of operations

During the year, the Fund invested its funds in accordance with the Product Disclosure Statement and the provisions of the Fund's Constitution.

The performance of the Fund, as represented by the results of its operations, was as follows:

	Year ended 30 June 2026	Year ended 30 June 2025
Operating profit/(loss) for the year (\$'000)	(6,448)	9,394
Distributions paid and payable (\$'000)	4,994	551
Distributions (cents per unit)	26.49	2.68

Significant changes in state of affairs

On 20 May 2026 InvestSMART Group Ltd, the parent entity of InvestSMART Funds Management Ltd, announced a proposed sale of the Intelligent Investor business to Teaminvest Private Group Ltd (ASX: TIP). If the Proposed Transaction completes, then Intelligent Investor Holdings Pty Ltd will remain as the Investment Manager of each of the Intelligent Investor exchange traded funds. It is the intention of Teaminvest Private Group Ltd to retain the investment team and investment strategy of the Intelligent Investor Ethical Share Fund. Ownership and control of the Investment Manager will be transferred to Teaminvest Private Group Limited. At the date of this report the proposed transaction remains conditional and the transaction may not proceed.

In the opinion of the directors, there were no other significant changes in the state of affairs of the Fund that occurred during the year ended 30 June 2026.

Matters subsequent to the end of the financial year

Subsequent to the end of the financial year one of the conditions for the sale of the Intelligent Investor business to Teaminvest Private Group was fulfilled. All other conditions precedent remain on foot at the date of this report.

No other matter or circumstance has arisen since 30 June 2026 that has significantly affected, or may significantly affect:

- (i) the operations of the Fund in future financial year, or
- (ii) the results of those operations in future financial year, or
- (iii) the state of affairs of the Fund in future financial year.

Directors' report (continued)

Likely developments and expected results of operations

The Fund will continue to be managed in accordance with the investment objectives and guidelines as set out in the Product Disclosure Statement and the provisions of the Fund's Constitution.

The results of the Fund's operations will be affected by a number of factors, including the performance of investment markets in which the Fund invests. Investment performance is not guaranteed and future returns may differ from past returns. As investment conditions change over time, past returns should not be used to predict future returns.

Indemnification and insurance of officers

No insurance premiums are paid for out of the assets of the Fund in regards to insurance cover provided to the officers of InvestSMART Funds Management Ltd. As long as the officers of InvestSMART Funds Management Ltd act in accordance with the Fund's Constitution and the Law, the officers remain indemnified out of the assets of the Fund against losses incurred while acting on behalf of the Fund.

Indemnification of auditor

The auditor of the Fund is in no way indemnified out of the assets of the Fund.

Fees paid to and interests held in the Fund by the Responsible Entity and its associates

Fees paid to the Responsible Entity and its associates out of Fund property during the year are disclosed in Note 17 to the financial statements.

No fees were paid out of Fund property to the directors of the Responsible Entity during the year.

The number of interests in the Fund held by the Responsible Entity or its associates as at the end of the financial year are disclosed in Note 17 to the financial statements.

Interests in the Fund

The movement in units on issue in the Fund during the year is disclosed in Note 9 to the financial statements.

The value of the Fund's assets and liabilities is disclosed on the statement of financial position and derived using the basis set out in Note 2 to the financial statements.

Environmental regulation

The operations of the Fund are not subject to any particular or significant environmental regulations under Commonwealth, State or Territory law.

Rounding of amounts to the nearest thousand dollars

Amounts in the Directors' report have been rounded to the nearest thousand dollars in accordance with *ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2026/183*, unless otherwise indicated.

Auditor's independence declaration

A copy of the Auditor's independence declaration as required under section 307C of the *Corporations Act 2001* is set out on page 4.

This report is made in accordance with a resolution of the directors of InvestSMART Funds Management Ltd, pursuant to section 298(2)(a) of the *Corporations Act 2001*.

On behalf of the Directors

Andrew Ward
Director

Sydney
28 September 2026

DECLARATION OF INDEPENDENCE BY DANE PERUMAL TO THE DIRECTORS OF INVESTSMART FUNDS MANAGEMENT LTD AS RESPONSIBLE ENTITY OF INTELLIGENT INVESTOR ETHICAL SHARE FUND

As lead auditor of Intelligent Investor Ethical Share Fund for the year ended 30 June 2026, I declare that, to the best of my knowledge and belief, there have been:

1. No contraventions of the auditor independence requirements of the *Corporations Act 2001* in relation to the audit; and
2. No contraventions of any applicable code of professional conduct in relation to the audit.

Dane Perumal

Director

BDO Audit Pty Ltd

Sydney, 28 September 2026

The above statement of cash flows should be read in conjunction with the accompanying notes.

1 General information

These financial statements cover Intelligent Investor Ethical Share Fund (the "Fund") as an individual entity. The Fund is an Australian registered managed investment scheme which was constituted on 18 December 2018, registered on 18 December 2018 and its units commenced trading on the Australian Securities Exchange (ASX: INES) on 12 June 2019. The Fund is domiciled in Australia.

The Responsible Entity of the Fund is InvestSMART Funds Management Ltd (ABN 62 067 751 759) (AFSL 246441) (the "Responsible Entity"). The Responsible Entity's registered office is Suite 2, Level 2, 66 Clarence Street, Sydney, NSW 2000. These financial statements are presented in Australian dollars.

The Fund aims to invest in a portfolio of Australian and international listed companies in accordance with the Product Disclosure Statement and the provisions of the Fund's Constitution.

The financial statements were authorised for issue by the directors on the date the Directors' declaration was signed. The directors of the Responsible Entity have the power to amend and reissue the financial statements.

2 Summary of material accounting policy information

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to the year presented, unless otherwise stated in the following text.

(a) Basis of preparation

These general purpose financial statements have been prepared in accordance with Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board (AASB) and the *Corporations Act 2001* in Australia.

The Fund is a for-profit entity for the purpose of preparing the financial statements.

The financial statements are prepared on the basis of fair value measurement of assets and liabilities, except where otherwise stated.

The statement of financial position is presented on a liquidity basis. Assets and liabilities are presented in decreasing order of liquidity and do not distinguish between current and non-current. All balances are expected to be recovered or settled within 12 months, except for investments in financial assets.

The Fund manages financial assets at fair value through profit or loss based on the economic circumstances at any given point in time, as well as to meet any liquidity requirements. As such, it is expected that a portion of the portfolio will be realised within 12 months, however, an estimate of that amount cannot be reliably determined as at reporting date.

In the case of net assets attributable to unit holders, the units are redeemable on demand at the unit holder's option. However, holders of these instruments typically retain them for the medium to long term. As such, the amount expected to be settled within 12 months cannot be reliably determined.

(i) Compliance with International Financial Reporting Standards (IFRS)

The financial statements of the Fund also comply with IFRS as issued by the International Accounting Standards Board (IASB).

(ii) Adoption of New and Revised Accounting standards

The Fund has adopted all of the new and revised standards and interpretations issued by the Australian Accounting Standards Board that are relevant to its operations and effective for the current reporting period. The adoption of new and revised standards and interpretations has not had a material impact on the Fund. Any other new, revised or amending Accounting Standards or Interpretations that are not yet mandatory have not been early adopted. The adoption of these Accounting Standards and Interpretations did not have any significant impact on the financial performance or position of the Fund.

(iii) New standards and interpretations not yet adopted

AASB 18 Presentation and Disclosure in Financial Statements

AASB 18 was issued in June 2024 and replaces AASB 101 *Presentation of Financial Statements*. The new standard introduces new requirements for the statement of comprehensive income, including:

- new categories for the classification of income and expenses into operating, investing and financing categories; and
- presentation of subtotals for "operating profit" and "profit before financing and income taxes".

Additional disclosure requirements are introduced for management-defined performance measures and new principles for aggregation and disaggregation of information in the notes and the primary financial statements and the presentation of interest and dividends in the statement of cash flows. The new standard is effective for annual periods beginning on or after 1 January 2027 and will be applied retrospectively by the Fund for the financial year ending 30 June 2028.

This new standard is not expected to have an impact on the recognition and measurement of assets, liabilities, income and expenses, however there will likely be changes in how the statement of comprehensive income and statement of financial position line items are presented as well as some additional disclosures in the notes to the financial statements. Management is in the process of assessing the impact of the new standard.

AASB 2024-2 Amendments to Australian Accounting Standards – Classification and Measurement of Financial Instruments [AASB 7 & AASB 9] (effective for annual periods beginning on or after 1 January 2026).

In July 2024, the AASB issued amendments to AASB 7 Financial Instruments: Disclosures and AASB 9 Financial Instruments. This amendment amends requirements related to settling financial liabilities using an electronic payment system and assessing contractual cash flow characteristics of financial assets with environmental, social and corporate governance and similar features. It also amends disclosure requirements relating to investments in equity instruments designated at fair value through other comprehensive income and adds disclosure requirements for financial instruments with contingent features that do not relate directly to basic lending risks and costs. The amendments will be effective for annual reporting periods beginning on or after 1 January 2026.

2 Summary of material accounting policy information (continued)

(b) Financial instruments

(i) Classification

The Fund's investments are classified at fair value through profit or loss. They comprise:

- Investments in listed equities, listed unit trusts and interest bearing securities.
- Derivative financial instruments such as forward currency contracts. The Fund designates forward currency contracts used to hedge currency risk of offshore listed securities as hedges in a hedging relationship.

The Fund classifies its investments based on its business model for managing those financial assets and the contractual cash flow characteristics of the financial assets. The Fund's portfolio of financial assets is managed and performance is evaluated on a fair value basis in accordance with the Fund's documented investment strategy. The Fund's policy is for the Responsible Entity to evaluate the information about these financial assets on a fair value basis together with other related financial information.

For equity securities and derivatives, the contractual cash flows of these instruments do not represent solely payments of principal and interest. Consequently, these investments are measured mandatorily at fair value through profit or loss.

(ii) Recognition/derecognition

The Fund recognises financial assets and financial liabilities on the date it becomes party to the contractual agreement (trade date) and recognises changes in fair value of the financial assets or financial liabilities from this date.

Investments are derecognised when the right to receive cash flows from the investments has expired or the Fund has transferred substantially all risks and rewards of ownership.

(iii) Measurement

- Financial assets and liabilities at fair value through profit or loss

At initial recognition, the Fund measures a financial asset at its fair value. Custody transaction costs associated with the financial assets and liabilities carried at fair value through profit or loss are expensed in the statement of comprehensive income.

Subsequent to initial recognition, all financial assets and financial liabilities at fair value through profit or loss are measured at fair value. Gains and losses arising from changes in the fair value of the 'financial assets at fair value through profit or loss' category are presented in the statement of comprehensive income within net gains/(losses) on financial instruments held at fair value through profit or loss in the period in which they arise. The fair value of financial assets and liabilities traded in active markets is subsequently based on their quoted market prices at the end of the reporting period without any deduction for estimated future selling costs. The quoted market price used for financial assets and liabilities is the last traded price for financial assets and the financial liabilities.

(iv) Derivatives

The Fund designates hedging instruments, which include derivatives in respect of foreign currency risk, as fair value hedges. At the inception of the hedge relationship, the Fund documents the relationship between the hedging instrument and the hedged item, along with its risk management objectives and its strategy for undertaking various hedge transactions. Furthermore, at the inception of the hedge and on an ongoing basis, the Fund documents whether the hedging instrument is highly effective in offsetting changes in fair values of the hedged item attributable to the hedged risk.

Forward currency contracts are held to economically hedge the Fund's foreign currency exposure on its international equity holdings. These derivatives are formally designated in a hedge accounting relationship under AASB 9. They are classified and measured at fair value through profit or loss, consistent with the Fund's other financial instruments, with changes in fair value recognised immediately in the statement of comprehensive income together with any changes in the fair value of the hedged asset or liability that are attributable to the hedged risk. The change in the fair value of the hedging instrument and the change in the hedged item attributable to the hedged risk are recognised in Statements of Profit or Loss in the line item relating to the hedged item. Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or when it no longer qualifies for hedge accounting.

(v) Fair value hedges

Changes in the fair value of derivatives that are designated and qualify as fair value hedges are recognised in Statements of Profit or Loss and Other Comprehensive Income immediately, together with any changes in the fair value of the hedged asset or liability that are attributable to the hedged risk. The change in the fair value of the hedging instrument and the change in the hedged item attributable to the hedged risk are recognised in Statements of Profit or Loss in the line item relating to the hedged item. Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or when it no longer qualifies for hedge accounting.

(vi) Impairment

At each reporting date, the Fund shall measure the loss allowance on financial assets at amortised cost (Cash and cash equivalents and receivables) at an amount equal to the lifetime expected credit losses if the credit risk has increased significantly since initial recognition. If, at the reporting date, the credit risk has not increased significantly since initial recognition, the Fund shall measure the loss allowance at an amount equal to 12-month expected credit losses. Significant financial difficulties of the counter party, probability that the counter party will enter bankruptcy or financial reorganisation, and default in payments are all considered indicators that a loss allowance may be required. If the credit risk increases to the point that it is considered to be credit impaired, interest income will be calculated based on the gross carrying amount adjusted for the loss allowance. A significant increase in credit risk is defined by management as any contractual payment which is more than 30 days past due. Any contractual payment which is more than 90 days past due is considered credit impaired.

The Fund considers a financial asset to be in default when internal or external information indicates that the Fund is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Fund. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

(c) Net assets attributable to unit holders

Units are redeemable at the unit holders' option; however, applications and redemptions may be suspended by the Responsible Entity if it is in the best interests of the unit holders. The units are classified as equity.

The units can be put back to the Fund at any time for cash based on the redemption price. The units are carried at the redemption amount that is payable at balance sheet date if the holder exercises the right to put them back to the Fund.

The attribution managed investment trust regime ("AMIT") allows managed investment Trust ("MITs") to make an irrevocable choice to be an AMIT. The Fund adopted AMIT from 7 June 2019. Under AMIT income is attributed to unitholders on a fair and reasonable basis, as determined by the Responsible Entity.

2 Summary of material accounting policy information (continued)

(d) Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents include cash on hand, deposits held at call with financial institutions, other short term, highly liquid investments with original maturities of three months or less from the date of acquisition that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts.

Payments and receipts relating to the purchase and sale of investment securities are classified as cash flows from operating activities, as movements in the fair value of these securities represent the Fund's main income generating activity.

(e) Investment income

(i) Interest revenue

Interest revenue on cash and cash equivalents is recognised in the statement of comprehensive income on an accruals basis.

(ii) Dividends and distributions

Dividend income is recognised on the ex-dividend date with any related foreign withholding tax recorded as an expense. The Fund currently incurs withholding tax imposed by certain countries on investment income. Such income is recorded gross of withholding tax in the statement of comprehensive income.

Trust distributions are recognised on an entitlement basis.

(f) Expenses

All expenses are recognised in the statement of comprehensive income on an accruals basis.

(g) Income tax

Under current legislation, the Fund is not subject to income tax provided it attributes the entirety of its taxable income to its unitholders.

(h) Distributions

In accordance with the Fund Constitution, the Fund distributes income adjusted for amounts determined by the Responsible Entity, to unit holders by cash or reinvestment. The distributions are recognised in the statement of changes in equity.

(i) Increase/decrease in net asset attributable to unit holders

Income not distributed is included in net assets attributable to unit holders. Movements in net assets attributable to unit holders are recognised in the statement of changes in equity.

(j) Due to brokers

Amounts due from/to brokers represent receivables for securities sold and payables for securities purchased that have been contracted for but not yet delivered by period end. Trades are recorded on trade date, and normally settled within two business days. For information on how impairment is assessed please refer to Note 2(b)(vi).

(k) Receivables and accrued income

Receivables may include amounts for dividends, interest and trust distributions. Dividends and trust distributions are accrued when the right to receive payment is established. Amounts are generally received within 30 days of being recorded as receivables. For more information on impairment, refer to Note 2(b)(vi).

(l) Payables

Payables include liabilities and accrued expenses owing by the Fund which are unpaid as at the end of the reporting year.

A separate distribution payable is recognised in the statement of financial position as at the end of each reporting period where this amount remains unpaid as at the end of the reporting year.

(m) Applications and redemptions

Applications received for units in the Fund are recorded at the application value received prior to the issue of units in the Fund. Redemptions from the Fund are recorded at redemption value payable after the cancellation of units redeemed.

(n) Goods and Services Tax (GST)

The GST incurred on the costs of various services provided to the Fund by third parties such as investment management fees and transaction costs have been passed onto the Fund. The Fund qualifies for Reduced Input Tax Credits (RITC) at a rate of 55% or 75%; hence all expenses have been recognised in the statement of comprehensive income net of the amount of GST recoverable from the Australian Taxation Office (ATO). Accounts payable are inclusive of GST. The net amount of GST recoverable from the ATO is included in receivables in the balance sheet. Cash flows relating to GST are included in the statement of cash flows on a gross basis.

(o) Rounding of amounts

The Fund is an entity of a kind referred to in *ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2026/183* relating to the "rounding off" of amounts in the financial statements. Amounts in the financial statements have been rounded to the nearest thousand dollars unless otherwise indicated.

(p) Use of estimates

The Fund makes estimates and assumptions that affect the reported amounts of assets and liabilities within the current and next financial year. Estimates are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The Fund's financial assets and liabilities are not subject to significant judgement or complexity. Investments are in listed equities valued using independent pricing sources and cash and cash equivalents are held with financial institutions with a rating of AA or higher.

3 Financial risk management

The Fund's activities expose it to a variety of financial risks including market risk (which incorporates price risk), credit risk and liquidity risk.

The Fund's overall risk management programme focuses on ensuring compliance with the Fund's Product Disclosure Statement and the investment guidelines of the Fund. It also seeks to maximise the returns derived for the level of risk to which the Fund is exposed and seeks to minimise potential adverse effects on the Fund's financial performance. The Fund's policy allows it to use derivative financial instruments in managing its financial risks.

All investments present a risk of loss of capital. The maximum loss of capital on forward currency contracts is limited to the notional contract values of those positions.

The Fund uses different methods to measure different types of risk to which it is exposed. These methods are explained below.

(a) Market risk

(i) Price risk

The Fund is exposed to price risk on equity securities listed or quoted on recognised securities exchanges. Price risk arises from investments held by the Fund for which prices in the future are uncertain.

Price risk is mitigated through diversification and a careful selection of securities within specified limits. The Fund's overall market positions and compliance with exposure limits and guidelines is monitored on a daily basis by the Investment Manager and reported to the Investment Committee. Compliance with the PDS and the Fund Constitution is reported to the Responsible Entity Compliance Committee and, ultimately, the Board.

The table at Note 3(b) summarises the sensitivities of the Fund's assets and liabilities to price risk. The analysis is based on the assumption that the equities in which the Fund invests moves by +/-15%.

(ii) Foreign exchange risk

The Fund operates internationally and holds both monetary and non-monetary assets dominated in currencies other than the Australian dollar. Foreign exchange risk arises as the value of monetary securities denominated in other currencies fluctuate due to changes in exchange rates. The foreign exchange risk relating to non-monetary assets and liabilities is a component of price risk and not foreign exchange risk. However, the Investment Manager monitors the exposure of all foreign currency denominated assets and liabilities.

Foreign exchange risk is managed by entering into forward currency contracts that hedge any movement in exchange rates with respect to the Australian dollar.

The Fund's policy is to hedge a portion of its foreign currency exposure on international equity holdings using forward currency contracts. At 30 June 2026, the hedge ratio applied was approximately 70% of the identified USD exposure (30 June 2025: approximately 81%).

The table below summarises the fair value of the Fund's financial assets and liabilities, monetary and non-monetary, which are denominated in a currency other than the Australian dollar.

	US Dollars A\$'000	CA Dollars A\$'000	Euro A\$'000	British Pounds A\$'000
As at 30 June 2026				
Cash and cash equivalents	323	-	-	-
Financial assets at fair value through profit or loss	8,630	6,599	-	10,110
Net exposure	8,953	6,599	-	10,110
Net increase/(decrease) in exposure from forward currency contracts (notional principal)				
- Sell foreign currency	(6,062)	-	-	-
Net exposure including forward currency contracts	2,891	6,599	-	10,110

	US Dollars A\$'000	CA Dollars A\$'000	Euro A\$'000	British Pounds A\$'000
As at 30 June 2025				
Cash and cash equivalents	691	-	-	-
Financial assets at fair value through profit or loss	16,720	5,497	3,662	3,934
Net exposure	17,411	5,497	3,662	3,934
Net increase/(decrease) in exposure from forward currency contracts (notional principal)				
- Sell foreign currency	(13,581)	-	-	-
Net exposure including forward currency contracts	3,830	5,497	3,662	3,934

The Fund determines the economic relationship between the hedged currency and the forward currency contract by the active market that exists for the relationship. The hedge ratio is determined by the Investment Manager at its discretion. Hedge ineffectiveness may arise where the amount of currency exposure being hedged changes due to a change in value of the underlying equities. The Fund may discontinue a hedging relationship where the risk of the change in underlying currency is mitigated by changes to the portfolio of equities or price movement of the underlying currency.

	Change in Hedging Instrument for calculation hedging ineffectiveness (A\$'000)	Change in Hedged Item for calculation of hedging ineffectiveness (A\$'000)	Ineffectiveness of Hedging Instrument (A\$'000)
As at 30 June 2026			
Designated during the year			
Forward currency contracts	683	(660)	23
	Change in Hedging Instrument for calculation of hedging ineffectiveness (A\$'000)	Change in Hedged Item for calculation of hedging ineffectiveness (A\$'000)	Ineffectiveness of Hedging Instrument (A\$'000)
As at 30 June 2025			
Designated during the year			
Forward currency contracts	269	(224)	45

Net gains/(losses) from hedged instruments held at fair value are recognised in the statement of comprehensive income, including amounts arising from hedge ineffectiveness.

3 Financial risk management (continued)

(a) Market risk (continued)

(iii) Interest rate risk

Interest rate risk is the risk that the fair value of a financial instrument will fluctuate due to changes in market interest rates. The amount of cash held by the Fund may vary dependent upon the judgement of the Investment Manager and the level of recent capital flows into and out of the Fund. At reporting date an increase of 100 basis points in floating interest rates would increase the Fund's operating profit and net assets attributable to unit holders by \$72,886 annually (2025: \$76,281). A decrease of 100 basis points in floating interest rates would have an equal but opposite effect. This includes the Fund's holding in a cash exchange traded fund. The Fund does not have borrowings or other financial assets or liabilities with direct exposure to changes in interest rates.

(iv) Market making risk

The Responsible Entity, on behalf of the Fund, provides liquidity to investors by acting as a buyer and seller of the Funds units on the ASX. Market making risk is the risk of an error in the execution or settlement of the underlying Fund units. The Responsible Entity, on behalf of the Fund, mitigates this risk by having the power to increase the spread at which it makes a market and the right to cease making a market (subject to its obligations under AQUA Rules and ASX Operating Rules). The Responsible Entity has appointed an independent market participant to act as its agent to transact and facilitate settlement on its behalf.

(b) Summarised sensitivity analysis

The following table summarises the sensitivity of the Fund's operating profit before finance costs attributable to unitholders and net assets attributable to unit holders to market risks. The reasonably possible movements in the risk variables have been determined based on management's best estimate, having regard to a number of factors, including historical levels of changes in foreign exchange rates, interest rates and the historical correlation of the Fund's investments with the relevant benchmark and market volatility. However, actual movements in the risk variables may be greater or less than anticipated due to a number of factors, including unusually large market movements resulting from changes in the performance of and/or correlation between the performances of the economies, markets and securities in which the Fund invests. As a result, historic variations in risk variables should not be used to predict future variances in the risk variables.

	Impact on operating profit before finance costs attributable to unitholders/net assets attributable to unit holders			
	Price risk	Price risk	Foreign exchange risk	
	-15%	+15%	+10%	-10%
	\$'000	\$'000	\$'000	\$'000
As at 30 June 2026	(8,494)	8,494	(1,960)	1,960
As at 30 June 2025	(10,281)	10,281	(3,087)	3,087

(c) Credit risk

The Fund is exposed to credit risk, which is the risk that a counterparty will be unable to pay its obligations in full when they fall due, causing a financial loss to the Fund.

The Fund does not have a significant concentration of credit risk that arises from an exposure to a single counterparty or group of counterparties having similar characteristics. The main concentration of credit risk, to which the Fund is exposed, arises from cash and cash equivalents and amounts due from brokers balances. None of these assets are impaired nor past their due date. The maximum exposure to credit risk at the reporting date is the carrying amount of cash and cash equivalents and amounts due from brokers.

(i) Settlement of securities transactions

All transactions in listed securities are settled/paid for upon delivery using approved brokers. The risk of default is considered low, as delivery of securities sold is only made once the broker has received payment. Payment is made once the securities purchased have been received by the broker. The trade will fail if either party fails to meet its obligations.

(ii) Cash and cash equivalents

The exposure to credit risk for cash and cash equivalents is low as all counterparties have at least a rating of AA.

(iii) Other

The Fund is not materially exposed to credit risk on other financial assets.

(d) Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligations in full as they fall due or can only do so on terms that are materially disadvantageous.

Exposure to liquidity risk for the Fund may arise from the requirement to meet daily unit holder redemption requests or to fund foreign exchange related cash flow requirements.

Liquidity risk is mitigated by holding investments listed on the ASX and maintaining sufficient cash and reserves to meet its normal operating requirements.

In order to manage the Fund's overall liquidity, the Responsible Entity has the discretion to reject an application for units and to defer or adjust redemption of units if the exercise of such discretion is in the best interests of unit holders. The Fund did not reject or withhold any redemptions during the year.

3 Financial risk management (continued)

(d) Liquidity risk (continued)

(i) Maturities of non-derivative financial liabilities

The table below analyses the Fund's non-derivative financial liabilities into relevant maturity groupings based on the remaining period at reporting date to the contractual maturity date. The amounts in the table are the contractual undiscounted cash flows.

	Less than 1 month \$'000	1 to 6 months \$'000	6 to 12 months \$'000	Over 12 months \$'000	Total \$'000
As at 30 June 2026					
Distributions payable	4,994	-	-	-	4,994
Payables	79	-	-	-	79
Total financial liabilities	5,073	-	-	-	5,073
	Less than 1 month \$'000	1 to 6 months \$'000	6 to 12 months \$'000	Over 12 months \$'000	Total \$'000
As at 30 June 2025					
Distributions payable	551	-	-	-	551
Payables	279	-	-	-	279
Total financial liabilities	830	-	-	-	830

Distributions payable includes amounts that are reinvested under the dividend reinvestment plan (DRP) subsequent to year end. The amount reinvested in units under the DRP in July 2026 is \$1,714,182 (2025: \$204,957).

(ii) Maturities of gross settled derivative financial instruments

The table below analyses the Fund's net settled derivative financial instruments based on their contractual maturity. The Fund may, at its discretion, settle financial instruments prior to their original contractual settlement date, in accordance with its investment strategy, where permitted by the terms and conditions of the relevant instruments.

	Less than 1 month \$'000	1 to 6 months \$'000	6 to 12 months \$'000	Over 12 months \$'000	Total \$'000
As at 30 June 2026					
Net settled derivatives	-	(208)	-	-	(208)
Forward currency contracts	-	(208)	-	-	(208)
Total net settled derivatives	-	(208)	-	-	(208)
	Less than 1 month \$'000	1 to 6 months \$'000	6 to 12 months \$'000	Over 12 months \$'000	Total \$'000
As at 30 June 2025					
Net settled derivatives	-	360	-	-	360
Forward currency contracts	-	360	-	-	360
Total net settled derivatives	-	360	-	-	360

4 Fair value measurement

The Fund measures and recognises financial assets and liabilities at fair value through profit or loss on a recurring basis. The Fund has no assets or liabilities measured at fair value on a non-recurring basis in the current reporting year.

AASB 13 *Fair Value Measurement* requires disclosure of fair value measurements by level of the following fair value measurement hierarchy:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1);
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly (level 2); and
- Inputs for the asset or liability that are not based on observable market data (unobservable inputs) (level 3).

(a) Fair value in an active market (level 1)

The fair value of financial assets and liabilities traded in active markets (such as listed equity securities) are based on quoted market prices at the close of trading at the end of the reporting year without any deduction for estimated future selling costs.

For the majority of its investments, the Fund relies on information provided by independent pricing services for the valuation of its investments.

The quoted market price used for financial assets and liabilities held by the Fund is the last traded price.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

An active market is a market in which transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

(b) Fair value in an active market (level 2)

The fair value of financial instruments that are not traded in an active market is determined using valuation techniques that maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

4 Fair value measurement (continued)

(b) Fair value in an active market (level 2) (continued)

Some of the inputs to these models may not be market observable and are therefore estimated based on assumptions. The output of a model is always an estimate or approximation of a value that cannot be determined with certainty, and valuation techniques employed may not fully reflect all factors relevant to the positions the Fund holds.

Specific valuation techniques using observable inputs used to value financial instruments include:

- Foreign currency forwards are valued at the present value of future cash flows based on the forward exchange rates at the balance sheet date.

(c) Recognised fair value measurements

The table below presents the Fund's financial assets and liabilities measured and recognised at fair value as at 30 June 2026.

At 30 June 2026	Level 1 \$'000	Level 2 \$'000	Level 3 \$'000	Total \$'000
Financial assets				
Listed equity securities	56,624	-	-	56,624
Total financial assets	56,624	-	-	56,624
Financial liabilities				
Forward currency contracts	-	208	-	208
Total financial liabilities	-	208	-	208
At 30 June 2025				
Financial assets				
Listed equity securities	68,542	-	-	68,542
Forward currency contracts	-	360	-	360
Total financial assets	68,542	360	-	68,902

(d) Transfer between levels

Management's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting year.

There were no transfers between levels in the fair value hierarchy at the end of the reporting year.

(e) Financial instruments not carried at fair value

The carrying value of receivables and payables are assumed to approximate their fair values.

Net assets attributable to unit holders' carrying value differ from its fair value (deemed to be redemption price for individual units) due to differences in valuation inputs. This difference is not material in the current or prior reporting period.

5 Net gains/(losses) on financial instruments at fair value through profit or loss

Net gains/(losses) recognised in relation to financial assets and liabilities at fair value through profit or loss:

	Year ended 30 June 2026 \$'000	Year ended 30 June 2025 \$'000
Financial assets		
Net realised gains/(losses) on financial assets at fair value through profit or loss	4,768	85
Net unrealised gains/(losses) on financial assets at fair value through profit or loss	(11,689)	8,754
Net gains/(losses) on financial assets at fair value through profit or loss	(6,921)	8,839

6 Financial assets at fair value through profit or loss

	As at 30 June 2026 \$'000	As at 30 June 2025 \$'000
Financial assets at fair value through profit or loss		
Listed equity securities	56,624	68,542
Forward currency contracts	-	360
Total financial assets at fair value through profit or loss	56,624	68,902

7 Financial liabilities at fair value through profit or loss

	As at 30 June 2026 \$'000	As at 30 June 2025 \$'000
Financial liabilities at fair value through profit or loss		
Forward currency contracts	208	-
Total financial liabilities at fair value through profit or loss	208	-

8 Derivative financial instruments

In the normal course of business, the Fund enters into transactions in various derivative financial instruments which have certain risks. A derivative is a financial instrument or other contract which is settled at a future date and whose value changes in response to the change in a specified interest rate, financial instrument price, commodity price, foreign exchange rate, index of prices or rates, credit rating or credit index or other variable.

Derivative financial instruments require no initial net investment or an initial net investment that is smaller than would be required for other types of contracts that would be expected to have a similar response to changes in market factors.

Derivative transactions include many different instruments such as forwards, futures and options. Derivatives are considered to be part of the investment process and the use of derivatives is part of the Fund's portfolio management. Derivatives are not managed in isolation. The use of derivatives includes:

- hedging to protect an asset or liability of the Fund against a fluctuation in market values, foreign exchange risk or to reduce volatility;
- adjusting asset exposures within the parameters set in the investment strategy and adjusting the duration of fixed interest portfolios or the weighted average maturity of cash portfolios.

The Fund holds the following derivatives:

a. Forward currency contracts

Forward currency contracts are primarily used by the Fund to economically hedge against foreign currency exchange rate risks on its non-Australian dollar denominated trading securities. The Fund agrees to receive or deliver a fixed quantity of foreign currency for an agreed upon price on an agreed future date. Forward currency contracts are valued at the prevailing last traded price at the end of each reporting period. The Fund recognises a gain or loss equal to the change in fair value at the end of each reporting period.

The Fund's derivative financial instruments measured at fair value at year end are detailed below:

	Contractual/ notional \$'000	Assets \$'000	Contractual/ notional \$'000	Liabilities \$'000
As at 30 June 2026				
Forward currency contracts	-	-	(6,062)	(208)
Total derivatives	-	-	(6,062)	(208)
	Contractual/ notional \$'000	Assets \$'000	Contractual/ notional \$'000	Liabilities \$'000
As at 30 June 2025				
Forward currency contracts	13,581	360	-	-
Total derivatives	13,581	360	-	-

Information about the Fund's exposure to credit risk, foreign exchange risk, interest rate risk and about the methods and assumptions used in determining fair values is provided in Note 3 and Note 4 to the financial statements. The maximum exposure to credit risk at the end of the reporting period is the carrying amount of each class of derivative financial instruments disclosed above.

9 Net assets attributable to unit holders

Under AASB 132 *Financial Instruments: Presentation*, puttable financial instruments meet the definition of a financial liability to be classified as equity where certain strict criteria are met. The Fund shall classify a financial instrument as an equity instrument from the date when the instrument has all the features and meets the conditions set out in Note 2(c).

Movements in the number of units and net assets attributable to unit holders during the year were as follows:

	Year ended 30 June 2026		Year ended 30 June 2025	
	Units '000	\$'000	Units '000	\$'000
Opening balance	20,531	75,781	21,468	70,221
Applications	1,392	5,246	1,353	4,549
Redemptions	(3,130)	(11,120)	(2,636)	(8,969)
Reinvestment of distributions	56	205	346	1,137
Distributions paid and payable	-	(4,994)	-	(551)
Profit/(loss) for the year	-	(6,448)	-	9,394
Closing balance	18,849	58,670	20,531	75,781

As stipulated within the Fund's Constitution, each unit represents a right to an individual share in the Fund and does not extend to a right in the underlying assets of the Fund.

There are no separate classes of units and each unit has the same rights attaching to it as all other units of the Fund.

Capital risk management

The Fund considers its net assets attributable to unit holders as capital. The amount of net assets attributable to unit holders can change significantly on a daily basis as the Fund is subject to daily applications and redemptions at the discretion of unit holders. The capital risk management policy is unchanged from the prior year.

9 Net assets attributable to unit holders (continued)

Capital risk management (continued)

Daily applications and redemptions are reviewed relative to the liquidity of the Fund's underlying assets on a daily basis by the Responsible Entity. Under the terms of the Fund's Constitution, the Responsible Entity has the discretion to reject an application for units and to defer or adjust redemption of units if the exercise of such discretion is in the best interests of unit holders.

10 Distributions to unit holders

The distributions were paid/payable as follows:

	Year ended 30 June 2026 \$'000	CPU	Year ended 30 June 2025 \$'000	CPU
Distributions				
30 June (payable)	4,994	26.49	551	2.68
Total distributions	4,994	26.49	551	2.68

Distributions payable includes amounts that are reinvested under the dividend reinvestment plan (DRP) subsequent to year end. The amount reinvested in units under the DRP in July 2026 is \$1,714,182 (2025: \$204,957).

11 Earnings/(loss) per unit

Earnings per unit amounts are calculated by dividing net profit/(loss) attributable to unit holders before distributions by the weighted average number of units outstanding during the year.

	Year ended 30 June 2026	Year ended 30 June 2025
Operating profit/(loss) (\$'000)	(6,448)	9,394
Weighted average number of units on issue ('000)	20,047	21,406
Basic and diluted earnings per unit (cents)*	(32.16)	43.88

*As the fund has no potential dilutive units, basic and diluted EPU are equal.

12 Cash and cash equivalents

	As at 30 June 2026 \$'000	As at 30 June 2025 \$'000
Cash at bank	7,288	7,628
Total cash and cash equivalents	7,288	7,628

13 Receivables

	As at 30 June 2026 \$'000	As at 30 June 2025 \$'000
Interest receivable	12	12
GST receivable	12	13
Dividend receivable	2	-
Applications receivable	13	56
Total receivables	39	81

14 Payables

	As at 30 June 2026 \$'000	As at 30 June 2025 \$'000
Management fees payable	50	60
Redemptions payable	29	218
Other payable	-	1
Total payables	79	279

15 Reconciliation of profit/(loss) to net cash inflow/(outflow) from operating activities

	Year ended 30 June 2026 \$'000	Year ended 30 June 2025 \$'000
(a) Reconciliation of profit/(loss) to net cash inflow/(outflow) from operating activities		
Operating profit/(loss) for the year	(6,448)	9,394
Proceeds from sale of financial instruments at fair value through profit or loss	52,735	56,588
Purchase of financial instruments at fair value through profit or loss	(47,170)	(49,969)
Net (gains)/losses on financial instruments at fair value through profit or loss	6,921	(8,839)
Net change in receivables	(1)	(6)
Net change in payables	(11)	2
Net cash inflow(outflow) from operating activities	6,026	7,170
(b) Non-cash operating and financing activities		
The following purchases of investments were satisfied by the participation in dividend and distribution reinvestment plans.	205	1,137
Total non-cash operating and financing activities	205	1,137

16 Remuneration of auditor

All audit and tax fees paid to the auditors (BDO Audit Pty Ltd) are borne by InvestSMART Group Ltd. InvestSMART Group Ltd is the parent entity of InvestSMART Funds Management Ltd (the Responsible Entity). During the year the following fees were paid or payable to the auditors of the Fund:

	Year ended 30 June 2026 \$'000	Year ended 30 June 2025 \$'000
Audit and review of financial statements	10	9
Audit of compliance plan	4	3
Tax compliance services	3	3
	17	15

17 Related party transactions

The Responsible Entity of the Fund is InvestSMART Funds Management Ltd, a wholly owned subsidiary of InvestSMART Group Limited (ABN 6211172359). Accordingly, transactions with entities related to InvestSMART Funds Management Ltd are disclosed below.

The Responsible Entity has contracted services to Intelligent Investor Holdings Pty Limited, a wholly owned subsidiary of InvestSMART Group Limited (ABN 6211172359) to act as Investment Manager for the Fund. The contracts are on normal commercial terms and conditions.

(a) Key management personnel

The Responsible Entity is regarded to be the key management personnel of the Fund.

(i) Directors

Key management personnel include persons who were directors of InvestSMART Funds Management Ltd at any time during or since the end of the financial year and up to the date of this report.

Alastair Davidson
Peter Ron Hodge
Andrew Ward

(b) Key management personnel unit holdings

Key management personnel held the following units at year end:

Unitholder	Number of units held	Number of units held closing	Fair value of investment	Interest held	Number of units acquired	Number of units disposed	Distributions paid/payable by the Fund
			\$	%			\$
As at 30 June 2026							
Alastair Davidson	8,486	8,547	26,611	0.05%	61	-	2,491
As at 30 June 2025							
Alastair Davidson	8,130	8,486	31,324	0.04	356	-	1,397

(c) Key management personnel compensation

Key management personnel are paid by InvestSMART Group Limited. Payments made from the Fund to InvestSMART Funds Management Ltd do not include any amounts directly attributable to the compensation of key management personnel.

(d) Key management personnel loans

The Fund has not made, guaranteed or secured, directly or indirectly, any loans to key management personnel or their personally related entities at any time during the reporting year.

(e) Other transactions within the Fund

Apart from those details disclosed in this note, no key management personnel have entered into a material contract with the Fund during the financial year and there were no material contracts involving management personnel's interests existing at year end.

17 Related party transactions (continued)

(f) Responsible Entity and Investment Manager's fees and other transactions

Under the terms of the Fund's Constitution and Product Disclosure Statement for the Fund, the Responsible Entity and the Investment Manager are entitled to receive management fees.

During the year ended 30 June 2026, InvestSMART Funds Management Ltd received an all-inclusive management fee of 0.97% (30 June 2025: 0.97%) of Net Asset Value (inclusive of GST, net of RITC available to the Fund).

	Year ended 30 June 2026 \$	Year ended 30 June 2025 \$
Investment management fees paid and payable	701,710	705,693
Total fees payable to the Responsible Entity at year end	50,349	60,362

All related party transactions are conducted on normal commercial terms and conditions.

For information on how management are calculated please refer to the Fund's Product Disclosure Statement.

(g) Related party unit holdings

Except for key management personnel unit holdings, parties related to the Fund (including InvestSMART Funds Management Ltd, its related parties and other schemes managed by InvestSMART Funds Management Ltd and the Investment Manager) held no units in the Fund as at 30 June 2026 (30 June 2025: nil).

(h) Investments

The Fund did not hold any investments in InvestSMART Funds Management Ltd or its related parties during the year.

18 Events occurring after the reporting period

Distributions payable includes amounts that are reinvested under the dividend reinvestment plan (DRP) subsequent to year end. The amount reinvested in units under the DRP in July 2026 is \$1,714,182 (2025: \$204,957).

Subsequent to the end of the financial year one of the conditions for the sale of the Intelligent Investor business to Teaminvest Private Group was fulfilled. All other conditions precedent remain on foot at the date of this report.

No other significant events have occurred since the end of the year which would impact on the financial position of the Fund as disclosed in the statement of financial position as at 30 June 2026 or on the results and cash flows of the Fund for the year ended on that date.

19 Contingent assets and liabilities and commitments

There are no outstanding contingent assets, liabilities or commitments as at 30 June 2026 (30 June 2025: nil).

Directors' declaration

In the opinion of the directors of the Responsible Entity:

- (a) The financial statements and notes set out on pages 5 to 19 are in accordance with the *Corporations Act 2001*, including:
 - (i) complying with Australian Accounting Standards, the *Corporations Regulations 2001* and other mandatory professional reporting requirements; and
 - (ii) giving a true and fair view of the Fund's financial position as at 30 June 2026 and of its performance for the financial year ended on that date.
- (b) There are reasonable grounds to believe that the Fund will be able to pay its debts as and when they become due and payable.
- (c) Note 2(a) confirms that the financial statements also comply with the International Financial Reporting Standards as issued by the International Accounting Standards Board.

This declaration is made in accordance with a resolution of the directors of InvestSMART Funds Management Ltd, pursuant to section 295(5)(a) of the Corporations Act 2001.

On behalf of the directors

Andrew Ward
Director

Sydney
28 September 2026

INDEPENDENT AUDITOR'S REPORT

To the unitholders of Intelligent Investor Ethical Share Fund

Report on the Audit of the Financial Report

Opinion

We have audited the financial report of Intelligent Investor Ethical Share Fund (the “Fund”), which comprises the statement of financial position as at 30 June 2026, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial report, including material accounting policy information, and the directors’ declaration.

In our opinion the accompanying financial report of Intelligent Investor Ethical Share Fund, is in accordance with the *Corporations Act 2001*, including:

- (i) Giving a true and fair view of the Fund’s financial position as at 30 June 2026 and of its financial performance for the year ended on that date; and
- (ii) Complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

Basis for opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor’s responsibilities for the audit of the Financial Report* section of our report. We are independent of the Fund in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board’s APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to audits of the financial report of public interest entities in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of the Responsible Entity, would be in the same terms if given to the directors as at the time of this auditor’s report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial report of the current period. These matters were addressed in the context of

our audit of the financial report as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Valuation of Financial Assets

Key audit matter	How the matter was addressed in our audit
As at 30 June 2026, the Fund held listed equity securities of \$56.6 million. These financial instruments represent the majority of the Fund's assets and directly impact reported performance and net asset value. While listed securities are valued using quoted market prices (Level 1 inputs), they are highly sensitive to market volatility. The significance of these balances, the hedging in the current year, and the reliance on market-based assumptions meant this area required significant audit attention.	Our procedures included, amongst others • For each security, we agreed the number of units held to information provided directly by the custodian; • We agreed the fair value measurement of all listed securities to external market data sources; • We reviewed the adequacy of accounting policies and disclosures, including the significant estimates and judgements applied by management, to ensure compliance with AASB 9 Financial Instruments and AASB 13 Fair Value Measurement; and • We obtained the assurance report on the controls of the Fund's administrator and considered the findings in relation to investment valuations if any.

Other information

The directors are responsible for the other information. The other information comprises the information in the Responsible Entity of Fund's Director's report for the year ended 30 June 2026, but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the directors for the Financial Report

The directors of the Responsible Entity are responsible for the preparation of:

- a) the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001 and

for such internal control as the directors determine is necessary to enable the preparation of:

- i) the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Auditor's responsibilities for the audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

A further description of our responsibilities for the audit of the financial report is located at the Auditing and Assurance Standards Board website (<http://www.auasb.gov.au/Home.aspx>) at:

https://www.auasb.gov.au/admin/file/content102/c3/ar2_2020.pdf

This description forms part of our auditor's report.
