Titomic: Manufacturing & Sustainment at Speed

SCALING MISSION-CRITICAL MANUFACTURING AND SUSTAINMENT
FOR DEFENSE, AEROSPACE, MARITIME, AND ENERGY

Disclaimer

Important Notice and Disclaimer

The following important notice and disclaimer applies to this investor presentation and you are therefore advised to read this carefully before making any use of this presentation or any information contained in this presentation.

This presentation has been prepared by Titomic Limited ACN 602 793 644 (**Titomic** or the **Company**) to provide summary information about Titomic and their activities as at the date of this presentation.

The information in this presentation is of a general nature and does not purport to be complete and may change without notice. This presentation is not a recommendation to buy Shares and undue reliance should not be placed on the information or opinions contained in this presentation for investment purposes as it does not consider your investment objectives, financial position or needs. These factors should be considered, with professional advice, when deciding if an investment is appropriate.

Forward-Looking Statements

This presentation includes forward-looking statements that reflect Titomic's intentions, beliefs, targets, aspirations or current expectations concerning, among other things, Titomic's results of operations, financial condition, liquidity, revenue growth, performance, prospects, growth, strategies and the industry in which Titomic operates. These forward-looking statements are subject to risks, uncertainties and assumptions and other factors, many of which are beyond the control of Titomic. Titomic cautions you that forward-looking statements are not guarantees of future performance and that its actual results of operations, financial condition, liquidity, performance, prospects, growth or opportunities and the development of the industry in which Titomic operates may differ materially from those made in or suggested by the forward-looking statements contained in this presentation. In addition, Titomic does not guarantee any rate of return or the performance of Titomic nor does it guarantee the repayment or maintenance of capital or any particular-tax treatment. In particular, Titomic does not make any representation that it will achieve its targeted revenue growth outlined in this presentation and notes that the illustrative revenue profiles are intended to demonstrate the potential way that the Company could achieve revenue growth and are not representations or forecasts of that growth.

Investors should note that past performance may not be indicative of results of developments in the future periods and cannot be relied upon as an indicator of (and provides no guidance as to) Titomic's future performance. Titomic, its related bodies corporate and each of their respective directors, officers and employees expressly disclaim any obligation or undertaking to review, update or release any update of or revisions to any forward-looking statements in this presentation or any change in Titomic's expectations or any change in events, conditions or circumstances on which these forward-looking statements are based, except as required by applicable law or regulation.

Subject to any continuing obligation under applicable law or any relevant listing rules of the ASX, Titomic disclaims any obligation to disclose any updates or revisions to any forward-looking statements in these materials to reflect any change in expectations in relation to any forward-looking statements or any change in events, conditions or circumstances on which any statement is based. Nothing in these materials shall under any circumstances create an implication that there has been no change in the affairs of Titomic since the date of this presentation.

Summary information

This presentation contains summary information about Titomic and its activities, which is current as at the date of this presentation. The information included in this presentation is of a general nature and does not purport to be complete nor does it contain all the information which a prospective investor should consider when making an investment

decision. Each recipient of this presentation should make its own enquiries and investigations regarding all information in this presentation including but not limited to the assumptions, uncertainties and contingencies which may affect further operations at Titomic and the impact that different future outcomes may have on Titomic. This presentation has been prepared without taking account of any person's investment objectives, financial situation or needs. Before making an investment decision, prospective investors should consider the appropriateness of the information having regard to their own objectives, financial situation and needs, make their own assessment of the information and seek legal, financial, accounting and taxation advice appropriate to their jurisdiction in relation to the information and any action taken on the basis of the information.

The information included in this presentation has been provided to you solely for your information and background and is subject to updating, completion, revision and amendment and such information may change materially. Unless required by applicable law or regulation, no person (including Titomic,) is under any obligation to update or keep current the information contained in this presentation and any opinions expressed in relation thereto are subject to change without notice. How to vote

- When the poll is open, select the vote icon at the top of the screen
- To vote, select either For, Against or Abstain
- You will see a vote confirmation
- To change or cancel your vote “click here to change your vote” at any time until the poll is closed

The screenshot displays a web interface for a voting process. At the top, there is a navigation bar with four icons: a monitor for 'Broadcast', a document with a red '1' for 'Vote' (which is the active tab), a speech bubble for 'Q & A', and a folder for 'Documents'. Below the navigation bar, a grey header box contains the text 'Items of Business'. The first item is '2A Re-elect Mr Sam Sample as a Director'. Below this, there are three buttons: 'FOR', 'AGAINST', and 'ABSTAIN'. The second item is '2B Re-elect Ms Jane Citizen as a Director'. Below this item, there is a green checkmark icon, followed by the text 'We have received your vote For' and a link 'Click here to change your vote.'.

How to ask a question

- To ask a written question, select the Q & A icon
- Select the topic your question relates to from the drop-down list
- Type your question in the text box and **press** the send button
- To ask a verbal question follow the instructions below the broadcast window.

The screenshot displays a user interface with four tabs at the top: 'Broadcast' (with a monitor icon), 'Vote' (with a document icon), 'Q & A' (with a speech bubble icon and highlighted by a red underline), and 'Documents' (with a folder icon). Below the tabs is a large text area labeled 'Your question(s)' with a light blue border. Underneath this is the instruction 'You may enter a question using the field below.' followed by a dropdown menu labeled 'Select Topic ▼'. Below the dropdown is a smaller text box with the placeholder text 'Questions are limited to 2000 characters.' and a 'Send' button to its right. At the bottom right of this text box, it says '0 character(s)'.

Recent Progress | STRATEGIC PLAN ON-TRACK

DEFENSE

Revenue & qualification generating

- ✓ Commercial validation with leading **U.S. defense primes**
- ✓ **Northrop Grumman:** Successful missile chamber delivery Q32025 and hot-fire demonstration in Q42025
- ✓ **Tier 1 Defense Prime:** hypersonic qualification progressing
- ✓ **Leading Private Space Company:** Structures under repair and further qualification underway
- ✓ **Tier 1 tech manufacturer:** LRIP underway
- ✓ **Tinker Air Force Base:** US\$5m TKF™ High Pressure Cold Spray System award
- ✓ Multiple applications for TKF™ commercially validated

AEROSPACE

Revenue & capacity generating

- ✓ **Airbus:** advancing moving to pilot launch in late 2026 with global MRO rollout potential of 40 owned and 400+ affiliate MRO sites
- ✓ **Lufthansa:** utilizing TKF™ 523 with further orders received in Q22026
- ✓ **EPCOR (KLM/Air France):** utilizing Integrated Spray Booths (ISB) system with further orders anticipated
- ✓ **Domestic European Aerospace Center** order received in Q12026

ENERGY

Qualification generating

- ✓ **Major Oil & Gas/Energy:** TKF™ 523 leased and tested, TKF™ 623 leased and ongoing testing into 2Q2026
- ✓ **Equinor / Aibel / EFFEE:** oil rig corrosion and components trials
- ✓ **ExxonMobil:** successful demonstration 3Q2025 moving into further validation 3Q2026

GOVERNMENT

Qualification milestones

- ✓ **United States Army Corps of Engineers (USACE):** successful field demonstration completed Jun-25, repair scope scaling
- ✓ **Naval Sea Systems Command (NAVSEA) & Penn State:** equipped with Titomic systems for ship repair
- ✓ **Army, U.S. Marines and Navy** demonstrations and validation ongoing
- ✓ **Det Norske Veritas (DNV):** TKF maritime qualification for global standard completed
- ✓ **NASA Signed Space Act Agreement**
- ✓ **U.S. Military Research Organization:** CRADA signed Q2 2026

Automated and robotized platforms are in operational use across U.S. and international facilities.

Investment Thesis | Reindustrializing America

Structural Manufacturing Crisis

- Long lead times persist
- Aging fleets drive demand
- Fragile global supply chains

Differentiated Manufacturing Platform

- Mission-critical manufacturing at speed
- Embedded with U.S. primes
- Production, repair & sustainment

Recurring Production Growth

- Qualification → LRIP → Production
- Multi-year service agreements
- Operating leverage through scale

Why Titomic Wins | COST, SPEED, AND SUPPLY-CHAIN ADVANTAGE AT SCALE

1 COST ADVANTAGE

- Repair over replace: ~30–60% lower lifecycle cost
- Eliminates full part replacement, heavy machining, and re-qualification
- Minimal material waste; lower labor and energy inputs

2 SPEED ADVANTAGE

- Weeks vs. months for fabrication and repair
- Rapid response supports fleet availability and schedule recovery
- In-situ and depot-level execution reduces downtime

3 SUPPLY-CHAIN ADVANTAGE

- Removes dependency on foreign castings and forgings
- Uses domestic and allied material supply
- Supports re-industrialization and compliance requirement

4 SCALABILITY ADVANTAGE

- Capacity scales with capital and demand, not R&D cycles
- Programs progress from prototype and qualification into recurring sustainment and production pathways
- Embedded with primes and depots enables repeat demand
- Automation & robotics enable repeatable quality, higher throughput, and scalable production without linear labor growth.

TITOMIC DELIVERS FASTER OUTCOMES AT MATERIALLY LOWER COST — WITHOUT INCREASING SUPPLY-CHAIN RISK.

Path to Commercialization

A decade of technology development, refocused since 2024 into a U.S.-led defense industrial manufacturer.

**We are no longer trying to prove cold spray works —
we are industrializing it.**

Commercialization Roadmap

From qualification activity to recurring sustainment and positive free cash flow — a staged portfolio of defense, aerospace, maritime and energy opportunities.

FY26	1Q27	2Q27	FY27
Commercialization	Production Ramp	Commercial Expansion	Production Scale
- Customer qualifications - Prime & government validation - Commercial contract awards	- LRIP programs begin - Pressure vessel qualification - Missile component ramp	- Initial production orders - Naval & defense ramps - Production capacity expansion	- Multi-year production contracts - Scale across defense & energy - EBITDA breakeven objective

LARGEST NEAR-TERM OPPORTUNITIES		
PROGRAM	STAGE	POTENTIAL
PAC-3 components	In Discussions	US\$40–60M
Tomahawk components	NDA exercised	US\$30–50M
Aircraft MRO	Pilot Project implemented	US\$25–50M
Standard missile components	Proposal Submitted	US\$25–40M
Hypersonic structures	Risk Reduction/Next Phase proposal submitted	US\$25–40M
Top 5 combined		US\$145–240M

TOTAL ILLUSTRATIVE REVENUE POTENTIAL		
13 programs	US\$250–430M+ illustrative 2026–2030E potential ¹	2027 EBITDA breakeven objective
Commercialization Pathway: Qualification programs are converting into LRIPs, production orders, and recurring revenue across a diversified portfolio of defense, aerospace, maritime, and energy opportunities.		

1. Management's illustrative estimates across the top 13 conversion programs. Not forecasts or contracted revenue; actual results may materially vary.

FORMAL BUSINESS OF THE AGM

Item 1

Annual Financial Statements

To receive and consider the Annual Financial Report of the Company for the six months ended 31 December 2025 together with the Remuneration Report, Director's Declaration and the reports of the Directors and company Auditor.
