ASX ANNOUNCEMENT

29 SEPTEMBER 2026

CONSTITUTION AMENDMENTS – AMIT REGIME

Arena REIT informs securityholders of amendments that have been made to the constitution of each of Arena REIT No. 1 and Arena REIT No. 2 (**Trusts**) by Arena REIT Management Limited (**Responsible Entity**).

The Trusts are already operating under the Attribution Managed Investment Trust (**AMIT**) Regime. The amendments were made in accordance with the amending provisions of each constitution and section 601GC(1)(b) of the Corporations Act 2001 (Cth) in order to enable each Trust to continue operating as an AMIT under the Income Tax Assessment Act 1997 (Cth). The changes to the constitutions do not change the current tax treatment of the Trusts. The amendments instead entrench the relevant AMIT provisions in each constitution, ensuring continuity of the current tax treatment for unitholders.

A new AMIT clause has been inserted into each constitution which deals with the operation of the Trusts under the AMIT Regime. Consequential amendments have been made to each constitution to facilitate the incorporation of the AMIT provisions. The changes also update the amending clauses in each constitution to permit amendments necessary or advisable to enable the Trusts to be operated as an AMIT.

No other changes have been made to the constitutions.

Copies of the amended constitutions of Arena REIT No. 1 and Arena REIT No. 2 are attached to this announcement.

This announcement is authorised to be given to ASX by Gareth Winter, Company Secretary.

- (a) The Entity may determine valuation methods and policies for each category of Asset and change them from time to time. Unless the Entity determines otherwise, the value of an Asset for the purpose of calculating Net Asset Value will be its historical cost.

-
- (b) If the Entity values an Asset at other than its historical cost, then the valuation methods and policies applied by the Entity must be capable of resulting in a calculation of an application price or redemption price that is independently verifiable.

9.5 Rounding

The Entity may round the redemption price of a Unit calculated under clause ~~9.1(b)~~~~9.1(b)~~~~9.1(c)~~ to such number of decimal places as determined by the Entity.

9.6 Options

9.7 Issue of Units at application price which is determined by Entity - rights issues of Units

While the Fund is a registered managed investment scheme and is not admitted to the Official List, the Entity may issue Units at an application price determined by the Entity, being a price other than the application price determined under clause 9.1 pursuant to offers made at substantially the same time to only and all the then Members if:

- (a) all the Units offered are in the same class;
- (b) the application price of all the Units offered is the same;
- (c) the amount by which the price is less than any amount that would otherwise apply under the Constitution does not exceed 50 percent; and
- (d) the amount of Units offered to each Member is proportionate to the value of that Member's Unit holding,

where, if the Entity reasonably considers that it would be in the best interests of Members to exclude certain members that are connected to a place outside Australia and New Zealand (**Foreign Members**) and not unfair to those members, the Entity need not offer or issue the Units to the Foreign Members if the Units are sold, taking reasonable steps to maximise the sale price (net of expenses of the sale) and the Foreign Members are promptly paid the net sale price.

9.8 Issue of Units at application price which is determined by Entity - Options

The Entity may issue Units on the exercise of Options at an application price determined by the Entity, being a price other than the application price determined under clause 9.1 pursuant to offers of Options made at substantially the same time to only and all the then Members if:

- (a) all the Options offered are in the same class;
- (b) the issue and the exercise price of all the Options offered is the same;

-
- (d) the amount by which the exercise price is less than the amount that would otherwise apply under this Constitution, does not exceed 50 percent on the date of exercise of the Option,

where if the Entity reasonably considers that it would be in the best interests of members to exclude Foreign Members and not unfair to those members, the Entity need not offer or issue the Options to Foreign Members if the Options are sold, taking reasonable steps to maximise the sale price net of expenses of the sale and the Foreign Members are promptly paid the net sale price.

9.9 Issue of Units at application price which is determined by Entity - distribution reinvestment

While the Fund is a registered managed investment scheme and is not admitted to the Official List, the Entity may issue Units at an application price determined by the Entity, being a price other than the application price determined under clause 9.1 pursuant to a distribution reinvestment arrangement where:

- (c) all the Units issued under the arrangement are of the same class;
- (d) the application price of each Unit issued pursuant to that arrangement at substantially the same time is the same; and
- (e) the application price of those Units is not less than 95% of the amount that would otherwise apply under this Constitution,

where, if the Entity reasonably considers that it would be in the best interests of Members to exclude Foreign Members and not unfair to those members, the Entity need not offer or issue the Units to the Foreign Members if the Units are sold, taking reasonable steps to maximise the sale price (net of expenses of the sale) and the Foreign Members are promptly paid the net sale price.

9.10 Issue of Units at application price which is determined by Entity - issue of Units at an individually negotiated price

The Entity may issue Units at a price individually negotiated and agreed between the Entity and a person:

- (a) who is a wholesale client within the meaning of section 761G of the Corporations Act (**Wholesale Client**), being a price that differs from the application price determined in accordance with clause 9.1 only to the extent that the price is less than the application price determined under clause 9.1 to the extent of lower fees that are payable to the Entity in relation to the acquisition (each a **Fee Arrangement**) if:
 - (i) the Entity ensures that if fees may be individually negotiated with certain Wholesale Clients, then a statement of that fact is disclosed to all Members by no later than the date of the first communication the Entity makes to all

Members which is made after the date the Fee Arrangement is first offered;
and

- (ii) the Entity ensures that if fees may be individually negotiated with certain Wholesale Clients, a statement of that fact is disclosed in any disclosure document used for an offer of interests in the Fund; and
- (b) the Fee Arrangement does not adversely affect the fees that are paid or to be paid by any other member of the Fund who is not party to the Fee Arrangement.

9.11 Average Market Price: Fund admitted to the Official List

- (a) While the Fund is admitted to the Official List, the Entity may issue Units (or Stapled Securities if Stapling applies) at an application price that is no less than 50% of the Average Market Price of Units (or Stapled Securities if Stapling applies) immediately prior to the date on which or as at which the application price is calculated.
- (b) Where Units (or Stapled Securities if Stapling applies) are issued in accordance with clause ~~12.9~~^{12.8} or ~~12.10~~^{12.9} and the Fund is admitted to the Official List, the application price is to be no less than 50% of the Average Market Price of Units (or Stapled Securities if Stapling applies) as at the date on which the application price is calculated.
- (c) While the Fund is admitted to the Official List, if Units (or Stapled Securities if Stapling applies) are to be issued to the Entity (or any of its related bodies corporate as defined in the Corporations Act) in payment of fees of the Entity, the application price is to be equal to the Average Market Price of Units (or Stapled Securities if Stapling applies) on the day of issue (or if payment of fees is deferred, on the day payment of the fees would otherwise have been due).

9.12 Rights Issue: Fund admitted to the Official List

While the Fund is admitted to the Official List, the Entity may issue Units (or Stapled Securities if Stapling applies) at an application price determined by the Entity to those persons who were Members on a date determined by the Entity not being more than 30 days immediately prior to the date of the offer if:

- (a) the Entity complies with the Listing Rules applicable to the issue and any applicable ASIC Relief; and
- (b) the application price is not less than 50% of the Average Market Price on the day preceding the date the issue was announced to the ASX.

Subject to the Corporations Act, the Listing Rules and any applicable ASIC Relief, the Entity is not required to offer Units under a rights issue to Members whose address as recorded in the Register is outside Australia or New Zealand.

9.13 Placements: Fund admitted to the Official List

While the Fund is admitted to the Official List, the Entity may issue Units (or Stapled Securities if Stapling applies) to any person, whether by way of a placement or otherwise, and at an application price and on terms determined by it, if the Entity complies with the Listing Rules applicable to the issue and any applicable ASIC Relief and if the application price is not less than 50% of the Average Market Price on the day preceding the date the

Entity (or its agents) offered the Units (or Stapled Securities if Stapling applies) to potential investors.

9.14 Prices while Stapling applies

While Stapling applies, in the case of an issue, redemption, sale, cancellation or buy back of a Stapled Security, the application, redemption, sale, cancellation or buy back price of a Stapled Security will be allocated between the Unit and the Attached Security on the basis of fair value as agreed between the Responsible Entity and the Stapled Entity or, failing agreement, determined by an independent accountant based upon fair market value as determined by the independent accountant having regard to the net asset backing of each Unit and the Attached Security immediately prior to the issue, sale, redemption, cancellation or buyback of the Stapled Security and any other factors which the accountant believes should be taken into account. However, where the Stapled Security is being issued pursuant to the exercise of an option and the terms of the option specify the issue price of the Unit, the issue price of the Unit and Attached Security must be determined in accordance with any relevant provisions of the terms of the option.

10 Entity's powers

10.1 Powers

- (a) Subject to this Constitution, the Entity has all the powers in respect of the Fund that it is possible under the law to confer on a trustee and as though it were the absolute owner of the Assets acting in its personal capacity.
- (b) Without limiting clause 10.1(a), the Entity's powers include the power to do the following:
 - (i) acquire and invest in any property (whether real or personal) or assets;
 - (ii) dispose of or otherwise deal with assets;
 - (iii) manage and administer the assets; and
 - (iv) borrow or raise money, grant security and incur all other types of obligations and liabilities.

10.2 Delegation

The Entity may authorise any person or persons to act as its delegate (in the case of a joint appointment, jointly and severally) to hold title to any Asset, perform any act or obligation or exercise any discretion or power of the Entity including, without limitation, the power to sub-delegate. Subject to the terms of the delegate's appointment, the delegate may appoint a sub-delegate without reference to the Entity. The authorisation must be written. The Entity must ensure that the terms of any such engagement allow the engagement to be terminated by the Entity (without penalty or liability for damages) if the Entity ceases to be responsible entity for the Fund. The Entity remains liable for the acts and omissions of a delegate (and any sub-delegate). The Entity may include provisions to protect and assist those dealing with the delegate in the authorisation as the Entity thinks fit. Subject to any consent required by law, the delegate or any sub-delegate may be the Entity (acting in another capacity), or an associate of the Entity.

10.3 Indemnity

The Entity is entitled to be indemnified out of the Assets of the Fund for any liability incurred by the Entity in properly performing or exercising any of its powers or duties in relation to the Fund. This indemnity is in addition to any indemnity allowed by law.

10.4 Voluntary retirement

- (a) If the Fund is registered as a managed investment scheme under the Corporations Act, the Entity may retire as responsible entity of the Fund as permitted by the Corporations Act.
- (b) If the Fund is not so registered, the Entity may retire as trustee as determined by it in its absolute discretion.

10.5 Underwriting

- (a) Without limiting any other provision of this Constitution, the Entity may engage any person to underwrite the subscription of Units on such terms as the Entity determines.
- (b) Notwithstanding anything to the contrary in this Constitution and subject to the Corporations Act, any underwriting liabilities of the Entity are an expense of the Fund, provided the Entity has acted in good faith and without wilful default in relation to those underwriting liabilities.
- (c) Unless the agreement between the Entity and the underwriters (if any) expressly states otherwise, the underwriters will not be agents or delegates of the Entity.

10.6 Compulsory retirement

The Entity must retire as responsible entity of the Fund when required by the Corporations Act.

10.7 Release

- (a) When it retires or is removed, the Entity is released from all obligations in relation to the Fund arising from the time it retires or is removed except that the Entity must cause the Assets of the Fund to be vested in the new Entity and must deliver to the new Entity all books and records under its control relating to the Fund. The release does not affect its right of indemnity out of the Fund in respect of liabilities and expenses properly incurred before the retirement or removal. On retirement or removal as Entity the retiring Entity will be paid any amount due to it under this Constitution.
- (b) The new Entity will be taken to have agreed:
 - (i) to indemnify the former responsible entity for all its costs and expenses incurred (after the time of that alteration) in connection with discharging its obligations under section 601FR of the Corporations Act; and
 - (ii) if it is not an associate of the former Entity or it has not obtained the written consent of the former Entity, to promptly take whatever action is necessary to change the name of the Fund and remove any words, letters or

expressions from this Constitution and any other documents which might express or imply an association with the former Entity or any of its associates and agrees not to use any such words, letters or expressions in connection with the Fund and this Constitution.

10.8 Covenant of proposed new Entity

If the Fund is registered under the Corporations Act as a managed investment scheme, any proposed new responsible entity of the Fund must execute a deed under which it covenants in favour of the current responsible entity of the Fund in the same terms as clauses 10.7(a) and 10.7(b) which covenants must be expressed to take effect on and from the time of alteration of ASIC's record of registration.

10.9 Agents and advisers

Subject to the Corporations Act, the Entity may engage any agent, adviser, valuer, broker, underwriter or other contractor to assist the Entity to transact any business or do any act required to be transacted or done in connection with the Fund. Subject to the Corporations Act, the Entity may engage any adviser to advise the Entity regarding any matter relevant to the exercise of its powers or duties as Entity. In either case the Entity must ensure that the terms of any such engagement allow the engagement to be terminated by the Entity (without penalty or liability for damages) if the Entity ceases to be the responsible entity for the Fund. Subject to the Corporations Act, the Entity will not be responsible for the default of any such person if employed in good faith. This clause extends, without limitation, to dealing with Assets through a clearing, settlement, transfer or other similar system. The person engaged may be an associate of the Entity. This clause is subject to clause 10.2.

10.10 Name of Fund

If the Entity retires or is removed the retiring Entity may by notice to the new Entity require the name of the Fund to be changed to a name which does not include any part of the current or any former name or business name of the retiring Entity or which is not in the retiring Entity's opinion misleadingly or deceptively similar to those names or any abbreviation of them. The Entity may change the name of the Fund at any time.

11 Investment

The Entity has absolute discretion as to how Assets are invested or otherwise dealt with and as to how liabilities are incurred or otherwise dealt with. For example, the Entity may acquire and dispose of any legal or equitable estate or interest in real or personal property of any kind, enter into all types of contracts whether of a speculative nature or not and raise or borrow money in respect of the Fund. Investments may be made with or without security.

12 Income and distributions

12.1 Subject to AMIT provisions

Where the Entity has resolved to make a choice under clause 13.1(a), this clause 12 is subject to the operation of clause 13.

12.12.2 Net income

- (a) The Entity ~~may~~ determine the ~~Distributable income~~ of the Fund (**Income**) for each Distribution Period ~~and Financial Year in accordance with generally accepted accounting principles and~~ having regard to this clause ~~12.6~~.
- (b) The Income is to be determined as the Net Income of the Fund, unless otherwise determined by the Entity in a different manner or to be a different amount.
- (c) The Entity is to decide the classification of any item as being on income or capital account and the extent to which reserves or provisions need to be made.
- (d) For each Distribution Period, the Entity must calculate the Distributable Amount and distribute each Member's Distribution Entitlement.

12.12.3 Distribution Entitlement

At the end of each Distribution Period the Members will be presently entitled (within the meaning of the Income Tax Assessment Act 1936 and Income Tax Assessment Act 1997) to ~~all the Distributable Income~~ Distributable Amount derived during the relevant Distribution Period in accordance with their ~~Income Distribution~~ Entitlement.

12.12.4 Deferral

If in the Entity's opinion it is not practical to distribute income received in a Distribution Period, it may be treated as having been received in the next Distribution Period.

12.12.5 Balances

Any balance representing a fraction of one cent arising as a consequence of any calculation of the ~~Distributable Income~~ Distributable Amount for a Distribution Period shall be deemed to accrue in the next Distribution Period.

12.12.6 Separate accounts

- (a) The Entity may keep separate accounts of different categories or sources of income or both and may allocate income from a particular category or source or both to particular Members.
- (b) The Entity must, when allocating costs, expenses or other similar amounts (or parts thereof) to categories or classes of income or capital allocate:
 - (i) directly attributable costs, expenses or other similar amounts (or parts thereof) against the specific category or class of income or capital to which they relate (as determined by the Entity on a reasonable basis); and
 - (ii) other costs, expenses or other similar amounts (or parts thereof) on a fair and reasonable basis to the relevant category or class (as determine by the Entity).
 - (iii) To the extent that a category or class of Income or capital is less than nil after applying costs, expenses or other similar amounts, the excess amount may be re-allocated by the Responsible Entity to other categories

or classes using the principles outlined in [clause i above (as determined by the Entity)].

12.612.7 Minimum distribution

The Entity may transfer capital to ~~Distributable Income~~ the Distributable Amount to enable distribution to Members of the minimum amount necessary to avoid the Entity becoming assessable to pay tax ~~in respect of any amount to which Members may not otherwise be presently entitled~~.

12.712.8 Other distributions

- (a) The Entity may at any time distribute any amount of capital or income to Members pro rata according to the number of Units held as at a time decided by the Entity. The distribution may be in cash, by way of bonus Units or by way of an in specie distribution of any of the Assets.
- (b) Each Member irrevocably appoints the Entity as its agent and attorney for the purposes of taking all necessary action (including executing necessary documentation) to effect an in specie transfer of any of the Assets to the Member.

12.812.9 Reinvestment

- (a) If the Entity offers the right of reinvestment to Members, a Member may elect to reinvest any distribution by acquiring additional Units. In those cases, the Units are issued on the date the Entity pays the distribution to all other Members who have not elected to reinvest their distribution. The procedure for reinvestment of distributions is to be determined by the Entity and notified to Members from time to time.
- (b) While Stapling applies, no reinvestment can occur unless contemporaneously with the reinvestment in additional Units, the Member subscribes for an identical number of Attached Securities which are subsequently Stapled to the Units as a result of the reinvestment.

12.912.10 Entity may require reinvestment

The Entity may require that a Member's Distribution Entitlement ~~to Distributable Income of the Fund~~ as is payable under this clause or any other provision of this Constitution (as appropriate) shall be reinvested by the Entity to acquire additional units in the Fund if:

- (a) the Distribution entitlement is less than an amount determined by the Entity and advised to Members; or
- (b) a Member fails to provide a direction to the Entity as to the manner in which the Member wishes his or her entitlement to be dealt with.

In those cases, the Entity is treated as having received an application (in the approved form if any) accompanied by a payment equal to the amount of the Distribution entitlement ~~to Distributable Income~~ on the date on which such distribution was made.

12.1012.11 Nominated payment amount

If the Entity offers to Members the right to nominate distribution payment amounts, a Member may nominate and vary in such manner as the Entity approves an amount which the Member wishes to receive from the Fund at the end of a Distribution Period. The nominated amount shall be paid out of the Member's **Distribution e**Entitlement under clause 12.342.342.2 and, if that is not sufficient, the Entity may reduce the nominated amount to the amount equal to the amount of the Member's **Distribution e**Entitlement under clause 12.342.342.2. If the Member's **Distribution e**Entitlement under clause 12.342.342.2 exceeds the Member's nominated amount, the excess shall be reinvested in accordance with clause 12.912.942.8.

The Entity may, in accordance with the Tax Act, resolve to:

- (a) make a choice for the Fund to be an AMIT for the purposes of the Tax Act; and
- (b) where the Entity has made a choice under clause 13.1(a), make a choice to treat each class of the Fund as being a separate AMIT for the purposes of the Tax Act.

13.2 Priority of this clause

- (a) Despite the other provisions of this deed which relate to the income of the Fund and to distributions, including clause 12 where the Entity has resolved to make a choice under clause 13.1(a), the provisions of this clause 13 apply with respect to a Distribution Period for which the choice was made and for each following

Distribution Period:

- (i) during which the Fund is an AMIT for the purposes of the Tax Act; or
- (ii) after which the Fund has ceased to be an AMIT, to the extent required by Division 276 of the Tax Act (or any successor provisions).
- (b) Where the Entity has resolved to make a choice under clause 13.1(a) then, in any Distribution Period in which clause 13.2(a)(i) or 13.2(a)(ii) applies, to the extent that there is any inconsistency between the provisions of this clause 13 and the other provisions of this deed, the provisions of this clause 13 prevail.
- (c) Where the Entity has resolved to make a choice under clause 13.1(a) then, in any Distribution Period in which the Fund is an AMIT, no Member will be presently entitled to any part of the Distributable Amount for that Distribution Period under clause 12.342-2 or any other clause of this deed which confers a vested and indefeasible interest in the income or capital of the Trust to a Member.

13.3 Clearly defined rights

- (a) In order for the Members to have Clearly Defined Rights, the Entity may not exercise any right or power, whether it is one provided to the Entity under this deed or under any statutory or general law rights or powers of a Entity, which would result in the rights to the income and capital of the Fund to not be clearly defined for the purposes of section 276-10(1)(b) of the Tax Act (notwithstanding clause 13.2(a) and irrespective of whether or not the Fund is an AMIT for the income year).
- (b) In exercising its powers under this deed at any time, the Entity must treat Members who hold Units of the same class equally and Members who hold Units of a different class fairly, except to the extent that the Entity directs an amount arising from the sale of an asset to a particular Member in the circumstances described in clause 7.8(b) or makes a direction regarding the withdrawal price to a Member on a withdrawal of Units in the circumstances described in clause 7.9(a).
- (c) In addition to the requirements of clause 20, no amendment may be made to this deed which would or may cause the Members not having Clearly Defined Rights at all times.

13.4 Taxation of the Fund when it is an AMIT

- (a) Terms used in this clause 13.4 that are not otherwise defined in this deed take their meaning from the Tax Act.
- (b) The attribution model of taxation as set out in Division 276 of the Tax Act (or any successor provisions) applies to the Fund where the Entity has made a choice under clause 13.1.
- (c) Subject to clause 13.5, and without limiting its other rights and powers provided for under this deed, the Entity may make any determination or choice, and may take any action which it can or is required to make or take under the Tax Act for the relevant Distribution Period, including:
 - (i) the determination of the taxable income of the Fund or each class;

- (ii) the determination of assets and liabilities attributable to a class;

 - (vi) the giving of an AMMA Statement, within the period set out in the Tax Act, to each Member or former Member for the relevant Distribution Period which includes information that reflects:
 - (A) the amount and character of each Member Component of the Member or former Member; and
 - (B) any cost base adjustment in respect of the Units of the Member or former Member; and
 - (vii) the amendment of an AMMA Statement that has been issued to a Member or former Member, and the basis on which the AMMA Statement issued is to be amended.
- (d) The Entity is entitled to attribute the Determined Trust Component to determine the Member Component and Determined Member Component of a particular character in respect of a Distribution Period to be attributed to a Member, under this clause 13.4, on a redemption or withdrawal (or any other similar action) of Units by that Member.
- (e) If the Fund ceases to be an AMIT in respect of any Distribution Period then, in determining the Distributable Amounts for that Distribution Period, and to the extent required by Division 276 of the Tax Act (or any successor provisions), an appropriate adjustment must be made in the discovery year to take into account any over or under distributions of any tax component from any prior period in which the Fund was an AMIT.

13.5 Fair and reasonable basis

In making a determination or choice, or in taking an action, as contemplated by this clause 13, the Entity must ensure that any determination, allocation or attribution is made on a fair and reasonable basis.

13.6 Determination of amounts to be distributed to Members

Despite any other provision of this deed, while the Fund is an AMIT, the Entity is entitled to determine the quantum of the amount to be distributed to Members for a Distribution Period.

13.7 Withholding tax

- (a) The Entity may deduct from any amount dealt with under this clause 13 any Tax that is required by law to be deducted from such amount.
- (b) The Entity may recover from a Member as a debt an amount that the Entity has paid in Tax on behalf of or in respect of the Member (including in respect of a distribution or an amount attributed to a Member).
- (c) The Entity is entitled to set off an amount that the Entity may recover from the Member under clause 13.7(a) against debts due, or owed, by the Entity to the Member.

13.8 Statements to Members of the Fund

Despite any other provision of this deed, if the Entity has given a statement to a Member in accordance with Division 276 of the Tax Act (or any successor provisions), the Entity is not required to otherwise notify the Member of their proportionate share of the Fund's income or capital, including income of the trust estate or Net Income of the Fund as if the choice in clause 13.1(a) had not been made.

13.9 Member Choice

If a Member or former Member makes or intends to make a Member Choice:

- (a) the Member or former Member must:
 - (i) provide the Entity with written notice of the Member's or former Member's intention to do so at least five Business Days prior to notifying the Commissioner of Taxation of the Member Choice;
 - (ii) include, in the notice provided to the Entity, a summary of the reasons why the Member or former Member considers the attribution inappropriate; and
 - (iii) provide to the Entity any information the Entity reasonably requests in good faith in relation to the Member's or former Member's Member Choice; and
- (b) the Entity may take any action as it considers necessary, appropriate or reasonable to provide for the rights and interests of other Members or former Members to be protected, including in dealings with the Commissioner of Taxation.

together with any other Expenses incurred by the Entity as a result of incurring any of these liabilities.

13.14 Administration and reporting

13.14.1 Register

The Entity must establish a Register of Members and keep it up to date. The Register of Members is conclusive evidence of the matters recorded in it and may be relied upon as such by the Entity. The Entity is not required to register more than three persons as joint Members.

13.14.2 Joint tenancy

Persons registered jointly as joint members hold as joint tenants and not as tenants in common unless the Entity otherwise agrees.

13.14.3 Member is absolute owner

The Entity may treat a Member as the absolute owner of the Unit or Units which are registered in their name. Except as required by law, the Entity need not recognise any claim or interest in a Unit by another person, but if it decides to do so, the terms and conditions on which it is prepared to do so will be determined by the Entity from time to time in its absolute discretion.

13.14.4 Inspection of Register

If a Member inspects or is given a copy of the Register of Members (or part of the Register of Members) pursuant to section 173(3) of the Corporations Act then they will be taken to have agreed not to use any information obtained from the Register of Members (or part) for any purpose or disclose any such information to any person, in each case except to the extent that the information consists of particulars of the unit holding of that Member. - (c) While the Fund is admitted to the Official List, no transfer is permitted except as permitted by the Listing Rules.

- (a) notwithstanding anything contained in this Constitution, if the Listing Rules prohibit an act being done, the act shall not be done;
- (b) nothing contained in this Constitution prevents an act being done that the Listing Rules require to be done;
- (c) if the Listing Rules require an act to be done or not to be done, authority is given for that act to be done or not to be done (as the case may be);
- (d) if the Listing Rules require this Constitution to contain a provision and it does not contain such a provision, this Constitution is deemed to contain that provision;

- (f) if any provision of this Constitution is or becomes inconsistent with the Listing Rules, this Constitution is deemed not to contain that provision to the extent of the inconsistency.

25.26 Stapling

25.26.1 Power to Staple Securities

The Entity may, subject to the Corporations Act and, if the Units are admitted to the Official List, subject to the Listing Rules, cause the Stapling of any Security to a Unit and may cause the Stapling of further Securities to the Units whether those Securities are a different class of Securities of a Stapled Entity from those Stapled at the time or Securities of an entity that is not a Stapled Entity but so that in every case there is an equal number of Attached Securities of every kind Stapled to each Unit.

25.26.2 Effect of Stapling

- (a) The provisions of this Constitution relating to Stapling including but not limited to this clause ~~26.26.25~~, **(Stapling Provisions)** take effect on and from the Stapling Date and apply subject to all other provisions of this Constitution which may suspend, abrogate or terminate Stapling.
- (b) While Stapling does not apply, a provision of this Constitution that relates to or is connected with Stapling will continue to apply to the extent that the provision does not relate to Stapling.
- (c) Subject to the other clauses of this Constitution, the Stapling Provisions prevail over all the other provisions of this Constitution including any that are expressed to prevail over others, except where this would result in a breach of the Corporations Act, the Listing Rules (if the Listing Rules apply) or any other law.
- (d) The Entity must use every reasonable endeavour to procure that if the Stapled Securities are listed on the ASX as one Security, that the Stapled Securities are dealt with under this Constitution in a manner consistent with the provisions relating to Stapling of the Attached Securities in the constitutions of the Stapled Entities.

-
- (e) The Units are intended to be Stapled to the Attached Securities in the ratio of one Unit to one Attached Security as from the Stapling Date, so that, to the extent the law permits, a Unit and an Attached Security which are Stapled will be treated as one Security.
 - (f) The Entity must ensure that any future issue of Units that are to be Stapled will be Stapled in such a way that all of the relevant Securities become Attached Securities and are dealt with as one Security.

25-326.3 Cessation of Stapling

- (a) Each issued Unit will remain Stapled for so long as the Stapling Provisions apply.
- (b) The Stapling Provisions will cease to apply or be suspended, regardless of any other provision of this Constitution:
 - (i) if Stapled Security Holders pass a special resolution providing that the Stapling Provisions will cease to apply or be suspended;
 - (ii) if an administrator, manager, receiver, liquidator or similar officer is appointed to a Stapled Entity or its property (as the case may be) and the Entity resolves that the Stapling Provisions will cease to apply or be suspended (as the case may be);
 - (iii) in the circumstances set out in the stapling deed or other agreement between the Entity and the Stapled Entity which provide for the Units to cease to be Stapled; and
 - (iv) on the payment of the final distribution on a winding up of the Fund.
- (c) On and from the Unstapling Date, each Unit ceases to be Stapled to an Attached Security and the Entity must do all things reasonably necessary to procure that each Unit is Unstapled.
- (d) If the Entity determines to Unstaple the Stapled Securities pursuant to this clause 262625, this does not prevent the Entity from:
 - (i) subsequently determining that the Stapling provisions should recommence; and
 - (ii) stapling an Unstapled Unit to an Attached Security which is not Stapled.

25-426.4 Distributions in specie

- (a) For the purposes of Stapling, the Entity may make an in specie distribution of Securities to all Members.
- (b) The Entity must effect the distribution to all Members in the same way and the Securities transferred to each Member must be of the same type, having the same rights and be fully paid.
- (c) Where Securities are to be transferred to Members, each Member authorises the Entity to act as the Member's agent:
 - (i) to agree to obtain the Securities; and

- (ii) to become a holder of the Securities of the relevant Stapled Entity.

25.526.5 Units to be Stapled

- (a) The Entity may at any time Staple an Unstapled Unit to an Attached Security which is not Stapled.
- (b) On and from the Stapling Date and prior to the Unstapling Date, the Entity and the Members must neither do any act, matter or thing nor refrain from doing any act, matter or thing if to do so or refrain from doing so (as the case may be) would result directly or indirectly in any Unit no longer being Stapled as a Stapled Security.
- (c) While Stapling applies, the Entity must use every endeavour to procure that the Stapled Securities are listed on the ASX as one joint security and that Units are dealt with under this Constitution in a manner consistent with the provisions of the Stapled Entity's constitution as regards Attached Securities Stapled with those Units.

25.626.6 Transfer of Stapled Securities

- (a) Until the Unstapling Date:
 - (i) a transfer of a Unit forming part of a Stapled Security will only be accepted as a proper transfer in registrable form if, in addition to the other requirements set out in this Constitution, the transfer is accompanied by a transfer of the Attached Security to which the Unit is Stapled in favour of the same transferee;
 - (ii) a transfer of a Unit which is not accompanied by a transfer of the Attached Security will be taken to authorise the Entity as agent for the transferor to effect a transfer of the Attached Security to which the Unit is Stapled to the same transferee; and
 - (iii) a transfer of any Attached Security to which a Unit is Stapled (other than a transfer of the Attached Security to the Entity as trustee of the Fund) which is not accompanied by a transfer of the Unit will be taken to authorise the Entity as agent for the transferor to effect a transfer of the Unit to which the Attached Security is Stapled to the same transferee.
- (b) Each Member irrevocably appoints the Entity as its agent and attorney for the purposes of taking all necessary action (including executing necessary documentation) to effect on a date to be determined by the Entity the transfer to the Entity (as trustee of the Fund) or to a person nominated by the Entity of any Attached Security which was Stapled to a forfeited Unit which has been cancelled or sold.

25.726.7 Stapled Security Register

The Entity must cause to be kept and maintained a Stapled Security Register which:

- (a) may incorporate or form part of the Register of Members; and
- (b) records the names of the Members, the number of Units held, the number of Stapled Attached Securities held by the Members to which each Member's Units

are Stapled and any additional information required by the Corporations Act or the Listing Rules or determined from time to time by the Entity.

25-826.8 Variation of Stapling provisions

Prior to the Unstapling Date, the consent of the Stapled Entity must be obtained to any amendment to this Constitution which:

- (a) directly affects the terms on which Units are Stapled; or
- (b) removes any restriction on the transfer of a Stapled Security unless that restriction also exists for Unstapled Units and is simultaneously removed for Unstapled Units.

2627 Restructure proposals

26-127.1 Power to enter into proposal

- (a) The Entity may enter into any scheme of arrangement, merger arrangement or similar proposal in relation to the Fund whether involving Units or the property of the Fund (**Proposal**). A Proposal may only be implemented with the approval of a Resolution.
- (b) If the Proposal involves Stapling and the Members have approved the Proposal by a Resolution the Members will be taken to have consented to each provision in the Constituent Documents.

26-227.2 General

If a Proposal has been approved by a Resolution then from the date of such approval:

- (a) the Proposal binds the Entity and all present and future Members notwithstanding that particular Members may not have approved the Proposal;
- (b) the Entity and so far as is relevant the Members must give effect to the Proposal in accordance with its terms;
- (c) the Entity will have power to do all things which it considers necessary, desirable or reasonably incidental to give effect to the Proposal and those powers apply notwithstanding any other provisions of this Constitution;
- (d) the terms of the Proposal prevail to the extent necessary in the event of any inconsistency with the other terms of this Constitution other than this clause 27.227-226.2;
- (e) subject to the Corporations Act, the Entity shall not have any liability of any nature whatsoever to Members beyond the Assets of the Fund out of which the Entity is actually indemnified arising directly or indirectly from the Entity doing or refraining from any act pursuant to or in connection with the Proposal; and
- (f) the Entity may amend the terms of the Proposal if such amendment is not inconsistent with the approval given by Members or such amendment does not adversely affect the rights of the Members and this clause 27.227-226.2 shall apply to the Proposal as amended.

26.327.3 Terms of Proposal

A Proposal may provide for anything not contrary to law and it may without limitation:

- (a) be subject to conditions;
- (b) involve the redemption, cancellation or transfer of Units;
- (c) provide for the Entity to execute any documents including any application for Securities as agent on behalf of all or any Members;
- (d) authorise the Entity as agent on behalf of all or any Members to pay the subscription money for new Securities from the Assets of the Fund;

- (h) provide for borrowings, the raising of money or the incurring of liabilities by the Entity; or
- (i) provide for suspension of reinvestment of income entitlements.

26.427.4 Designated Foreign Investors

- (a) Without limiting the foregoing provisions of this clause ~~27.2726~~, to enable the Entity to give effect to the Stapling of Attached Securities to the Units, the provisions of this clause ~~27.427.426.4~~ apply.
- (b) Subject to the Corporations Act as modified by any applicable ASIC Relief, the Entity may determine that a Foreign Investor is a Designated Foreign Investor where the Entity reasonably considers that it would be unreasonable to issue or transfer an Attached Security to a Foreign Investor, having regard to each of the following:
 - (i) the number of Foreign Investors in the foreign place;
 - (ii) the number and the value of Attached Securities that may be issued or transferred to Foreign Investors in the foreign place; and
 - (iii) the cost of determining, and complying with, the legal requirements and the requirements of any relevant regulatory authority applicable to the issue or transfer of the Attached Securities in the foreign place.
- (c) Each Foreign Investor who is or becomes a Designated Foreign Investor consents and directs:
 - (i) the Entity to pay any distributions, withdrawal proceeds or other payments in respect of its Unit or Stapled Security, which are to be used to obtain an Attached Security (**Amounts**), to a sale nominee (**Sale Nominee**);
 - (ii) the Sale Nominee to apply the Amount to obtain an Attached Security;

- (iii) subject to clause ~~27.4(d)~~~~27.4(d)~~~~26.4(d)~~, the Sale Nominee to then sell any Stapled Security to which the Attached Security is Stapled:
- (iv) the Sale Nominee to pay the Sale Consideration to the relevant Designated Foreign Investor as soon as practicable after the sale of the relevant Stapled Security.
- (d) If an Attached Security is to be Stapled to a Unit or Stapled Security, the Designated Foreign Investor agrees to transfer each existing Unit or Stapled Security they hold free of any encumbrance to the Sale Nominee on or prior to the record date for that stapling (**Sale Record Date**) so that the Sale Nominee:
 - (i) is entered in the Register in respect of that Unit or Stapled Security as at the Sale Record Date; and
 - (ii) will receive the Attached Security pursuant to the Stapling of the Attached Security; and
 - (iii) will sell the resultant Stapled Security for cash to pay the Sale Consideration to the Designated Foreign Investor.
- (e) The Entity:
 - (i) must procure that each Designated Foreign Investor is paid the Sale Consideration to which that Designated Foreign Investor is entitled as soon as practicable after the sale of the relevant Stapled Security;
 - (ii) may take all steps to ensure that the Unit or Stapled Security held by the Designated Foreign Investor and to which an Attached Security is to be Stapled is transferred to the Sale Nominee prior to the Sale Record Date; and
 - (iii) need not receive a transfer, instrument or certificate (if any) for existing Units or Stapled Securities in order for the Entity to register the transfer of the existing Units or Stapled Securities to the Sale Nominee. Such transfer shall be evidenced by, and shall have full effect from, its registration by the Entity in the Register of Members.
- (f) The amount received for a Unit upon sale of a Stapled Security under clause ~~27.4(e)(iii)~~~~27.4(e)(iii)~~~~26.4(e)(iii)~~ is the amount received on the sale of the Stapled Security less the fair value for the Attached Securities as determined by the Entity.

26.527.5 Modification or variation of Proposal

Where modifications or variations to the terms of this Constitution are not expressly provided for in the terms of the Proposal but are necessary for or consequential to the implementation of the Proposal, those modifications or variations are deemed to have been made to this Constitution. The Members:

- (b) agree that, their rights under this Constitution do not include or extend to any right that would be adversely affected by the operation of this clause ~~27.527.5~~~~26.5~~.

26.627.6 Entity's authorisation

- (a) Each Member irrevocably authorises and empowers the Entity or any officer of the Entity to, and the Entity is irrevocably appointed as the agent and attorney of each Member to, execute all transfer forms or withdrawal applications and other documents, and to do all things as the Entity may consider necessary or desirable for, or reasonably incidental to, the implementation of the provisions of any Proposal approved (if required) under this clause ~~27.27.26~~ and to receive on the Member's behalf any moneys payable to that Member. Each Member undertakes to ratify anything lawfully done by the Entity in accordance with this clause ~~27.6(a)27.6(a)26.6(a)~~.
- (b) Without limiting clause ~~27.6(a)27.6(a)26.6(a)~~ or any provision of a relevant Constituent Document, to effect the Stapling of an Attached Security, each Member irrevocably appoints the Entity as the Member's agent and attorney in the Member's name and on the Member's behalf to:

1 Definitions and interpretation

1.1 Definitions

The definitions are in Schedule 1 of this Constitution.

1.2 Interpretation

The interpretation provisions are in Schedule 2 of this Constitution.

1.3 Persons Bound

This Constitution applies to the Fund and binds the Entity, each Member, and any person claiming through any of them as if each of them had been a party to this Constitution.

1.4 Governing Law

This deed is governed by the law of Victoria.

2 Corporations Act

2.1 Conditions included

- (a) Subject to clause 2.1(b), if and to the extent that any provision in this Constitution is inconsistent with any provision of the Corporations Act, that provision does not have any force or effect.
- (b) If the Corporations Act requires that this Constitution contain certain covenants or if ASIC makes a declaration or grants an exemption on condition that this Constitution contain covenants other than or inconsistent with those which are otherwise included in this Constitution, then for so long as that Corporations Act requirement remains current or that declaration or exemption remains current in respect of or applicable to the Fund those covenants are deemed to be incorporated in this Constitution and, to the extent of any inconsistency, prevail over those covenants otherwise included in this Constitution.

2.2 Covenant to comply with conditions

The Entity and each Member covenants to comply with any covenants deemed to be included in this Constitution under clause 2.1 relevant to them for so long as they are so included.

2.3 Clause 2 prevails

This clause 2 prevails over all other provisions of this Constitution to the extent of any inconsistency, including any provisions that are expressed to prevail over it.

3 The Fund

3.1 Name

The Fund formed under this Constitution is called the "Arena REIT No.2" or such other name as the Entity may from time to time determine.

3.2 Entity as trustee and responsible entity

Arena Investment Management Limited (ACN 077 235 879) is and agrees to act as trustee of the Fund. If the Fund is registered as a managed investment scheme under the Corporations Act, the Entity will be the responsible entity of the Fund.

3.3 Assets vest in Entity

The Entity must hold the Assets on trust for the Members. The Assets vest in the Entity, but, subject to the Entity's duties and obligations as trustee, must be kept as a separate fund.

3.4 Exclusion of other obligations

To the maximum extent permitted by law, all duties, obligations or liabilities which might otherwise be imposed by law or equity upon the Entity in any capacity are hereby excluded.

3.5 Appointment of a custodian

The Entity may enter into an agreement (on terms and conditions as it considers appropriate) with a company or firm to carry out the duties of the custodian of the Assets on behalf of the Entity as required by the terms of this Constitution.

4 Duration of Fund

4.1 Term of Fund

The Fund is established immediately ASIC registers the Fund pursuant to Part 5C.1 of the Law and Continues in operation until the end of the Period.

4.2 Winding up at the end of the Period

- (a) The Fund continues in operation until the earlier of:
- (b) the Fund being wound up following the date on which the Assets are sold;
- (c) any of the circumstances in clause [18.118.117.1](#) apply, or
- (d) the day 80 years from the day the Fund commenced.

5 Interest of members

5.1 Units

The beneficial interest in the Fund is divided into Units. Each Unit confers an equal undivided interest. A Unit does not confer any interest in a particular Asset but only an interest in the Assets of the Fund as a whole, subject to the Liabilities of the Fund. Members hold Units subject to the rights, restrictions and obligations attaching to those Units under this Constitution.

5.2 Fractions

Fractions of a Unit may be issued (unless the Entity determines otherwise) to such number of decimal places as the Entity decides. If the Entity determines that fractions are not to be issued, where any calculation performed under this Constitution would otherwise result in the issue of a fraction of one Unit, the number of Units to be issued is to be rounded to the nearest whole Unit. Any excess application or other moneys become an Asset of the Fund.

5.3 Consolidation and division

- (a) Units may be consolidated or divided as determined by the Entity.
- (b) While Stapling applies, Units may only be consolidated or divided if the Attached Securities Stapled to those Units are also consolidated or divided at the same time and to the same extent.

5.4 Restrictions

A Member must not:

- (a) interfere with any rights or powers of the Entity under this Constitution
- (b) exercise a right in respect of an Asset or lodge a caveat or other notice affecting an Asset or otherwise claim any interest in an Asset, or
- (c) require an Asset to be transferred to the Member.

5.5 Waiver of certain rights by Members

Each Member waives any right it might otherwise have to lodge any caveat or other notice to protect or maintain in litigation or otherwise any proprietary, or other interest or claim in, or in relation to, the Assets (or any part of it).

5.6 Power to request Information

Each Member must provide to the Entity any information the entity reasonably requires relevant to the Member's holding of Units.

5.7 Classes

The Entity may create and issue Units of different classes with such rights, obligations and restrictions attaching to the Units of such classes as it determines in accordance with the Corporations Act and, if relevant, the Listing Rules.

6 Applications for units

6.1 Issue of units

- (a) The Entity may accept applications in a form or manner from time to time acceptable to it and which is in accordance with the Corporations Act and this Constitution.
- (b) While Stapling applies, the Entity may only accept an application if at the same time the Stapled Entity accepts a corresponding application from the same applicant for an identical number of Attached Securities.

6.2 Property contributions

If the Entity intends to accept Property, the Entity must obtain:

- (a) an effective transfer to the Entity or to the Entity's agent of title to the Property, confirmed in a manner approved by the Entity, and
- (b) a valuation acceptable to the Entity stating the market value of the Property

and the Entity may determine what costs, if any, incurred in valuing and transferring the Property must be deducted from the market value of the Property (as stated in the valuation) before the number of Units to be issued is calculated.

6.3 Uncleared funds

- (a) An issue of Units is void if:
 - (i) the application money is not in cleared funds or subsequently cleared within five Business Days of receipt (or such longer period determined by the Entity), or
 - (ii) the transfer of the Property is not effective or the Property is not transferred free of encumbrances.
- (b) Where an issue of Units is void by the operation of clause 6.3(a):
 - (i) the Units are deemed for all purposes not to have been created or issued, and
 - (ii) the Entity may cause the Register of Members to be rectified.
- (c) While Stapling applies, where an issue of Units is voided pursuant to clause 6.3(a), any Attached Securities issued with the Units must also be voided at the same time.

6.4 Entity may reject

- (a) The Entity may in its absolute discretion reject an application in whole or in part without giving any reason for doing so.

-
- (b) While Stapling applies, the Entity must reject an application if the application for Units is not also for an identical number of Attached Securities to be Stapled to those Units.

6.5 Minimum application

The Entity may set a minimum application amount for the Fund, and alter that amount at any time.

6.6 Issue of Units

A Unit is regarded as issued or granted to the person entitled to it only if and when the person's name is recorded in the Register. No rights whatsoever attach to a Unit until it is issued.

6.7 Nomination of holder

The Entity alone may nominate the person to be registered as the holder of a Unit, and the Entity may treat the registered holder as the absolute owner of it. The Entity's power of nomination ceases once a person has been registered as the holder of a Unit. Subject to clause ~~2020~~19, the Entity need not recognise any claim or interest in a Unit by another person, even if it has notice of it.

6.8 Number of Units

When determining the number of Units to be issued to a Member in relation to an application, the number of Units is that number calculated by the Entity by dividing the application money received by the application price of a Unit.

6.9 Capital Reallocation Issue

- (a) Despite any other provision of this Constitution, the Entity may at any time issue Units ("**Capital Reallocation Units**") in either of the following circumstances:
 - (i) a Stapled Entity (or, where the Stapled Entity is a trust, the trustee of that Stapled Entity) makes an application for Capital Reallocation Units as agent for all the holders of Stapled Securities and compulsorily applies a distribution of capital paid out of the Stapled Entity towards the application moneys for those Capital Reallocation Units; or
 - (ii) a Stapled Entity makes an application for Capital Reallocation Units out of distribution of capital paid out of the Stapled Entity and the Entity is satisfied that immediately following the issue of such Capital Reallocation Units, those Capital Reallocation Units will be distributed pro rata to the holders of Stapled Securities.
- (b) The Entity must immediately consolidate the Capital Reallocation Units issued under clause 6.9(a) with all other Units then on issue in the Fund such that the total number of Units on issue after the consolidation is equal to the total number of Units on issue prior to the issue of the Capital Reallocation Units taking place.
- (c) Capital Reallocation Units issued under this clause 6.9 will be issued at an application price equal to the amount calculated by dividing the total amount received in relation to the application by the number of Units then on issue in the Fund.

6.10 Stapled Securities

While Stapling applies, there must be a contemporaneous and corresponding issue of the same number of Attached Securities on the basis that Units are to be Stapled to Attached Securities.

7 Withdrawal from the Fund

7.1 No right to withdraw from Fund

- (a) While the Fund is admitted to the Official List, a Member has no right to withdraw from the Fund.
- (b) While the Fund is not admitted to the Official List, a Member has no right to withdraw from the Fund other than:
 - (i) until registration of the Fund as a managed investment scheme under the Corporations Act, as determined by the Entity in its absolute discretion; and
 - (ii) on and from such registration, in accordance with this clause 7 the terms of which have effect on and from such registration.

7.2 No obligation to make Withdrawal Offer when Fund is not liquid

Nothing in this Constitution imposes any obligation on the Entity to make a Withdrawal Offer at any time.

7.3 Withdrawal Offer

Subject to sections 601KB-KE of the Corporations Act, if a Withdrawal Offer is made by the Entity, then a Unit must only be redeemed at its redemption price determined in accordance with clause 8.2 at the time the Withdrawal Offer closes.

7.4 Cancellation of Withdrawal Offer

The Entity may, without notice to any of the Members, at any time before a Withdrawal Offer closes, decide to cancel the offer pursuant to section 601KE of the Corporations Act, whereupon the Withdrawal Offer will be automatically cancelled. After making that decision, the Entity will give written notice of the cancellation to the Members to whom the Withdrawal Offer was made.

7.5 When Fund is not Liquid

- (a) This clause 7.5 applies only while the Fund is not Liquid.
- (b) A Member may withdraw from the Fund in accordance with the terms of any current Withdrawal Offer made by the Entity under the Corporations Act and this Constitution regulating offers of that kind.
- (c) If there is no Withdrawal Offer currently open for acceptance by Members, a Member has no right to withdraw from the Fund.
- (d) The Entity may make a Withdrawal Offer by:

-
- (i) publishing it by any means (for example including, without limitation, in a newspaper or on the internet), or
 - (ii) giving a copy to the Members.

However, the Entity is not at any time obliged to make a Withdrawal Offer.

- (e) The Entity may cancel a Withdrawal Offer by:
 - (i) publishing a notice of cancellation by any means (for example including, without limitation, in a newspaper or on the internet), or
 - (ii) notice in writing to the Members to whom the Withdrawal Offer was made.
- (f) If the Entity receives a Withdrawal Request before it makes a Withdrawal Offer, it may treat the request as an acceptance of the Withdrawal Offer effective as at the time the offer is made.

7.6 Provisions applicable to all withdrawals

- (a) The Entity is not obliged to pay any part of the redemption price out of its own funds.
- (b) The Entity may at any time cause the redemption of any or all of a Member's Units.
- (c) A Member may not withdraw a Withdrawal Request unless the Entity agrees.
- (d) Unless the Entity decides otherwise, the first Units issued to a Member are the first redeemed.
- (e) If compliance with a Withdrawal Request would result in the Member holding fewer Units than the then current minimum application amount, the Entity may treat the Withdrawal Request as relating to the Member's entire holding of Units.
- (f) The Entity may deduct from the proceeds of redemption or money paid pursuant to a Withdrawal Offer or Withdrawal Request any unpaid moneys due by the Member to the Entity.

7.7 On market buy back of Units

Subject to the Listing Rules, the Corporations Act and any applicable ASIC Relief, the Entity may effect a buy back of Units (including where Units are part of a Stapled Security) by purchasing the Units (or the Stapled Security, as the case may be) on market as if the Fund was a company, with any adaptations that the ASX or ASIC may consider appropriate.

7.8 Transfer of assets on withdrawal

- (a) The Entity may satisfy (in whole or in part) the amount payable on a withdrawal of Units (partly or fully) by transferring Assets in specie as the Entity in its discretion may select, to be credited at asset values determined in a manner consistent with clause 8.4 as at the same time the withdrawal price is determined, without deduction for any Expenses payable by the Member in respect of the transfer unless the Entity determines otherwise.

- (b) The Entity may direct an amount arising from the sale of an Asset to a particular Member, who will be taken to have a present entitlement in that amount, if the Member makes a withdrawal of one or more of its Units and the direction is made to fund the withdrawal.

7.9 Character of withdrawal price and notification to Member

- (a) The Entity may determine the portion of the withdrawal price for a Unit which represents a Distributable Amount to which the Member is entitled, for the Distribution Period in which the Unit was withdrawn. Any remaining amount of the withdrawal price will represent a return of capital attributable to that Unit. If no determination is made, the amount will be determined to be comprised wholly of a capital distribution.
- (b) The Entity must advise the Member in respect of any Unit redeemed under this clause 7.9 of the extent to which the withdrawal price represents a return of capital attributable to that Unit and a distribution of Income.

7A Small Holdings

7A.1 Application of this clause

This clause 7A only applies while the Fund is admitted to the Official List.

7A.2 Powers of the Entity

- (a) Subject to the Corporations Act and provisions of this clause 7A, the Entity may in its discretion from time to time sell any Units held by a Member which comprise less than a marketable parcel as provided in the Listing Rules without request by the Member.
- (b) The Entity may only sell Units under this clause 7A on one occasion in any 12 month period.

7A.3 Notification to Member

~~(a)~~ The Entity must notify the Member in writing of its intention to sell Units under this clause 7A.

~~(b)~~ The Entity will not sell the relevant Units:

- (i) before the expiry of 6 weeks from the date of the notice given under paragraph 7A.3~~(a)~~~~(c)~~ above; or
- (ii) if, within the 6 weeks allowed by paragraph 7A.3(b)(i) above, the Member advises the Entity that the Member wishes to retain the Units.

7A.4 Effect of takeover

The Entity's power to sell Units under this clause 7A lapses following the announcement of a takeover, but the procedure may be started again after the close of the offers made under the takeover.

7A.5 Costs of sale

The Entity or the purchaser of the units will pay the costs of the sale.

8 Unit price and valuation

8.1 Application price

Subject to clauses 8.7 to 8.13 a Unit must only be issued:

- (a) in the case of the issue of the first Units, and in the case of the issue of Units pursuant to the first product disclosure statement (and any supplementary product disclosure statement) under the Corporations Act for the Fund and up to 1 January 2005, at the application price of \$1.00-; and
- ~~(b) if the Fund is not registered as a managed investment scheme under the Corporations Act, in the case of all other issues of Units, at a price determined by the Entity in its absolute discretion, and~~
- ~~(c)(b) if the Fund is registered as a managed investment scheme under the Corporations Act and while the Fund is not admitted to the Official List, in the case of all other Units, at a price calculated as follows:~~

$$\frac{\text{Net Asset Value} + \text{Transaction Costs}}{\text{Units on issue}}$$

8.2 Redemption price

- (a) Subject to clause ~~8.2(b)~~~~8.2(b)~~~~8.2(d)~~, ~~if the Fund is registered as a managed investment scheme under the Corporations Act and the Fund has cash available to satisfy withdrawals,~~ a Unit will be redeemed at a price calculated as follows:

$$\frac{\text{Net Asset Value} + \text{Transaction Costs}}{\text{Units on issue}}$$

- ~~(b) If the Fund is registered as a managed investment scheme under the Corporations Act and Withdrawal Requests are funded by the proceeds from the sale of Assets of the Fund, a Unit will be redeemed at a price calculated as follows:~~

$$\frac{\text{Net Asset Value} + \text{Transaction Costs}}{\text{Units on issue}}$$

- ~~(c) If the Fund is not so registered, a Unit may be redeemed at a price determined by the Entity in its absolute discretion.~~

- ~~(d)(b)~~ In respect of the Withdrawal Offer that is to be made to Members that were unit holders in the Fund immediately prior to the Stapling of Units to units in Arena REIT No. 1 ARSN 106 891 641, the redemption price per Stapled Security is \$1.15.

8.3 Periodic price

The Entity shall ascertain the value of each Asset at regular intervals appropriate to the nature of the Asset and may cause an Asset to be revalued at any time using the valuation method described in clause 8.4. The Entity is not to be regarded as having the knowledge of a valuer or any other expertise in valuation.

8.4 Valuation methods

- (a) The Entity may determine valuation methods and policies for each category of Asset and change them from time to time. Unless the Entity determines otherwise, the value of an Asset for the purpose of calculating Net Asset Value will be its historical cost.
- (b) If the Entity values an Asset at other than its historical cost, then the valuation methods and policies applied by the Entity must be capable of resulting in a calculation of an application price or redemption price that is independently verifiable.

8.5 Rounding

The Entity may round the redemption price of a Unit calculated under clause ~~8.1(b)~~~~8.1(b)~~~~8.1(c)~~ to such number of decimal places as determined by the Entity.

- (d) the amount of Units offered to each Member is proportionate to the value of that Member's Unit holding,

where, if the Entity reasonably considers that it would be in the best interests of Members to exclude certain members that are connected to a place outside Australia and New Zealand ("**Foreign Members**") and not unfair to those members, the Entity need not offer or issue the Units to the Foreign Members if the Units are sold, taking reasonable steps to

maximise the sale price (net of expenses of the sale) and the Foreign Members are promptly paid the net sale price.

8.8 Issue of Units at application price which is determined by Entity - Options

The Entity may issue Units on the exercise of Options at an application price determined by the Entity, being a price other than the application price determined under clause 8.1 pursuant to offers of Options made at substantially the same time to only and all the then Members if:

8.9 Issue of Units at application price which is determined by Entity - distribution reinvestment

While the Fund is a registered managed investment scheme and is not admitted to the Official List, the Entity may issue Units at an application price determined by the Entity, being a price other than the application price determined under clause 8.1 pursuant to a distribution reinvestment arrangement where:

- (d) the application price of each Unit issued pursuant to that arrangement at substantially the same time is the same; and
- (e) the application price of those Units is not less than 95% of the amount that would otherwise apply under this Constitution,

where, if the Entity reasonably considers that it would be in the best interests of Members to exclude Foreign Members and not unfair to those members, the Entity need not offer or issue the Units to the Foreign Members if the Units are sold, taking reasonable steps to maximise the sale price (net of expenses of the sale) and the Foreign Members are promptly paid the net sale price.

8.10 Issue of Units at application price which is determined by Entity - issue of Units at an individually negotiated price

The Entity may issue Units at a price individually negotiated and agreed between the Entity and a person:

- (a) who is a wholesale client within the meaning of section 761G of the Corporations Act (“**Wholesale Client**”), being a price that differs from the application price determined in accordance with clause 8.1 only to the extent that the price is less than the application price determined under clause 8.1 to the extent of lower fees that are payable to the Entity in relation to the acquisition (each a “**Fee Arrangement**”) if:
- (b) the Entity ensures that if fees may be individually negotiated with certain Wholesale Clients, then a statement of that fact is disclosed to all Members by no later than the date of the first communication the Entity makes to all Members which is made after the date the Fee Arrangement is first offered; and
- (c) the Entity ensures that if fees may be individually negotiated with certain Wholesale Clients, a statement of that fact is disclosed in any disclosure document used for an offer of interests in the Fund; and
- (d) the Fee Arrangement does not adversely affect the fees that are paid or to be paid by any other member of the Fund who is not party to the Fee Arrangement.

8.11 Average Market Price: Fund admitted to the Official List

- (a) While the Fund is admitted to the Official List, the Entity may issue Units (or Stapled Securities if Stapling applies) at an application price that is no less than 50% of the Average Market Price of Units (or Stapled Securities if Stapling applies) immediately prior to the date on which or as at which the application price is calculated.
- (b) Where Units (or Stapled Securities if Stapling applies) are issued in accordance with clause ~~11.9~~^{11.8} or ~~11.10~~^{11.8A}, and the Fund is admitted to the Official List, the application price is to be no less than 50% of the Average Market Price of Units (or Stapled Securities if Stapling applies) as at the date on which the application price is calculated.
- (c) While the Fund is admitted to the Official List, if Units (or Stapled Securities if Stapling applies) are to be issued to the Entity (or any of its related bodies corporate as defined in the Corporations Act) in payment of fees of the Entity, the application price is to be equal to the Average Market Price of Units (or Stapled Securities if Stapling applies) on the day of issue (or if payment of fees is deferred, on the day payment of the fees would otherwise have been due).

- (a) the Entity complies with the Listing Rules applicable to the issue and any applicable ASIC Relief; and

-
- (b) the application price is not less than 50% of the Average Market Price on the day preceding the date the issue was announced to the ASX.

8.13 Placements: Fund admitted to the Official List

While the Fund is admitted to the Official List, the Entity may issue Units (or Stapled Securities if Stapling applies) to any person, whether by way of a placement or otherwise, and at an application price and on terms determined by it, if the Entity complies with the Listing Rules applicable to the issue and any applicable ASIC Relief and if the application price is not less than 50% of the Average Market Price on the day preceding the date the Entity (or its agents) offered the Units (or Stapled Securities if Stapling applies) to potential investors.

8.14 Prices while Stapling applies

While Stapling applies, in the case of an issue, redemption, sale, cancellation or buy back of a Stapled Security, the application, redemption, sale, cancellation or buy back price of a Stapled Security will be allocated between the Unit and the Attached Security on the basis of fair value as agreed between the Responsible Entity and the Stapled Entity or, failing agreement, determined by an independent accountant based upon fair market value as determined by the independent accountant having regard to the net asset backing of each Unit and the Attached Security immediately prior to the issue, sale, redemption, cancellation or buyback of the Stapled Security and any other factors which the accountant believes should be taken into account. However, where the Stapled Security is being issued pursuant to the exercise of an option and the terms of the option specify the issue price of the Unit, the issue price of the Unit and Attached Security must be determined in accordance with any relevant provisions of the terms of the option.

9 Entity's powers

9.1 Powers

- (a) Subject to this Constitution, the Entity has all the powers in respect of the Fund that it is possible under the law to confer on a trustee and as though it were the absolute owner of the Assets acting in its personal capacity.
- (b) Without limiting clause 9.1(a), the Entity's powers include the power to do the following:
 - (i) acquire and invest in any property (whether real or personal) or assets;
 - (ii) dispose of or otherwise deal with assets;
 - (iii) manage and administer the assets;
 - (iv) borrow or raise money, grant security and incur all other types of obligations and liabilities.

9.2 Delegation

The Entity may authorise any person or persons to act as its delegate (in the case of a joint appointment, jointly and severally) to hold title to any Asset, perform any act or obligation or exercise any discretion or power of the Entity including, without limitation, the power to sub-delegate. Subject to the terms of the delegate's appointment, the delegate may appoint a sub-delegate without reference to the Entity. The authorisation must be written. The Entity must ensure that the terms of any such engagement allow the engagement to be terminated by the Entity (without penalty or liability for damages) if the Entity ceases to be responsible entity for the Fund. The Entity remains liable for the acts and omissions of a delegate (and any sub-delegate). The Entity may include provisions to protect and assist those dealing with the delegate in the authorisation as the Entity thinks fit. Subject to any consent required by law, the delegate or any sub-delegate may be the Entity (acting in another capacity), or an associate of the Entity.

9.3 Indemnity

The Entity is entitled to be indemnified out of the Assets of the Fund for any liability incurred by the Entity in properly performing or exercising any of its powers or duties in relation to the Fund. This indemnity is in addition to any indemnity allowed by law.

9.4A Underwriting

- (a) Without limiting any other provision of this Constitution, the Entity may engage any person to underwrite the subscription of Units on such terms as the Entity determines.
- (b) Notwithstanding anything to the contrary in this Constitution and subject to the Corporations Act, any underwriting liabilities of the Entity are an expense of the Fund, provided the Entity has acted in good faith and without wilful default in relation to those underwriting liabilities.
- (c) Unless the agreement between the Entity and the underwriters (if any) expressly states otherwise, the underwriters will not be agents or delegates of the Entity.

9.4 Voluntary retirement

- (a) If the Fund is registered as a managed investment scheme under the Corporations Act, the Entity may retire as responsible entity of the Fund as permitted by the Corporations Act.
- (b) If the Fund is not so registered, the Entity may retire as trustee as determined by it in its absolute discretion.

9.5 Compulsory retirement

The Entity must retire as responsible entity of the Fund when required by the Corporations Act.

9.6 Release

- (a) When it retires or is removed, the Entity is released from all obligations in relation to the Fund arising from the time it retires or is removed except that the Entity must cause the Assets of the Fund to be vested in the new Entity and must deliver to the new Entity all books and records under its control relating to the Fund. The release

does not affect its right of indemnity out of the Fund in respect of liabilities and expenses properly incurred before the retirement or removal. On retirement or removal as Entity the retiring Entity will be paid any amount due to it under this Constitution.

- (b) The new Entity will be taken to have agreed:
 - (i) to indemnify the former responsible entity for all its costs and expenses incurred (after the time of that alteration) in connection with discharging its obligations under section 601FR of the Corporations Act, and
 - (ii) if it is not an associate of the former Entity or it has not obtained the written consent of the former Entity, to promptly take whatever action is necessary to change the name of the Fund and remove any words, letters or expressions from this Constitution and any other documents which might express or imply an association with the former Entity or any of its associates and agrees not to use any such words, letters or expressions in connection with the Fund and this Constitution.

9.7 Covenant of proposed new Entity

If the Fund is registered under the Corporations Act as a managed investment scheme, any proposed new responsible entity of the Fund must execute a deed under which it covenants in favour of the current responsible entity of the Fund in the same terms as clauses 9.6(a) and 9.6(b) which covenants must be expressed to take effect on and from the time of alteration of ASIC's record of registration.

9.8 Agents and advisers

Subject to the Corporations Act, the Entity may engage any agent, adviser, valuer, broker, underwriter or other contractor to assist the Entity to transact any business or do any act required to be transacted or done in connection with the Fund. Subject to the Corporations Act, the Entity may engage any adviser to advise the Entity regarding any matter relevant to the exercise of its powers or duties as Entity. In either case the Entity must ensure that the terms of any such engagement allow the engagement to be terminated by the Entity (without penalty or liability for damages) if the Entity ceases to be the responsible entity for the Fund. Subject to the Corporations Act, the Entity will not be responsible for the default of any such person if employed in good faith. This clause extends, without limitation, to dealing with Assets through a clearing, settlement, transfer or other similar system. The person engaged may be an associate of the Entity. This clause is subject to clause 9.2.

9.9 Name of Fund

If the Entity retires or is removed the retiring Entity may by notice to the new Entity require the name of the Fund to be changed to a name which does not include any part of the current or any former name or business name of the retiring Entity or which is not in the retiring Entity's opinion misleadingly or deceptively similar to those names or any abbreviation of them. The Entity may change the name of the Fund at any time.

10 Investment

The Entity has absolute discretion as to how Assets are invested or otherwise dealt with and as to how liabilities are incurred or otherwise dealt with. For example, the Entity may

acquire and dispose of any legal or equitable estate or interest in real or personal property of any kind, enter into all types of contracts whether of a speculative nature or not and raise or borrow money in respect of the Fund. Investments may be made with or without security.

11 Income and distributions

11.2 Net income

- (a) The Entity ~~must~~ may determine the ~~Distributable~~ Income of the Fund ~~(Income)~~ for each Distribution Period ~~in accordance with generally accepted accounting principles and and Financial Year~~ having regard to this clause clause 11.6. The Entity is to decide the classification of any item as being on income or capital account and the extent to which reserves or provisions need to be made.
- (b) The Income is to be determined as the Net Income of the Fund, unless otherwise determined by the Entity in a different manner or to be a different amount.
- (c) The Entity is to decide the classification of any item as being on income or capital account and the extent to which reserves or provisions need to be made.
- (d) For each Distribution Period, the Entity must calculate the Distributable Amount and distribute each Member's Distribution Entitlement.

11.3 Distribution Entitlement

At the end of each Distribution Period the Members will be presently entitled (within the meaning of the ~~Income Tax Assessment Act 1936 and Income Tax Assessment Act 1997~~ Tax Act) to ~~all the~~ Distributable ~~Income Amount~~ derived during the relevant Distribution Period in accordance with their ~~Income Distribution~~ Entitlement.

11.4 Deferral

If in the Entity's opinion it is not practical to distribute income received in a Distribution Period, it may be treated as having been received in the next Distribution Period.

11.5 Balances

Any balance representing a fraction of one cent arising as a consequence of any calculation of the Distributable ~~Income Amount~~ for a Distribution Period shall be deemed to accrue in the next Distribution Period.

11.6 Separate accounts

- (a) The Entity may keep separate accounts of different categories or sources of income or both and may allocate income from a particular category or source or both to particular Members.

- (b) The Entity must, when allocating costs, expenses or other similar amounts (or parts thereof) to categories or classes of income or capital allocate:
- (i) directly attributable costs, expenses or other similar amounts (or parts thereof) against the specific category or class of income or capital to which they relate (as determined by the Entity on a reasonable basis); and
 - (ii) other costs, expenses or other similar amounts (or parts thereof) on a fair and reasonable basis to the relevant category or class (as determine by the Entity).
- (c) To the extent that a category or class of Income or capital is less than nil after applying costs, expenses or other similar amounts, the excess amount may be re-allocated by the Responsible Entity to other categories or classes using the principles outlined in clause (b)(i) above (as determined by the Entity).

41.611.7 Minimum distribution

The Entity may transfer capital to the Distributable ~~Income Amount~~ to enable distribution to Members of the minimum amount necessary to avoid the Entity becoming assessable to pay tax ~~in respect of any amount to which Members may not otherwise be presently entitled.~~

41.711.8 Other distributions

- (a) The Entity may at any time distribute any amount of capital or income to Members pro rata according to the number of Units held as at a time decided by the Entity. The distribution may be in cash, by way of bonus Units or by way of an in specie distribution of any of the Assets.
- (b) Each Member irrevocably appoints the Entity as its agent and attorney for the purposes of taking all necessary action (including executing necessary documentation) to effect an in specie transfer of any of the Assets to the Member.

41.811.9 Reinvestment

- (a) If the Entity offers the right of reinvestment to Members, a Member may elect to reinvest any distribution by acquiring additional Units. In those cases, the Units are issued on the date the Entity pays the distribution to all other Members who have not elected to reinvest their distribution. The procedure for reinvestment of distributions is to be determined by the Entity and notified to Members from time to time.
- (b) While Stapling applies, no reinvestment can occur unless contemporaneously with the reinvestment in additional Units, the Member subscribes for an identical number of Attached Securities which are subsequently Stapled to the Units as a result of the reinvestment.

11.10 ~~41.8A~~ Entity may require reinvestment

The Entity may require that a Member's ~~entitlement to Distributable Income of the Fund~~ Distribution Entitlement as is payable under this clause or any other provision of this Constitution (as appropriate) shall be reinvested by the Entity to acquire additional units in the Fund if:

- (a) the ~~entitlement-Distribution Entitlement~~ is less than an amount determined by the Entity and advised to Members, or
- (b) a Member fails to provide a direction to the Entity as to the manner in which the Member wishes his or her entitlement to be dealt with.

In those cases, the Entity is treated as having received an application (in the approved form if any) accompanied by a payment equal to the amount of the ~~entitlement to Distributable Income~~~~Distribution Entitlement~~ on the date on which such distribution was made.

11.911.11 Nominated payment amount

If the Entity offers to Members the right to nominate distribution payment amounts, a Member may nominate and vary in such manner as the Entity approves an amount which the Member wishes to receive from the Fund at the end of a Distribution Period. The nominated amount shall be paid out of the Member's ~~entitlement-Distribution Entitlement~~ under clause ~~11.3~~~~11.2~~ and, if that is not sufficient, the Entity may reduce the nominated amount to the amount equal to the amount of the Member's ~~entitlement-Distribution Entitlement~~ under clause ~~11.3~~~~11.2~~. If the Member's ~~entitlement-Distribution Entitlement~~ under clause ~~11.3~~~~11.2~~ exceeds the Member's nominated amount, the excess shall be reinvested in accordance with clause ~~11.9~~~~11.8~~.

The Entity may, in accordance with the Tax Act, resolve to:

- (a) make a choice for the Fund to be an AMIT for the purposes of the Tax Act; and
- (b) where the Entity has made a choice under clause 12.1(a), make a choice to treat each class of the Fund as being a separate AMIT for the purposes of the Tax Act.

12.2 Priority of this clause

- (a) Despite the other provisions of this deed which relate to the income of the Fund and to distributions, including clause 11 where the Entity has resolved to make a choice under clause 12.1(a), the provisions of this clause 12 apply with respect to a Distribution Period for which the choice was made and for each following Distribution Period:
 - (i) during which the Fund is an AMIT for the purposes of the Tax Act; or
 - (ii) after which the Fund has ceased to be an AMIT, to the extent required by Division 276 of the Tax Act (or any successor provisions).
- (b) Where the Entity has resolved to make a choice under clause 12.1(a) then, in any Distribution Period in which clause 12.2(a)(i) or 12.2(a)(ii) applies, to the extent that there is any inconsistency between the provisions of this clause 12 and the other provisions of this deed, the provisions of this clause 12 prevail.
- (c) Where the Entity has resolved to make a choice under clause 12.1(a) then, in any Distribution Period in which the Fund is an AMIT, no Member will be presently entitled to any part of the Distributable Amount for that Distribution Period under clause 11.3 or any other clause of this deed which confers a vested and indefeasible interest in the income or capital of the Trust to a Member.

12.3 Clearly defined rights

- (a) In order for the Members to have Clearly Defined Rights, the Entity may not exercise any right or power, whether it is one provided to the Entity under this deed or under any statutory or general law rights or powers of a Entity, which would result in the rights to the income and capital of the Fund to not be clearly defined for the purposes of section 276-10(1)(b) of the Tax Act (notwithstanding clause 12.2(a) and irrespective of whether or not the Fund is an AMIT for the income year).
- (b) In exercising its powers under this deed at any time, the Entity must treat Members who hold Units of the same class equally and Members who hold Units of a different class fairly, except to the extent that the Entity directs an amount arising from the sale of an asset to a particular Member in the circumstances described in clause 7.8(b) or makes a direction regarding the withdrawal price to a Member on a withdrawal of Units in the circumstances described in clause 7.9(a).
- (c) In addition to the requirements of clause 19, no amendment may be made to this deed which would or may cause the Members not having Clearly Defined Rights at all times.

-
- (b) The attribution model of taxation as set out in Division 276 of the Tax Act (or any successor provisions) applies to the Fund where the Entity has made a choice under clause 12.1.
- (c) Subject to clause 12.5, and without limiting its other rights and powers provided for under this deed, the Entity may make any determination or choice, and may take any action which it can or is required to make or take under the Tax Act for the relevant Distribution Period, including:
- (i) the determination of the taxable income of the Fund or each class;

 - (vi) the giving of an AMMA Statement, within the period set out in the Tax Act, to each Member or former Member for the relevant Distribution Period which includes information that reflects:
 - (A) the amount and character of each Member Component of the Member or former Member; and
 - (B) any cost base adjustment in respect of the Units of the Member or former Member; and
 - (vii) the amendment of an AMMA Statement that has been issued to a Member or former Member, and the basis on which the AMMA Statement issued is to be amended.
- (d) The Entity is entitled to attribute the Determined Trust Component to determine the Member Component and Determined Member Component of a particular character in respect of a Distribution Period to be attributed to a Member, under this clause 12.4, on a redemption or withdrawal (or any other similar action) of Units by that Member.
- (e) If the Fund ceases to be an AMIT in respect of any Distribution Period then, in determining the Distributable Amounts for that Distribution Period, and to the extent required by Division 276 of the Tax Act (or any successor provisions), an appropriate adjustment must be made in the discovery year to take into account any over or under distributions of any tax component from any prior period in which the Fund was an AMIT.

12.5 Fair and reasonable basis

In making a determination or choice, or in taking an action, as contemplated by this clause 12, the Entity must ensure that any determination, allocation or attribution is made on a fair and reasonable basis.

12.6 Determination of amounts to be distributed to Members

Despite any other provision of this deed, while the Fund is an AMIT, the Entity is entitled to determine the quantum of the amount to be distributed to Members for a Distribution Period.

12.7 Withholding tax

- (a) The Entity may deduct from any amount dealt with under this clause 12 any Tax that is required by law to be deducted from such amount.
- (b) The Entity may recover from a Member as a debt an amount that the Entity has paid in Tax on behalf of or in respect of the Member (including in respect of a distribution or an amount attributed to a Member).
- (c) The Entity is entitled to set off an amount that the Entity may recover from the Member under clause 12.7(a) against debts due, or owed, by the Entity to the Member.

12.8 Statements to Members of the Fund

Despite any other provision of this deed, if the Entity has given a statement to a Member in accordance with Division 276 of the Tax Act (or any successor provisions), the Entity is not required to otherwise notify the Member of their proportionate share of the Fund's income or capital, including income of the trust estate or Net Income of the Fund as if the choice in clause 12.1(a) had not been made.

12.9 Member Choice

If a Member or former Member makes or intends to make a Member Choice:

- (a) the Member or former Member must:
 - (i) provide the Entity with written notice of the Member's or former Member's intention to do so at least five Business Days prior to notifying the Commissioner of Taxation of the Member Choice;
 - (ii) include, in the notice provided to the Entity, a summary of the reasons why the Member or former Member considers the attribution inappropriate; and
 - (iii) provide to the Entity any information the Entity reasonably requests in good faith in relation to the Member's or former Member's Member Choice; and
- (b) the Entity may take any action as it considers necessary, appropriate or reasonable to provide for the rights and interests of other Members or former Members to be protected, including in dealings with the Commissioner of Taxation.

together with any other Expenses incurred by the Entity as a result of incurring any of these liabilities.

12.13 Administration and reporting

12.13.1 Register

The Entity must establish a Register of Members and keep it up to date. The Register of Members is conclusive evidence of the matters recorded in it and may be relied upon as such by the Entity. The Entity is not required to register more than three persons as joint Members.

12.1A Joint tenancy

Persons registered jointly as joint members hold as joint tenants and not as tenants in common unless the Entity otherwise agrees.

12.213.2 Member is absolute owner

The Entity may treat a Member as the absolute owner of the Unit or Units which are registered in their name. Except as required by law, the Entity need not recognise any claim or interest in a Unit by another person, but if it decides to do so, the terms and conditions on which it is prepared to do so will be determined by the Entity from time to time in its absolute discretion.

12.313.3 Inspection of Register

If a Member inspects or is given a copy of the Register of Members (or part of the Register of Members) pursuant to section 173(3) of the Corporations Act then they will be taken to have agreed not to use any information obtained from the Register of Members (or part) for any purpose or disclose any such information to any person, in each case except to the extent that the information consists of particulars of the unit holding of that Member.
