The Diversity Policy is available, as part of the Corporate Governance Plan, on the Company's website. (b) The Diversity Policy allows the Board to set measurable gender diversity objectives, if considered appropriate, and to continually monitor both the objectives if any have been set and the Company's progress in achieving them. (c) The measurable diversity objectives for each financial year (if any), and the Company's progress in achieving them, will be detailed in the Company's Annual Reporting. Given the current small size of the Board and Company's operations, the Board has not presently set measurable gender diversity objectives in the reporting period and does not intend to set measurable gender diversity objectives in the coming year because: (i) the Board does not anticipate there will be a need to appoint a large number of senior executives in the near term due to the limited nature of the Company's existing activities and the Board's view that the existing Directors and senior executives have sufficient skill and experience to carry out the Company's plans; (ii) if it becomes necessary to appoint any new Directors or senior executives, the Board will consider the application of the measurable diversity objectives and determined whether, given the small size of the Company and the

If the entity was in the S&P / ASX 300 Index at the commencement of the reporting period, the measurable objective for achieving gender diversity in the composition of its board should be to have not less than 30% of its directors of each gender within a specified period.		Board, requiring specified objectives to be met will unduly limit the Company from applying the Diversity Policy as a whole and the Company's policy of appointing the best person for the job; and (iii) the Company's general policy when choosing Employees and Board members is to recruit and manage on the basis of competence and performance regardless of age, nationality, race, gender, religious beliefs, sexuality, physical ability or cultural background; and (iv) the respective proportions of men and women on the Board, in senior executive positions and across the whole organisation, is set out below. The Company intends to transition its workforce as the Company's operations workforce requirements grow. Board representation: 100% male Key senior management representation: 100% male; and Group representation (excluding contractors): 96% male, 4% Female. It is the Company's intention to continue to monitor this matter as the Company matures. Due to workforce numbers, the Company is not a 'relevant employer' under the Workplace Gender Equality Act.

Recommendation 1.6 A listed entity should: (a) have and disclose a process for periodically evaluating the performance of the Board, its committees and individual Directors; and (b) disclose for each reporting period whether a performance evaluation has been undertaken in accordance with that process during or in respect of that period.	Yes	(a) The Company's Nomination Committee (or, in its absence, the Board) is responsible for evaluating the performance of the Board, its committees and individual Directors on an annual basis. It may do so with the aid of an independent advisor. The process for this is set out in the Company's Corporate Governance Plan, which is available on the Company's website. (b) The Company's Corporate Governance Plan requires the Company to disclose whether or not performance evaluations were conducted during the relevant reporting period. The Company undertakes an annual review of its effectiveness, and the effectiveness of each of its Committees and members, against the roles and responsibilities set out in their respective Charters. A performance evaluation of the Board, individual directors, senior executives and various Board committees, was completed for the financial year ended 30 June 2026. The Chairman also holds discussions with individual Directors to facilitate peer review. The Board reviews the performance of the Managing Director/Chief Executive Officer annually and contributes to the performance reviews for each of the Company's Senior Executives. In February 2026, the Company announced the appointment of Mr Sebastian Kneer as Chief Executive Officer following Mr Nigel Broomham's resignation in December 2025. Additionally, as announced in June 2026, Mr Jay Stephenson was appointed Chief Financial Officer following Mr Paul Hughes transition. Following the recruitment matrix together with the evaluation and expectations procedures adopted and carried out during this time by the board in identifying and recruiting the preferred candidate to complement and assist the Board, the Board believes that a formal evaluation for senior executives for 30 June did not offer efficiencies and benefits in light of the evaluation procedures adopted during the time, therefore no performance evaluation has

The Company's Remuneration Committee (or, in its absence, the Board) is responsible for evaluating the remuneration of the Company's senior executives on an annual basis. Principle 2: Structure the Board to be effective and add value		
Recommendation 2.1 The Board of a listed entity should: (a) have a nomination committee which: (i) has at least three members, a majority of whom are independent Directors; and (ii) is chaired by an independent Director, and disclose: (iii) the charter of the committee; (iv) the members of the committee; and (v) as at the end of each reporting period, the number of times the committee met throughout the period and the individual attendances of the members at those meetings; or (b) if it does not have a nomination committee, disclose that fact and the processes it employs to address Board succession issues and to ensure that the Board has the appropriate balance of skills, knowledge, experience, independence and diversity to enable it to discharge its duties and responsibilities effectively.	Yes	(a) The Company does not currently have a Nomination Committee. The Company's Nomination Committee Charter provides for the creation of a Nomination Committee (if it is considered it will benefit the Company), with at least three members, a majority of whom are independent Directors, and which must be chaired by an independent Director (b) The Company does not have a Nomination Committee as the Board considers that the Company will not currently benefit from its establishment. In accordance with the Company's Board Charter, the Board carries out the duties that would ordinarily be carried out by the Nomination Committee under the Nomination Committee Charter, including the following processes to address succession issues and to ensure the Board has the appropriate balance of skills, experience, independence and knowledge of the entity to enable it to discharge its duties and responsibilities effectively: (i) devoting time at least annually to discuss Board succession issues and updating the Company's Board skills matrix; and (ii) all Board members being involved in the Company's nomination process, to the maximum extent permitted under the Corporations Act and ASX Listing Rules. It is the Company's intention to continue and monitor this matters and the Committee's membership structure as the Company matures.

Recommendation 2.2 A listed entity should have and disclose a Board skills matrix setting out the mix of skills that the Board currently has or is looking to achieve in its membership.	Yes	Under the Nomination Committee Charter (in the Company's Corporate Governance Plan), the Nomination Committee (or, in its absence, the Board), is collectively responsible for ensuring that the Board has the appropriate range and mix of expertise and experience to properly fulfil its responsibilities. These include expertise in finance, business, the mineral exploration industry, legal and executive management skills, and are assessed periodically by the Board. The Board uses a skills matrix to guide its assessment of the skills and experience of current Directors, and those skills that the Board considers will complement the effective functioning of the Board. The Board undertook an evaluation of the skills matrix in respect of the FY2026 to ensure that the Board's skills satisfy the ongoing skills and experience needed to execute the Company's business strategy and to identify any gaps in the skills and experience of the Board. The Board will assess all future candidates for Board positions and the performance of its current membership on this basis. The Board Charter requires the disclosure of each Board member's qualifications and expertise. Full details as to each Director and senior executive's relevant skills and experience are available in the Company's Annual Report and Company's website. Recommendation 2.3

A listed entity should disclose:

- (a) the names of the Directors considered by the Board to be independent Directors;
- (b) if a Director has an interest, position or relationship of the type described in Box 2.3 of the ASX Corporate Governance Principles and Recommendations (4th Edition), but the Board is of the opinion that it does not compromise the independence of the Director, the nature of the interest, position or relationship in question and an explanation of why the Board is of that opinion; and
- (c) the length of service of each Director

Yes

- (a) The Company discloses those Directors it considers to be independent in its Annual Report and on the Company's website. The Board considers Dr David Pevcic, Mr Vincent Chye, Mr Gerry Fahey and Mr Raunaq Miah (appointed 16 April 2026) to be independent directors. Dr Pevcic ceased to be considered independent on 9 May 2025 following becoming a substantial holder of the Company. During the financial year, Dr Pevcic ceased to be a substantial holder of the Company. The Board has subsequently reviewed the Chairman's independence having regard to the factors set out in Box 2.3 of the ASX Corporate Governance Council's Corporate Governance Principles and Recommendations (4th Edition).

In undertaking its assessment, the Board considered the Chairman's current shareholding, his previous status as a substantial holder (5.06%), and whether these interests could materially interfere, or reasonably be perceived to

RECOMMENDATIONS (4 TH EDITION)	COMPLY	EXPLANATION
		interfere, with his capacity to exercise independent judgement and act in the best interests of the Company and its shareholders as a whole. The Board also considers that Dr Pevcic's current shareholding aligns his interests with those of shareholders generally and does not give rise to a material interest that would compromise his ability to exercise independent judgement. Having considered these matters, the Board has determined that the Chairman's shareholding and previous status as a substantial holder do not compromise his independence. Accordingly, the Board considers Dr Pevcic to be an independent Non-Executive Director from November 2025. (b) Other than as noted above, there are no independent Directors who fall into this category. The Company will disclose any instances where this applies and an explanation of the Board's opinion why the relevant Director is still considered to be independent. (c) The Company's Annual Report discloses the length of service of each Director, as at the end of each financial year.
Recommendation 2.4 A majority of the Board of a listed entity should be independent Directors.	Yes	The Company's Board Charter requires that, where practical, at least 50% of the Board should be independent. The Board currently comprises a total of 4 directors, all of whom are considered independent. Mr Gerry Fahey and Mr Vincent Chye were considered independent throughout FY2026, while Mr Raunaq Miah has been considered independent since his appointment on 16 April 2026. Dr Pevcic's independence is discussed under Recommendation 2.3.

RECOMMENDATIONS (4 TH EDITION)	COMPLY	EXPLANATION
Recommendation 2.5 The Chair of the Board of a listed entity should be an independent Director and, in particular, should not be the same person as the CEO of the entity.	Partially	The Board considers that its current composition, and that throughout FY2026, to be appropriate given the speculative nature of the Company's business, and its scale of activities and the skills and experience that the current directors bring to the Board, means the Company only needs, and can commercially sustain, a small Board of four Directors. The Company will continue to monitor the Board composition and management with its development strategies and complement those of the existing team. The Board Charter provides that, where practical, the Chair of the Board should be an independent Director and should not be the CEO/Managing Director. Dr Pevcic transitioned to non-executive chairman on 28 February 2025. Dr Pevcic is not the Company's CEO or Managing Director. At the time of Dr Pevcic's transition, he was considered to be an independent chairman, however by virtue of becoming a 'substantial shareholder' in May 2025, he was not considered to be independent from this time. During the financial year, Dr Pevcic ceased to be a substantial holder of the Company. Following a review of his independence, the Board has determined that Dr Pevcic's current shareholding does not compromise his independence. Accordingly, the Board considers Dr Pevcic to be an independent Non-Executive Chairman from November 2025. Further details of the Board's assessment of Dr Pevcic's independence are provided under Recommendation 2.3 of this Corporate Governance Statement. The Board considers that its current composition to be appropriate given the speculative nature of the Company's business, and its scale of activities, and the skills and experience the current board brings, means the Company only needs, and can commercially sustain, a small Board of four Directors. Additionally, all Company directors are aware of, and adhered to, their obligation to bring an independent judgement to bear on Board decisions during their appointment with the Company.

RECOMMENDATIONS (4 TH EDITION)	COMPLY	EXPLANATION
		Where a potential conflict of interest exists or may arise on a matter before the Board, the Director concerned does not take part in the Board's consideration of the matter nor exercises any influence over other members of the Board. Further, each director has the right to seek independent professional advice at the expense of the Company.
Recommendation 2.6 A listed entity should have a program for inducting new Directors and for periodically reviewing whether there is a need for existing directors to undertake professional development to maintain the skills and knowledge needed to perform their role as Directors effectively.	Yes	In accordance with the Company's Board Charter, the Nominations Committee (or, in its absence, the Board) is responsible for the review and approval of induction and continuing professional development programs and procedures for Directors to ensure that they can effectively discharge their responsibilities. The Company Secretary is responsible for facilitating inductions and professional development including receiving briefings on material developments in laws, regulations and accounting standards relevant to the Company.
Principle 3: Instil a culture of acting lawfully, ethically and responsibly

The Board, management and employees are dedicated to high ethical standards and recognise and support the Company's commitment to compliance with these standards. The Company's values are set out in its Code of Conduct (which forms part of the Corporate Governance Plan) and are available on the Company's website. All employees are given appropriate training on the Company's values and senior executives will continually reference such values.

Yes	(a) The Company's Corporate Code of Conduct (which forms part of the Company's Corporate Governance Plan) is available on the Company's website. (b) Any material breaches of the Code of Conduct are required to be reported to the Board or a committee of the Board.

Yes	The Company's Whistleblower Protection Policy (which forms part of the Corporate Governance Plan) is available on the Company's website. Any material breaches of the Whistleblower Protection Policy are required to be reported to the Board or a committee of the Board.
Recommendation 3.4 A listed entity should: (a) have and disclose an anti-bribery and corruption policy; and (b) ensure that the Board or committee of the Board is informed of any material breaches of that policy.	Yes	The Company's Anti-Bribery and Anti-Corruption Policy (which forms part of the Corporate Governance Plan) is available on the Company's website. Any material breaches of the Anti-Bribery and Anti-Corruption Policy are required to be reported to the Board or a committee of the Board.

Recommendation 4.1 The Board of a listed entity should: (a) have an audit committee which: (i) has at least three members, all of whom are non-executive Directors and a majority of whom are independent Directors; and (ii) is chaired by an independent Director, who is not the Chair of the Board, and disclose: (iii) the charter of the committee; (iv) the relevant qualifications and experience of the members of the committee; and (v) in relation to each reporting period, the number of times the committee met throughout the period and the individual attendances of the members at those meetings; or	Yes	(a) The Company's Corporate Governance Plan contains an Audit and Risk Committee Charter that provides for the creation of an Audit and Risk Committee (if it is considered it will benefit the Company) with at least three members, all of whom must be non-executive Directors, and majority of the Committee must be independent Directors. The Committee must be chaired by an independent Director who is not the Chair. (b) The Company does not currently have an Audit and Risk Committee as the Board considers the Company will not currently benefit from its establishment. In accordance with the Company's Board Charter, the Board carries out the duties that would ordinarily be carried out by the Audit and Risk Committee under the Audit and Risk Committee Charter including the following processes to independently verify the integrity of the Company's periodic reports which are not audited or reviewed by an external auditor, as well as the processes for the appointment and removal of the external auditor and the rotation of the audit engagement partner:

(b) if it does not have an audit committee, disclose that fact and the processes it employs that independently verify and safeguard the integrity of its corporate reporting, including the processes for the appointment and removal of the external auditor and the rotation of the audit engagement partner. Recommendation 4.2 The Board of a listed entity should, before it approves the entity's financial statements for a financial period, receive from its CEO and CFO a declaration that the financial records of the entity have been properly maintained and that the financial statements comply with the appropriate accounting standards and give a true and fair view of the financial position and performance of the entity and that the opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.	Yes	The Company's Audit and Risk Committee Charter requires the CEO and CFO (or, if none, the person(s) fulfilling those functions) to provide a sign off on these terms. The Board ensures that before it approved the entity's financial statements for a financial period it receives declarations that the financial records of the entity have been properly maintained and that the financial statement comply with the appropriate accounting standards and give a true and fair view of the financial position and performance of the entity and that the opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.
Recommendation 4.3 A listed entity should disclose its process to verify the integrity of any periodic corporate report it releases to the market that is not audited or reviewed by an external auditor.	Yes	All periodic corporate reports released to the ASX, including Quarterly Reports, are reviewed by senior officers and subject matter experts, reviewed and approved by the Managing Director/CEO and CFO, and reviewed and authorised for release to the market by the Board. In addition, reports such as the Half Year and Annual financial reports (and certain performance reports) are audited by our external auditors in accordance with relevant regulations and good governance. The Company's Audit & Risk Committee (if it is considered it will benefit the Company) assist the board with the procedures for the selection and appointment of external auditors, assisting to ensure that the Company's auditor is of good standing, is appropriately qualified and observes appropriate audit practices including audit partner rotation within the audit firm.

RECOMMENDATIONS (4 TH EDITION)	COMPLY	EXPLANATION
		The Company in Shareholder meetings is responsible for the appointment of the external auditors of the Company, and the Board from time to time will review the scope, performance and fees of those external auditors. The Company ensures that its external auditor attends its Annual General Meeting and is available to answer questions for security holders relevant to the audit. The Company does not currently have a formal internal audit program in place. The Board has considered whether or not it is appropriate or desirable for the Company to have an internal audit function, having regard to the particular circumstances of the Company and its size. At this stage, the Board is satisfied that the establishment of a formal internal audit function is not warranted on the basis of the Company's current scale. This decision will however be kept under review. The Board ensures compliance with the internal controls and risk management procedures previously mentioned above. The Managing Director/CEO (or equivalent) and CFO provide a certification to the Board on the integrity of the Company's external financial reports for the half-year and full year. The Managing Director and CFO also provide assurance to the Board that the declaration provided in accordance with section 295A of the Corporations Act 2001 is founded on a sound system of risk management and internal control, and that the system is operating effectively in all material respects in relation to financial reporting risks. Pursuant to the Board Charter, all Directors have the ability to seek external advice on the content of periodic corporate reports if considered necessary.

Yes	Pursuant to the Company's Continuous Disclosure Policy, all substantive investor or analyst presentations are intended to be released on the ASX Markets Announcement Platform ahead of such presentations.

Yes	Shareholders are encouraged to participate at all general meetings and AGMs of the Company. All resolutions at securityholder meetings will be decided by a poll rather than a show of hands.
Recommendation 6.4 A listed entity should ensure that all substantive resolutions at a meeting of security holders are decided by a poll rather than by a show of hands.	Yes	All resolutions at securityholder meetings will be decided by a poll rather than a show of hands.

RECOMMENDATIONS (4 TH EDITION)	COMPLY	EXPLANATION
Recommendation 6.5 A listed entity should give security holders the option to receive communications from, and send communications to, the entity and its security registry electronically.	Yes	The Shareholder Communication Strategy provides that security holders can register with the Company to receive email notifications when an announcement is made by the Company to the ASX, including the release of the Annual Report, half yearly reports and quarterly reports. Links are made available to the Company's website on which all information provided to the ASX is immediately posted. Shareholders queries are referred to the Managing Director/CEO, Chair and or Company Secretary at first instance and are directed to the appropriate staff member for a response.

Principle 7: Recognise and manage risk

Recommendation 7.1 The Board of a listed entity should:	Yes	
(a) have a committee or committees to oversee risk, each of which: (i) has at least three members, a majority of whom are independent Directors; and (ii) is chaired by an independent Director, and disclose: (iii) the charter of the committee; (iv) the members of the committee; and (v) as at the end of each reporting period, the number of times the committee met throughout the period and the individual attendances of the members at those meetings; or		(a) The Company does not currently have an Audit and Risk Committee. The Company's Corporate Governance Plan contains an Audit and Risk Committee Charter that provides for the creation of an Audit and Risk Committee (if it is considered it will benefit the Company) with at least three members, all of whom must be non-executive Directors, and majority of the Committee must be independent Directors. The Committee must be chaired by an independent Director who is not the Chair. A copy of the Corporate Governance Plan is available on the Company's website.
(b) if it does not have a risk committee or committees that satisfy (a) above, disclose that fact and the process it employs for overseeing the entity's risk management framework. In accordance with the Company's Board Charter, the Board carries out the duties that would ordinarily be carried out by the Audit and Risk Committee under the Audit and Risk Committee Charter including the following processes to oversee the entity's risk management framework. Yes	The Audit and Risk Committee Charter requires that the Audit and Risk Committee (or, in its absence, the Board) should, at least annually, satisfy itself that the Company's risk management framework continues to be sound and that the Company is operating with due regard to the risk appetite set by the Board. Such review has taken place in respect to the reporting period.
Recommendation 7.3 A listed entity should disclose: (a) if it has an internal audit function, how the function is structured and what role it performs; or (b) if it does not have an internal audit function, that fact and the processes it employs for evaluating and continually improving the effectiveness of its governance, risk management and internal control processes.	Yes	The Audit and Risk Committee Charter provides for the Audit and Risk Committee to monitor and periodically review the need for an internal audit function, as well as assessing the performance and objectivity of any internal audit procedures that may be in place. The Company does not have an internal audit function. The Board considers that the process employed pursuant to the Audit and Risk Committee Charter and Risk Management Policy are sufficient for evaluating and continually improving the effectiveness of its risk management and internal control processes given the size and complexity of the current business.
Recommendation 7.4 A listed entity should disclose whether it has any material exposure to environmental or social risks and, if it does, how it manages or intends to manage those risks.	Yes	The Audit and Risk Committee Charter requires the Audit and Risk Committee (or, in its absence, the Board) to assist management to determine whether the Company has any potential or apparent exposure to environmental or social risks and, if it does, put in place management systems, practices and procedures to manage those risks.
		Where the Company does not have material exposure to environmental or social risks, report the basis for that determination to the Board, and where appropriate benchmark the Company's environmental or social risk profile against its peers.

Additional recommendations that apply only in certain cases		
Recommendation 9.1 A listed entity with a director who does not speak the language in which board or security holder meetings are held or key corporate documents are written should disclose the processes it has in place to ensure the director understands and can contribute to the discussions at those meetings and understands and can discharge their obligations in relation to those documents.		Not applicable however, as set out in the Company's Board Charter (which forms part of the Corporate Governance Plan), should the Company have a non-English speaking Director, the Company will translate all key corporate documents for the benefit of the Director. In addition, a translator would be present for all Board and Shareholder meetings.
Recommendation 9.2 A listed entity established outside Australia should ensure that meetings of security holders are held at a reasonable place and time.		Not applicable however, we note that all Shareholder meetings will be held at a reasonable place and time for shareholders.
