¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

² Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

Introduction

The Board and Management of the Company are committed to maintaining high standards of ethics, integrity and statutory compliance in all Company dealings, and all dealings of its controlled entities, collectively referred to as the “Group”.

The Corporate Governance Statement describes the Company’s Corporate Governance Framework in accordance with the ASX Corporate Governance Council’s Corporate Governance Principles and Recommendations (4th Edition) published on 27 February 2019 (“the ASX Principles and Recommendations”), by reference to each of the stated principles. The Corporate Governance Statement identifies where certain recommendation were not followed for the entire reporting period.

The Corporate Governance Statement complements, and should be read in conjunction with, information contained in the Company’s Annual Report and governance documents, which are available on the Company’s website at rhythmbio.com.

Principle 1: Lay solid foundations for management and oversight

The Board

The Board is responsible for the overall governance, management and strategic direction of the Company. The responsibilities of the Board are described in the Board Charter, which is available at rhythmbio.com/investor-center/#corporate-governance. Management is responsible for the day-to-day operation of the Company, which it undertakes within a framework of specific delegated authority and approval limits.

The Board undertakes appropriate checks before appointing a person as a Director, or putting forward to shareholders a candidate for election as a Director. The Company provides shareholders with all material information in its possession relevant to a decision on whether or not to elect or re-elect a director. The Company has a written agreement with each Director and senior executive setting out the terms of their

appointment.

All Directors have access to the Company Secretary, who is appointed and dismissed by the Board. The Company Secretary is accountable to the Board, through the Chair, on all governance matters and the proper functioning of the Board.

Board Performance

The Board considers the ongoing development and improvement of its own performance, the performance of Board committees and individual directors and as critical to effective governance.

The Board may periodically utilise an online, confidential Board performance review questionnaire as part of its Board performance review. The performance of the Board, Board committees and individual directors is reviewed at least every year by the Board as a whole, and assists with the review of the current and anticipated future composition and skills mix of the directors of the Company. A performance review as described above was discussed and agreed during the reporting period and subsequently completed after the end of the reporting period.

Performance of Executives

The performance of each executive is formally assessed each year and reviewed by the Remuneration and Nomination Committee and / or the Board. Details are contained in the Remuneration Report, which is included in the Annual Report available at rhythmbio.com/investor-center/#corporate-governance.

Diversity

The Company's Diversity Policy is available on the Company's website at rhythmbio.com/investor-center/#corporate-governance. The Policy is reviewed by the Board annually to ensure it remains appropriate and is operating effectively.

The Company values diversity amongst its personnel and the valuable contribution that diversity can make to the Company.

The Company is an equal opportunity employer and aims to recruit staff at all levels from as diverse a pool of qualified candidates as reasonably possible based on their skills, qualifications, and experience. Executive and Board positions are filled by the best candidates available without bias or discrimination.

The Board believes that multicultural diversity and other diversity factors are equally important as gender diversity within the organisation. The Board has not set measurable objectives with regard to gender diversity as the Board is currently satisfied with the level of diversity within the Company, noting the very small number of personnel in the organisation.

Gender diversity of the Company's workforce as at 30 June 2026 appears in the table below.

	Total	Men		Women		Other / undisclosed	
		No.	%	No.	%	No.	%
Directors	3	2	67	1	33	-	-
Senior executives	2	1	50	1	50	-	-
Employees	15	9	60	6	40	-	-
Whole organisation	20	12	60	8	40	-	-

The Company is below the threshold of 100 employees for reporting under the Workplace Gender Equality Act 2012.

As noted in response to 'Principle 1: Lay solid foundations for management and oversight' above, the Board operates in accordance with its charter which is available at rhythmbio.com/investor-center/#corporate-governance.

It is Board policy that, where possible, a majority of Non-Executive Directors, including the Chairman, should be independent and free of any relationship that may conflict with the interests of the Company.

Each Director is required to provide advance notice of any actual or potential conflict of interest relating to business planned to be considered by the Board.

Skills, experience, expertise of each director

As noted in response to Principle 1 above, the Board annually reviews its own composition, skills and capability. The Company encourages and supports directors to maintain and expand their own professional development consistent with the needs of the Company. The Company has a programme for inducting new directors.

Details of each current Director's skills, experience and expertise is set out in the directors' report along with the term of office held by each of the directors and whether the Company considers the director to be independent.

Every Director has a standing invitation to attend any Committee meeting and to receive Committee papers.

Independent professional advice and access to Company information

As specified in the Board Charter and individual letters of appointment, Directors have the right of access to all Company information and to the Company's Management. Subject to prior consultation with the Chairman, Directors may seek independent advice, at the Company's expense, on any issue of particular concern from a suitably qualified adviser.

Procedures are in place to record and publicly report each Director's shareholdings in the Company, as disclosed annually in the Directors' Report, available at rhythmbio.com/investor-center/#corporate-governance. Changes in Directors' shareholdings during the year are reported to the ASX in accordance with the Listing Rules.

Principle 3: Act ethically and responsibly

The Board and Management are committed to maintaining an organisational culture where the Company acts lawfully, ethically and responsibly.

Directors and employees of the Company are required to act lawfully, ethically and responsibly in accordance with the highest standards of honesty and integrity in such a way as to safeguard and protect the performance and reputation of the Company.

The Company's values are published in the Corporate Governance Pack at rhythmbio.com/investor-center/#corporate-governance.
