DIRECTORS' REPORT

For the year ended 30 June 2026

The directors of Coda Minerals Ltd ('the Company' or 'Coda') present their report together with the financial statements of the Company and its Subsidiaries ('the Group') for the financial year ended 30 June 2026 and the Auditor's Report thereon. In order to comply with the provisions of the *Corporations Act 2001*, the Directors' report is as follows:

DIRECTORS

The directors of the Company at any time during or since the end of the financial year were:

Name & Qualifications	Experience and Special Responsibilities
Mr Keith F Jones BBus, FCA, FAICD Non-Executive Chairman Appointed: 26 April 2018 Other current directorships: Nil Former directorships in last 3 years: Ecograf Limited (Appointed May 2023 to 31 Dec 2025)	Mr Jones is an experienced public company Chairman with a background of over 42 years professional experience providing advisory and consulting services to the mining and resources sector. Mr Jones is the former Chairman of Deloitte Australia and served for 10 years on the Board of Deloitte Australia. He is the former Chairman of Gindalbie Metals Limited and Cannings Purple and former Non-Executive Director of ASX listed Company Ora Banda Minerals Limited. Mr Jones has significant executive leadership experience serving for 15 years as the Managing Partner of Deloitte in Western Australia and as Leader of the National Chinese Services Group and National Energy and Resources Group.
Mr Andrew Marshall I Eng (UK), MAICD Non-Executive Director Appointed: 19 July 2019	Mr Andrew (Robin) Marshall has previously been involved in managing the successful delivery of some of the world's largest resource projects, including major projects for BHP Billiton, Vale Inco, Western Mining and North Limited. Most recently Mr Marshall provided oversight for the delivery of the Goldfields, Gold Road Gruyere Gold Project as a member of the Technical Steering Committee. At Vale Inco, he held the position of Project Director with responsibility for delivery of the multi-billion dollar Goro Nickel Project in New Caledonia through to its commissioning in early 2009. At BHP Billiton Iron Ore, Mr Marshall held the position of Vice President – Asset Development Projects with responsibility for the development of a number of projects in the first wave of expansion in the iron ore business sector. In addition to these roles, Mr Marshall also previously held key positions of Project Manager for the West Angelas Iron Ore Project with North Limited, Project Director with Iron Ore Company of Canada, Manager Projects for Forrestania Gold/LionOre Australia, Manager Engineering & Project Services for Western Mining Corporation and Project Manager for Nedpac (Signet Engineering). Mr Marshall provides consulting services to major companies and has extensive experience with overseas projects and operations.
Mr Paul Hallam BE(Hons)Mining, FAICD, FAusIMM Non-Executive Director Appointed: 21 August 2019 Other current directorships: Greatland Gold Plc. (Appointed September 2021)	Mr Hallam has more than 46 years Australian and international resource industry experience. His operating and corporate experience is across a range of commodities (iron ore, bauxite, alumina, aluminium, gold, silver, copper, zinc and lead) and includes both surface and underground mining. Mr Hallam retired in 2011 to pursue a career as a professional non-executive director. He has held Australian and international non-executive director roles since 1997. His former executive roles include Director – Operations with Fortescue Metals Group, Executive General Manager – Developments & Projects with Newcrest Mining Limited, Director – Victorian Operations with Alcoa and Executive General Manager – Base and Precious Metals with North Ltd. Mr Hallam is a qualified mining engineer and holds a BE (Hons) Mining from Melbourne University and a Certificate of Mineral Economics from Curtin University. He is a Fellow of the Australian Institute of Company Directors and the Australasian Institute of Mining & Metallurgy.

DIRECTORS' REPORT

For the year ended 30 June 2026

Mr Chris Stevens BA (Hons), MA (Oxon), MSc, GAICD, FAusIMM Chief Executive Officer Appointed: 26 April 2018 Former directorships in last 3 years: Nil	Mr Stevens is an experienced resources executive and mineral economist who joined Coda after holding the role of CEO at Gindalbie Metals. Prior to joining Gindalbie in 2016, Mr Stevens was the Western Australian Mining Consulting Lead at PricewaterhouseCoopers (PwC), where he managed professional teams to devise strategy, evaluate investment options and assist in delivery of major transactions for various ASX listed mining and energy companies. Prior to joining PwC, Mr Stevens held senior roles in the mining industry including General Manager- Commercial at Asia Iron and Commercial Manager at Gindalbie Metals. In addition to his executive resources experience, Mr Stevens has over 19 years' experience working with Chinese companies in commercial consulting and private equity. Mr Stevens is a Fellow of the AusIMM, holds an Honours degree from the University of Oxford, a Master of Science in Mineral Economics from Curtin University, and is a fluent Chinese speaker.
--	---

COMPANY SECRETARY

The Company's company secretary is Ms Susan Park BCom, ACA, F Fin, FGIA, FCIS, GAICD. Ms Park was appointed to the position of company secretary on 25 November 2020.

PRINCIPAL ACTIVITIES

The principal activities of the Company during the period were primarily focused on the progression of exploration and evaluation activities associated with the Elizabeth Creek Copper Silver Project ("Elizabeth Creek") in South Australia. The Company continues to engage in the evaluation of projects and potential joint ventures with other mining companies to explore for minerals.

REVIEW OF OPERATIONS

Coda is focused on the discovery and development of minerals that are leveraged to the global energy transformation through electrification and the adoption of renewable energy technologies. Coda's flagship asset is the 100%-owned Elizabeth Creek Copper-Silver Project, located in the world-class Olympic Copper Province in the Eastern Gawler Craton, South Australia's most productive copper belt. Elizabeth Creek is centred 100km south of BHP's Olympic Dam copper-gold-uranium mine, 15km from its new Oak Dam West Project and 50km west of its Carrapateena copper-gold project.

In December 2021, Coda announced a maiden Indicated and Inferred Mineral Resource Estimate for the Emmie Bluff copper-cobalt deposit at Elizabeth Creek.

Coda consolidated 100% ownership of the Elizabeth Creek Copper Project after completing the acquisition of its former joint venture partner, Torrens Mining, in the first half of 2022.

In March 2023, the Company released the initial Scoping Study for the Elizabeth Creek Copper Project¹ and has since delivered five successive updates, each of which has materially improved the Project's economics.

During the 2026 financial year, Coda further advanced the Elizabeth Creek Copper Project through an updated Scoping Study² incorporating the simplified whole-ore leach flowsheet adopted following successful metallurgical testwork in FY25. The revised flowsheet achieved copper and silver recoveries of 94.8% and 98.2% respectively and reduced estimated capital and processing costs. The updated Scoping Study delivered a pre-tax NPV₇ of approximately \$1.29 billion and IRR of 39%, with a post-tax NPV₇ of approximately \$855 million and IRR of 30%.

During the first half of 2026, copper and silver prices also strengthened materially above the assumptions used in the August 2025 Scoping Study. In response, Coda released an updated assessment of project economics in March 2026³. Using revised long-term commodity price assumptions, the Project delivered an estimated pre-tax NPV₇ of approximately \$2.25 billion and IRR of 56%, highlighting the strong leverage of the Project to higher copper and silver prices.

Coda also progressed the Elizabeth Creek Pre-Feasibility Study during the year. A major 19-hole diamond drilling programme totalling 6,352 metres was completed across the Project's principal deposits, providing material and data for

¹ For full details, see "Elizabeth Creek Copper-Cobalt Project Positive Scoping Study", released to market on 23 March 2023 and available at <https://codaminerals.com/announcements/4339038>

² For full details, see "New Flowsheet Delivers Significant Cu-Ag Economic Uplift", released to market on 28 August 2025 and available at <https://codaminerals.com/announcements/7126651>

³ For full details, see "Elizabeth Creek Project Economics - Additional Information", released to market on 10 March 2026 and available at <https://codaminerals.com/announcements/7430400>

DIRECTORS' REPORT

For the year ended 30 June 2026

metallurgical variability testing, geotechnical studies and an Updated Mineral Resource estimate. Work also advanced across mine planning, hydrogeology and other key PFS disciplines.

In parallel, Coda continued to advance the environmental and approvals pathway for Elizabeth Creek. Environmental baseline studies and supporting field programmes progressed during the year, alongside the regulatory Scoping process with the South Australian Department for Energy and Mining. Subsequent to the end of the financial year, the Elizabeth Creek Scoping Report was formally gazetted by the South Australian Government, establishing the project-specific Terms of Reference for environmental assessment and providing a defined pathway towards a future Mining Lease Application.

The Company continues to hold the Cameron River tenure in good standing while it considers the strategic direction for this asset.

FINANCIAL RESULTS

The net loss for the year ended 30 June 2026 was \$10,856,225 (net loss for the year ended 30 June 2025 was \$4,286,895). As at the reporting date, the Company has \$10,767,106 of cash reserves.

SIGNIFICANT CHANGES IN STATE OF AFFAIRS

There were no significant changes in the state of affairs of the Company during the year not otherwise disclosed in this report.

EVENTS SUBSEQUENT TO REPORTING DATE

No matters or circumstances have arisen since the end of the financial year apart from the following:

- On 29 July 2026, the Company announced the issue of 1,237 fully paid ordinary shares on the exercise of listed options at an exercise price of \$0.15 per option.
- On 3 August 2026, the Company received shareholder approval to issue the Tranche 2 shares announced as part of a capital raising on 1 June 2026.
- On 11 August 2026, the Company issued 15,384,617 fully paid ordinary shares at an issue price of \$0.13 per share to sophisticated investors. On the same day, the Company issued 12,884,616 options with an exercise price of \$0.15 per option expiring on 28 March 2029.
- On 11 August 2026, the Company issued 7,700,000 unquoted options with an exercise price of \$0.26 per option expiring on 10 August 2029.
- On 14 August 2026, the Company announced the lapse of 3,080,680 performance rights as the hurdles had not been satisfied.
- On 25 August 2026, the Company announced the issue of 800,000 fully paid ordinary shares in satisfaction of investor services rendered.
- On 8 September 2026, the Company issued 4,124 fully paid ordinary shares on the exercise of listed options at an exercise price of \$0.15 per option.

ONGOING WORK

Elizabeth Creek Copper Project

Prefeasibility Study

The Company is advancing the Elizabeth Creek Pre-Feasibility Study (PFS), with a focus on completing key technical studies and integrating their findings into project design and engineering. Resource and geotechnical assessments, integrated mine planning, metallurgical testwork, and tailings and infrastructure studies are progressing in parallel. Together, these workstreams will inform the preferred development case, production schedule, and PFS capital and operating cost estimates.

Metallurgical Test Work Programme

Following completion of preliminary variability and site-water testwork, Coda is advancing the remaining testwork and process modelling required to support final PFS flowsheet selection. Whole-ore chloride leach remains the preferred base case, with ongoing work focused on downstream metal recovery, reagent recycling and opportunities to improve cobalt recovery, including treatment of leach residues. Assessment of an alternative flotation-based processing pathway is continuing in parallel to inform the final processing trade-off.

Independent consultants have commenced modelling to translate laboratory results into plant design inputs and operating requirements. Final comminution results will inform crushing and grinding circuit design, while a more comprehensive variability programme is planned following flowsheet selection. These activities will support PFS recovery assumptions, process design and cost estimation.

DIRECTORS' REPORT

For the year ended 30 June 2026

Hydrogeology, Environmental and Approvals Work

A hydrogeological drilling programme commenced after year-end at Windabout and Emmie Bluff and is progressing to provide data for groundwater modelling, mine dewatering and depressurisation planning, the site water balance and environmental assessments.

Environmental and ecological studies are continuing alongside the PFS, with waste-rock characterisation and flood modelling among the studies expected to be completed in the near term. In July 2026, the Elizabeth Creek Scoping Report was formally gazetted by the South Australian Government, establishing the project-specific terms of reference for the studies and assessments required to support a future Mining Lease Application. Ongoing work is directed towards addressing these requirements and integrating the findings into project planning.

Other Projects

Exploration

The Company continues to hold assets with Boss Energy in South Australian and its 100% owned Cameron River project in Queensland. The Company is evaluating the next steps for these assets.

CORPORATE GOVERNANCE

In recognising the need for high standards of corporate behaviour and accountability, the Directors support and have substantially adhered to the best practice recommendations set by the ASX Corporate Governance Council. The Company's corporate governance policies are all available on the Company's website at www.codaminerals.com

COMMITTEE MEMBERSHIPS

The Company maintains an Audit and Risk Committee and a Nomination and Remuneration Committee which consist of the following Directors:

Audit and Risk Committee	Nomination and Remuneration Committee
P Hallam (Chair)	KF Jones (Chair)
KF Jones	A Marshall
A Marshall	P Hallam

DIRECTORS' MEETINGS

The number of Directors' meetings held during the financial year and the numbers of meetings attended by each Director were:

	Directors' meetings		Nomination and Remuneration Committee meetings		Audit and Risk Committee meetings	
	Held	Attended	Held	Attended	Held	Attended
KF. Jones	8	8	2	2	3	3
A. Marshall	8	8	2	2	3	3
P. Hallam	8	7	2	1	3	2
C. Stevens	8	8	-	-	-	-

ENVIRONMENTAL REGULATION

The Company's current exploration and development activities are conducted in accordance with environmental regulations under both Commonwealth and State legislation. As stated in the Environmental Policy, the Company is committed to achieving superior standards in its environmental performance. It has employed environmental professionals to monitor this area of operating performance, with responsibility for monitoring of environmental exposures and compliance with environmental regulations.

Compliance with the requirements of environmental regulations and with specific requirements of the relevant managing authorities including the Department of Environment and Conservation, and the Department of Industry and Resources was achieved across all aspects of the current operations.

There were no instances of non-compliance in relation to any instructions or directions from the relevant governing agencies. The Board is not aware of any significant breaches during the period covered by this report.

DIRECTORS' REPORT

For the year ended 30 June 2026

KEY BUSINESS RISK

The Company's exploration and evaluation operations will be subject to the normal risks of mineral exploration. The material business risks that may affect the Company are summarised below.

Future capital raisings and funding options

The Company's ongoing activities may require substantial further financing in the future. The Company is likely to require additional funding to continue its exploration and evaluation studies with the aim to continue the exploration process into development. Any additional equity financing may be dilutive to shareholders, may be undertaken at lower prices than the current market price and debt financing, if available, may involve restrictive covenants which limit the Company's operations and business strategy. Although the Directors believe that additional capital can be obtained, no assurances can be made that appropriate capital or funding, if and when needed, will be available on terms favourable to the Company or at all. If the Company is unable to obtain additional funding as needed, it may be required to reduce, delay or suspend its operations and this could have a material adverse effect on the Company's activities and could affect the Company's ability to continue as a going concern.

Exploration risk

The success of the Company depends on the delineation of economically mineable reserves and resources, access to required development capital, movement in the price of commodities, securing and maintaining title to the Company's exploration and mining tenements and obtaining all consents and approvals necessary for the conduct of its exploration activities. Exploration on the Company's existing tenements may be unsuccessful, resulting in a reduction in the value of those tenements, diminution in the cash reserves of the Company and possible relinquishment of the tenements. The exploration costs of the Company are based on certain assumptions with respect to the method and timing of exploration. By their nature, these estimates and assumptions are subject to significant uncertainties and, accordingly, the actual costs may materially differ from these estimates and assumptions. Accordingly, no assurance can be given that the cost estimates and the underlying assumptions will be realised in practice, which may materially and adversely affect the Company's viability. If the level of operating expenditure required is higher than expected, the financial position of the Company may be adversely affected.

Mineral resource estimate risk

Mineral resource estimates are expressions of judgement based on knowledge, experience and industry practice. These estimates were appropriate when made but may change significantly when new information becomes available. There are risks associated with such estimates. Mineral resource estimates are necessarily imprecise and depend to some extent on interpretations, which may ultimately prove to be inaccurate and require adjustment. Adjustments to resource estimates could affect the Company's future plans and ultimately its financial performance and value. Cobalt, copper, silver and zinc metal price fluctuations, as well as increased production costs or reduced throughput and/or recovery rates, may render resources containing relatively lower grades uneconomic and may materially affect resource estimations.

Preliminary Feasibility Study Risk

A preliminary feasibility study ("PFS") involves significant assumptions, estimates and judgements regarding the technical, economic and commercial viability of an exploration project. There is a risk that the Company may not complete the PFS within the anticipated timeframe, or that the PFS may conclude that the project metrics have materially changed or in the worst case, the project is not technically or economically viable. The completion of a PFS is dependent on the availability and accuracy of geological, metallurgical, engineering, environmental and cost information, as well as commodity prices, capital and operating costs, permitting requirements, infrastructure and other factors that may change over time. Delays in completing the PFS, or an adverse outcome from the PFS, could result in additional expenditure, changes to the Company's development plans, impairment or reduction in the value of exploration and evaluation assets, and may adversely affect the Company's financial position, future prospects and share price.

Native Title Mining Agreement Risk

The Company's ability to develop and undertake mining activities on its exploration tenements may depend on securing an appropriate Native Title Mining Agreement or other agreement with the relevant native title holders or claimants. There is a risk that negotiations may be delayed, may not result in an agreement on acceptable terms, or may not be successfully concluded, which could delay or prevent the Company from obtaining the necessary approvals and commencing or continuing development and mining activities. The terms of any agreement may also result in additional costs, compensation, benefit-sharing obligations, heritage requirements or other conditions that could materially affect the economic viability of the Company's projects. Changes in native title claims, determinations, legislation, regulatory requirements or the identification of additional traditional owner interests may further affect the Company's ability to access and develop its tenements and could adversely affect its financial position, future prospects and value.

REMUNERATION REPORT - AUDITED

For the year ended 30 June 2026

REMUNERATION REPORT – Audited

The directors present the Coda Minerals Ltd 2026 remuneration report, outlining key aspects of our remuneration policy and framework, and remuneration awarded this year.

(a) Key management personnel

The following persons were deemed to be Key Management Personnel (“KMP”) during or since the end of the financial year for the purpose of Section 300A of the *Corporations Act 2001* and unless otherwise stated were KMP for the entire reporting period.

Non-executive directors

Keith F. Jones	Non-Executive Director & Chair
Andrew Marshall	Non-Executive Director
Paul Hallam	Non-Executive Director

Executive directors

Chris Stevens	Chief Executive Officer & Executive Director
---------------	--

Other executives

Chris Burton	Chief Financial Officer
--------------	-------------------------

(b) Remuneration policy for key management personnel

The Board is responsible for determining the appropriate remuneration for directors and senior management via the Remuneration Committee. The committee is made up of the non-executive chair and independent non-executive directors.

The Company’s remuneration policy is designed to:

- ensure that coherent remuneration policies and practices are observed which enable the attraction and retention of directors and management who will create value for shareholders;
- fairly and responsibly reward directors and senior management having regard to the Company's performance, the performance of the senior management and the general pay environment; and
- comply with all relevant legal and regulatory provisions.

Non-executive directors

The board’s policy is to remunerate Non-executive Directors at market rates for comparable companies for time, commitment and responsibilities. The Remuneration Committee on behalf of the board determines payments to the Non-executive Directors and reviews their remuneration annually to ensure it remains aligned to business needs and meets remuneration principles. From time to time, the committee also engages external remuneration consultants to assist with this review. Although no remuneration consultant was engaged during the current Financial Year the board undertook comparable benchmarking of peer remuneration in the previous financial year. In particular, the board aims to ensure that remuneration practices are:

- competitive and reasonable, enabling the company to attract and retain key talent;
- aligned to the company’s strategic and business objectives and the creation of shareholder value;
- transparent and easily understood; and
- acceptable to shareholders.

The maximum aggregate amount of fees that can be paid to Non-executive Directors is \$950,000 as approved by shareholders in July 2019. Fees for Non-executive Directors are not linked to the performance of the economic entity. However, to align Directors’ interests with shareholder interests, the Directors are encouraged to hold shares in the Company.

Executive directors and other senior executives

The remuneration policy for employees is developed by the Remuneration Committee taking into account market conditions and comparable salary levels for companies of a similar size and operating in similar sectors.

The Board will make decisions regarding the remuneration of executive directors and senior management having regard to various factors including performance and any recommendations made by the Managing Director/CEO, senior management, compensation consultants and other advisors. The Board will also make a decision regarding the remuneration of non-executive directors having regard to, amongst other things, any recommendations made by compensation consultants and other advisors.

REMUNERATION REPORT - AUDITED

For the year ended 30 June 2026

Remuneration policy for key management personnel (continued)

The Company's Employee current Incentive Plan ("EIP") for its staff, executive KMP and Non-executive Directors was updated on 7 November 2025 following shareholder approval. The board believes that the EIP will assist the Company in remunerating and providing ongoing incentives to employees of the Company. The rules of the EIP enable the Company to issue shares, options or performance rights to eligible personnel subject to performance and vesting conditions determined by the Company.

All remuneration provided to KMP in the form of share based payments are valued pursuant to AASB 2 Share-Based Payment at fair value on grant date and are expensed on a pro rata basis over the vesting period of the relevant security.

(c) Elements of remuneration

Remuneration for non-executive directors may contain any or all of the following:

- (i) annual fees - reflecting the value of the individuals' personal performance, time commitment and responsibilities of the role;
- (ii) equity based remuneration - issues of shares or securities, reflecting the contribution of the Director towards the Company's medium and long term performance objectives; and
- (iii) other benefits - superannuation payments, but not including retirement benefits that are additional to the individual's superannuation.

Remuneration for executive directors and other senior executives may incorporate fixed and variable pay performance elements with both a short term and long term focus.

Remuneration packages may contain any or all of the following:

- (i) annual base salary - reflecting the value of the individuals' personal performance, their ability and experience, as well as the Company's obligations at law and labour market conditions and should be relative to the scale of the business of the Company;
- (ii) performance based remuneration - rewards, bonuses, special payments and other measures available to reward individuals and teams following a particular outstanding business contribution having regard to clearly specified performance targets and to the Company's circumstances, values and risk appetite;
- (iii) equity based remuneration - share participation via employee share and option schemes, reflecting the Company's short, medium and long term performance objectives;
- (iv) other benefits - such as holidays, sickness benefits, superannuation payments and long service benefits;
- (v) expense reimbursement - for any expenses incurred in the course of the personnel's duties; and
- (vi) termination payments - any termination payments should reflect contractual and legal obligations and will not be made when an executive is removed for misconduct.

(d) Voting and comments made at the company's 2025 Annual General Meeting ('AGM')

At the 2025 AGM, 98% of the total votes cast in the poll supported the adoption of the remuneration report for the year ended 30 June 2025. The company did not receive any specific feedback at the AGM regarding its remuneration practices.

(e) Link between remuneration and performance

The table below sets out summary information about the Consolidated Entity's earnings and movements in shareholder wealth for the five years to June 2026.

	30 June 2026	30 June 2025	30 June 2024	30 June 2023	30 June 2022
	\$	\$	\$	\$	\$

REMUNERATION REPORT - AUDITED

For the year ended 30 June 2026

(f) KMP remuneration expenses

The KMP received the following amounts during the year as compensation for their services as directors and executives of the Company.

2026	Short-Term Employee Benefit				Post-Employment Benefit		Share Based Payments		Total	Remuneration Linked to Performance
	Salary & Fees	Bonus ⁽ⁱⁱⁱ⁾	Non-Monetary ⁽ⁱⁱ⁾	Annual Leave Movement ⁽ⁱ⁾	Super-annuation	Long Service Leave Movement ⁽ⁱ⁾	Performance Rights	Options		
	\$	\$	\$	\$	\$		\$	\$		\$
Non-executive directors										
Keith F. Jones ^(v)	100,000	-	-	-	12,000	-	-	-	112,000	0%
Andrew Marshall ^(v)	50,000	-	-	-	6,000	-	-	-	56,000	0%
Paul Hallam ^(v)	50,000	-	-	-	6,000	-	-	-	56,000	0%
	200,000	-	-	-	24,000	-	-	-	224,000	-
Executive directors										
Chris Stevens	373,760	94,934	4,200	6,054	30,000	28,389	245,072	-	782,409	43%
	373,760	94,934	4,200	6,054	30,000	28,389	245,072	-	782,409	43%
Other executives										
Chris Burton ^(iv)	123,690	-	-	-	-	-	61,916	-	185,606	33%
	123,690	-	-	-	-	-	61,916	-	185,606	33%
	697,450	94,934	4,200	6,054	54,000	28,389	306,988	-	1,192,015	

Notes:

(i) The amounts disclosed represent the movement in the associated annual leave provision and long service leave balances. The value may be negative when an Executive resigns or takes more leave than the entitlement accrued during the year.

(ii) Non-monetary benefits relate to office car parking.

(iii) The FY26 bonus was approved by the Remuneration Committee in June 2026 following analysis of attainment of KPIs against criteria set. Bonuses for eligible employees are based on a percentage of Total Fixed Remuneration (TFR) and assessed against companywide criteria. During the FY26 period, the CEO was eligible for a cash bonus of up to 33% of TFR. During the FY26 period, the cash bonus paid to the CEO was 71% of the eligible cash bonus.

(iv) Fees paid and payable to Mr Burton via his advisory services company, Omnia Corporate Pty Ltd, in relation to his role as Chief Financial Officer. As at 30 June 2026, an amount of \$38,847 remains unpaid.

(v) The directors received shares in lieu of directors' fees during the period which related to the final settlement of the unpaid fees from 30 June 2025.

REMUNERATION REPORT - AUDITED

For the year ended 30 June 2026

FY26 KPIs were set based on the following criteria:

Area	Threshold	Target	Exceed	Weight
	50%	75%	100%	
1. Safety, Environment and Heritage	N/A.	N/A.	N/A.	No scale applied
2.Share Price	Share price performance in top 50% of selected basket of peers.	Share price performance in top 75% of selected basket of peers.	Share price growth resulting in an enterprise value > 300% of listing value and being in top quartile of peers.	25%
3. Funding Development	Funding secured sufficient to maintain approved project activities.	Funding secured sufficient to complete the PFS and associated programmes.	Completion of a strategic transaction, partnership or funding outcome that materially improves project funding, development optionality or shareholder value while minimising dilution.	25%
4. Adherence to Budget.	Overall expenditure within Board-approved limits and no material unapproved commitments.	Delivery of approved programmes within budget and with no material unapproved variances.	Delivery of approved programmes within budget while identifying and implementing material cost savings or productivity improvements without compromising outcomes.	15%
5.Approvals & Regulatory Compliance	No material compliance breaches and advancement of key South Australian approvals in accordance with the project execution plan.	Submission or completion of all planned approvals milestones during the performance period with no material regulatory issues.	Achievement of Target plus acceleration of one or more key approvals milestones or completion of material approvals activities ahead of plan.	15%
6. PFS Advancement	Completion of ≥75% of planned PFS technical workstreams within approved schedule and budget parameters.	Completion of all major planned drilling, field, engineering and technical programmes required to support PFS delivery within approved schedule and budget parameters with any delays being due to circumstances beyond management's reasonable control such as weather.	Completion of Target plus achievement of one or more material project improvements resulting in demonstrable value enhancement, risk reduction or schedule acceleration.	20%

In June 2026 the board passed and approved the payment of bonus against the KPIs as follows:

Notes: <i>(i) The amounts disclosed represent the movement in the associated annual leave provision and long service leave balances. The value may be negative when an Executive resigns or takes more leave than the entitlement accrued during the year.</i> <i>(ii) Non-monetary benefits relate to office car parking.</i> <i>(iii) The FY25 bonus was approved by the Remuneration Committee in June 2025 following analysis of attainment of KPIs against criteria set. Bonuses for eligible employees are based on a percentage of Total Fixed Remuneration (TFR) and assessed against companywide criteria. During the FY25 period, the CEO was eligible for a cash bonus of up to 33% of TFR and the CFO was eligible for a cash bonus of up to 25% of TFR. During the FY25 period, the cash bonus paid to the CEO was 53% of the cash bonus available.</i> <i>(iv) Mr Mtsambiwa resigned on 24 March 2025 after a transition period from 23 January 2025 to the date of resignation. Mr Burton was appointed as CFO on this date.</i> <i>(v) The directors received shares in lieu of directors' fees during the period. The amount of shares issued was calculated using the 10 day VWAP prior to the close of the December 2024 and March 2025 quarters. The total value issued in shares to the date of the report has been outlined below and the difference will be issued in 2026:</i> <i>Mr Jones – shares issued 335,843 for a value of \$27,875 in lieu of directors fee payable in cash at an issue price of \$0.083 with outstanding amounts payable in shares and super of \$11,062.</i> <i>Mr Marshall – shares issued 167,922 for a value of \$13,938 in lieu of directors fee payable in cash at an issue price of \$0.083 with outstanding amounts payable in shares and super of \$5,531.</i> <i>Mr Hallam – shares issued 167,922 for a value of \$13,938 in lieu of directors fee payable in cash at an issue price of \$0.083 with outstanding amounts payable in shares and super of \$5,531.</i>										
FY25 KPIs were set based on the following criteria:										

REMUNERATION REPORT - AUDITED

For the year ended 30 June 2026

Area	Threshold	Target	Exceed	Weight
	50%	75%	100%	
1. Safety, Environment and Heritage	N/A.	N/A.	N/A.	No scale applied
2. Adherence to Budget	Adherence to approved FY25 budget with utilisation of contingency and minor overruns or variations. High standard of regulatory compliance with no material breaches, or filing errors	Adherence to FY25 budget with strong budgetary controls and no material overruns or material variations. Exceptional high standard of regulatory compliance with zero material instances of non-compliance or late compliance.	High activity year in line with material exploration and/or study programmes. Exceptional budget discipline with all material areas delivered on time and on budget. No material overruns and exceptional high standard of regulatory compliance.	15%
3. Share Price	Share price performance in top 50% of selected basket of peers.	Share price performance in top 75% of selected basket of peers.	Share price growth resulting in an enterprise value > 300% of listing value and being in top quartile of peers.	35%
4. Funding and development	Completion of board approved funding initiatives resulting in ongoing cash reserves >18 months horizon and baseline project progression.	Completion of board approved funding programmes to complete PFS.	Completion of low-dilution partnership, joint venture or similar programmes with line of sight through PFS.	15%
5. Economics and Technical Study	Delivery of study update showing post tax NPV7 greater than 1:1 at board approved macro economic assumptions. Delivery of PFS scope, plan and budget.	Deliver of study update showing NPV7 greater than 1:1 at board approved macro economic assumptions. Delivery of PFS scope, plan and budget. Delivery of clear project enhancement opportunities for processing resulting in material recovery uplift and/or CAPEX reduction.	Completion of metallurgical test work programmes resulting in CAPEX/OPEX revision and a post-tax NPV:CAPEX ration greater than 1.5:1 at equivalent to existing study macro assumptions.	15%
5. Exploration & Business Development	Completion of board approved drilling programme on time and budget with zero safety, heritage or environmental breaches. Demonstrate technical discovery success with new areas discovered and/or to be followed for future resource estimation.	Identification by drill confirmed intercepts of mineralisation comparable to Emmie Bluff capable of inclusion in mine plan and greater than 10% of equivalent total Emmie Bluff Resource area.	Completion of work to increase known “Reserves” by at least 20% of Emmie Bluff area within mine plan.	20%

In June 2025 the board passed and approved the payment of bonus against the KPIs as follows:

Area	1	2	3	4	5	6
KPI	Safety	Budget	Share Price	Funding and development	Economics and Technical studies	Exploration & Business Development
KPI Weighting	-	15%	35%	15%	15%	20%
Award Recommended	-	Target	37.5% ⁴	Threshold ⁵	Threshold ⁶	Nil ⁷
Award % Recommended	N/A	75%	13%	8%	11%	10%

⁴ Peer comparison review after an assessment of share price market condition resulted in the board electing to make a 50% of target assessment for this KPI.

⁵ A significant injection of capital and broader broker support was considered in the boards assessment with a 50% of KPI awarded.

⁶ Although technically met at the Threshold level, the board has elected to make a 75% due to on-going work in leaching process.

⁷ Although technically met at the Threshold level, the board has elected to make a 50% award to reduce overall bonus payments.

REMUNERATION REPORT - AUDITED
For the year ended 30 June 2026

(g) KMP contractual arrangements

Executive directors and other executives

Component	Executive Director – Chris Stevens	Other Executive – Chris Burton
Total Fixed remuneration	\$ 391,033 inclusive of superannuation	\$150 per hour
Contract duration	Ongoing contract	Ongoing contract
Notice by the individual/company	4 months' notice (individual) 6 months' notice (Company).	1 month (Both)
Termination of employment (without cause)	Chris Stevens is entitlement to pro-rata STI for the year. Unvested LTI will remain on foot subject to achievement of the performance hurdles at the original date of vesting. The Board has discretion to award a greater or lower amount.	
Termination of employment (with cause) or by the individual	STI is not awarded, and all unvested LTI will lapse. Vested and unexercised LTI can be exercised within a period of 30 days from termination unless the board approves the change.	

Non-executive directors

Component	Chair	Member
Board base fees plus superannuation (pa)	\$100,000 + 12% super	\$50,000 + 12% super
Additional fees (pa):		
Audit & Risk Management Committee	-	-
Remuneration & Nomination Committee	-	-

All non-executive directors enter into a service agreement with the company in the form of a letter of appointment. The letter summarises the board policies and terms, including remuneration, relevant to the office of director. Superannuation paid at the legislated rate is excluded from base directors' fees.

(h) KMP share holding

Details of fully paid ordinary shares held by KMP during the financial year is set out below:

2026	Opening Balance	Purchases on-market	Received on Exercise of Performance Rights ²	Purchases from Share Placement	Net Other Change ¹	Closing Balance

On 1 April 2026, the Company entered into a contract with Mr Chris Burton to provide bookkeeping service through Omnia Corporate Pty Ltd, a company controlled by Mr Burton. The amount is capped at \$750 a week (average 2 days a week).

The total amount paid or payable for these services for the year ended 30 June 2026 was \$9,750 and an amount of \$6,375 remained payable as at 30 June 2026.

End of audited remuneration report.

DIRECTORS' REPORT

For the year ended 30 June 2026

AUDITOR

RSM Australia Partners was appointed the Group's auditor on the 1st of November 2022 and continues in office in accordance with section 327 of the Corporations Act 2001.

INDEMNIFICATION AND INSURANCE - OFFICER OR AUDITOR

During the financial year, the Company has indemnified each of the Directors and Officers against all liabilities incurred by them as Directors or Officers of the Company and all legal expenses incurred by them as Directors or Officers of the Company. The indemnification is subject to various specific exclusions and limitation. The Directors and Officers of the Company have been insured against all liabilities and expenses arising as a result of work performed in their respective capacities, to the extent permitted by law. The contract of insurance prohibits the disclosure of the amount of the insurance premiums paid during the year ended 30 June 2026. The Company did not provide any insurance or indemnification for the auditors of the Company.

PROCEEDINGS ON BEHALF OF THE COMPANY

No person has applied to the Court under section 237 of the Corporations Act 2001 for leave to bring proceedings on behalf of the company, or to intervene in any proceedings to which the company is a party for the purpose of taking responsibility on behalf of the company for all or part of those proceedings.

AUDIT AND NON-AUDIT SERVICES

Details of the amounts paid to the auditor of the Company, RSM Australia Partners, and its related practices for audit and non-audit services provided during the period are set out below:

	30 June 2026
Auditors of the Company – <i>RSM Australia Partners</i>	\$
RSM Australia Partners and related network firms	
Audit and review of financial reports	45,533
Other services - Tax compliance services	28,007
	73,540

Details of the amounts paid or payable to the auditor for non-audit services provided during the financial year by the auditor are outlined in above. The directors are satisfied that the provision of non-audit services during the financial year, by the auditor (or by another person or firm on the auditor's behalf), is compatible with the general standard of independence for auditors imposed by the Corporations Act 2001. The directors are of the opinion that the services as disclosed above do not compromise the external auditor's independence requirements of the Corporations Act 2001 for the following reasons:

- all non-audit services have been reviewed and approved to ensure that they do not impact the integrity and objectivity of the auditor; and
- none of the services undermine the general principles relating to auditor independence as set out in APES 110 Code of Ethics for Professional Accountants issued by the Accounting Professional and Ethical Standards Board, including reviewing or auditing the auditor's own work, acting in a management or decision-making capacity for the company, acting as advocate for the company or jointly sharing economic risks and rewards.

ROUNDING OF AMOUNTS

The company is of a kind referred to in Corporations Instrument 2026/183, issued by the Australian Securities and Investments Commission, relating to 'rounding-off'. Amounts in this report have been rounded off in accordance with that Corporations Instrument to the nearest dollar.

LEAD AUDITOR'S INDEPENDENCE DECLARATION

In accordance with section 307C of the *Corporations Act 2001*, the directors received the attached Independence Declaration set out on page 18 and forms part of the Directors' Report for the year ended 30 June 2026.

This report is made in accordance with a resolution of directors, pursuant to section 298(2)(a) of the Corporations Act 2001. On behalf of the directors:

K F Jones

AUDITOR'S INDEPENDENCE DECLARATION

As lead auditor for the audit of the financial report of Coda Minerals Limited for the year ended 30 June 2026, I declare that, to the best of my knowledge and belief, there have been no contraventions of:

- (i) the auditor independence requirements of the *Corporations Act 2001* in relation to the audit; and
- (ii) any applicable code of professional conduct in relation to the audit.

INDEPENDENT AUDITOR'S REPORT

To the Members of Coda Minerals Limited

REPORT ON THE AUDIT OF THE FINANCIAL REPORT

Opinion

We have audited the financial report of Coda Minerals Limited (the Company) and its subsidiaries (the Group), which comprises the consolidated statement of financial position as at 30 June 2026, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policy information, the consolidated entity disclosure statement, and the directors' declaration.

In our opinion the accompanying financial report of the Group is in accordance with the *Corporations Act 2001*, including:

- (i) giving a true and fair view of the Group's financial position as at 30 June 2026 and of its financial performance for the year then ended; and
- (ii) complying with Australian Accounting Standards and the Corporations Regulations 2001.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* issued by the Accounting Professional & Ethical Standards Board Limited (the Code) that are relevant to our audit of the financial report of public interest entities in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

THE POWER OF BEING UNDERSTOOD
ASSURANCE | TAX | CONSULTING

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial report of the current period. These matters were addressed in the context of our audit of the financial report as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key Audit Matter	How our audit addressed this matter
Exploration and Evaluation Assets Refer to Note 13 in the financial statements	
The Group has capitalised exploration and evaluation assets with a carrying value of \$17,619,275 as at 30 June 2026. During the year, management recognised an impairment expense of \$306,900 relating to certain exploration tenements/projects following an assessment of impairment indicators under AASB 6 Exploration for and Evaluation of Mineral Resources. We considered this to be a key audit matter due to the significant management judgments involved in assessing the carrying value of the asset including: • Determination of whether the expenditure can be associated with finding specific mineral resources, and the basis on which that expenditure is allocated to an area of interest; • Determination of whether exploration activities have progressed to the stage at which the existence of an economically recoverable mineral reserve may be assessed; and • Assessing whether any indicators of impairment are present, and if so, judgments applied to determine and quantify the impairment loss.	Our audit procedures included: • Assessing the Group's accounting policy for compliance with Australian Accounting Standards; • Assessing whether the Group's right to tenure of each relevant area of interest is current; • Agreeing, on a sample basis, exploration and evaluation expenditure incurred during the year to supporting documentation, including assessing whether all amounts have been accounted for in accordance with the Group's accounting policy; • Obtaining an understanding of management's process for assessing impairment indicators in accordance with AASB 6; • Assessing management's rationale for recognising the impairment expense, including consideration of exploration results, future exploration plans and budgets; • Assessing management's determination that exploration and evaluation activities have not yet reached a stage where the existence or otherwise of economically recoverable reserves may be reasonably determined; • Enquiring with management and reading budgets and other supporting documentation to corroborate that active and significant operations in, or relation to, each relevant area of interest will be continued in the future; and • Assessing the appropriateness of the disclosures in financial report.

Other Information

The directors are responsible for the other information. The other information comprises the information included in the Group's annual report for the year ended 30 June 2026 but does not include the financial report and the auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors for the Financial Report

The directors of the Company are responsible for the preparation of:

- a. the financial report (other than the consolidated entity disclosure statement) that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001*; and
- b. the consolidated entity disclosure statement that is true and correct in accordance with the *Corporations Act 2001*, and

for such internal control as the directors determine is necessary to enable the preparation of:

- i. the financial report (other than the consolidated entity disclosure statement) that gives a true and fair view and is free from material misstatement, whether due to fraud or error; and
- ii. the consolidated entity disclosure statement that is true and correct and is free of misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

A further description of our responsibilities for the audit of the financial report is located at the Auditing and Assurance Standards Board website at: https://www.auasb.gov.au/media/bwvjcgre/ar1_2024.pdf This description forms part of our auditor's report.

REPORT ON THE REMUNERATION REPORT

Opinion on the Remuneration Report

We have audited the Remuneration Report included in within of the directors' report for the year ended 30 June 2026.

In our opinion, the Remuneration Report of Coda Minerals Limited, for the year ended 30 June 2026, complies with section 300A of the *Corporations Act 2001*.

Responsibilities

The directors of the Company are responsible for the preparation and presentation of the Remuneration Report in accordance with section 300A of the *Corporations Act 2001*. Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with Australian Auditing Standards.

CODA MINERALS LTD and its controlled entities
DIRECTORS' DECLARATION
For the year ended 30 June 2026

In the opinion of the directors of Coda Minerals Ltd ("the Group"):

1. The financial statements and notes, comply with the *Corporations Act 2001*, Australian Accounting Standards, Corporations Regulations 2001 and other mandatory professional reporting requirements;
2. The financial statements and notes comply with International Financial Reporting Standards as issued by the International Accounting Standards Board as described in note 2 to the financial statements;
3. The financial statements and notes give a true and fair view of the consolidated entity's financial position as at 30 June 2026 and of its performance for the financial year ended on that date;
4. There are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable; and
5. The information disclosed in the Consolidated Entity Disclosure Statement on page 59 is true and correct.

The Directors have been given the declarations required by section 295A of the Corporations Act 2001

Signed in accordance with a resolution of the Directors made pursuant to section 295(5)(a) of the Corporations Act 2001.

On behalf of Directors

KF Jones
Director

Dated at Perth this 29th day of September 2026.

CODA MINERALS LTD and its controlled entities
CONSOLIDATED NOTES TO THE FINANCIAL STATEMENTS
For the year ended 30 June 2026

1. REPORTING ENTITY

Coda Minerals Ltd (the 'Company' or 'Coda') is a company domiciled in Australia and listed on the Australian Securities Exchange 'ASX' (ASX:COD). The address of the Company's registered office is 6 Altona Street, West Perth. The financial statements of Coda as at and for the year ended 30 June 2026 comprise the Company and its subsidiaries' ('the Group') results.

The Company is a for-profit entity primarily involved in the exploration and evaluation of mineral resources.

2. MATERIAL ACCOUNTING POLICIES

a) Statement of compliance

These financial statements are general purpose financial statements which have been prepared in accordance with Australian Accounting Standards ("AAS") adopted and other authoritative pronouncements issued by the Australian Accounting Standards Board ("AASB") and the *Corporations Act 2001*. The financial statements comply with International Financial Reporting Standards ("IFRSs") issued by the International Accounting Standards Board ("IASB").

The financial statements were authorised for issue by the Directors on the 29th September 2026.

b) New or amended Accounting Standards and Interpretations adopted

The consolidated entity has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period. Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

c) Basis of preparation

Historical cost convention

The financial statements have been prepared under the historical cost convention, except for, where applicable, the revaluation of financial assets and liabilities at fair value through profit or loss, financial assets at fair value through other comprehensive income, investment properties, certain classes of property, plant and equipment and derivative financial instruments.

Critical accounting estimates

The preparation of the financial statements requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the consolidated entity's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements, are disclosed in note 3.

d) Parent entity information

In accordance with the Corporations Act 2001, these financial statements present the results of the consolidated entity only. Supplementary information about the parent entity is disclosed in note 21.

e) Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Company and entities controlled by the Company (its subsidiaries). Control is achieved when the Group has power over an entity and is exposed to, or has rights over, the variable returns of the entity, as well as the ability to use this power to affect the variable returns of the entity.

The results of subsidiaries acquired or disposed of during the year are included in the consolidated income statement from the effective date of acquisition or up to the effective date of disposal, as appropriate. Where necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with those used by other members of the Group. All intra-group transactions, balances, income and expenses are eliminated in full on consolidation.

A change in the ownership interest of a subsidiary that does not result in a loss of control, is accounted for as an equity transaction.

If the Group loses control over a subsidiary, it:

- derecognises the assets (including goodwill) and liabilities of the subsidiary;
- derecognises the carrying amount of any non-controlling interest;
- recognises the fair value of the consideration received;
- recognises the fair value of any investment retained;
- recognises any surplus or deficit in profit or loss; and
- reclassifies to profit or loss or transfers directly to retained earnings, as appropriate, the parent's share of components previously recognised in other comprehensive income.

CODA MINERALS LTD and its controlled entities
CONSOLIDATED NOTES TO THE FINANCIAL STATEMENTS
For the year ended 30 June 2026

f) Going concern

As disclosed in the financial statements the Group held cash and cash equivalents of \$10,767,106 had a net current asset surplus of \$9,513,525 and incurred a net loss of \$10,856,225, had cash outflows from operating activities of \$8,871,765 for the year ended 30 June 2026.

The ability of the Group to continue as a going concern is principally dependent upon the ability of the Group to meet its working capital requirement through obtaining additional funding, when required, from either equity markets, debt or other funding mechanisms and curtailing corporate, administration expenses and overhead cash outflows until such time as it attains positive cash flows from operating activities.

The Group does not have any recurring sources of income and therefore remains dependent on funding mechanisms to cover general working capital and exploration and evaluation activities.

The Directors believe that there are reasonable grounds to conclude that the Group will be able to continue as a going concern, after consideration of the following factors:

- The Group has substantial cash equivalents on hand as at 30 June 2026;
- On 11 August 2026, the Company completed the tranche 2 placement announced on 3 June 2026 to raise \$2 million before costs;
- The availability of receipts from the refund of research and development tax incentives;
- The ability of the Group to issue additional equity securities to raise further working capital; and
- The ability to curtail corporate and administration expenses and overhead cash outflows as and when required.

On this basis, the Directors are of the opinion that the financial statements should be prepared on a going concern basis and that the Group will be able to pay its liabilities as and when they fall due and payable.

g) Use of estimates and judgements

The preparation of financial statements in conformity with AASB requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment within the next financial period are included in the notes if applicable. There were no significant estimations of useful life for the current reporting period.

h) Determination of fair values

A number of the Group's accounting policies and disclosures require the determination of fair value, for both financial and non-financial assets and liabilities. Fair values have been determined for measurement and/or disclosure purposes based on the following methods. Where applicable, further information about the assumptions made in determining fair values is disclosed in the notes specific to that asset or liability.

i) Current and non-current classification

Assets and liabilities are presented in the statement of financial position based on current and non-current classification.

An asset is classified as current when: it is either expected to be realised or intended to be sold or consumed in the consolidated entity's normal operating cycle; it is held primarily for the purpose of trading; it is expected to be realised within 12 months after the reporting period; or the asset is cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least 12 months after the reporting period. All other assets are classified as non-current.

A liability is classified as current when: it is either expected to be settled in the consolidated entity's normal operating cycle; it is held primarily for the purpose of trading; it is due to be settled within 12 months after the reporting period; or there is no unconditional right to defer the settlement of the liability for at least 12 months after the reporting period. All other liabilities are classified as non-current. Deferred tax assets and liabilities are always classified as non-current.

CODA MINERALS LTD and its controlled entities
CONSOLIDATED NOTES TO THE FINANCIAL STATEMENTS
For the year ended 30 June 2026

k) Goods and services tax ('GST')

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Tax Office ('ATO'). In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense.

Cash flows are presented in the statement of cash flows on a gross basis.

l) Cash and cash equivalents

Cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

m) Trade and other receivables

Trade receivables are initially recognised at fair value and subsequently measured at amortised cost using the effective interest method, less any allowance for expected credit losses. Trade receivables are generally due for settlement within 30 days.

The consolidated entity has applied the simplified approach to measuring expected credit losses, which uses a lifetime expected loss allowance. To measure the expected credit losses, trade receivables have been grouped based on days overdue. Other receivables are recognised at amortised cost, less any allowance for expected credit losses.

n) Investments and other financial assets

Investments and other financial assets are initially measured at fair value. Transaction costs are included as part of the initial measurement, except for financial assets at fair value through profit or loss. Such assets are subsequently measured at either amortised cost or fair value depending on their classification. Classification is determined based on both the business model within which such assets are held and the contractual cash flow characteristics of the financial asset unless an accounting mismatch is being avoided.

Financial assets are derecognised when the rights to receive cash flows have expired or have been transferred and the consolidated entity has transferred substantially all the risks and rewards of ownership. When there is no reasonable expectation of recovering part or all of a financial asset, its carrying value is written off.

Financial assets at fair value through other comprehensive income

Financial assets at fair value through other comprehensive income include equity investments which the consolidated entity intends to hold for the foreseeable future and has irrevocably elected to classify them as such upon initial recognition.

o) Right-of-use assets

A right-of-use asset is recognised at the commencement date of a lease. The right-of-use asset is measured at cost, which comprises the initial amount of the lease liability, adjusted for, as applicable, any lease payments made at or before the commencement date net of any lease incentives received, any initial direct costs incurred, and, except where included in the cost of inventories, an estimate of costs expected to be incurred for dismantling and removing the underlying asset, and restoring the site or asset.

Right-of-use assets are depreciated on a straight-line basis over the unexpired period of the lease or the estimated useful life of the asset, whichever is the shorter. Where the consolidated entity expects to obtain ownership of the leased asset at the end of the lease term, the depreciation is over its estimated useful life. Right-of use assets are subject to impairment or adjusted for any remeasurement of lease liabilities.

The consolidated entity has elected not to recognise a right-of-use asset and corresponding lease liability for short-term leases with terms of 12 months or less and leases of low-value assets. Lease payments on these assets are expensed to profit or loss as incurred.

The consolidated entity's assessment of the impact of these new or amended Accounting Standards and Interpretations, most relevant to the consolidated entity, are set out below.

CODA MINERALS LTD and its controlled entities
CONSOLIDATED NOTES TO THE FINANCIAL STATEMENTS
For the year ended 30 June 2026

p) Employee benefits

Short-term employee benefits

Liabilities for wages and salaries, including non-monetary benefits, annual leave and long service leave expected to be settled wholly within 12 months of the reporting date are measured at the amounts expected to be paid when the liabilities are settled.

Other long-term employee benefits

The liability for annual leave and long service leave not expected to be settled within 12 months of the reporting date are measured at the present value of expected future payments to be made in respect of services provided by employees up to the reporting date using the projected unit credit method. Consideration is given to expected future wage and salary levels, experience of employee departures and periods of service. Expected future payments are discounted using market yields at the reporting date on corporate bonds with terms to maturity and currency that match, as closely as possible, the estimated future cash outflows.

Defined contribution superannuation expense

Contributions to defined contribution superannuation plans are expensed in the period in which they are incurred.

Share-based payments

Equity-settled and cash-settled share-based compensation benefits are provided to employees. Equity-settled transactions are awards of shares, or options/performance rights over shares, that are provided to employees in exchange for the rendering of services. Cash-settled transactions are awards of cash for the exchange of services, where the amount of cash is determined by reference to the share price.

The cost of equity-settled transactions are measured at fair value on grant date. Fair value is independently determined using the Modified Binomial, Black-Scholes, Monte Carlo or barrier up and in trinomial pricing model, depending on whether they contain market based vesting conditions, that takes into account the exercise price, the term of the option, the impact of dilution, the share price at grant date and expected price volatility of the underlying share, the expected dividend yield and the risk free interest rate for the term of the option, together with non-vesting conditions that do not determine whether the consolidated entity receives the services that entitle the employees to receive payment.

The cost of equity-settled transactions are recognised as an expense with a corresponding increase in equity over the vesting period. The cumulative charge to profit or loss is calculated based on the grant date fair value of the award, the best estimate of the number of awards that are likely to vest and the expired portion of the vesting period. The amount recognised in profit or loss for the period is the cumulative amount calculated at each reporting date less amounts already recognised in previous periods.

The cost of cash-settled transactions is initially, and at each reporting date until vested, determined by applying the Modified Binomial, Black-Scholes, Monte Carlo or barrier up and in trinomial pricing model, depending on whether they contain market based vesting conditions, taking into consideration the terms and conditions on which the award was granted. The cumulative charge to profit or loss until settlement of the liability is calculated as follows:

- during the vesting period, the liability at each reporting date is the fair value of the award at that date multiplied by the expired portion of the vesting period.
- from the end of the vesting period until settlement of the award, the liability is the full fair value of the liability at the reporting date.

All changes in the liability are recognised in profit or loss. The ultimate cost of cash-settled transactions is the cash paid to settle the liability.

Market conditions are taken into consideration in determining fair value. Therefore any awards subject to market conditions are considered to vest irrespective of whether or not that market condition has been met, provided all other conditions are satisfied.

If equity-settled awards are modified, as a minimum an expense is recognised as if the modification has not been made. An additional expense is recognised, over the remaining vesting period, for any modification that increases the total fair value of the share-based compensation benefit as at the date of modification.

q) Rounding of amounts

The company is of a kind referred to in Corporations Instrument 2026/183, issued by the Australian Securities and Investments Commission, relating to 'rounding-off'. Amounts in this report have been rounded off in accordance with that Corporations Instrument to the nearest dollar.

CODA MINERALS LTD and its controlled entities
CONSOLIDATED NOTES TO THE FINANCIAL STATEMENTS
For the year ended 30 June 2026

r) New Accounting Standards and Interpretations not yet mandatory or early adopted

Australian Accounting Standards and Interpretations that have recently been issued or amended but are not yet mandatory, have not been early adopted by the consolidated entity for the annual reporting period ended 30 June 2026. The consolidated entity has not yet assessed the impact of these new or amended Accounting Standards and Interpretations other than the following:

AASB 18 Presentation and Disclosure in Financial Statements

This standard is applicable to annual reporting periods beginning on or after 1 January 2027 and early adoption is permitted. The standard replaces IAS 1 'Presentation of Financial Statements', with many of the original disclosure requirements retained and there will be no impact on the recognition and measurement of items in the financial statements. But the standard will affect presentation and disclosure in the financial statements, including introducing five categories in the statement of profit or loss and other comprehensive income: operating, investing, financing, income taxes and discontinued operations. The standard introduces two mandatory sub-totals in the statement: 'Operating profit' and 'Profit before financing and income taxes'. There are also new disclosure requirements for 'management-defined performance measures', such as earnings before interest, taxes, depreciation and amortisation ('EBITDA') or 'adjusted profit'. The standard provides enhanced guidance on grouping of information (aggregation and disaggregation), including whether to present this information in the primary financial statements or in the notes. The consolidated entity will adopt this standard from 1 July 2027 and it is expected that there will be a significant change to the layout of the statement of profit or loss and other comprehensive income.

s) Accounting Policies

Significant and other accounting policies that summarise the measurement basis used and which are relevant to an understanding of the financial statements are provided throughout the notes to the financial statements. Where possible, wording has been simplified to provide clearer commentary on the financial report of the Group. Accounting policies determined non-significant are not included in the financial statements.

3. CRITICAL ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts in the financial statements. Management continually evaluates its judgements and estimates in relation to assets, liabilities, contingent liabilities, revenue and expenses. Management bases its judgements, estimates and assumptions on historical experience and on other various factors, including expectations of future events, management believes to be reasonable under the circumstances. The resulting accounting judgements and estimates will seldom equal the related actual results. The judgements, estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities (refer to the respective notes) within the next financial year are discussed below.

Share-based payment transactions

The consolidated entity measures the cost of equity-settled transactions with employees by reference to the fair value of the equity instruments at the date at which they are granted. The fair value is determined by the Modified Binomial, Black-Scholes, Monte Carlo or barrier up and in trinomial pricing model, depending on whether they contain market based vesting conditions, taking into account the terms and conditions upon which the instruments were granted. The accounting estimates and assumptions relating to equity-settled share-based payments would have no impact on the carrying amounts of assets and liabilities within the next annual reporting period but may impact profit or loss and equity. Refer to note 20 for further information.

Exploration and evaluation costs

The write-off, impairment or carrying forward of exploration expenditure in relation to areas of interest in the exploration and evaluation phase is dependent on the successful development and commercial exploitation or sale of the respective areas. The Company makes an assessment of impairment based on pre-determined impairment indicators, considering the requirements of the accounting standard, and with the information available at the time of preparing this report. Information may come to light in subsequent periods which requires the asset to be impaired or written down for which the directors were unable to predict the outcome.

CODA MINERALS LTD and its controlled entities
CONSOLIDATED NOTES TO THE FINANCIAL STATEMENTS
For the year ended 30 June 2026

4. SEGMENT INFORMATION

An operating segment is a component of the Group that engages in business activities from which it may incur expenses. Segment capital expenditure is the total cost incurred during the period to acquire property, plant and equipment, and exploration expenditure. Management has determined the operating segments based on the monthly reports reviewed by the Board of Directors that are used to make strategic decisions being Elizabeth Creek Copper Silver project, the Cameron River Copper Gold project and the Kinloch project. The Board of Directors review unaudited monthly financial statements and the accounting policies adopted for internal reporting are consistent with those adopted in the 30 June 2026 financial statements.

The following is an analysis of the Group's results by reportable operating segment for the full year under review:

Operating Segment Results For the year ended 30 June 2026	Elizabeth Creek \$	Cameron River \$	Kinloch \$	Corporate / Other \$	Consolidated \$

5. REVENUE, OTHER INCOME AND EXPENSES

Accounting policy

Revenue is measured at the fair value of the gross consideration received or receivable. Coda recognises revenue when the amount of revenue can be reliably measured, and when it is probable that future economic benefits will flow to Coda.

Finance income

Finance income comprises interest income on funds invested. Interest income is recognised as it accrues, using the effective interest method.

	30 June 2026	30 June 2025
	\$	\$
Finance income		
Interest income	253,577	170,241
Other income		
Other income ⁽ⁱ⁾	4,900	-
Research and development tax incentive ⁽ⁱⁱ⁾	51,564	34,109
Total other income	56,464	34,109

Note:

- (i) The Company charged external parties to use its pod cast facilities.
- (ii) During 30 June 2026, Coda received a payment of \$34,109 relating to research and development incentive claim for 30 June 2024. The research and development tax incentive of \$51,564 relates to the 30 June 2025 financial year and has been received in August 2026.

Accounting policy

Finance expenses

Finance expenses comprise interest expense on lease. Foreign currency gains and losses are reported on a net basis either as finance income or finance costs depending on whether they are in a net gain or loss position.

	30 June 2026	30 June 2025

6. INCOME TAX

Accounting policy

Income tax expense comprises current and deferred tax. Income tax expense is recognised in profit or loss except to the extent that it relates to items recognised directly in equity, in which case it is recognised in equity.

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous years.

Deferred tax is recognised using the balance sheet method, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date.

A deferred tax asset is recognised to the extent that it is probable that future taxable profits will be available against which temporary differences can be utilised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively. Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

The Group recognises deferred tax assets arising from unused tax losses to the extent that it is probable that future taxable profits of the Group will be available against which the assets can be utilised. The Group assesses the recovery of its unused tax losses and tax credits only in the period in which they arise. Any subsequent period adjustments to deferred tax assets arising from unused tax losses as a result of revised assessments of the probability of recoverability are recognised by the Company.

For the year ended 30 June 2026

6. INCOME TAX (continued)

Unrecognised deferred tax assets

As at 30 June 2026 gross tax losses totalling \$54,507,613 (2025: \$41,972,225) have not been recognised as deferred tax assets. A deferred tax asset has not been recognised in respect of the above tax losses because it is not probable that future taxable profit will be available against which the consolidated entity can utilise the benefit.

The utilisation of income tax losses will be subject to satisfying the relevant tests in the income tax assessment act at the time of utilisation the losses.

Change in fair value of investments	45,577	(2,726)
Carrying amount at end of year	189,744	144,167

11. PROPERTY, PLANT & EQUIPMENT

Accounting policy

(i) Recognition and measurement

Items of property, plant and equipment are measured at cost less accumulated depreciation and accumulated impairment losses.

Cost includes expenditure that is directly attributable to the acquisition of the asset. The cost of self-constructed assets includes the cost of materials and direct labour, any other costs directly attributable to bringing the assets to a working condition for their intended use, the costs of dismantling and removing the items and restoring the site on which they are located and capitalised borrowing costs. Cost also may include transfers from other comprehensive income of any gain or loss on qualifying cash flow hedges of foreign currency purchases of property, plant and equipment. Purchased software that is integral to the functionality of the related equipment is capitalised as part of that equipment.

When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment. The gains and losses on disposal of an item of property, plant and equipment are determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment and are recognised net within other income/other expenses in profit or loss.

ii) Depreciation and amortisation

Depreciation is recognised in profit or loss on a straight line basis over the estimated useful lives of each part or item of property, plant and equipment. Right of use assets are depreciated on a straight line basis over the shorter of the lease term and the estimated useful life. The estimated useful lives for the current and comparative periods are as follows:

- furniture fittings and equipment 3-8 years
- right of use asset (leased offices) 5-15 years

Depreciation methods, useful lives and residual values are reviewed at each reporting date.

At 30 June 2025	211,654	86,483	298,137

The Company leases its corporate office at 6 Altona Street West Perth as well as an operational office in Adelaide, South Australia. These leases are recognised in accordance with the new AASB 16: *Leases* which the Company adopted on 1 July 2019. Refer to note 17 for further details.

12. INTANGIBLE ASSETS

Accounting policy

Licences acquired are initially recognised at cost and are subsequently carried at cost less accumulated amortisation and accumulated impairment losses. These costs are amortised to profit or loss using the straight-line method over 15 years, which is the estimated useful lives and periods of contractual rights.

	30 June 2026	30 June 2025
	\$	\$
Intangible assets – Technology licence		
Carrying amount at beginning of year	91,220	104,553
Amortisation	(13,333)	(13,333)
Carrying amount at end of year	77,887	91,220

The Company entered into a novated licence agreement for the use of mineral processing technology that was executed in 2017. This licence provides the Company with the right to use the technology on new projects that may be identified during ongoing business development and strategy work.

CODA MINERALS LTD and its controlled entities
CONSOLIDATED NOTES TO THE FINANCIAL STATEMENTS
For the year ended 30 June 2026

13. EXPLORATION AND EVALUATION ASSETS

Accounting policy

Expenditure on exploration and evaluation is accounted for in accordance with the 'area of interest' method and with AASB 6 *Exploration for and Evaluation of Mineral Resources*, which is the Australian equivalent of IFRS 6.

Exploration and evaluation expenditure encompasses expenditures incurred by the Company in connection with the exploration for and evaluation of mineral resources before the technical feasibility and commercial viability of extracting a mineral resource are demonstrable.

For each area of interest, expenditure incurred in the acquisition of rights to explore is capitalised, classified as tangible or intangible, and recognised as an exploration and evaluation asset. Exploration and evaluation assets are measured at cost at recognition. Exploration and evaluation expenditure incurred by the Company subsequent to acquisition of the rights to explore is expensed as incurred, up until the point at which an appropriate level of study is completed.

Exploration and evaluation assets are only recognised if the rights of tenure to the area of interest are current and either:

- (i) the expenditures are expected to be recouped through successful development and exploitation of the area of interest; or
- (ii) activities in the area of interest have not, at the reporting date, reached a stage which permits a reasonable assessment of the existence or otherwise of economically recoverable reserves and active and significant operations in, or in relation to, the area of interest are continuing.

Once a decision to mine has been made by the board of directors for an area of interest, management will test for impairment before reclassifying an amount from intangible assets to mining property and development assets within property, plant and equipment.

Where a decision is made to proceed with development, accumulated expenditure is tested for impairment and transferred to development properties, and then amortised over the life of the reserves associated with the area of interest once mining operations have commenced. Recoverability of the carrying amount of the exploration and evaluation assets is dependent on successful development and commercial exploitation, or alternatively, sale of the respective areas of interest.

	30 June 2026	30 June 2025

Impairment ¹	(306,900)	-
Carrying amount at end of year	17,619,275	17,926,175

Notes:

- 1 –The Company has taken the decision to focus its exploration activities on its Elizabeth Creek Project and minimal activity is planned for the Cameron River Project for the foreseeable future. Accordingly, in line with the accounting standard its carrying value has been impaired.

CODA MINERALS LTD and its controlled entities
CONSOLIDATED NOTES TO THE FINANCIAL STATEMENTS
For the year ended 30 June 2026

14. IMPAIRMENT OF NON FINANCIAL ASSETS

Accounting policy

The carrying amounts of the Group's non-financial assets, other than inventories and deferred tax assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists then the asset's recoverable amount is estimated.

An impairment loss is recognised if the carrying amount of an asset or its cash-generating unit exceeds its recoverable amount. A cash-generating unit is the smallest identifiable asset of the Company that generates cash flows that are largely independent from other assets. Impairment losses are recognised in profit or loss.

The recoverable amount of an asset or cash-generating unit is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

Impairment losses recognised in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised. At 30 June 2026 there were no internal or external indicators of impairment and as a result, no impairment testing was conducted, other than in relation to exploration and evaluation assets.

15. TRADE AND OTHER PAYABLES

Accounting policy

Trade and other payables are initially recognised at the value of the invoice received from a supplier and subsequently measured at amortised cost. They represent liabilities for goods and services provided to the company prior to the end of the financial year that are unpaid and arise when the Group becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured and generally paid within 60 days of recognition.

Trade and other payables are presented as current liabilities unless payment is not due within 12 months from the reporting date. The carrying amounts of trade and other payables are assumed to be the same as their fair values, due to their short-term nature.

	30 June 2026	30 June 2025
	\$	\$
Trade creditors	714,008	138,126
Other creditors and accruals	544,500	245,115

16. EMPLOYEE BENEFITS

	30 June 2026	30 June 2025
	\$	\$
Current		
Employee benefits	195,727	179,336
Total employee benefits	195,727	179,336

Amounts not expected to be settled within the next 12 months

The current provision for employee benefits includes all unconditional entitlements where employees have completed the required period of service and also those where employees are entitled to pro-rata payments in certain circumstances. The entire amount is presented as current, since the consolidated entity does not have an unconditional right to defer settlement. However, based on past experience, the consolidated entity does not expect all employees to take the full amount of accrued leave or require payment within the next 12 months.

17. LEASE LIABILITY

Accounting policy

The Company as a lessee, has recognised right-of-use assets representing its rights to use the underlying assets and lease liabilities representing its obligation to make lease payments.

The Company as a lessee will assess whether a contract is, or contains, a lease under AASB 16. A contract is, or contains a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

If the contract is assessed to be, or contains, a lease, the Company will recognise a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, and subsequently at cost less any accumulated depreciation and impairment losses and adjusted for certain remeasurements of the lease liability.

Depreciation is based on the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate. Generally, the Company uses its incremental borrowing rate as the discount rate.

The lease liability is subsequently increased by the interest cost on the lease liability, offset by lease payments made. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, a change in the estimate of the amount expected to be payable under a residual value guarantee, or as appropriate, changes in the assessment of whether a purchase or extension option is reasonably certain to be exercised or a termination option is reasonably certain not to be exercised.

The Company has elected not to recognise right-of-use assets and lease liabilities for short-term leases lease term of 12 months or less and leases for low-value assets. The Company will recognise the payments associated with these leases as an expense on a straight-line basis over the lease term.

For the year ended 30 June 2026

18. PROVISIONS

Accounting policy

The Company has liabilities for long service leave that will not be settled wholly within 12 months after the end of the period in which the employees render the related service. These obligations are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using estimated forecast information. Consideration is given to expected future wage and salary levels, experience of employee departures and periods of service. Expected future payments are discounted using market yields at the end of the reporting period of the RBA retail rate that match, as closely as possible, the estimated future cash outflows. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss. The obligations are presented as current liabilities in the statement of financial position if the entity does not have an unconditional right, at the end of the reporting period, to defer settlement for at least 12 months after the reporting period, regardless of when the actual settlement is expected to occur.

Long service leave liability

	30 June 2026 \$	30 June 2025 \$
Within 1 year	95,445	-
Later than one year and not later than three years	-	38,965
Total long service leave liability	95,445	38,965

In the prior period, the Company has assumed a 50% probability of staff leaving with a salary growth rate of 2.5% and a discount rate of 3.2%. As at 30 June 2026, the Company has recorded the nominal value of the liability as a number of employees are eligible for this leave in July 2026.

19. ISSUED CAPITAL

Accounting policy

Issued Capital

Ordinary shares are classified as contributed equity. Costs directly attributable to the issue of new shares or options are shown in issued capital as a deduction from the proceeds.

 - (x) On 16 December 2025, the Company completed a placement to sophisticated investor for \$1,000,000 before costs at an issue price of \$0.105 per share with a total number of 9,523,810 fully paid ordinary shares issued including one free attached options for every 4 shares issued. Total number of options issued was 2,380,953.*
 - (xi) On 19 January 2026, the Company issued 2,104 fully paid ordinary shares on the exercise of options at \$0.15.*
 - (xii) On 20 February 2026, the Company issued 14 fully paid ordinary shares on the exercise of options at \$0.15.*
 - (xiii) On 4 March 2026, the Company issued 1,555,413 fully paid ordinary shares on the exercise of options at \$0.15.*
 - (xiv) On 20 March 2026, the Company issued 619,242 fully paid ordinary shares on conversion of vested performance rights to shares at nil consideration.*
 - (xv) On 5 June 2026, the Company issued 36,153,847 fully paid ordinary shares at an issue price of \$0.13 a share to raise \$4.7 million (before costs) to sophisticated investors. Under the terms of the placement, each investor was entitled to receive one attaching quoted option, exercisable at \$0.15 and expiring on the 28th of March 2029, for every four shares subscribed which were subject to shareholder approval.*
 - (xvi) Placement costs for the current period include the cost of options issued to the underwriter and the lead manager valued based on the fair value of the services provided (November 2025) and the fair value of the instruments issued (June 2026). The total value attributable to the equity instruments issue was \$493,273 (November 2025 raising) and \$375,635 (June 2026 raising). Placement costs for the comparative period include the cost of options issued to the underwriter and the lead manager valued using Black Scholes options pricing model, with a total value of \$512,004.*

Ordinary shares

Ordinary shares entitle the holder to participate in dividends and the proceeds on the winding up of the company in proportion to the number of and amounts paid on the shares held. The fully paid ordinary shares have no par value and the company does not have a limited amount of authorised capital. On a show of hands every member present at a meeting in person or by proxy shall have one vote and upon a poll each share shall have one vote.

Share buy-back

There is no current on-market share buy-back.

Capital risk management

The consolidated entity's objectives when managing capital is to safeguard its ability to continue as a going concern, so that it can provide returns for shareholders and benefits for other stakeholders and to maintain an optimum capital structure to reduce the cost of capital.

Capital is regarded as total equity, as recognised in the statement of financial position, plus net debt. Net debt is calculated as total borrowings less cash and cash equivalents.

In order to maintain or adjust the capital structure, the consolidated entity may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

CODA MINERALS LTD and its controlled entities
CONSOLIDATED NOTES TO THE FINANCIAL STATEMENTS
For the year ended 30 June 2026

The consolidated entity would look to raise capital when an opportunity to invest in a business or company was seen as value adding relative to the current company's share price at the time of the investment. The consolidated entity is not actively pursuing additional investments in the short term as it continues to integrate and grow its existing businesses in order to maximise synergies.

The capital risk management policy remains unchanged from the 30 June 2025 Annual Report.

20. RESERVES

Nature and purpose of reserves

(a) Capital contribution reserve

The capital contribution reserve represents cash and asset contributions from the Company's former ultimate parent company made prior to the completion of the demerger on 23 July 2019.

	30 June 2026	30 June 2025
	\$	\$
Reserve at beginning of year	12,040,106	12,040,106
Capital contributions during the year	-	-
Capital contribution reserve at end of period	12,040,106	12,040,106

(b) Share based payments reserve

The fair value of options and performance rights, as at the grant date, granted to Directors, employees or advisors is recognised as a share based payment expense, with a corresponding increase in equity, over the period during which the Directors, employees or advisors become unconditionally entitled to the share based payment. The amount recognised as an expense is adjusted to reflect the actual number of share options or performance rights that vest, except where forfeiture is only due to share prices not achieving the threshold for vesting.

The fair value of the performance rights consideration for the Cameron River Farm-in as well as the fair value of the performance rights consideration for the acquisition of Torrens is recognised as an exploration and evaluation asset with a corresponding increase in equity at the date of the commencement of the Cameron River Farm-in Agreement and the Torrens acquisition date respectively.

The share-based payments reserve comprises the net fair value of employee options and performance rights expensed over the vesting period as well as performance rights consideration for Cameron River Farm-in and performance rights consideration for the Torrens acquisition calculated at grant date using the Modified Binomial, Black-Scholes, Monte Carlo or barrier up and in trinomial pricing model, depending on whether they contain market based vesting conditions. For share based payments with a future vesting period, the share-based payment value is brought to account progressively over the term of the vesting period.

	30 June 2026	30 June 2025
	\$	\$
Reserve at beginning of year	1,852,061	1,659,393

Transferred to accumulated losses upon expiry of options	-	(336,000)
Share based payments reserve at end of period	3,306,881	1,852,061

Options

On 23 October 2025 Coda issued 20,829,915 options pursuant to non-renounceable pro-rata entitlement offer. Under the terms of the non-renounceable pro-rata entitlement offer, each investor was entitled to receive one attaching quoted option, exercisable at \$0.15 and expiring on 28 March 2029, for every four shares subscribed.

On 30 October 2025, the Company granted 12,500,000 options as part of the Lead Manager remuneration arrangements and 20,829,580 options for parties acting as the priority sub-underwriter, pursuant to the Underwriting Agreement with Leeuwin Wealth Pty Ltd and Cumulus Wealth Pty Ltd (or their nominees). The options carry an exercise price of \$0.15 per option and have no vesting conditions. The options may be exercised on or before 28 March 2029. The options issued to lead manager and underwriter were valued based on the fair value of services received of \$493,273.

CONSOLIDATED NOTES TO THE FINANCIAL STATEMENTS
For the year ended 30 June 2026

20. RESERVES (continued)

(b) Share based payments reserve (continued)

On 3 November 2025, the Company issued 7,142,868 options pursuant to placement to sophisticated investors. Under the terms of the placement, the investor was entitled to receive one attaching quoted option, exercisable at \$0.15 and expiring on 28 March 2029, for every four shares subscribed.

On 16 December 2025, the Company issued 2,380,953 options pursuant to placement to a sophisticated investor. Under the terms of the placement, the investor was entitled to receive one attaching quoted option, exercisable at \$0.15 and expiring on 28 March 2029, for every four shares subscribed.

Furthermore, the Company agreed to issue 4,700,000 options to brokers for the Tranche 1 capital raising announced on 5 June 2026. The brokers raised the \$4.7 million in the month of June 2026. The options carry an exercise price of \$0.26 per option and have no vesting conditions. The options may be exercised on or before 10 August 2029. The options were valued using a Black-Scholes Option Pricing Model. The following table provides a summary of terms under which the options were issued:

Item	Detail
Value of underlying security	\$0.15
Exercise price	\$0.26
Valuation date	5 June 2026
Expiry date	10 August 2029
Expiration period (years)	3
Volatility	100.5%
Risk-free interest rate	4.35%
Number of options	4,700,000
Valuation per option	\$0.0799

The Company has also agreed to issue a further 3,000,000 options to brokers for the Tranche 2 capital raising announced on 5 June 2026 which completed in August 2026.

The total value of \$868,908 (June 2025: \$512,004) was recognised as capital raising costs within share capital (equity).

The above options do not entitle the holder to participate in any potential share issue of the Company.

The following table illustrates the number and movements in options during the period:

CODA MINERALS LTD and its controlled entities
CONSOLIDATED NOTES TO THE FINANCIAL STATEMENTS
For the year ended 30 June 2026

20. RESERVES (continued)

(b) Share based payments reserve (continued)

All performance rights have the following vesting condition:

(a) continuous employment is required (unless cessation of employment is due to redundancy or illness).

Should performance right holders resign, the Board may at its discretion waive the vesting condition relating to the requirement to remain an employee of the Company and allow the holder to continue to hold the performance rights following resignation.

The value of the rights is recognised over the vesting period. The total value of share based payments relating to performance rights recognised in the year to 30 June 2026 is \$585,912.

The Company also issued 1,000,000 performance rights to a consultant which included a service condition that the consultant would remain with the Company past 31 May 2026 to assist with the management of the preliminary feasibility study (60%) and deliver preliminary feasibility study to ASX (40%). The consultant has now left the Company (post 31 May 2026) and 600,000 rights have vested and 40% of the rights will be cancelled.

The Company has secured a replacement study manager and has agreed to issue 1,000,000 performance rights with the hurdle to deliver preliminary feasibility study to ASX by a set time period.

The fair value of the 600,000 service rights was \$0.115 per right (share price at the grant date). The fair value of the 1,000,000 PFS hurdle rights was \$0.14 per right (share price at the grant date). The latter rights will be amortised over the vesting period.

During the prior period, the Company granted 260,505 performance rights to employees as part of the Employee Incentive Plan. The performance rights carried a nil exercise price and vesting conditions requiring continued service. The expiry dates as well as vesting conditions of the various tranches of the performance rights are detailed in the table below:

Tranche	Number of Performance Rights	Expiry date	Exercise Price	Vesting Condition
A	82,287	10 July 2029	Nil	➤ 33.34% vest after continuous employment to 1 July 2025
				➤ 33.33% vest after continuous employment to 1 July 2026
				➤ 33.33% vest after continuous employment to 1 July 2027
B	178,218	11 July 2029	Nil	➤ 33.34% vest after continuous employment to 1 July 2025
				➤ 33.33% vest after continuous employment to 1 July 2026
				➤ 33.33% vest after continuous employment to 1 July 2027

The performance rights with non-market based vesting conditions were valued using a Black-Scholes Option Pricing Model. The following table provides a summary of terms under which the performance rights were issued:

Item	Tranche A	Tranche B
Value of underlying security	\$0.140	\$0.130
Exercise price	Nil	Nil
Valuation date	10 July 2024	11 July 2024
Expiry date	10 July 2029	11 July 2029
Expiration period (years)	5.00	5.00
Start of performance periods	1 July 2024	1 July 2024
Performance periods (years)	1.00 - 3.00	1.00 - 3.00
Volatility	90%	90%
Risk-free interest rate	4.074-4.146%	4.102-4.175%
Number of performance rights	82,287	178,218
Valuation per performance right	\$0.140	\$0.130

All performance rights have the following vesting condition:

(b) continuous employment is required (unless cessation of employment is due to redundancy or illness).

Should performance right holders resign, the Board may at its discretion waive the vesting condition relating to the requirement to remain an employee of the Company and allow the holder to continue to hold the performance rights following resignation.

20. RESERVES (continued)

(b) Share based payments reserve (continued)

The performance rights with non-market based vesting conditions were valued using a Black-Scholes Option Pricing Model. The following table provides a summary of terms under which the performance rights were issued:

Item	Tranche A	Tranche B	Tranche C	Tranche D
Value of underlying security	\$0.245	\$0.155	\$0.155	\$0.143
Exercise price	Nil	Nil	Nil	Nil
Valuation date	5 July 2023	10 November 2023	10 November 2023	22 November 2023
Expiry date	5 July 2028	10 November 2028	10 November 2028	22 November 2028
Expiration period (years)	5.00	5.00	5.00	5.00
Start of performance periods	1 July 2023	1 July 2023	1 July 2023	1 July 2023
Performance periods (years)	1.00 - 3.00	1.00 - 3.00	1.00 - 3.00	1.00 - 3.00
Volatility	90%	90%	90%	90%
Risk-free interest rate	3.995-4.135%	4.235-4.300%	4.235-4.300%	4.080-4.150%
Number of performance rights	994,437	823,727	2,396,085	1,262,289
Valuation per performance right	\$0.245	\$0.155	\$0.155	\$0.143

The performance rights with market based vesting conditions were valued using a Barrier Up-And-In Trinomial Pricing Model with a Parisian Barrier Adjustment. The following table provides a summary of terms under which the performance rights were issued:

Item	Tranche C	Tranche D
Value of underlying security	\$0.155	\$0.143
Exercise price	Nil	Nil
VWAP Barrier	\$1.20	\$1.20
Valuation date	10 November 2023	22 November 2023
Expiry date	10 November 2028	22 November 2028
Expiration period (years)	5.00	5.00
Commencement of performance period	1 July 2023	1 July 2023
Performance period (years)	3.00	3.00
Volatility	90%	90%
Risk-free interest rate	4.235%	4.080%
Number of performance rights	1,026,893	540,981
Valuation per performance right	\$0.046	\$0.038

All performance rights have the vesting condition of continuous employment (unless cessation of employment is due to redundancy or illness). Should performance right holders resign, the Board may at its discretion waive the vesting condition relating to the requirement to remain an employee of the Company and allow the holder to continue to hold the performance rights following resignation.

The following table illustrates the number and movements in performance rights during period:

Grant date	Expiry Date	Balance at start of period	Granted during the period	Exercised during the period	Forfeited during the period	Balance at end of the period	Vested and exercisable at end of the period
19-Nov-21	19-Nov-26	34,416	-	(34,416)	-	-	-

CODA MINERALS LTD and its controlled entities
CONSOLIDATED NOTES TO THE FINANCIAL STATEMENTS
For the year ended 30 June 2026

22. CAPITAL AND OTHER COMMITMENTS

(a) Exploration expenditure commitments

In order to maintain current rights of tenure to exploration tenements, the Company is required to perform minimum exploration work to meet the minimum expenditure requirements specified by the Governments of South Australia and Queensland. These requirements are subject to renegotiation when application for a mining lease is made and at other times. The exploration expenditure commitments are as follows:

	30 June 2026	30 June 2025
	\$	\$
One year or less	34,491	33,477
Between one and two years	34,491	23,836
Between two and three years	33,023	23,836
Between three and four years	9,920	22,411
Between four and five years	-	-
Total commitments	111,925	103,560

23. EARNINGS PER SHARE

The Company presents basic and diluted earnings per share ('EPS') data for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the period. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares, which comprise share options granted to employees.

Basic earnings per share

The calculation of basic earnings per share at 30 June 2026 was based on the loss attributable to ordinary shareholders of \$10,856,225 and a weighted average number of ordinary shares outstanding during the year ended 30 June 2026 of 334,764,443 calculated as follows:

Basic earnings per share	30 June 2026	30 June 2025
	\$	\$
Loss attributable to ordinary shareholders	(10,856,225)	(4,286,895)
Weighted average number of ordinary shares	No. of shares	No. of shares
Shares on issue at the beginning of the year	249,554,958	174,815,036
Weighted average number of ordinary shares at the end of the year	334,764,443	224,154,622
	\$	\$
Earnings / (loss) per share:		
Basic and diluted	(0.03)	(0.02)

Potential ordinary shares relating to options and performance rights are not dilutive at 30 June 2026.

24. FAIR VALUE MEASUREMENT

Accounting policy

All financial instruments for which fair value is recognised or disclosed are categorised within the fair value hierarchy, described as follows, and based on the lowest level input that is significant to the fair value measurement as a whole.

Level 1: Quoted market prices in an active market (that are unadjusted) for identical assets or liabilities.

Level 2: Valuation techniques (for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable).

Level 3: Valuation techniques (for which the lowest level input that is significant to the fair value measurement is unobservable).

CODA MINERALS LTD and its controlled entities
CONSOLIDATED NOTES TO THE FINANCIAL STATEMENTS
For the year ended 30 June 2026

25. FAIR VALUE MEASUREMENT (continued)

	Level 1 \$	Level 2 \$	Level 3 \$	Total \$
As at 30 June 2026				
Financial assets at fair value through other comprehensive income	189,744	-	-	189,744
As at 30 June 2025				
Financial assets at fair value through other comprehensive income	144,167	-	-	144,167

There were no transfers between levels during the financial year. The carrying amounts of trade and other receivables and trade and other payables are assumed to approximate their fair values due to their short-term nature.

25. FINANCIAL INSTRUMENTS & FINANCIAL RISK MANAGEMENT

Accounting policy

Financial Instruments

Recognition and derecognition

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the financial instrument. Financial assets are derecognised when the contractual rights to the cash flows from the financial asset expire, or when the financial asset and substantially all the risks and rewards are transferred. A financial liability is derecognised when it is extinguished, discharged, cancelled or expires.

Classification and initial measurement of financial assets

Except for those trade receivables that do not contain a significant financing component and are measured at the transaction price in accordance with AASB 15, all financial assets are initially measured at fair value adjusted for transaction costs.

Financial assets, other than those designated and effective as hedging instruments, are classified into the following categories:

- amortised cost
- fair value through profit or loss ("FVTPL")
- fair value through other comprehensive income ("FVOCI").

The classification is determined by both:

- the entity's business model for managing the financial asset
- the contractual cash flow characteristics of the financial asset.

All income and expenses relating to financial assets that are recognised in profit or loss are presented within finance costs, finance income or other financial items, except for expected credit losses of trade receivables which is presented in other expense.

Financial Assets at Amortised Cost

Financial assets are measured at amortised cost if the assets meet the following conditions (and are not designated as FVTPL):

- they are held under a business model whose objective it is "hold to collect and sell" the associated cash flows; and
- the contractual terms of the financial assets give rise to cash flows that are solely payments of principal and interest on the principal amount outstanding.

After initial recognition, these are measured at amortised cost using the effective interest method. Discounting is omitted where the effect of discounting is immaterial. The Company's cash and cash equivalents, trade receivables and most other receivables fall into this category of financial instruments.

Financial Assets at FVTPL

Financial assets that are held within a different business model other than 'hold to collect' or 'hold to collect and sell' are categorised at fair value through profit and loss. Further, irrespective of an entity's business model financial assets whose contractual cash flows are not solely payments of principal and interest are accounted for at FVTPL.

25. FINANCIAL INSTRUMENTS & FINANCIAL RISK MANAGEMENT (continued)

All derivative financial instruments fall into this category, except for those designated and effective as hedging instruments, for which the hedge accounting requirements apply.

Financial Assets at FVTOCI

The Company accounts for financial assets at FVOCI if the assets meet the following conditions:

- they are held under a business model whose objective it is “hold to collect and sell” the associated cash flows; and
- the contractual terms of the financial assets give rise to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Any gains or losses recognised in other comprehensive income (“OCI”) will be recycled upon derecognition of the asset.

Impairment of financial assets

The Company considers a broader range of information when assessing credit risk and measuring expected credit losses, including past events, current conditions, reasonable and supportable forecasts that affect the expected collectability of the future cash flows of the instrument.

Trade and other receivables

The Company makes use of a simplified approach in accounting for trade and other receivables and records the loss allowance as lifetime expected credit losses. These are the expected shortfalls in contractual cash flows, considering the potential for default at any point during the life of the financial instrument. In calculating, the Company uses its historical experience, external indicators and forward-looking information to calculate the expected credit losses using a provision matrix.

Classification and measurement of financial liabilities

The Company’s financial liabilities include borrowings, trade and other payables and derivative financial instruments. Financial liabilities are initially measured at fair value, and, where applicable, adjusted for transaction costs. Subsequently, financial liabilities are measured at amortised cost using the effective interest method. All interest-related charges are recognised in profit or loss within finance costs, finance income or other financial items.

Fair values versus carrying amounts

The estimated fair value of financial instruments has been determined by the Company using available market information and appropriate valuation methods. The use of different market assumptions and/or estimation methods may have a material effect on the estimated fair value amounts. For all financial assets and liabilities, the carrying value approximates fair value.

Financial Risk Management Overview

The Company has exposure to the following risks from its use of financial instruments:

- credit risk
- liquidity risk
- market risk

This note presents information about the Company’s exposure to each of the above risks, their objectives, policies and processes for measuring and managing risk, and the management of capital including risks resulting from its investments in fair value accounted investments. Further quantitative disclosures are included throughout the financial report.

The Board of Directors has overall responsibility for the establishment and oversight of the risk management framework. The Board is responsible for developing and monitoring risk management policies. The Board reviews its activities regularly.

Risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company’s activities. The Company, through its training and management standards and procedures, aims to develop a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Company’s Board oversees how management monitors compliance with the Company’s risk management policies and procedures and reviews the adequacy of the risk management framework in relation to the risks faced by the Company.

(a) Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company’s cash, cash equivalents and term deposits.

CODA MINERALS LTD and its controlled entities
CONSOLIDATED NOTES TO THE FINANCIAL STATEMENTS
For the year ended 30 June 2026

25. FINANCIAL INSTRUMENTS & FINANCIAL RISK MANAGEMENT (continued)

Exposure to credit risk

The carrying amount of the Company's financial assets represents the maximum credit exposure. The Company's maximum exposure to credit risk at the reporting date was:

	30 June 2026	30 June 2025
	\$	\$
Cash and cash equivalents	10,767,106	3,963,790
Other receivables	89,694	13,565

The Company's cash and cash equivalents of \$10,767,106 at 30 June 2026 represent its maximum credit exposure on these assets. The cash and cash equivalents are held with bank and financial institution counterparties, which are rated at between A2 and A1+ from Standard & Poor's and A from Moody's. None of the Company's receivables are past due.

(b) Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The following are the contractual maturities of the Company's financial liabilities, including estimated interest payments and excluding the impact of netting agreements:

Non-derivative financial liabilities

	30 June 2026		30 June 2025	
	Carrying amount	6 months or less	Carrying amount	6 months or less
	\$	\$	\$	\$
Trade and other payables	1,258,508	1,258,508	383,241	383,241
Lease liabilities	121,852	50,141	213,872	53,838

(c) Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates, interest rates and equity prices that will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

	Note	30 June 2026	30 June 2025
		\$	\$
Financial assets at fair value through other comprehensive income	10	189,744	144,167

At reporting date, the Company's exposure to market risk was not material.

(d) Interest rate risk

Exposure to interest rate risk

The Company's exposure to interest rate risk at balance date was as follows, based on notional amounts:

Variable rate instruments	30 June 2026	30 June 2025
	\$	\$
Cash and cash equivalents	10,767,106	3,963,790

At reporting date, the Company's exposure to interest rate risk was not material.

26. Capital management

The Board's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. The Company manages its capital to ensure it will be able to continue as a going concern while maximising the return to shareholders through the optimisation of its capital structure. The capital structure of the Company consists of issued capital, reserves and retained earnings as disclosed in Notes 19 and 20, respectively.

CODA MINERALS LTD and its controlled entities
CONSOLIDATED NOTES TO THE FINANCIAL STATEMENTS
For the year ended 30 June 2026

27. NOTES TO THE STATEMENT OF CASH FLOWS

Reconciliation of loss after income tax to net cash inflow from operating activities:

	30 June 2026	30 June 2025
	\$	\$
Loss for the period after income tax	(10,856,225)	(4,286,895)

Annual leave movement	6,054	(13,758)
Superannuation	54,000	68,998
Long service leave	28,389	19,676
Non-monetary benefits	4,200	6,475
Total employee benefits expense	1,192,015	997,427

Detailed remuneration disclosures are provided in the remuneration report within the directors' report.

Transactions with other related parties

The Company entered into a contract with Mr Chris Burton to provide bookkeeping service through Omnia Corporate Pty Ltd on 1 April 2026. The amount is capped at \$750 a week (average 2 days a week).

The total amount paid or payable for these services for the year ended 30 June 2026 was \$9,750. As at 30 June 2026, the amount of \$6,375 was outstanding.

29. CONTINGENT ASSETS AND LIABILITIES

At the reporting date, the Company had no contingent assets or liabilities apart from the below:

Terrace Mining and Strandline Resources Limited (Strandline) entered into a Letter Agreement dated 14 December 2015 (Strandline Elizabeth Creek Agreement) under the terms of which Terrace Mining acquired sole ownership of the Elizabeth Creek Project tenements. Completion of the purchase took place on or about 21 March 2016. Under the terms of the Strandline Elizabeth Creek Agreement, the Project tenements, associated mining information and assets were acquired by Terrace Mining for \$200,000 cash and 4,000,000 ordinary fully paid shares in Torrens, with a further \$1,000,000 cash (Deferred Consideration) payable on a Decision to Mine.

CODA MINERALS LTD and its controlled entities
CONSOLIDATED NOTES TO THE FINANCIAL STATEMENTS
For the year ended 30 June 2026

29. CONTINGENT ASSETS AND LIABILITIES (continued)

A further Deed of Acknowledgment and Consent dated 4 May 2017 (Acknowledgement Deed) was entered into between Terrace Mining, Gindalbie Metals Limited and Strandline concerning the Deferred Consideration, acknowledging that Terrace Mining remains responsible for the payment of the Deferred Consideration. Under the Acknowledgement Deed, consequent upon Torrens' successful IPO and admission to the ASX, 1,250,000 shares were issued at \$0.20 per share (equivalent to \$250,000) to Strandline as a partial discharge of the Deferred Consideration related to the Elizabeth Creek Project. The remaining amount of Deferred Consideration has been converted to a 2% Net Smelter Royalty (NSR) capped at \$1,250,000, payable from production from the Elizabeth Creek Project tenements. The NSR right may be bought back by Terrace for \$750,000 cash.

On the 4th of July 2022, Coda agreed to divest its Mt Piper Gold Project in central Victoria to Kalamazoo Resources Limited ("Kalamazoo") for a \$300,000 cash consideration upon completion, 1,525,000 fully paid ordinary shares in Kalamazoo upon completion (escrowed for 12 months) and a 1.0% net smelter royalty payable on any minerals extracted from the tenements. Completion subsequently occurred on the 16th of September 2022.

On the 9th of February 2024, Coda executed an agreement with Wilgus Investments Pty Ltd ("Wilgus") to consolidate 100% ownership of the Cameron River Project tenure in Queensland. Under the agreement, Wilgus retained the right to a 1% net smelter return on any material products mined from the tenure.

The Group has given a bank guarantee as at 30 June 2026 of \$54,107 (2025: \$54,107) to the landlord of its registered and corporate office.

30. AUDITOR'S REMUNERATION

	30 June 2026	30 June 2025
Auditors of the Company – <i>RSM Australia Partners</i>	\$	\$
RSM Australia Partners and related network firms
