¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

² Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

³ Throughout this form, where you are given two or more options to select, you can, if you wish, delete any option which is not applicable and just retain the option that is applicable. If you select an option that includes "OR" at the end of the selection and you delete the other options, you can also, if you wish, delete the "OR" at the end of the selection.

See notes 4 and 5 below for further instructions on how to complete this form.

CORPORATE GOVERNANCE STATEMENT

The Board of Directors of Anson Resources Limited (the Company) is responsible for the corporate governance of the Company. The Board guides and monitors the business affairs of the Company on behalf of shareholders by whom they are elected and to whom they are accountable.

ASX Corporate Governance Principles

The ASX Corporate Governance Council (the Council) has Corporate Governance Principles and Recommendations (the Principles), which are designed to maximise corporate performance and accountability in the interests of shareholders and the broader economy. The Principles encompass matters such as board composition, committees and compliance procedures.

The Principles (being those under ASX's 4th edition of Corporate Governance Principles and Recommendations dated February 2019) can be viewed at [asx.com.au/documents/regulation/cgc-principles-and-recommendations-fourth-edn.pdf](https://www.asx.com.au/documents/regulation/cgc-principles-and-recommendations-fourth-edn.pdf). The Principles are not prescriptive, however ASX listed entities are required to disclose the extent of their compliance with the Principles, and to explain why they have not adopted a Principle if they consider it inappropriate in their particular circumstances.

Commensurate with the spirit of the ASX Principles, the Company has followed each of the Recommendations to the extent the Board considered that their implementation was practicable and likely to genuinely improve the Company's internal processes and accountability to external stakeholders. The Corporate Governance Statement contains certain specific information and discloses the extent to which the Company has followed the guidelines during the financial year. Where a recommendation has not been followed, the fact is disclosed, together with reasons for the departure.

This Statement is current as at 29 September 2026 and has been approved by the Board of Directors of Anson Resources Limited. A summary against the Principles is set out below.

Corporate Governance Checklist

Corporate Governance Council Recommendation		Does the Company follow the recommendation?	Comment
Principle 1 - Lay solid foundations for management and oversight			
1.1	Have and disclose a board charter	Y	
1.2	Undertake appropriate checks before appointing or electing a person as director	Y	
1.3	Written agreement with each director and senior executive	Y	
1.4	Company Secretary accountable directly to the Board.	Y	
1.5	Have and disclose a Diversity Policy as well as set and report measurable objectives for achieving gender diversity.	N	The Company has a limited workforce. For that reason the Board has not set measurable gender-diversity targets this year. Appointments continue to be made on merit, and the Diversity Policy is published on the Company's website. The Board will revisit formal targets as the organisation grows.
1.6	Board performance evaluation undertaken	N	In view of the size of the operations and limited number of directors, a formal performance evaluation process was not performed in the reporting period.
1.7	Senior executive performance evaluation undertaken	N	A formal senior-executive evaluation process was not documented in FY26 because of the small executive team. Performance is reviewed by the Board as part of its ordinary oversight of management.
Principle 2 – Structure the board to add value			
2.1	Nomination committee requirements met	N	The Board has not formed a separate nomination committee. With only three directors, nomination and succession matters are handled more efficiently by the full Board
2.2	Board skills matrix disclosed	N	A formal Board skills matrix is not published. The Board considers it has an appropriate mix of technical, financial, commercial, management and leadership skills. Each director's background is set out in the Directors' Report.
2.3	Director Independence and tenure disclosed	Y	
2.4	Majority of the board are independent directors	N	None of the three directors is classified as independent. At the Company's current size the

			Board does not consider a majority-independent structure practical, but it believes each director exercises independent judgement on the issues before the Board.
2.5	Chair of the board is an independent director and not the same person as the CEO	N	The Chair is also the CEO and is not an independent director. The Board considers this combined role appropriate while the Company remains small, and that Mr Richardson is the right person to lead the Board at this stage.
2.6	Director induction and ongoing training program	N	There is no formal induction or ongoing training program. New directors are briefed on the Company's operations, governance framework and legal duties, and they maintain their skills through their professional roles. This is considered adequate for a three-person Board.

Corporate Governance Checklist (continued)

Principle 8			
8.1	Remuneration committee requirements	N	The Board has not established a separate remuneration committee. Director and executive remuneration is determined by the full Board, which the Board considers appropriate given the small number of directors and executives.
8.2	Remuneration practices disclosed	Y	
8.3	Remuneration Policy disclosures regarding equity-based remuneration	Y	

Principle 1 - Lay solid foundations for management and oversight

Recommendation 1.1 - Have and disclose a board charter

The board charter is available on the Company's website.

Recommendation 1.2 - Undertake appropriate checks before appointing or electing a person as director

Reference checks are performed for each director.

Recommendation 1.3 - Written agreement with each director and senior executive

Each director has received a letter of appointment which details the key terms of their appointment. This letter includes all of the recommended matters in the Principles. Each director also enters into required agreements regarding insurance, access to records and disclosure of any trading in Company securities as required under the Listing Rules.

The CEO, being a senior executive of the Company, has a formalised job description and letter of appointment as does the Company Secretary.

Recommendation 1.4 - Company Secretary accountable directly to Board

The Company Secretary has a direct reporting line to the Board in regard to all matters to do with the proper functioning of the Board.

Recommendation 1.5 - Diversity Policy disclosures reported

The Company recognises the value contributed to the organisation by employing people with varying skills, cultural backgrounds, ethnicity and experience and employs people based on their underlying skill sets in an environment where everyone is treated equally and fairly, and where discrimination, harassment and inequity are not tolerated.

The Company has a diversity policy that is available on the Company's website.

Recommendation 1.6 - Board performance evaluation undertaken

A formal Board performance evaluation was not undertaken in FY26. Given the small Board and the frequency of interaction among directors, performance is considered as part of ordinary Board processes. The Board will consider a more formal evaluation as the Company grows.

Recommendation 1.7 - Senior executive performance evaluation undertaken

A formal senior-executive evaluation process was not documented in FY26 because of the small executive team. Performance is reviewed by the Board as part of its ordinary oversight of management. A more structured process will be considered as the team expands.

Principle 2 – Structure the board to add value

Recommendation 2.1 - Nomination committee requirements met

During the year ended 30 June 2026 the Company did not have a separate nomination committee. With a three-person Board, establishing another committee would add process without improving oversight. Nomination, succession and Board-composition matters are therefore handled by the Board as a whole.

Recommendation 2.2 - Board skills matrix disclosed

The Company has not adopted a published Board skills matrix. The Board considers it already has a suitable mix of technical, financial, commercial, management and leadership skills, and the experience of each director is described in the Directors' Report. A formal matrix will be considered if the Board expands or its skills needs change.

The skills, experience and expertise relevant to the position of director held by each director in office at the date of the annual report are included in the Directors' report.

Recommendation 2.3 - Director Independence and tenure disclosed

Directors of the Company are considered to be independent when they are independent of management and free from any business or other relationship that could materially interfere with — or could reasonably be perceived to materially interfere with — the exercise of their unfettered and independent judgement.

In the context of director independence, “materiality” is considered from both the Company and individual director perspective. The determination of materiality requires consideration of both quantitative and qualitative elements. An item is presumed to be quantitatively immaterial if it is equal to or less than 5% of the appropriate base amount. It is presumed to be material (unless there is qualitative evidence to the contrary) if it is equal to or greater than 10% of the appropriate base amount.

Qualitative factors considered include whether a relationship is strategically important, the competitive landscape, the nature of the relationship and the contractual or other arrangements governing it and other factors that point to the actual ability of the director in question to shape the direction of the Company's loyalty.

In accordance with the definition of independence above, and the materiality thresholds set, presently no directors of the Company are considered to be independent.

The term in office held by each director in office at the date of this report is as follows:

Name	Term in office
Mr Bruce Richardson	Appointed 30 April 2009, tenure 17 years 5 months
Mr Peter (Gregory) Knox	Appointed 23 September 2011, tenure 15 years
Mr Tim Murray	Appointed 3 May 2024, Tenure 2 year 5 months

Recommendation 2.4 - Majority of the board are independent directors

The Company has three directors, none of whom meet the independence tests in the ASX Recommendations. At the Company's current scale, a majority-independent Board is not considered practical. The Board believes each director still brings independent judgement to matters before the Board, and that shareholders benefit from the directors' long-standing knowledge of the business.

Recommendation 2.5 - Chair of the board is an independent director and not the same person as the CEO

The Company's CEO also chairs the Board, so Recommendation 2.5 is not met. The Board considers Mr Richardson the most suitable person to lead the Board at the Company's present stage of development, and that combining the roles remains efficient while the Board is small. This arrangement will be reviewed if the Board expands or the Company's circumstances change.

Recommendation 2.6 - Director induction and ongoing training program

There is no formal induction or ongoing training program. New directors are briefed on the Company's operations, governance framework and legal duties, and they maintain their skills through their professional roles. This is considered adequate for a three-person Board.

Principle 3 – Act ethically and responsibly

Recommendation 3.1 – Disclosure of values

The Company's values are articulated in its board charter which is available on the Company's website.

Recommendation 3.2 – Disclosure of Code of Conduct

The Company's Code of Conduct is available on the Company's website.

Recommendation 3.3 – Disclosure of whistle-blower policy

The Company's whistle-blower policy is available on the Company's website.

Recommendation 3.4 – Disclosure of anti-bribery and corruption policy

The Company's anti-bribery and corruption policy is available on the Company's website.

Principle 4 – Safeguard integrity in corporate reporting

Recommendation 4.1 - Audit committee requirements met

Recommendation 4.1 contemplates an audit committee of at least three non-executive directors, a majority of whom are independent, chaired by an independent director who is not Chair of the Board. The Company did not have a separate audit committee during the year ended 30 June 2026. With only three directors and relatively straightforward

reporting arrangements, the Board considers that a separate committee would not improve oversight. Audit, financial reporting and auditor liaison are therefore undertaken by the Board as a whole.

Recommendation 4.2 - CEO and CFO financial statements declarations received

In accordance with section 295A of the *Corporations Act*, the CEO and CFO have provided a written statement to the Board that:

- Their view provided on the Company's financial report is founded on a sound system of risk management and internal compliance and control which implements the financial policies adopted by the Board; and
- The Company's risk management and internal compliance and control system is operating effectively in all material respects.

Recommendation 4.3 - Disclose process to verify integrity of periodic corporate reports released to the market

Periodic corporate reports that are prepared internally are reviewed by the Board to identify any inconsistencies. Further the periodic reports are drawn from internal data which is subject to monthly internal review and reconciliation.

Principle 5 – Make timely and balanced disclosure

Recommendation 5.1 – Disclose Continuous Disclosure Policy

The Company's Continuous Disclosure policy is available on the Company's website.

Recommendation 5.2 – Board should receive copies of all material market announcements promptly after they have been made.

The Board is provided with the final version of material market announcements when they are lodged.

Recommendation 5.3 – Any new and substantive investor or analyst presentation should be released on the ASX Market Announcements Platform ahead of the presentation.

During the year ended 30 June 2026, the Company released on the ASX Market Announcements Platform any investor presentations ahead of the relevant presentation.

Principle 6 – Respect the rights of securityholders

Recommendation 6.1 - Provide information about the Company and its governance to investors via its website.

Information about the Company and its governance is available to investors via the Company's website: www.ansonresources.com

Recommendation 6.2 - Investor relations program that facilitates effective two-way communication with investors.

The Company's objective is to promote effective communication with its shareholders at all times.

The Company is committed to:

- Ensuring that shareholders and the financial markets are provided with full and timely information about the Company's activities in a balanced and understandable way;
- Complying with continuous disclosure obligations contained in the ASX listing rules and the Corporations Act in Australia; and
- Communicating effectively with its shareholders and making it easier for shareholders to communicate with the Company.

To promote effective communication with shareholders and encourage effective participation at general meetings, information is communicated to shareholders:

- Through the release of information to the market via the ASX
- Through the distribution of the annual report and notices of annual general meeting
- Through shareholder meetings and investor relations presentations
- Through letters and other forms of communications directly to shareholders

- By posting relevant information on the Company's website: www.ansonresources.com

The Company's website publishes all important company information and relevant announcements made to the market.

Recommendation 6.3 - Processes to facilitate and encourage participation at securityholders meetings

Meetings of securityholders of the Company are convened at least once a year.

An explanatory memorandum on the resolutions is included with the notice of meeting. Unless specifically stated in the notice of meeting, all holders of fully paid securities are eligible to vote on all resolutions.

In the event that security holders cannot attend formal meetings, they are able to lodge a proxy in accordance with the Corporations Act. Proxy forms can be mailed, lodged by facsimile or emailed.

Recommendation 6.4 - All substantive resolutions at a meeting of security holders are decided by a poll rather than by a show of hands.

During the year ended 30 June 2026, the resolutions at the Annual General Meeting held on 26 November 2025 were decided by a poll.

Recommendation 6.5 - Electronic securityholder communication functionality

Securityholders are provided with the option to receive communications from, and send communications to, the Company and its security registry electronically.

Principle 7 – Recognise and manage risk

Recommendation 7.1 - Risk committee requirements met

The Company does not have a separate risk committee. Risk identification, monitoring and mitigation are standing items for the full Board, which the Board considers appropriate for the Company's current size and operations.

Recommendation 7.2 - Annual review of risk management framework

The Board has identified the significant areas of potential business and legal risk of the Company. The identification, monitoring and, where appropriate, the reduction of significant risk to the Company will be the responsibility of the Board.

To this end, comprehensive practices are in place which are directed towards achieving the following objectives:

- effectiveness and efficiency in the use of the Company's resources;
- compliance with applicable laws and regulations;
- preparation of reliable published financial information.

The Board continues to review existing and potential new risks as part of its ordinary course of business.

Recommendation 7.3 - No internal audit function but internal control processes in place

The Company does not maintain a dedicated internal audit function. Given its current size, the Board relies on practical controls instead — including segregation of incompatible duties, dual bank signatories and direct Board oversight of financial reporting.

Recommendation 7.4 - Disclosure of material exposure to, and management of, economic, environmental and social sustainability risk

The Company has identified and disclosed the material risks and how they are being managed in its FY2026 annual report.

Principle 8 – Remunerate fairly and responsibly

Recommendation 8.1 - Remuneration committee requirements

Recommendation 8.1 contemplates a separate remuneration committee. The Company did not have one during the year ended 30 June 2026. With a small Board and a small executive team, remuneration decisions are made by the Board as a whole, which the Board considers more practical than establishing another committee.

Recommendation 8.2 – Disclosure of remuneration practices

It is the Company's objective to provide maximum stakeholder benefit from the retention of a high-quality board and executive team by remunerating directors and key executives fairly and appropriately with reference to relevant employment market conditions. To assist in achieving this objective, the Board has set remuneration by benchmarking to industry peers.

Details of the Company's policies on remuneration are set out in the "Remuneration Report" contained in each Annual Report published by the Company. This disclosure includes a summary of the Company's policies regarding remuneration of Non-Executive Directors and the Company's Chief Executive Officer.

Recommendation 8.3 – Disclosures regarding equity-based remuneration

In accordance with the Remuneration Policy, no Director or member of senior management (including any employee who is a restricted employee under the Company's Securities Trading Policy) who participates in an equity based remuneration scheme established by the Company, may enter into any transaction designed to limit the economic risk of participating in the equity based remuneration scheme.

The Remuneration Policy is available on the Company's website at <https://www.ansonresources.com/corporate>.
