The Statement reflects the Company’s position during the financial year ended 30 June 2026 and up to 30 September 2026.

PRINCIPLE 1 – LAY SOLID FOUNDATIONS FOR MANAGEMENT AND OVERSIGHT			
1.1	A listed entity should have and disclose a board charter setting out: (a) the respective roles and responsibilities of its board and management; and (b) those matters expressly reserved to the board and those delegated to management.	Yes	The role of the Board is to provide strategic oversight, effective leadership and sound governance on behalf of shareholders. In doing so, the Board seeks to meet regulatory, ethical and stakeholder expectations while promoting the long-term performance and sustainability of the Company. The Board's key responsibilities include: • setting the strategic direction of the Company and approving key initiatives; • overseeing financial performance and risk management frameworks; • ensuring compliance with legal and regulatory obligations; • appointing and assessing the performance of the senior executives; and • monitoring the effectiveness of the Company's governance practices. Day-to-day management of the Group's operations is delegated to the senior executive team (where applicable). The Board ensures that management is appropriately qualified and resourced to execute the Company's strategy while operating within the Company's governance and risk management framework. A copy of the Company's Board Charter, which outlines the specific responsibilities reserved to the Board, is available on the Company's website.
1.2	A listed entity should: (a) undertake appropriate checks before appointing a director or senior executive or putting someone forward for election as a director; and (b) provide security holders with all material information in its possession relevant to a decision on whether or not to elect or re-elect a director.	Yes	The composition of the Board is reviewed when a new Director is to be appointed, to ensure that a diverse range of skills, experience and expertise is maintained for the Board to properly fulfil its responsibilities. The Board identifies its needs and prepares a short-list of candidates with appropriate skills and experience. Where necessary, advice is sought from independent recruitment consultants. The appointment of a new Director will be considered by the full Board. The Board will identify and approach potential candidates it considers to be valuable to the composition of the Board. Once the Board has identified a candidate, interviews will be conducted by each member of the Board to assess their character and integrity. Candidates must disclose to the Board details of any association they have that may influence independent judgement. Background checks are conducted upon consent of the candidate to support the Board's assessment in determining whether the candidate will act in the best interest of the Company and its Shareholders. Reference checks are run to confirm their experience, qualifications and education listed on their resumes are accurate. Legal verification in Australia is also obtained to confirm they have no criminal record or bankruptcy history. The full Board then appoints the most suitable candidate who must stand for

			election by Shareholders at the next Annual General Meeting of the Company. A Company announcement is released to the market subsequent to the appointment of a new Director. The announcement provides information on the decision and purpose of appointment and the Director's range of expertise and experiences. The announcement will also disclose the Director's shareholding in the Company as well as remuneration details and material terms. The Board's nomination of existing Directors for re-appointment is not automatic and is contingent on their past performance, contribution to the Company and the current and future needs of the Board and Company. At each Annual General Meeting, one third of the Directors other than the Managing Director must retire by rotation, with those serving the longest retiring first. Retiring Directors may stand for re-election. The Company provides Shareholders with all material information on whether they support the re-election.
1.3	A listed entity should have a written agreement with each director and senior executive setting out the terms of their appointment.	Yes	The Company has entered into letters of appointment with directors and senior executives. These contracts ensure that Directors and senior executives have a clear understanding of their roles and responsibilities and of the Company's expectations of them.
1.4	The company secretary of a listed entity should be accountable directly to the board, through the chair, on all matters to do with the proper functioning of the board.	Yes	The Company Secretary plays a crucial role ensuring the Board and its committees run successfully under relevant legislation and regulations. The Company Secretary is required to organise timely completion and dispatch of Board and committee meeting agendas and papers to all members of the Board at least three days before the meeting commences. The Company Secretary monitors that the Board follows the agenda and briefing materials whilst complying with the Company's policies and charters at Board and Committee meetings. The Company Secretary is responsible to address the Board on any governance matters or affairs that effect ethical functioning of the Board. Accurate minutes reflecting Board and committee meetings are produced by the Company Secretary and circulated to the Directors for approval.
1.5	A listed entity should: (a) have and disclose a diversity policy; (b) through its board or a committee of the board set measurable objectives for achieving gender diversity	No	The Company has established a Diversity Policy, which includes requirements for the Board to establish measurable objectives for gender diversity where practical, and for the Board to assess annually both the objectives and progress in achieving them. If the entity was in the S&P / ASX 300 Index at the commencement of the reporting period, the measurable objective for achieving gender diversity in the composition of its board should be to have not less than 30% of its directors of each gender within a specified period.		Company and the Board, it has not set measurable gender diversity objectives, as doing so may unduly restrict the Company's ability to apply its Diversity Policy effectively and appoint the most qualified candidates. The Company remains committed to recruiting and appointing individuals based on merit, experience and suitability for the role, regardless of gender, ethnicity, age, or other irrelevant attributes, and will consider setting measurable objectives as the Company grows in size and complexity. The Company is a not a 'relevant employer' under the Workplace Gender Equality Act 2012. The proportion of woman employees and contractors in the whole organisation and woman on the Board at the date of this report is set out in the following table: <table><tr><td>As at the date of this statement</td><td>Proportion of women</td></tr><tr><td>Whole organisation</td><td>2 out of 8 (25%)</td></tr><tr><td>Board</td><td>0 out of 4 (0%)</td></tr></table> The Diversity Policy is available in the corporate governance section of the Company's website. 1.6	A listed entity should: (a) have and disclose a process for periodically evaluating the performance of the board, its committees and individual directors; and (b) disclose for each reporting period whether a performance evaluation has been undertaken in accordance with that process during or in respect of that period.	Yes	The Company has adopted policies and procedures concerning the evaluation and development of the Board, its Committees and individual Directors. In accordance with the Board Charter, this responsibility is allocated to the Board itself. A copy of the Board Charter is available on the Company's website. Given the current size and scale of operations, the Board considers it appropriate to undertake evaluations on an informal basis. These assessments include consideration of the performance of the Board as a whole, the Chair, Board Committees and individual Directors, as well as factors such as access to information, governance processes, and the support provided by the Company Secretary.

Given the current size and composition of the Board, the Company considers it more efficient for nomination-related matters to be addressed by the full Board. This approach is consistent with the Board Charter, which allocates nomination responsibilities to the Board itself, acting in its capacity as the Nomination Committee. A copy of the Charter is available on the Company's website. The Board addresses all nomination matters during regular Board meetings, with a focus on maintaining an appropriate mix of skills, experience, and diversity. Responsibilities include reviewing the balance and effectiveness of Board composition, considering Director and senior executives succession planning, overseeing Director induction and professional development programs, and managing Director appointment and re-election processes. Where a new Director is to be appointed, all Board members are involved in identifying potential candidates and are expected to share the process and rationale with their fellow Directors.

This diversity of experience may include a commercial, technical, legal, corporate finance, business development or other background as the Board and management determine as part of its selection processes. The current Board composition addresses these desired skills, with further and full details of each director's skills and experience noted in the Directors' Report of the Company's Annual Report. The Board continues to assess and monitor this evaluation. The policy and process for the nomination, selection and appointment of new directors is available on the Company's the Board Charter available on the Company's website.
2.3	A listed entity should disclose: (a) the names of the directors considered by the board to be independent directors; (b) if a director has an interest, position, affiliation or relationship of the type described in Box 2.3 but the board is of the opinion that it does not compromise the independence of the director, the nature of the interest, position or relationship in question and an explanation of why the board is of that opinion; and (c) the length of service of each director.	Yes	Details of Directors who are considered to be independent are set out in the Director's Report. The Board has adopted a definition of independence based on that set out in Principle 2.3 of the ASX Corporate Governance Council Principles and Recommendations. In making the independence assessment, all of the Company's Directors are deemed as being independent as of the date of this statement. The Board Charter requires Directors to disclose their interest, positions, associations and relationships and requires that the independence of Directors is regularly assessed by the Board in light of the interests disclosed by Directors. Dr Krista Davies is the CEO.
2.6	A listed entity should have a program for inducting new directors and for periodically reviewing whether there is a need for existing directors to undertake professional development to maintain the skills and knowledge needed to perform their role as directors effectively. ¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.
