Corporate Governance Statement
30 June 2026

PRINCIPLES AND RECOMMENDATIONS	COMPLY (YES/NO)	EXPLANATION
Recommendation 1.4 The company secretary of a listed entity should be accountable directly to the board, through the chair, on all matters to do with the proper functioning of the board.	YES	The Company Secretary is accountable to the Board for facilitating the Company's corporate governance processes and the proper functioning of the Board. Each Director is entitled to access the advice and services of the Company Secretary. In accordance with the Company's Constitution, the appointment or removal of the Company Secretary is a matter for the Board as a whole. Details of the Company Secretary's experience and qualifications are set out in the Annual Report.
Recommendation 1.5 A listed entity should: (a) have and disclose a diversity policy; (b) through its board or a committee of the board set measurable objectives for achieving gender diversity in the composition of its board, senior executives and workforce generally; and (c) disclose in relation to each reporting period: (1) the measurable objectives set for that period to achieve gender diversity; (2) the entity's progress towards achieving those objectives; and (3) either: (A) (the respective proportions of men and women on the board, in senior executive positions and across the whole workforce (including how the entity has defined "senior executive" for these purposes); or (B) if the entity is a "relevant employer" under the Workplace Gender Equality Act, the entity's most recent "Gender Equality Indicators", as defined in and published under that Act. If the entity was in the S&P / ASX 300 Index at the commencement of the reporting period, the measurable objective for achieving gender diversity in the composition of its board should be to have not less than 30% of its directors of each gender within a specified period.	NO (not followed in full)	The Company is committed to creating a diverse working environment and promoting a culture which embraces diversity and has adopted a written policy. Given the size of the Company and scale of its operations, however, the Board is of the view that the setting of measurable objectives for achieving gender diversity is not required at this time. Further as the Company has not established measurable objectives for achieving gender diversity, the Company has not reported on progress towards achieving them.
Recommendation 1.6 A listed entity should: (a) have and disclose a process for periodically evaluating the performance of the board, its committees and individual directors; and (b) disclose for each reporting period whether a performance evaluation has been undertaken in accordance with that process during or in respect of that period.	NO	Whilst the Company has a written policy, the Board recognises that as a result of the Company's size and the stage of the entity's life as a public listed technology company, the assessment of the directors' and executives' overall performance and its own succession plan is conducted on an informal basis. Whilst this is at variance with the ASX Recommendations, the Directors consider that at the date of this report an appropriate and adequate process for the evaluation of Directors is in place.
Recommendation 1.7 A listed entity should: (a) have and disclose a process for evaluating the performance of its senior executives at least once every reporting period; and disclose for each reporting period whether a performance evaluation has been undertaken in accordance with that process during or in respect of that period.	NO	Refer above.

YES	The Full Board is responsible for performing the duties of the Nomination Committee and this is undertaken as part of the Board Meetings when required to address Board succession issues and ensure it has the appropriate balance of skills, experience, independence and knowledge. The Board Adheres to the Nomination Committee Charter as disclosed in the Corporate Governance Policies on the Company's website Attendance is reported in the annual report.
Recommendation 2.2 A listed entity should have and disclose a board skill matrix setting out the mix of skills and diversity that the board currently has or is looking to achieve in its membership.	NO (not followed in full)	The details of the skill set of the current Board members are set out in the description of each Director in the Annual Report. The Board believes that the current skill mix is appropriate given the Company's size and the stage of the entity's life as a publicly listed technology company.
Recommendation 2.3 A listed entity should disclose: (a) the names of the directors considered by the board to be independent directors; (b) if a director has an interest, position, association or relationship of the type described in Box 2.3 of the ASX Corporate Governance Principles and Recommendation (4th Edition), but the board is of the opinion that it does not compromise the independence of the director, the nature of the interest, position, association or relationship in question and an explanation of why the board is of that opinion; and (c) the length of service of each director	YES	Mr Joe Graziano is an Independent Non-Executive Director of the Company and rejoined the board of USM in 2024. Mr Martin Walter has been appointed as an Independent Non-Executive Director of the Company since 9 April 2026.
Recommendation 2.4 A majority of the board of a listed entity should be independent directors.	YES	The Board comprises three Directors of whom two are considered to be an Independent Director. The Board considers that all Directors bring an independent judgement to bear on Board decisions and that the Board's expertise and experience adds considerable value to the Company.
Recommendation 2.5 The chair of the board of a listed entity should be an independent director and, in particular, should not be the same person as the CEO of the entity.	YES	Mr David Wheeler rejoined the Board as Non-Executive Chairman in July 2025 and is considered the most appropriate person to chair the board considering his knowledge and public company experience.

PRINCIPLES AND RECOMMENDATIONS	COMPLY (YES/NO)	EXPLANATION
Recommendation 2.6 A listed entity should have a program for inducting new directors and providing appropriate professional development opportunities for continuing directors to develop and maintain the skills and knowledge needed to perform their role as a director effectively.	NO	The Board recognises that as a result of the Company's size and the stage of the entity's life as a publicly listed technology company and has changed direction to be an exploration company in the materials sector, the Board has not put in place a formal program for inducting new directors. However, it does provide a package of background information on commencement and provides ready interaction with the Company's personnel to gain a stronger understanding of the business. Similarly, the Company does not at this stage provide professional development opportunities for Directors. More formal processes for both of these areas will be considered in the future as the Company develops.

Principle 3: Act ethically and responsibly		
Recommendation 3.1 A listed entity should articulate and disclose its values.	YES	The Company has disclosed through its Code of Conduct that it is committed to promoting good corporate conduct and governance. Refer to the company website

YES	The Company is committed to promoting good corporate conduct grounded by strong ethics and responsibility. The Company has established a Code of Conduct (Code), which addresses matters relevant to the Company's legal and ethical obligations to its stakeholders. It may be amended from time to time by the Board, and is disclosed on the Company's website. The Code applies to all Directors, employees, contractors and officers of the Company.

Recommendation 3.4 A listed entity should: (a) have and disclose an anti-bribery and corruption policy; and ensure that the board or committee of the board is informed of any material breaches of that policy. PRINCIPLE 4: SAFEGUARD INTEGRITY IN FINANCIAL REPORTING		
Recommendation 4.1 The board of a listed entity should: (a) have an audit committee which: (1) has at least three members, all of whom are non-executive directors and a majority of whom are independent directors; and (2) is chaired by an independent director, who is not the chair of the board, and disclose: (3) the charter of the committee; (4) the relevant qualifications and experience of the members of the committee; and (5) in relation to each reporting period, the number of times the committee met throughout the period and the individual attendances of the members at those meetings; or if it does not have an audit committee, disclose that fact and the processes it employs that independently verify and safeguard the integrity of its financial reporting, including the processes for the appointment and removal of the external auditor and the rotation of the audit engagement partner.	YES	Union Star Metals was not a Company required by ASX Listing Rule 12.7 to have an Audit Committee although it is included in the ASX Recommendations. The Board has not established an audit committee at this point in the Company's development. It is considered that the size of the Board along with the level of activity of the Company renders this impractical and the full Board considers in detail all of the matters for which the directors are responsible. The Board has adopted an Audit Committee Charter which describes the role, composition, functions and responsibilities of the Audit Committee and is disclosed on the Company's website.
Recommendation 4.2 The board of a listed entity should, before it approves the entity's financial statements for a financial period, receive from its CEO and CFO a declaration that, in their opinion, the financial records of the entity have been properly maintained and that the financial statements comply with the appropriate accounting standards and give a true and fair view of the financial position and performance of the entity and that the opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.	YES	In accordance with ASX Recommendation 4.2 the Chief Executive Officer (or their equivalent) and Chief Financial Officer (or their equivalent) are required to provide assurances that the written declarations under s295A of the Corporations Act (and for the purposes of ASX Recommendation 4.2) are founded on a sound framework of risk management and internal control and that the framework is operating effectively in all material respects in relation to financial reporting risks. Both the Chief Executive Officer and Chief Financial Officer provide such assurances at the time the s295A declarations are provided to the Board.
Recommendation 4.3 A listed entity should disclose its process to verify the integrity of any periodic corporate report it releases to the market that is not audited or reviewed by an external auditor.	YES	The Company's external audit function is performed by Hall Chadwick WA Audit WA Pty Ltd ("Hall Chadwick"). ¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.
