About Biome Australia Limited

Biome Australia develops, licences, commercialises and markets innovative, evidence-based live biotherapeutics (probiotics) and complementary medicines, many of which are supported by clinical research. *Biome* aims to improve health outcomes and quality of life, and make its products accessible to all.

Incorporated in Australia in 2018, *Biome* distributes locally and abroad. In partnership with some of the world's leading organisations in microbiome research and development, *Biome* produced several unique live biotherapeutic (probiotic) products with innovative delivery technologies that improve their stability and efficacy to create its flagship range of complementary medicines: *Activated Probiotics*®.

Supported by clinical research, including randomised double-blind placebo-controlled trials, *Activated Probiotics* and *Activated Therapeutics* help prevent and support the management of various health concerns, including low mood and sleep, bone health, iron malabsorption, mild eczema and IBS. Through practitioner-only distribution, *Biome* is committed to educating health

professionals on the newfound systemic health effects of the gut microbiota, helping them to provide innovative, evidence-based natural medicines for the management of some of humanity's most prevalent and chronic health concerns.
