

Appointment of Financial Adviser

CuFe Limited (ASX: CUF) (CuFe or the Company) is pleased to announce the appointment of Sternship Advisers Pty Ltd (**Sternship**) as financial adviser to the Company.

Sternship will work alongside the CuFe Board and management team to assist in the development and execution of the Company's corporate strategy and funding options, with a focus on assessing opportunities to maximise value for CuFe shareholders.

The appointment comes as CuFe continues to advance its Tennant Creek Copper Project and assess opportunities to enhance the scale, development pathway and strategic positioning of its copper portfolio.

Sternship is an Australian corporate advisory firm with significant experience advising ASX-listed resources companies on mergers and acquisitions, strategic transactions and capital solutions, with particular recent experience in the copper sector.

Sternship's recent copper transaction experience includes advising Peel Mining Limited on its sale to Aeris Resources Limited and acting as financial adviser to New World Resources Limited through the competitive control process which ultimately resulted in its acquisition by Kinterra Capital following multiple competing proposals.

CuFe Executive Chairman Tony Sage commented:

"CuFe has built a significant position in the Tennant Creek copper district and continues to progress its portfolio through exploration and development activities.

"The appointment of Sternship provides the Company with additional strategic and transaction capability as we continue to advance CuFe's growth strategy. Sternship has significant resources M&A and funding experience and a strong recent track record in the copper sector. As we rapidly advance the Tennant Creek Copper Project, we look forward to working with Sternship to assess all strategic opportunities that can accelerate the Project's development and maximise value for CuFe shareholders."

About Tennant Creek Copper Project

The Tennant Creek Project comprises two high-grade copper-gold deposits, Orlando and Gecko, and ~240 km² of highly prospective tenure covering the Orlando and Gecko mineralised corridors within the Tennant Creek Mineral Field. Both Orlando and Gecko are historically producing copper-gold mines, with previous operations undertaken by Peko-Wallsend and, subsequently, Normandy Mining. The tenure is held by CuFe Tennant Creek Pty Ltd (55%) and Gecko Mining Company Pty Ltd (45%).

The Tennant Creek Project hosts a JORC 2012 Mineral Resource¹ of 23.5 Mt @ 1.73% Cu and 0.72 g/t Au for 405 kt Cu and 544 Koz Au.

Competent Person Statement

The information in this announcement that relates to the Mineral Resource estimate for the Tennant Creek Project is extracted from the Company's ASX announcement titled "Gecko Mineral Resource Update" released on 18 June 2026, which is available on the ASX website.

The Company confirms that it is not aware of any new information or data that materially affects the information included in the original market announcement and, in the case of Mineral Resources, that all material assumptions and technical parameters underpinning the estimates in the original market announcement continue to apply and have not materially changed. The Company confirms that the form and context in which the Competent Person's findings are presented have not been materially modified from the original market announcement.

¹ Refer to CuFe's ASX announcements dated 18 June 2026 for the Mineral Resource details.
