PROPOSED RESOLUTIONS

Resolution 1 - Remuneration Report

Consistent with section 250R of the Corporations Act, the Company submits to Securityholders for consideration and adoption, by way of a non-binding resolution, its Remuneration Report for the year ended 30 June 2026.

The Remuneration Report is a distinct section of the annual Directors' Report which deals with the remuneration of Directors and executives (which includes senior management) of the Company. A copy of the Remuneration Report appears on pages 11 to 28 of the Annual Report, which is available from Aspen Group or on its website. The letter from Chair of the Remuneration and Nomination Committee and some important information from the Remuneration Report is provided below.

Dear Securityholders

On behalf of the Board, I am pleased to present the FY26 Remuneration report outlining Aspen's remuneration strategy and structures which are critical to attracting, retaining and aligning our talent to drive excellence in performance.

Aspen's approach to remuneration reflects a genuine belief that the most meaningful alignment between management and securityholders is built through equity, earned over time, and tested against performance that matters to securityholders. As the newly appointed Chair of Aspen's Remuneration and Nominations Committee, I am pleased to share how that philosophy has shaped our framework and outcomes for FY26.

Our Remuneration Philosophy and Framework

Our framework is deliberately structured to weight total reward toward long-term, at-risk components rather than guaranteed pay. Fixed remuneration is set at moderate levels, with the balance of reward at risk and predominantly payable in Aspen securities, not cash because we believe this is where sustainable alignment with securityholders is created. For our senior managers, our STI allocations are intentionally modest and discretionary, reflecting our view that short-term performance deserves recognition, but the Board and our leadership team measure success over the longer-term and our LTI scheme is designed to be fair to generous in its quantum, with hurdles that test sustained delivery over performance periods. The structural alignment is deepened further by the substantial personal shareholdings of our Joint CEOs and their commitment to the long-term performance of our business.

Leadership

Aspen is led by Joint CEOs, John Carter and David Dixon who have shared equal accountability for the leadership and strategic direction of the Group since their appointment in March 2019. The Board considers this structure a genuine strength, two leaders with complementary capabilities, a unified remuneration framework, with individual and collective accountability assessed by the Board each year. It is an arrangement that has served Aspen and its securityholders well, and one the Board continues to endorse with confidence.

FY26 outcomes

The Board is satisfied that remuneration outcomes for FY26 are consistent with our remuneration philosophy, justified by performance and appropriate in quantum. We commend the management team for driving Aspen's #1 ranking in the 3 years' Relative Total Shareholder Return (as measured against the S&P/ASX 300 A-REIT Index) and achieving CAGR in NAV per security of 13.5% over the same period. The detail behind those outcomes is set out in the body of this report, and we welcome any questions from securityholders as we progress through the year ahead.

We would like to take this opportunity to sincerely thank all our employees for their hard work and commitment to the excellent results of Aspen over the past several years.

We look forward to your support at our 2026 Annual General Meeting.

Edwina Gilbert

Chair - Remuneration and Nomination Committee

Remuneration Governance

The Board is responsible for approving Aspen's remuneration structure and for the remuneration outcomes for the Joint CEOs as Executive Key Management Personnel (KMP), on the advice of the Remuneration and Nomination Committee.

The table below provides details of the KMP for FY26:

Name	Position	Tenure at Aspen Group ¹

John Carter	Joint Chief Executive Officer	11 years and 4 months ²
David Dixon	Joint Chief Executive Officer	7 years and 3 months
Non-Executive Directors:		
Guy Farrands	Non-Executive Chair	13 years and 8 months
Edwina Gilbert	Non-Executive Director	2 years and 10 months
John Freedman	Non-Executive Director	1 year and 9 months

¹ Tenure as at 30 June 2026

² Includes tenure as non-executive director from appointment date on 23 February 2015.

Engagement Feedback and Response

The Board is committed to a remuneration framework that is transparent, aligned with securityholders' long term interests, and responsive to feedback. During the year, the Chair of the Board engaged directly with institutional investors to seek their views on our approach, and we have carefully considered the reports of proxy advisors. We have strengthened disclosures around remuneration philosophy, framework, measures and outcomes, established a dedicated Remuneration and Nomination Committee, and introduced minimum shareholding requirements for non-executive directors.

The Remuneration and Nomination Committee makes recommendations to the Board on matters under the responsibility of the Committee. The current members of the committee are:

Edwina Gilbert – Chair
Guy Farrands
John Freedman

Remuneration Strategy

The Board believes the success of Aspen Group is driven by its exceptional talent and their execution of the Group's strategy. In assessing remuneration, the Board considers:

- Fixed remuneration levels for comparable roles and companies
- Short term and long term "at risk" incentives for comparable roles and companies, and considering Aspen's preference for a larger proportion of total remuneration to be in long term incentives
- Group-wide performance metrics for the awarding of incentives, as collective success will encourage alignment amongst the executives and broader team
- The importance of directly aligning the interests of the management team and Aspen securityholders through the two long term incentive performance measures – NAV Growth, which measures the nominal investment return on a book value basis, and Relative Total Securityholder Return, which measures the total return of APZ stock relative to other major listed real estate groups on the ASX.

The objective of Aspen's remuneration framework is to remunerate both competitively and appropriately such that Aspen Group attracts, retains and motivates skilled and qualified KMP and senior managers.

When designing our Remuneration plans, we are guided by the following principles:

- Alignment to securityholders' long term interests by ensuring focus and business performance supports the business strategy and drives growth:
 - key financial drivers of securityholder value, including net rental income, earnings per security, distributions per security, net asset value and total securityholder returns
 - key non-financial drivers of securityholder value, including culture and risk management
 - attracting and retaining high calibre KMP and senior managers
 - driving a performance-based culture and encouraging KMP and senior management maintain a reasonable shareholding.
- Alignment to employees' interests:
 - rewards capability and experience
 - provides recognition for both individual contribution and teamwork
 - provides a simple and transparent structure of earning rewards and building meaningful equity stakes aligning performance and retention objectives.

The remuneration framework provides a mix of fixed and variable ("at risk") pay. As employees gain seniority within Aspen and have a greater role in driving business performance, the balance of this mix shifts to a much higher proportion of the "at risk" components.

Performance of Aspen Group's CEOs

Aspen is led by Joint CEOs – David Dixon and John Carter, who share equal responsibility for the leadership and management of the group. The Board believes this structure brings complementary strengths to the executive leadership of Aspen, supports effective decision-making and clear accountability for the long-term success of the group, and is in the best interest of its securityholders. This structure has been in effect since the Joint CEOs were appointed in March 2019.

The Board assesses the Joint CEOs performance individually and collectively on their contribution to the Group's overall results. One of the critical objectives of the remuneration framework is the alignment of Executives' remuneration with Aspen's financial performance and the long term interests of securityholders. Aspen's Executives have added significant value since joining Aspen Group in March 2019 as summarised in the Key Performance Indicators (KPIs) below.

Short Term KPI – FY26

The Board considers the relative performance of Executives against the execution of Aspen's strategy. A high-level scoreboard of Aspen's operational and financial performance for FY26 for the purpose of assessing the award of the STI has been considered by reference to both positive and negative factors considered below:

FY26 Executive KMP Remuneration

The Board is committed to ensuring the Executives' pay is fair and comparable to like companies, and importantly, aligns financial rewards with the long term interests of securityholders.

The table below depicts the remuneration mix, rather than the actual remuneration received during the year received by each of the Joint CEOs. The actual remuneration mix will vary annually depending upon performance metrics.

Remuneration mix	Amount	% Split
Total Fixed Remuneration	\$650,000	27%
Short Term Incentive (STI)	\$160,000	7%
Long Term Incentive (LTI) (Face Value)	\$1,580,000	66%
Total	\$2,390,000	100%

We believe this remuneration structure has contributed to Aspen's performance. APZ stock ranked #1 in total returns among all S&P/ASX300 A-REIT Index constituents over the previous 3-year measurement period.

Total Fixed Remuneration (TFR)

Compared to comparable roles in other listed real estate groups, Aspen's Executives typically have lower Total Fixed Remuneration (TFR) and Short-Term Incentives (STI), and a higher proportion of total remuneration "at risk" in Long-Term Incentives (LTI). Because Aspen's Executives have relatively low TFR and STI, the value of their LTI rights as a percentage of TFR appears relatively high.

The Board has discretion to determine the amount of STI and LTI are granted, who participates, the quantum, the conditions attaching to the award, and the treatment of the rights in specific circumstances over the vesting period.

Short Term Incentive (STI)

The STI is an "at risk" incentive for Executive KMPs that is paid in cash with 50% payable following the approval of the annual financial statements and 50% payable at the end of the following financial year. To receive the benefit of the deferred STI amount, the Executive must have achieved a further hurdle – that employment with Aspen remains in place and no notice of resignation has been served by the Executives.

Long Term Incentive (LTI)

The LTI is also an "at risk" incentive and is designed to ensure executive outcomes are directly aligned with securityholders' long term interests. The LTI award is delivered 100% in equity granted as Performance Rights which is a conditional right to acquire APZ stapled securities for nil consideration. Vesting of Performance Rights is conditional on achieving two different equity return hurdles over a three-year period from the start of the financial year in which they are granted.

The Performance Rights do not receive distributions or any voting rights. Any performance rights that do not vest following testing will lapse subject to Board discretion and employee departure treatment.

The Board considers the total value of LTIs granted on both a Face Value and Fair Value basis:

- Face Value = Number of Performance Rights granted x APZ Security Price
- Fair Value = Number of Performance Rights granted x Fair Value of a Performance Right which is determined by an independent third party. The Fair Value is used for measurement at grant date for statutory accounting purposes.

The LTI rights granted on 1 July 2025 had a Face Value of \$3.95 each (being the APZ Security Price) and Fair Value of \$2.87 each.

The Board has benchmarked LTI structures and quantum against comparable ASX listed real estate groups to ensure Aspen's offering is competitive in attracting and retaining talent with the required specialist skills.

Given the specialist nature of Aspen's operating model and the tenure and institutional knowledge held by the Joint CEOs and other executives, the Board has given appropriate weight to retention considerations in both the vesting period and the structure of performance conditions.

Hurdles and testing criteria for performance rights under the Performance Rights Plan (PRP) for the LTI have been set at levels that are stretched but achievable and don't encourage excessive risk taking, building on the strong historic achievement of Aspen. It is important to ensure that the hurdles act as a genuine motivator for sustained outperformance rather than entitlement or, conversely, an unattainable target that fails to drive appropriate behaviour.

LTI Performance Measures and Weighting

Measure 1: Relative Total Securityholder Return (TSR) - 50% Weighting

The Board decided to use relative TSR as a vesting condition because relative TSR is easily measured, verifiable by external data and therefore transparent for securityholders. TSR is a measure of the return to securityholders (over the vesting period) provided by security price appreciation, plus distributions expressed as a percentage of initial investment. The S&P/ASX 300 A-REIT Index is used as a comparator group as it represents Aspen's listed real estate group peers that Aspen competes with for equity and talent.

The Relative TSR hurdle is tested at the end of the performance period (three years from grant) by calculating the TSR performance of each entity in the comparator group. The performance of each entity is then ranked, using percentiles. Aspen Group's performance is calculated at the end of each performance period and compared to the percentile rankings. Vesting of performance rights under this hurdle will only occur if Aspen Group outperforms a majority of the entities making up the S&P/ASX 300 A-REIT Index over the three-year period, and full vesting will only occur if Aspen Group outperforms 75% of the entities.

Relative TSR over 3 years	Proportion of TSR related rights vested
At or below the 50 th percentile	0%
At the 51 st percentile	50%
Between the 51 st percentile and the 75 th percentile	Straight-line between 50% and 100%
At or above the 75 th percentile or above	100%

Measure 2: Net Asset Value (NAV) Growth – 50% Weighting

The Board decided to use NAV growth as a vesting condition because NAV is measured and reported in Aspen's audited accounts, verifiable by external data and therefore transparent for securityholders. NAV Growth and Relative TSR can differ over time, and the NAV Growth hurdle is a fixed nominal return whereas the Relative TSR hurdle is based on the relative return of APZ securities compared to Aspen's listed peers.

The NAV hurdle is tested by calculating NAV Growth over the three-year measurement period. As distributions by the Group have the effect of reducing the NAV of the Group, the measurement of NAV takes into account distributions over the vesting period. Distributions over the three-year period are added to NAV to determine the rate of growth achieved. The vesting of Performance Rights is determined using the matrix in the table below:

NAV Growth per annum over 3 years	Proportion of NAV related rights vested
Below 7%	0%
At or above 7% and below 8%	Straight-line between 50% and 100%
At or above 8%	100%

Malus/Clawback:

The Board has the right to claw back unexercised Performance Rights from a holder if the holder acts fraudulently or dishonestly or are in breach of their obligations to Aspen Group.

LTI Treatment upon Employee Departure:

The following table outlines treatment of LTI upon an employee's departure from Aspen Group:

Event	Eligibility criteria
Resignation	Any unvested LTIs will automatically lapse and be deemed forfeited. However, the Board may choose, at its absolute discretion, to allow the unvested LTIs to remain in effect.
Dismissal	Any unvested LTIs will automatically lapse and be deemed forfeited.
Redundancy, retirement or death	Any LTIs will automatically lapse and be deemed forfeited. However, the Board may choose, at its absolute discretion, to allow the unvested LTIs to remain in effect.
Unvested forfeited LTI	Unvested forfeited LTIs may be redistributed subject to Board approval.

Change of Control:

Subject to the terms and conditions of a grant of a Performance Right, two-thirds of Performance Rights automatically vest and automatically exercise on the occurrence of a Change of Control. The Board may in its absolute discretion determine that the other third or less of the unvested Performance Rights automatically vest and automatically exercise on the occurrence of a Change of Control.

LTI outcomes

The table below summarises how Aspen performed compared to vesting conditions for active LTI schemes at 30 June 2026:

	FY26 Scheme	FY25 Scheme	FY24 Scheme

Current Status	Aspen ranked 2nd of 28 stocks in the comparator group with a return of 34.6% for the year to 30 June 2026. NAV growth was 14.6% for the year to 30 June 2026. These LTIs are subject to the performance hurdles until 30 June 2028.	Aspen ranked 1st of 28 stocks in the comparator group with a return of 206.9% for the 2 years to 30 June 2026. NAV growth was 14.9% per annum compound for the 2 years to 30 June 2026. These LTIs are subject to the performance hurdles until 30 June 2027.	Aspen ranked 1st of 28 stocks in the comparator group with a return of 229.5% for the 3 years to 30 June 2026. NAV growth was 13.5% per annum compound for the 3 years to 30 June 2026. 100% of these LTIs will vest post 30 June 2026.

FY26 Executive Remuneration per Statutory Accounts

The table has been prepared in accordance with the requirements of the *Corporations Act 2001* and relevant Australian Accounting Standards. Details of the nature and amount of each major element of remuneration of key management personnel:

Executives	Year	Base Salary ¹	STI	Total	Superannuation Benefits	Other Long Term	LTI ²	Total

¹ Base salary includes annual leave, and superannuation payments which exceeded the Federal Government superannuation cap.

² The stapled securities issued under the various PRPs are accounted for under AASB S2 based on fair value at grant date using a Monte Carlo option-pricing model and allocated to each reporting period evenly over the period from grant date to vesting date. The value of these Long-Term Incentive Instruments (LTII) disclosed is the portion of the fair value of the instruments allocated to the profit and loss in the respective reporting period.

Non-Executive Director Remuneration Structure

The Remuneration and Nomination charter focuses on ensuring that the Group maintains the necessary and desirable competencies for AGL Board membership, and that the appropriate diversity of skills and experiences are represented and remunerated:

- Non-Executive Directors are remunerated by way of fixed fees (inclusive of mandatory superannuation), there are no additional fees for Committee Chairs or Committee Membership
- Non-Executive Directors do not receive performance-based remuneration such as cash bonuses or the ability to participate in Aspen Group's STI or LTI schemes, due to perceived risk when overseeing executive decision-making
- At the 2010 AGM, the remuneration level for Non-Executive Directors was approved by securityholders with the maximum level of \$700,000 approved by securityholders. For FY26, total Non-Executive Director remuneration was \$375,000 (FY25 \$389,616)
- Within this limit, the Board reviews the remuneration packages of all non-executives annually, compared to that of similar businesses or advice may be sought from external consultants as required. Any changes to Non-Executive Director remuneration are effective following the release of annual financial results.

A summary of the annual Non-Executive Director Fees inclusive of superannuation is detailed below:

Aspen has a policy that all Aspen Group Board members hold the equivalent of one year's base fees in APZ securities within 3 years of appointment. All Board members are in compliance with this policy.

The information above is a summary of the information provided in the Remuneration Report section of Aspen's Annual Report for the year ended 30 June 2026. Further information is available in the Annual Report.

Remuneration Q&A

1. Were there any fixed pay increases in FY26?

The Joint CEOs were awarded total fixed remuneration (TFR) of \$650,000 each, an 18% increase on FY25.

2. Were any changes made to the remuneration structure in FY26?

No.

Total remuneration is structured as a mixture of TFR, STI and LTI.

Our framework is deliberately structured to weight total reward toward long term, at-risk components rather than guaranteed pay. Fixed remuneration is set at moderate levels, with the balance of reward at risk and predominantly payable in Aspen securities, not cash because we believe this is where sustainable alignment with securityholders is created. For our senior managers, our STI allocations are intentionally modest and discretionary, reflecting our view that short-term performance deserves recognition, but the Board and our leadership team measure success over the longer-term and our LTI scheme is designed to be fair to generous in its quantum, with hurdles that test sustained delivery over performance periods.

We believe this remuneration structure has contributed to Aspen's performance. APZ stock ranked #1 in returns relative to the S&P/ASX300 A-REIT Index constituents over the previous 3-year measurement period.

The amount of TFR, STI and LTI awarded, and therefore the proportionate mix, is determined at the discretion of the Board upon finalisation of audited accounts each financial year. This is different to the typical remuneration structure at ASX listed companies which has a maximum STI and LTI potential, often set as a fixed % of TFR, giving Aspen Group's Board greater control over remuneration outcomes.

TFR comprises base salary, superannuation and fringe benefits and is paid monthly during the financial year.

STI is awarded at the end of each financial year once financial results are known. In FY26 100% of the STI was payable in cash, with 50% payable immediately and 50% after 12 months, unchanged on FY25.

LTI is awarded at the end of each financial year once financial results are known. The LTI vests 3 years after being awarded, subject to achieving performance hurdles, continued employment and other conditions over the period, unchanged on FY25.

The mix of remuneration for the Joint CEOs in FY26 compared to FY25 is tabled below (based on LTI at Face Value). In FY26 a materially higher proportion of remuneration was awarded in the form of LTI (67% v. 54%) which has 3-year vesting conditions and performance hurdles directly related to future nominal and relative returns to securityholders. Only 30% of total remuneration has been paid in cash and 3% is the deferred component of STI which is deferred for 12 months and payable subject to vesting conditions.

	FY25		FY26	
TFR	\$550,000	37%	\$650,000	27%
STI	\$145,000	10%	\$160,000	7%
LTI (at Face Value)	\$786,970	53%	\$1,580,000	66%
Total	\$1,481,970	100%	\$2,390,000	100%

3. Were there any changes to the FY26 STI performance measures or award vesting?

No.

The Board considers a wide range of performance measures when considering discretionary STI levels each year. Some of these measures are summarised in the Remuneration Report. The various measures are not subjected to fixed weightings to determine a weighted overall performance outcome because the relative importance of the measures for Aspen Group and its securityholders are continually changing and evolving over time. Also, each Board member has their own view on the importance of each of the performance measures in determining their view on management's overall performance.

STI is awarded at the end of each financial year once financial results are known. In FY26 100% of the STI was payable in cash, with 50% payable immediately and 50% after 12 months, unchanged on FY25. The 50% deferred component

of the STI awarded in FY25 has now been paid as the FY26 accounts are complete and the executives have met all the vesting conditions.

STI represented only 6% of the Joint CEOs total remuneration in FY26 and half of this is deferred for 12 months.

4. Were there any changes to the FY26 LTI performance measures or the vesting?

No.

The FY26 LTI performance measures were the same as for FY25 being:

- Total Securityholder Return relative to all stocks in the S&P/ASX300 A-REIT Index over a 3-year period (TSR) (50% weighting). APZ stock must outperform 50% of the index constituents before any of the LTI rights vest under this measure and 75% of the constituents for 100% of the rights to vest under this measure
- Net Asset Value CAGR over a 3-year period (50% weighting). APZ NAV CAGR must be over 7% before any of the LTI rights vest under this measure and over 8% for 100% of the rights to vest under this measure. The Board believes these hurdles are reasonable based on the real return over targeted inflation of 2-3% per annum, the nature of Aspen's assets which are predominantly low risk and low yielding Residential and Lifestyle rentals, and Aspen's relatively low gearing levels compared to other A-REITs.

The Board does not believe it appropriate to include an Earnings per Security (EPS) measure in the hurdles, because companies report various forms of EPS which are debateable (eg. Underlying EPS compared to Statutory EPS) and changes in EPS do not necessarily reflect changes in value for securityholders. Additionally, the TSR and NAV CAGR measures will ultimately reflect the value of Aspen's earnings in the Board's opinion.

We believe this remuneration structure has contributed to Aspen's performance. APZ stock ranked #1 in returns relative to the S&P/ASX300 A-REIT Index constituents over the previous 3-year measurement period.

5. What is the FY26 STI payout to Executive Key Management Personnel and why?

The STI awarded to each of the Joint CEOs was \$160,000, up 10% on FY25. The increase was due to continued material improvements and growth in Aspen's business. The STI represented only 7% of the Joint CEOs total remuneration in FY26 compared to 10% in FY25.

6. Did any LTI awards vest in FY26?

Yes.

Because APZ stock ranked #1 in returns relative to the S&P/ASX300 A-REIT Index constituents over the previous 3-year measurement period and NAV CAGR was 13.5% which is over the maximum hurdle of 8% over the previous 3-year measurement period, 100% of LTI rights vested.

7. Did the Board exercise discretion when considering Executive KMP LTI awards in FY26?

No.

100% of the LTI that was awarded in FY23 vested in FY26 after the 3-year vesting period because all the performance hurdles and other conditions were met.

8. Did the Board exercise discretion when considering Executive KMP STI awards in FY26?

For our senior managers, our STI allocations are intentionally modest and discretionary, reflecting our view that short-term performance deserves recognition, but the Board and our leadership team measure success over the longer-term. The Board considers the relative performance of Executives against the execution of Aspen's strategy. A high-level scoreboard of Aspen's operational and financial performance for FY26 for the purpose of assessing the award of the STI has been considered by reference to both positive and negative factors that are outlined in the FY26 Remuneration Report.

For the Executive KMP, 7% of total remuneration was in STI of which 50% of the amount was deferred for 12 months and subject to continued employment and other conditions.

9. Were any changes made to Non-Executive Director (NED) fees in FY26?

No.

The Chairman fee remained at \$175,000 and the NED fee remained at \$100,000. There are no additional fees for sub-committee roles. There was no change to the maximum aggregate NED fee pool of \$700,000.

10. How does the Board set remuneration hurdles?

The Board focuses the STI and LTI performance conditions and hurdles on areas where it believes the Executives can create the best value for securityholders, build on prior-year performance, properly consider market conditions and opportunities, and provide Executives with meaningful and robust stretch targets within Aspen's stated risk parameters.

11. How and when does the Board determine if it uses discretion?

Aspen's STI and LTI plans are at the discretion of the Board, and the structure and value of awards that are granted are determined at the end of each financial year.

Total remuneration is structured as a mixture of TFR, STI and LTI.

Our framework is deliberately structured to weight total reward toward long term, at-risk components rather than guaranteed pay. Fixed remuneration is set at moderate levels, with the balance of reward at risk and predominantly payable in Aspen securities, not cash, because we believe this is where sustainable alignment with securityholders is created. For our senior managers, our STI allocations are intentionally modest and discretionary, reflecting our view that short-term performance deserves recognition, but the Board and our leadership team measure success over the longer-term and our LTI scheme is designed to be fair to generous in its quantum, with hurdles that test sustained delivery over performance periods.

The Board has the discretion to allow previously granted LTI rights to remain on foot and therefore potentially vest when an employee departs Aspen Group for any reason.

12. What portion of Executive remuneration was at risk in FY26?

69% was at risk. Only 27% of total remuneration was in TFR and only 7% of total remuneration was in STI of which 50% of the amount was deferred for 12 months and subject to continued employment and other conditions. The remainder was in LTI which is entirely aligned with securityholder returns.

13. Are there any clawback provisions for incentives?

All incentives contain "malus" provisions allowing for the forfeiture of unvested rights in certain circumstances, including in the event of termination for cause or for failing to meet prescribed minimum business and individual performance standards.

14. Do all NEDs and the Executive Director and Executive KMP hold securities in APZ?

Yes, all members of the APZ Board, including the Executive Directors, hold securities in APZ.

Aspen has a policy that all Aspen Group Board members hold the equivalent of one year's base fees in securities within 3 years of appointment and all Board members are in compliance with this.

15. How does the Remuneration Framework mitigate against excessive risk taken by Executives to generate remuneration outcomes?

Risk is managed at various points in the Remuneration Framework through:

- Board discretion on all components of remuneration each financial year
- Part deferral of STI awards for Executive KMP with the vesting of 50% of the STI award deferred for 12 months
- Substantial weighting of the Joint CEO's remuneration packages to LTI and LTI performance hurdles that reflect the long-term performance of APZ measured over a three-year performance period
- Aspen's incentive plan containing broadly framed malus provisions that allow the Board in its sole discretion to determine that all, or part, of any unvested incentive awards be forfeited in certain circumstances

16. Can STI and LTI participants hedge their unvested rights?

No.

STI and LTI participants must not use any hedging strategy that has the effect of reducing or eliminating the impact of market movements on any unvested rights that are still subject to disposal restrictions.

17. Are any STI payments deferred?

Yes.

50% of the STI amount for Executive KMP is deferred for 12 months.

18. Are STI payments capped?

No, they are not capped, but they are discretionary and determined by the Board after the end of each financial year. Refer to Q8.

19. Are distributions or interest paid on unvested STI awards?

No.

20. What are the performance measures that determine if the FY26 LTI awards vest?

The same as FY25. Refer to the Remuneration Report.

21. Has the Board considered changing or increasing the LTI performance hurdles compared to prior years?

The Board decided to use relative TSR as a vesting condition because relative TSR is easily measured, verifiable by external data and therefore transparent for securityholders. TSR is a measure of the return to securityholders (over the vesting period) provided by security price appreciation, plus distributions expressed as a percentage of initial investment.

The S&P/ASX 300 A-REIT Index is used as a comparator group as it represents Aspen's listed real estate group peers that Aspen competes with for equity and talent.

The Board decided to use NAV growth as a vesting condition because NAV is measured and reported in Aspen's audited accounts, verifiable by external data and therefore transparent for securityholders. NAV Growth and Relative TSR can differ over time, and the NAV Growth hurdle is a fixed nominal return whereas the Relative TSR hurdle is based on the relative return of APZ securities compared to Aspen's listed peers.

The minimum NAV hurdle is 7% compound annual growth where 50% of granted LTI awards vest and convert to APZ securities. 100% of the awards vest once 8% compound annual growth is achieved. The Board believes these return hurdles remain appropriate considering expected inflation of 2-3% per annum over the long term, total returns generated in the past by listed real estate groups, the relatively low yield on residential rental property, and Aspen's risk appetite for operational leverage, development and balance sheet gearing.

Resolution 1 is advisory only and does not bind the Company or its Directors. However, the Board will consider the outcome of the vote and comments made by Securityholders at the Meeting on the remuneration report when reviewing the Company's remuneration policies. If 25% or more of votes that are cast are voted against the adoption of the remuneration report at two consecutive AGMs, Securityholders will be required to vote at the second of those AGMs on a resolution (a "spill resolution") that another Meeting be held within 90 days at which all of the Company's Directors must stand for re-election. The Company encourages all Securityholders to cast their votes on Resolution 1 (Adoption of the Remuneration Report).

The Chairman intends to exercise all undirected proxies in favour of Resolution 1. If the Chairman of the Meeting is appointed as your proxy and you have not directed the Chairman how to vote on Resolution 1 by signing and returning the Proxy Form, the Securityholder is considered to have provided an express authorisation for the Chairman to vote the proxy in accordance with the Chairman's intention.

Recommendation

Noting that as each Director of the Company has a personal interest in their own remuneration the subject of this resolution, the Board does not consider it appropriate to make a recommendation to Securityholders in relation to voting on Resolution 1. The Chairman of the Meeting intends to vote all available undirected proxies in FAVOUR of Resolution 1.

Resolution 2 – Re-election of Mr Guy Farrands as a Non-Executive Director

Rule 7.3(a) of the Company's constitution provides that no Director (other than the managing director) may retain office (without re-election) for more than 3 years or past the third annual general meeting following the Director's appointment, whichever is longer.

Accordingly, Mr Guy Farrands retires by rotation and offers himself for re-election.

Mr Farrands has over 40 years' experience in direct and ASX listed property markets in Australia and internationally across commercial, retail, industrial, residential and retirement property classes.

He was Managing Director and/or CEO of the following ASX listed groups:

- ALE Property Group
- GEO Property Group
- Valad Property Group

Mr Farrands was also Chief Financial Officer of Viva Energy REIT (now Waypoint REIT).

His previous roles include Division Director of the real estate division of Macquarie Bank's Investment Banking Group where he managed IPOs, equity raisings and mergers and acquisitions, Associate Director and Joint Head of Property for Heine Management Limited and Manager in the Investment Sales Department at Jones Lang LaSalle.

Mr Farrands holds 221,390 Aspen Group securities through his self-managed superannuation fund, of which he is the sole beneficiary.

Appointed as a Non-Executive director on 26 November 2012 and Chairman on 15 November 2024.

Independence

In recommending Mr Farrands' re-election, the Board, without Mr Farrands present, specifically assessed whether his length of service as a Director and Chairman of Aspen Group had affected his independence. Having considered his performance, skills, experience and leadership, the Board determined that he continues to exercise independent judgement and constructively challenges management, and that his tenure has not compromised his independence or judgement.

The Board also considered Aspen Group's recent board renewal, which has introduced fresh perspectives while reinforcing the value of continuity and Mr Farrands' detailed knowledge of the Group, its business and strategy. The Board believes that this combination of renewal and experience supports effective oversight and that Mr Farrands continues to bring valuable expertise and independent leadership to Aspen Group. Accordingly, the Board considers Mr Farrands to be an independent director, and the directors (other than Mr Farrands) unanimously support his re-election.

Resolution 3 – Re-election of Mr John Carter as an Executive Director

Rule 7.3(a) of the Company's constitution provides that no Director (other than the managing director) may retain office (without re-election) for more than 3 years or past the third annual general meeting following the Director's appointment, whichever is longer. Further, Rule 7.3(e) of the Company's constitution further provides that Rule 7.3(a) does not apply to the managing director of the Company, or if more than one, the managing director of the Company will be re-elected as determined by the Directors.

Accordingly, Mr Carter, being the Joint CEO and an Executive Director of the Company, retires by rotation of managing directors and offers himself for re-election.

Mr Carter has served as an Executive Director of the Company since 23 February 2015 and was appointed as the Joint Chief Executive Officer on 14 March 2019.

Recommendation

The Directors (other than Mr Carter) unanimously recommend that Securityholders vote in favour of Resolution 3. The Chairman of the Meeting intends to vote all available undirected proxies in FAVOUR of Resolution 3.

Resolution 4 - Renewal of Performance Rights Plan

Resolution 4 seeks Securityholders approval to renew the Performance Rights Plan (PRP) which was approved by Securityholders in November 2023 at the annual general meeting. Under the ASX Listing Rules the approval is only valid for a period of three years and therefore, the Company is seeking approval for further three years to issue Performance Rights as per Division 1A of Part 7.12 of the Corporations Act.

The Board considered that the Performance Rights Plan remains the appropriate form of long-term employee incentive plan, as the Performance Rights Plan:

- permits appropriate levels of reward to be delivered to eligible employees for achievement of outstanding performance; and
- better aligns Company's remuneration and reward structure with that of its market competitors.

The PRP has been amended with respect to exercise pre-conditions, change of control provisions and power of the Board. A marked-up extract of the PRP showing the proposed changes is set out in **Schedule 1** and full amended PRP is annexed in **Schedule 2**. A copy of the PRP rules is also available on the Company's website: <https://aspengroup.com.au/investor-centre/environmental-social-corporate-governance>.

The PRP facilitates the grant of performance rights (**Performance Rights**) to certain employees of Aspen Group (Eligible Participants) whom the Board determines to be eligible to participate in accordance with the PRP. Aspen Group's current and future executive Directors are entitled to participate in the PRP, although Securityholder approval will be sought prior to each participation. Non-Executive Directors are not eligible to participate in the PRP.

The Performance Rights form a key component of Aspen Group's long term incentive remuneration strategy. The PRP aligns the interests of Securityholders and Eligible Employees, and the PRP is designed to reward performance and out-performance of Aspen Group's total value per share growth against targets as well as total Securityholder return compared to the S&P/ASX 300 A-REIT Index.

A Performance Right granted under the PRP is a conditional right to acquire a Stapled Security for nil consideration (although the terms of the PRP enable the Board to impose an exercise price if considered appropriate). Any issue will be made with appropriate disclosure pursuant to Division 1A of Part 7.12 of the Corporations Act, as amended from time to time.

Aspen Group proposes that Performance Rights will be granted annually under the PRP, however the Board has discretion to grant Performance Rights at other times.

Terms and conditions

The amended PRP rules is annexed in **Schedule 2**.

Number of Performance Rights to be issued

The maximum number of Performance Rights proposed to be issued under the PRP following the Securityholder approval at this Meeting over the next three years is 8,000,000. This maximum is not intended to be a prediction of the actual number of Performance Rights and Stapled Securities under the PRP, but is specified for the purposes of Listing Rule 7.1, exception 13. If that number is reached, fresh Securityholders' approval under Listing Rule 7.2, exception 13 would be requested, otherwise any additional issue of Performance Rights and Stapled Securities under the PRP over the maximum will count towards the calculation of the Company's 15% placement capacity under Listing Rule 7.1.

The Performance Rights that do not vest will immediately lapse.

Approval sought

Securityholder approval of Resolution 4 is sought for the following purposes:

ASX Listing Rule 7.2 Exception 13(b)

Securityholder approval is sought under ASX Listing Rule 7.2 (Exception 13(b)), which will exempt the Performance Rights and Stapled Securities issued on exercise of the Performance Rights counting towards the 15% annual limit on the issue of new securities without prior Securityholder approval under ASX Listing Rule 7.1.

Aspen Group seeks Securityholder approval for a further period of three years from the passing of this Resolution 4. In the absence of this approval Aspen Group can still issue Performance Rights. However, the issue would count towards the 15% limit which would otherwise apply during a 12-month period.

Under the PRP since the date of the last approval 5,362,461 Performance Rights have been issued, 4,019,620 Performance Rights have vested, been exercised, or forfeited and cancelled.

Part 2D.2 of the Corporations Act: Termination Benefits

Under section 200B of the Corporations Act, a company may only give a person a benefit in connection with their ceasing to hold a managerial or executive office in the company or a related body corporate if it is approved by Securityholders or an exemption applies.

The term “benefit” in Part 2D.2 has a wide operation and would include the accelerated vesting of the Performance Rights in accordance with the PRP. The termination benefit given under the PRP would be (were it to occur) the early exercise of Performance Rights upon cessation of employment or office with Aspen Group.

Accordingly, Securityholder approval is sought under section 200E of the Corporations Act for the giving of termination benefits in accordance with the PRP to Eligible Participants who hold (or have held in the three years prior to their retirement) a managerial or executive position with the Company.

This approval will only apply to benefits given on the exercise of a discretion in accordance with the PRP.

The value of such benefits cannot presently be ascertained, but matters, events and circumstances that will, or are likely to, affect the calculation of that value include:

- the number of Performance Rights held by the Eligible Participants prior to cessation of employment or office;
- the number of Performance Rights that are exercised; and
- the value of the Stapled Securities when the Performance Rights are exercised.

Financial implications

Australian Equivalents International Financial Reporting Standards require the Performance Rights to be expensed which is guided by AASB 2 – Share Based Payments. As the Performance Rights granted under the PRP will not vest immediately, they are expected to be expensed over their vesting period.

Expensing the Performance Rights will have the effect of increasing both the expenses and other equity of the Company. Whilst there will be a reduction in profit, there will be no impact on the net assets or the cash position or financial resources of the Company as a result of expensing the Performance Rights.

There are no adverse tax implications for the Company in issuing these Performance Rights noting however that share based payments are not deductible for income tax purposes.

The Directors believe that the PRP is reasonable in all the circumstances because it is an appropriately designed equity based incentive, and further that, if the performance hurdles described above are met, this will result in benefits for Aspen Group as a whole.

If Resolution 4 is passed, issue of the Performance Rights will be made under exception 13 of ASX Listing Rule 7.1.

If Resolution 4 is not passed, issue of the Performance Rights will count towards the calculation of the Company's 15% placement capacity under ASX Listing Rule 7.1.

Recommendation

The Directors unanimously recommend that Securityholders vote in favour of Resolution 4. The Chairman of the Meeting intends to vote all available undirected proxies in FAVOUR of Resolution 4.

Resolutions 5 and 6 – Grant of Performance Rights

Messrs Carter and Dixon, each received a fixed base salary of \$650,000 per annum inclusive of statutory superannuation in FY26.

The Company's executives had the following remuneration mix for FY26, which includes Messrs Carter and Dixon.

FIXED		AT RISK	
Fixed Remuneration		Short term incentive (STI)	Long Term Incentive (LTI)
CASH		EQUITY	
- Base salary and superannuation - Reviewed annually - Dependent on the scope, complexity, capability and individual performance in the role		- STI dependent on individual performance relative to KPIs 50% of STI awarded is paid in cash post release of the financial year results and 50% is paid in cash post release of the following year's financial results, subject to continued employment and other conditions.

The Remuneration and Nomination Committee resolved, subject to Securityholder approval, 400,000 Performance Rights with a face value of \$5.21 each at 30 June 2026, will be granted to Mr Carter and Mr Dixon as part of their remuneration package for the 2027 financial year. Each performance right entitles Messrs Carter and Dixon to one stapled security at the end of the performance period, subject to the satisfaction of the Performance measures described below.

The number of Performance Rights issued in accordance with the Performance Rights Plan (PRP) will be 400,000 to each of Mr Carter and Mr Dixon. An independent valuation was undertaken by MUFG Corporate Markets. The fair value at 30 June 2026 was \$3.82 per right. MUFG Corporate Markets applied Monte Carlo simulation approach to calculate the fair value of the Performance Rights subject to the relative TSR performance conditions. These will be granted at no cost and subject to the rules of the Performance Rights Plan. Performance Rights do not carry any distribution or voting rights prior to vesting.

Mr John Carter and Mr David Dixon are Joint CEOs and Directors of the Company.

Performance Measures

50% of the Performance Rights will be subject to Aspen achieving a relative Total Securityholder Return (TSR) target which measures and compares the TSR performance of Aspen against a comparator group over the Performance Period of 3 years. The S&P/ASX 300 A-REIT Index will be used as the comparator group as it represents the Company's listed property peers who compete for capital and talent.

50% of the Performance Rights will be subject to Aspen achieving a Total Return (TR) target over the Performance Period.

TSR - The vesting conditions will be based on the performance ranked against the Comparator Group at the end of the Performance Period as follows:

At or above the 75 th percentile	100%
At or above 51 st percentile but below 75 th percentile	Pro rata vesting from 51%
Below 51 st percentile	Nil

TR - The TR component will be determined as follows:

Change in Net Asset Value (NAV) per security (over the 3 year performance period) + distributions per security (over the 3 year performance period) divided by NAV per security at the beginning of the performance period. The number of Performance Rights to vest will be determined by reference to the compound annual TR achieved over the Performance period compared to Aspen's hurdle, as follows:

At or above 8%	100%
At or above 7%	Pro rata vesting from 50%
Below 7%	Nil

Related Party Transactions Generally

Chapter 2E of the Corporations Act prohibits a public company from giving a financial benefit to a related party of the public company unless either:

- (a) the giving of the financial benefits falls within one of the nominated exceptions to the provision, which includes where the financial benefit given constitutes is reasonable remuneration in the circumstances of the Company under the exception in section 211 of the Corporations Act; or
- (b) Securityholder approval is obtained prior to the giving of the financial benefit and the benefit is given within 15 months after obtaining such approval.

For the purposes of Chapter 2E of the Corporations Act, Messrs Carter and Dixon are a related party of the Company.

Resolutions 5 and 6 relates to the proposed grant of Performance Rights to Messrs Carter and Dixon.

The Directors considers that the financial benefit given by the grant of Performance Rights constitutes reasonable remuneration for the purposes of the exception in the Corporations Act.

The Directors consider that the incentives represented by the grant of these Performance Rights are an efficient means for the Company to incentivise the executives to continue to contribute to the growth and development of the Company.

The proposed grant of Performance Rights to Messrs Carter and Dixon will be in accordance with to the Performance Rights Plan (PRP) rules.

Information Requirements - Listing Rules 10.14 and 10.15

Listing Rule 10.14 requires Securityholder approval by ordinary resolution for any issue of securities by a listed company to a related party under an employee incentive scheme. Accordingly, Listing Rule 10.14 requires Securityholders to approve the issue of Performance Rights under the PRP to Messrs Carter and Dixon.

The following information is provided to Securityholders in relation to Resolutions 5 and 6 for the purposes of Listing Rule 10.15:

As Securityholder approval is being sought for the purposes of Listing Rule 10.14, Securityholder approval is not required under Listing Rule 7.1.

If Resolutions 5 and 6 are passed, then the Performance Rights granted to Messrs Carter and Dixon, will not reduce the Company's 15% available capacity under ASX Listing Rule 7.1 as they will be issued under exception 14 of Listing Rule 7.2.

If Resolutions 5 and 6 are not passed, the Company will not be able to proceed with the grant Performance Rights to Messrs Carter and Dixon and will remunerate this component of their remuneration in cash.

Recommendation

The Directors (other than Mr Carter and Mr Dixon) unanimously recommend that Securityholders vote in favour of Resolutions 5 and 6. The Chairman of the Meeting intends to vote all available undirected proxies in FAVOUR of Resolutions 5 and 6.

Resolution 7 – Renewal of Proportional Takeover Bid Approval Provisions of the Constitution

Resolution 7 seeks Securityholders approval to renew the Proportional Takeover Bid Approval provisions in the Company's constitution and any cross references within Clause 4.14 and 4.15 (Plebiscite to Approve Proportional Takeover Bids).

Background

Section 648G(1) of the Corporations Act 2001 (Cth) provides that a Company's proportional takeover provisions will cease to have effect at the end of three years from the date of incorporation (or renewal, as the case may be). The proportional takeover bid approval provisions were last renewed at 2023 Annual General Meeting. As per Clause 4.15 of the existing constitution, the Company's proportional takeover provisions ceases to have effect at the end of 3 years beginning:

- a) where those rules have not been renewed in accordance with the Corporations Act on the date that those rules were adopted by the Company; or
- b) where those rules have been renewed in accordance with the Corporations Act on the date those rules were last renewed.

The Directors consider that it is in the best interests of Securityholders to renew these provisions in their existing form. Accordingly, a special resolution is being put to Securityholders under section 648G of the Corporations Act to renew Clause 4.14 of the constitution.

If renewed by Securityholders at the meeting, Clause 4.14 will operate for three years from the date of the Meeting (i.e., 10 November 2026), subject to further renewal.

Effects of the Proportional Takeover Provisions

The effects of Clause 4.14 of the constitution, as renewed, will be that where a proportional takeover bid is made for Shares in the Company (i.e., a bid is made for a specified proportion, but not all, of each holders' bid class shares), the Directors must convene a meeting of holders of the relevant shares to vote on a resolution to approve that bid. The meeting must be held, and the resolution voted on, at least 14 days before the last day of the bid period. To be passed, the resolution must be approved by more than 50% of the votes cast at the meeting, excluding votes by the bidder and its associates. However, the Corporations Act also provides that, if the meeting is not held within the time required, then a resolution to approve the proportional takeover bid will be deemed to have been passed.

If the resolution to approve the proportional takeover bid is passed or deemed to have been passed, the transfer of shares resulting from acceptance of an offer under that bid will be permitted, and the transfers registered, subject to the Corporations Act and the constitution of the Company.

If the resolution is rejected, the registration of any transfer of shares resulting from an offer under the proportional takeover bid will be prohibited, and the bid deemed to be withdrawn. Acceptances will be returned, and any contracts formed by acceptances will be rescinded.

Clause 4.14 of the constitution, as renewed, will not apply to full takeover bids.

Reasons for renewing the Proportional Takeover Provisions

The Board considers that Securityholders should have the opportunity to vote on a proposed proportional takeover bid.

In the absence of Clause 4.14 of the constitution, as renewed, a proportional takeover bid for the Company may enable effective control of the Company to be acquired by a person who has not offered to acquire 100% of the Company's shares (and, therefore, has not offered to pay a 'control premium' that reflects 100% ownership).

As a result, if a proportional takeover bid for the Company is made:

- Securityholders may not have the opportunity to dispose of all their shares; and

- Securityholders risk becoming part of a minority interest in the Company or suffering loss following such a change of control if the market price of the Company's shares decreases or the Company's shares become less attractive and, accordingly, more difficult to sell.

If Clause 4.14 of the constitution is renewed, the Board considers that this risk will be minimised by enabling Securityholders to decide whether a proportional takeover bid should be permitted to proceed.

Knowledge of any acquisition proposals

As at the date of this notice, no Director is aware of any proposal by any person to acquire, or to increase the extent of, a substantial interest in the Company.

Review of proportional takeover approval provisions

The Corporations Act requires the Explanatory Statement to discuss retrospectively the advantages and disadvantages, for directors and members, of the proportional takeover provision proposed to be renewed.

While the proportional takeover approval provisions have been in effect, there have been no takeover bids for the Company, either proportional or otherwise. Consequently, there are no actual examples against which to review the advantages or disadvantages of the existing proportional takeover approval provisions contained in Clause 4.14 of the Constitution. The Directors are not aware of any potential takeover bid which was discouraged by Clause 4.14 of the Constitution.

Potential advantages and disadvantages

In addition to a retrospective discussion of the provisions proposed to be renewed, the Corporations Act also requires these Explanatory Statement to discuss the potential future advantages and disadvantages of the proposed rule for both directors and members.

The Directors consider that there are no such advantages or disadvantages for them as they remain free to make a recommendation on whether a proportional takeover bid should be accepted.

For Securityholders, the potential advantages of Clause 4.14 of the Constitution, as renewed, are that that they will provide all relevant holders with the opportunity to consider, discuss in a meeting called specifically for the purpose, and vote on whether a proportional takeover bid should be approved. This affords the relevant holders of shares an opportunity to have a say in the future ownership and control of the Company and help the members to avoid being locked into a minority. The Directors believe this will encourage any proportional takeover bid to be structured so as to be attractive to at least a majority of the relevant holders of shares. It may also discourage the making of a proportional takeover bid that might be considered opportunistic. Finally, knowing the view of a majority of the relevant holders of shares may help each individual holder to assess the likely outcome of the proportional takeover bid and decide whether or not to accept an offer under the bid.

On the other hand, a potential disadvantage for members arising from Clause 4.14 of the Constitution, if renewed, is that proportional takeover bids may be discouraged by the further procedural steps that the clause will entail and, accordingly, this may reduce any takeover speculation element in the price of the Company's shares. Securityholders may be denied an opportunity to sell a portion of their shares at an attractive price where the majority rejects an offer from people seeking control of the Company.

These advantages and disadvantages of Clause 4.14 have been applicable during the period that the Clause was in effect. It should be noted that during the period that Clause 4.14 was in effect, no takeover bid for securities in the Company (whether proportional or otherwise) has been announced or made.

Resolution 7 is a special resolution and therefore requires 75% of the votes validly cast by Securityholders present and eligible to vote (in person, by proxy, by attorney or a corporate representative) to pass.

Recommendation

The Directors unanimously recommend that Securityholders vote in favour of Resolution 7. The Chairman of the Meeting intends to vote all available undirected proxies in FAVOUR of Resolution 7.

Schedule 1 – Proposed Amendments to the Performance Rights Plan

1. Rule 5.1- Exercise pre-conditions- insertion of new sub clause (e)

Reason for insertion - The discretion provision is intended to provide the Board with flexibility to vary vesting outcomes, following the testing of performance conditions, where it considers the resulting outcome to be inappropriate in the circumstances. This discretion may be exercised to adjust vesting outcomes either upwards or downwards.

- (e) The Board may in its discretion apply an adjustment (upwards or downwards) to the number of Performance Rights that vest based on application of the Vesting Conditions (if any) and any other relevant conditions. In exercising this discretion, the Board may have regard to one or more of the following considerations, amongst others:
- (i) the personal performance and/or conduct of an Eligible Participant;
 - (ii) the performance of the division or function in which the Eligible Participant is employed or for which they have accountability, or which is relevant in relation to the Eligible Participant's role;
 - (iii) the performance of the Group or any Group Member; and
 - (iv) any other factor which the Board reasonably determines is appropriate to take into account in relation to the Eligible Participant's Performance Rights.
- (a) Where the Board decides to reduce the number of an Eligible Participant's Performance Rights that vest, those Performance Rights that would otherwise have vested will instead lapse or be forfeited (as applicable).

2. Rule 7.1 – Change of Control - Deletion of existing paragraph and insertion of new sub clause (a), (b) and (c).

Reason for change – The Change of Control provision was reworded to provide greater certainty to executives regarding the treatment of unvested Performance Rights in a takeover scenario or similar transaction, while maintaining Board discretion and alignment with the securityholders' interests. The provision facilitates the automatic vesting of two-thirds of unvested Performance Rights on a Change of Control event, recognising the potential loss of future service opportunities and supporting executive retention and engagement during a transaction process. The Board retains discretion in respect of the remaining one-third of unvested awards, preserving flexibility to reflect individual circumstances, performance and transaction outcomes.

~~Subject to the terms and conditions of a grant of a Performance Right, the Board may in its absolute discretion determine that all or a portion of the unvested Performance Rights automatically vest and automatically exercise on the occurrence of a Change of Control.~~

7.1 Change of Control

- (a) Subject to the terms and conditions of a grant of a Performance Right, the two-thirds (66.67%) of unvested Performance Rights shall automatically vest and automatically exercise on the occurrence of a Change of Control. The Board may in its absolute discretion determine that all or a portion of the remaining one-third (33.33%) of unvested Performance Rights shall automatically vest and automatically exercise on the occurrence of a Change of Control.
- (b) To the extent the Board does not exercise its discretion under rule 7.1(a) and there is an actual Change of Control then, unless the Board determines otherwise, all unvested Performance Rights will immediately vest on a pro-rata basis having regard to the portion of the applicable performance or vesting period that has elapsed.
- (c) Any unvested Performance Rights that do not vest will lapse or be forfeited, unless the Board determines a different treatment.

3. Rule 10.2- Power of the Board- insertion of new sub clause (c), (d) and (e)

Reason for insertion - The Board discretion has been broadened to allow vesting outcomes to be adjusted where appropriate to reflect the underlying intent of the Plan. Any material exercise of discretion will be disclosed in the subsequent Remuneration Report, consistent with the transparency principles reflected in ASIC Information Sheet 245.

- (c) In exercising any discretion under the Plan, the Board will have regard to
 - (i) the circumstances in which the exercise of discretion will be considered, and the points in the performance and vesting cycle at which it will be considered, including a review before the vesting of any unvested or deferred award;
 - (ii) the information the Board requires in order to make the decision, and the sources of that information that are independent of any Eligible Participant;
 - (iii) the management of conflicts of interest, including the exclusion of an affected Eligible Participant from the decision; and
 - (iv) the recording of the decision and the reasons for it.
- (d) Where the Board exercises a discretion under the Plan in relation to an Eligible Participant who is a member of the key management personnel of the Group, the Company will disclose the exercise of that discretion, and the reasons for it, in the remuneration report for the relevant financial year.
- (e) A failure to comply with rule 10.2(c) or (d) does not affect the validity of any exercise of a discretion under the Plan or of anything determined pursuant to the Plan.

4. Rule 10.8 – Laws governing Plan - *Change of jurisdiction to New South Wales*

- (a) This Plan and any Performance Rights issued under it are governed by the laws of ~~Western Australia~~ New South Wales and the Commonwealth of Australia.
- (b) The Company and the Performance Rights Holders submit to the non-exclusive jurisdiction of the courts of ~~Western Australia~~ New South Wales.

- (b) By making the application, the Eligible Participant is deemed to have agreed to be bound by the terms of this Plan, the constitution of the Company and the Trust (as amended from time to time).

3.2 Acceptance period

The Company must receive the application within the period for acceptance specified in the Invitation.

3.3 Conditional contract

An application for Performance Rights constitutes an offer by the Eligible Participant to enter into conditional contracts with the Company in the nature of Performance Rights.

5 Exercise of Performance Rights

5.1 Exercise pre-conditions

- (a) The exercise of any Performance Right granted under the Plan will be effected in the form and manner determined by the Board, and will be accompanied by payment of the Exercise Price (if the Exercise Price is greater than zero) unless the manner of payment of the Exercise Price is otherwise provided for by the Board.
- (b) Unless the Board determines otherwise in its absolute discretion, a Performance Right granted under the Plan may not be exercised in any circumstances (irrespective of whether the Vesting Conditions (if any) attaching to that Performance Right have been met or otherwise waived) at a time when there is a Black-out Period in place. For these purposes, the Company Secretary will notify the Eligible Participant:
 - (i) when a Black-out Period commences; and
 - (ii) when a Black-out Period has been lifted or, where the Black-out Period relates to a periodic reporting requirement (such as the release of half-yearly or annual results), when such Black-out Period will be lifted.

- (c) Where exercise of a Performance Right which is otherwise capable of being exercised is prohibited by virtue of a Black-out Period, the period or periods during which that Performance Right may be exercised is automatically extended by the duration of that Black-out Period (and the expiry date of the relevant Performance Right is accordingly extended by a corresponding period).
- (d) Subject to **rules 5.2, 5.3, 5.4, 5.5, 7 and 10.3**, a Performance Right granted under the Plan may not be exercised unless the Vesting Conditions (if any) attaching to that Performance Right have been met.
- (e) The Board may in its discretion apply an adjustment (upwards or downwards) to the number of Performance Rights that vest based on application of the Vesting Conditions (if any) and any other relevant conditions. In exercising this discretion, the Board may have regard to one or more of the following considerations, amongst others:
 - (i) the personal performance and/or conduct of an Eligible Participant;
 - (ii) the performance of the division or function in which the Eligible Participant is employed or for which they have accountability, or which is relevant in relation to the Eligible Participant's role;
 - (iii) the performance of the Group or any Group Member; and
 - (iv) any other factor which the Board reasonably determines is appropriate to take into account in relation to the Eligible Participant's Performance Rights.
- ~~(a)~~ Where the Board decides to reduce the number of an Eligible Participant's Performance Rights that vest, those Performance Rights that would otherwise have vested will instead lapse or be forfeited (as applicable).

4.25.2 Cessation of employment due to death or ill health

Subject to any Invitation Terms and Conditions, if before a Performance Right has been exercised:

- (a) a Performance Rights Holder's employment with a Group Member is terminated as a result of ill health; or
- (b) a Performance Rights Holder dies and at that time the Performance Rights Holder was an employee of a Group Member,

then:

- (c) if all relevant Vesting Conditions have been met or if no Vesting Conditions are imposed, the Performance Right may be exercised (in the case of ill health) by the Performance Rights Holder, or (in the case of death) by the Performance Rights Holder's personal representative, until the Performance Right lapses in accordance with **rule 5.8**; or
- (d) if any relevant Vesting Condition has not been met, then the Performance Right will automatically lapse immediately upon the termination of employment (in the case of ill health) or death (in the case of the death of the Performance Rights Holder), unless the Board

determines otherwise that all or a portion of those Performance Rights immediately vest.

1.35.3 Cessation of employment due to Termination for Cause

Subject to any Invitation Terms and Conditions, if a Performance Rights Holder ceases to be an employee of any Group Member before a Performance Right has been exercised in circumstances where the cessation or termination of employment is because of Termination for Cause, then:

- (a) if all relevant Vesting Conditions have been met or if no Vesting Conditions are imposed, the Board will deem any unexercised Performance Rights held by the Performance Rights Holder to have lapsed (for the avoidance of doubt, the failure to make such a determination results in the Performance Right continuing and being able to be exercised by the Performance Rights Holder during the period ending 30 days after cessation of employment, after which time the Performance Right will automatically lapse); or
- (b) if any relevant Vesting Condition has not been met, the Performance Rights will automatically lapse on the date of cessation of employment.

1.45.4 Cessation of employment due to Termination by Consent

Subject to any Invitation Terms and Conditions, if a Performance Rights Holder ceases to be an employee of any Group Member before a Performance Right has been exercised in circumstances where the cessation or termination of employment is due to Termination by Consent, then:

- (a) if all relevant Vesting Conditions have been met or if no Vesting Condition is imposed, the Board may determine the Performance Right continues and may be exercised by the Performance Rights Holder during the period ending 30 days after cessation of employment or any longer period permitted by the Board, after which time the Performance Right will automatically lapse; or
- (b) if any relevant Vesting Condition has not been met, the Performance Right will automatically lapse on the date of cessation of employment, unless the Board determines otherwise that all or a portion of those Performance Rights immediately vest.

1.55.5 Cessation of employment due to other reasons

Subject to any Invitation Terms and Conditions, if a Performance Rights Holder ceases to be an employee of any Group Member before a Performance Right has been exercised in circumstances where:

- (a) the Performance Rights Holder's employment has been terminated by the relevant Group Member for reasons other than a reason set out in **rules 5.2, 5.3, 5.4** above; or
- (b) the Performance Rights Holder being made Redundant by the relevant Group Member,

then

- (c) if all relevant Vesting Conditions have been met or if no conditions are imposed, the Performance Right continues and may be exercised by the Performance Rights Holder until the date which is 30 days after

cessation of employment or any longer period permitted by the Board, after which time the Performance Right will automatically lapse; or

- (d) if any relevant Vesting Condition has not been met, the Performance Right will automatically lapse on the date of cessation of employment unless the Board determines otherwise that all or a portion of those Performance Rights immediately vest.

4.65.6 When employment ceases

A Performance Rights Holder will not be treated for the purposes of rules 5.2, 5.3, 5.4 or 5.5 as ceasing to be an employee of a Group Member until such time as the Performance Rights Holder is no longer an employee of any of the Group Companies.

4.75.7 Fraudulent or dishonest actions

If, in the opinion of the Board, a Performance Rights Holder acts fraudulently or dishonestly or is in breach of his or her obligations to any Group Member, then the Board will deem any unexercised Performance Rights of the Performance Rights Holder to have lapsed.

4.85.8 Lapse of a Performance Right

Unless the Board determines otherwise in its absolute discretion, an unexercised Performance Right will lapse upon the earliest to occur of:

- (a) the Performance Right lapsing in accordance with **rule 4.2(b)**;
- (b) the Performance Right lapsing in accordance with a provision of this **rule 5**;
- (c) the Performance Right lapsing in accordance with a provision of **rule 7**;
- (d) (subject always to any automatic vesting of unvested Performance Rights in accordance with this **rule 5**) failure to meet the Performance Right's Vesting Condition in the prescribed period;
- (e) the Expiry Date; or
- (f) the 7 year anniversary of the Grant Date.

4.95.9 Lapse of Performance Right terminates conditional contract

The lapse of a Performance Right is the end of the conditional contract constituted by the Performance Right.

26 Issue of Securities

2.16.1 Issue of Securities

- (a) Subject to **rules 6.1(c)** and **6.3** below, within 10 Business Days after a Performance Right under the Plan has been exercised by the Performance Rights Holder or his or her personal representative, the Company must issue to or procure the transfer (at its election) to the Performance Rights Holder or his or her personal representative (as the case may be) of the number of Securities in respect of which the Performance Right has been exercised.
- (b) The issue or transfer of a Security to the Performance Rights Holder or his or her personal representative (as the case may be) pursuant to the

exercise of a Performance Right constitutes performance by the Company of its obligations pursuant to the conditional contract constituted by the Performance Right.

- (c) In the event that the issue of Securities on exercise of a Performance Right would require the Company to prepare a disclosure document (as that term is defined in the Corporations Act) in the absence of appropriate arrangements with the Performance Rights Holder, then the Company may require the Performance Rights Holder (as a pre-condition to the issue of the underlying Securities on exercise of the Performance Rights) to enter into such arrangements with the Company as the Board considers appropriate to ensure that the issue of such Securities without disclosure does not contravene the fundraising provisions of the Corporations Act.

2.26.2 Securities ranking

All Securities allotted under the Plan will rank equally in all respects with the Securities of the same class for the time being on issue except as regards any rights attaching to such Securities by reference to a record date prior to the date of their allotment.

2.36.3 Listing of Securities on an Exchange

- (a) If Securities of the same class as those allotted under the Plan are listed on an Exchange the Company will apply to the Exchange within a reasonable time after they are allotted for those Securities to be listed.
- (b) If the Performance Rights Holder has not entered into the appropriate arrangements referred to in **rule 6.1(c)** above, then the Company may delay applying for listing of any Securities issued upon exercise of the Performance Rights for the period that it is unable to issue a notice under section 708A(5) of the Corporations Act.

2.46.4 Sale of Securities

- (a) There will be no transfer restrictions on Securities allotted under the Plan unless the sale, transfer or disposal by the Performance Rights Holder of the Securities issued to them on exercise of the Performance Rights (or any interest in them) would require the preparation of a disclosure document (as that term is defined in the Corporations Act).
- (b) If a disclosure document is required, the Performance Rights Holder agrees to enter into such arrangements with the Company as the Board considers appropriate to prevent the sale, transfer or disposal of the relevant Securities in a manner that would require a disclosure document to be prepared.

2.56.5 Restrictions as to dealing

Where the Securities issued are subject to any restriction as to disposal or other dealing by the Eligible Participant (whether it be pursuant to the terms of issue by the Board or staff trading policies), the Board may implement any procedure it deems appropriate to ensure compliance (including the imposition of a holding lock on those Securities).

37 Takeover, Scheme of Arrangement and Winding-up

3.17.1 Change of Control

- (a) Subject to the terms and conditions of a grant of a Performance Right, the two-thirds (66.67%) of unvested Performance Rights shall automatically vest and automatically exercise on the occurrence of a Change of Control. The Board may in its absolute discretion determine that all or a portion of the remaining one-third (33.33%) of unvested Performance Rights shall automatically vest and automatically exercise on the occurrence of a Change of Control.
- (b) To the extent the Board does not exercise its discretion under rule 7.1(a) and there is an actual Change of Control then, unless the Board determines otherwise, all unvested Performance Rights will immediately vest on a pro-rata basis having regard to the portion of the applicable performance or vesting period that has elapsed.
- (c) Any unvested Performance Rights that do not vest will lapse or be forfeited, unless the Board determines a different treatment.

3.27.2 Winding up and change of main undertaking

The Board may also, in its absolute discretion, permit the exercise of Performance Rights (irrespective of whether the relevant Vesting Conditions have been met) during such period as the Board determines where:

- (a) the Company passes a resolution for voluntary winding up; or
- (b) an order is made for the compulsory winding up of the Company.

48 Bonus Issues, Rights Issues, Reconstruction

4.18.1 Adjustment for Bonus Issue

- (a) If Securities are issued by Aspen pro rata to members generally by way of bonus issue (other than an issue in lieu of dividends or by way of dividend reinvestment), the Performance Rights Holder is entitled, upon exercise of the Performance Rights, to receive, in addition to the Securities in respect of which the Performance Rights are exercised and without the payment of any further consideration, an allotment of as many additional Securities as would have been issued to a member who, on the date for determining entitlements under the bonus issue, held Securities equal in number to the Securities in respect of which the Performance Rights are exercised.
- (b) Additional Securities to which the Performance Rights Holder becomes so entitled will, as from the time Securities are issued pursuant to the bonus issue and until those additional Securities are allotted, be regarded as Securities comprised in the relevant Performance Rights and in respect of which the Performance Rights are exercised for the purposes of subsequent applications of **rule 8.1(a)**, and any adjustments which, after the time just mentioned, are made under **rule 8.3** to the number of Securities will also be made to the additional Securities.

4.28.2 Rights Issue

Subject to the Board determining otherwise, a Performance Rights Holder does not have the right to participate in a pro rata issue of Securities made by Aspen or sell renounceable rights save that, if the Performance Rights have been

exercised than the holder of the Securities will participate along with other members.

4.38.3 Adjustment for reorganisation

In the event of any reorganisation (including consolidation, subdivision, reduction or return) of the issued Securities of Aspen, the number of Performance Rights to which each Performance Rights Holder is entitled or the Exercise Price of the Performance Rights, or both as appropriate, will be adjusted in the manner provided for in the Listing Rules.

4.48.4 No other participation

Subject to **rules 8.1, 8.2 and 8.3**, during the currency of any Performance Rights and prior to their exercise, Performance Rights Holders are not entitled to participate in any new issue of Securities of Aspen as a result of their holding Performance Rights.

59 Amendments

5.19.1 Power to amend Plan

Subject to **rules 9.2 and 9.3** and the Listing Rules, the Board may at any time by resolution amend or add to (amend) all or any of the provisions of the Plan (including this **rule 9**), or the terms or conditions of any Performance Right granted under the Plan, including Vesting Conditions.

5.29.2 Restrictions on amendments without the consent of the Performance Rights Holder

Without the consent of the Performance Rights Holder no amendment may be made to the terms of any granted Performance Right which reduces the rights of the Performance Rights Holder in respect of that Performance Right, other than an amendment introduced primarily:

- (a) for the purpose of complying with or conforming to present or future State or Commonwealth legislation or a requirement, policy or practice of ASIC or other regulatory body governing or regulating the maintenance or operation of the Plan or like plans;
- (b) to correct any manifest error or mistake; or
- (c) to take into consideration possible adverse tax implications in respect of the Plan arising from, amongst others, adverse rulings from the Commissioner of Taxation, changes to tax legislation (including an official announcement by the Commonwealth of Australia) or changes in the interpretation of tax legislation by a court of competent jurisdiction.

As soon as reasonably practicable after making any amendment under **rule 9.1**, the Board will give notice in writing of that amendment to any Performance Rights Holder affected by the amendment.

6.10 Miscellaneous

6.10.1 Rights and obligations of Performance Rights Holder

- (a) The rights and obligations of any Eligible Participant under the terms of their office, employment or contract with a Group Member are not affected by their participating in the Plan. Unless expressly provided otherwise, these rules will not form part of, and are not incorporated into, any contract of any Eligible Participant (whether or not they are an employee of a Group Member). No Performance Rights Holder will have any rights to compensation or damages in consequence of the termination of their office, employment or other contract with a Group Member for any reason whatsoever in so far as those rights arise or may arise from their ceasing to have rights under the Plan as a result of such termination.
- (b) Nothing in the Plan will give any Eligible Participant any right to participate in the Plan and the grant of a Performance Right to an Eligible Participant does not give that Eligible Participant any right to the grant of a subsequent Performance Right.

 - (i) determine appropriate procedures for administration of the Plan consistent with these rules; and

 - (ii) the information the Board requires in order to make the decision, and the sources of that information that are independent of any Eligible Participant;
 - (iii) the management of conflicts of interest, including the exclusion of an affected Eligible Participant from the decision; and
 - (iv) the recording of the decision and the reasons for it.

(b)(e) A failure to comply with rule 10.2(c) or (d) does not affect the validity of any exercise of a discretion under the Plan or of anything determined pursuant to the Plan.

6.310.3 Waiver of terms and conditions

Notwithstanding any other provisions of the Plan, the Board may at any time waive in whole or in part any terms or conditions (including any Vesting Condition) in relation to any Performance Rights granted to any Performance Rights Holder.

6.410.4 Non-Australian residents

When a Performance Right is granted under the Plan to a person who is not a resident of Australia the provisions of the Plan apply subject to such alterations or additions as the Board determines having regard to any applicable or relevant laws, matters of convenience and desirability and similar factors which may have application to the Performance Rights Holder or to any Group Member in relation to the Performance Right.

- (a) Any notice or other communication under or in connection with the Plan may be given by personal delivery or by sending the same by post or facsimile or electronic means, in the case of a company to its registered office, and in the case of an individual to the individual's last notified address, or, where a Performance Rights Holder is a director or employee of a Group Member, either to the Performance Rights Holder's last known address or to the address of the place of business at which the Performance Rights Holder performs the whole or substantially the whole of the duties of the Performance Rights Holder's office or employment.
- (b) Where a notice or other communication is given by post, it is deemed to have been received 24 hours after it was put into the post properly addressed and stamped. Where a notice or other communication is given by facsimile, it is deemed to have been received on completion of transmission. Where a notice is given by electronic transmission, the notice is taken to have been served at the time the electronic transmission is sent.

Each Performance Rights Holder, in consideration of an Invitation:

- (a) irrevocably appoints the Company and any person nominated from time to time by the Company (each an **attorney**), severally, as the Performance Rights Holder attorney to complete and execute any documents including applications for Securities and Share transfers and to do all acts or things on behalf of and in the name of the Performance Rights Holder which may be convenient or necessary for the purpose of giving effect to the provisions of these Rules;
