

ASX ANNOUNCEMENT

14 OCTOBER 2026

CORRECTIONS TO SHAREHOLDER COMMUNICATION ISSUED BY XINGYE

Far East Gold Limited (ASX: FEG) (**FEG** or the **Company**) refers to the shareholder communication distributed on behalf of Xingye Gold (Hong Kong) Mining Company Limited (**Xingye**) on 13 October 2026 concerning the general meetings scheduled for 21 October and 3 November 2026.

The communication contains inaccuracies and gives a misleading impression of the Company's financial position, funding alternatives and project status. FEG provides the following clarifications:

- FEG's FY2026 audited financial statements report consolidated cash and cash equivalents of **A\$1,897,847** at 30 June 2026 (refer to ASX announcement dated 30 September 2026).
- FEG continues to assess commercial opportunities at a project level with the objective of maximising value for shareholders. Any material transaction will be announced in accordance with FEG's disclosure obligations.
- FEG has completed drilling at the Blue Hill Creek Project (refer ASX announcement dated 1 September 2022 and 14 November 2022).
- FEG has also completed drilling at the Mount Clark West Project within the past 12 months (refer ASX announcements dated 7 November 2025, 28 January 2026, 10 February 2026 and 30 April 2026).
- FEG received a breach notice from the vendors of the Idenburg Project in relation to the CSPA and considers there is no factual basis or merit to the alleged breach. A response was sent to the vendors on 12 October 2026 reserving FEG's rights.
- Xingye's estimate of funding required to bring three projects into production is their estimate and does not represent FEG's immediate funding requirements.
