Rick Freeman to Visit Australia for Investor Meetings

Structural Monitoring Systems Plc (ASX: SMN) ("SMS" or "the Company") is pleased to advise that AEM Chief Executive Officer, Mr Rick Freeman will visit Australia in November 2026 for meetings with shareholders, prospective investors, brokers and analysts in Sydney, Melbourne and Perth.

The visit will provide an opportunity to discuss the Company's FY26 performance, AEM's avionics and contract manufacturing operations, the CVM™ certification pathway and the Company's strategic priorities, based on publicly disclosed information.

AEM Chief Executive Officer, Mr Rick Freeman commented:

"These in-person sessions are designed to encourage open conversation, networking and discussion about the business and our strategic priorities. They provide an opportunity to engage directly with our shareholder community, answer questions and reinforce the strategic foundations underpinning our growth. I look forward to meeting existing shareholders and prospective investors in Sydney, Melbourne and Perth."

The proposed meeting schedule is:

Location	Dates
Sydney	Tuesday, 10 November 2026
Melbourne	Wednesday, 11 November 2026
Perth	Thursday, 12 November 2026 (Company AGM)

Mr Freeman will also attend the Company's Annual General Meeting in Perth on Thursday, 12 November 2026. Shareholders should refer to the Notice of AGM dispatched on 13 October 2026 for meeting details and voting instructions, including how to lodge proxy votes electronically.

Shareholders and members of the investment community interested in meeting with Rick are invited to contact Georgie Sweeting at Georgie.Sweeting@structuralmonitoring.systems, indicating their preferred city and availability. Meeting times and venues will be confirmed directly with participants following registration of interest.

The Company also intends to release an FY26 Results & Company Update Presentation and accompanying pre-recorded Q&A ahead of the visit and AGM, addressing questions received from shareholders and making the information available to all shareholders at the same time.

Authorised for release by the Board of Structural Monitoring Systems Plc.
