

ASX: CVB

16 October 2026

Investor update & App 4C webinar – 11am AEDT Wednesday 21 October

Melbourne, Australia & Hatfield, Pennsylvania: CurveBeam AI Limited (ASX: CVB) ("**CVB**", "**CurveBeam AI**" or the "**Company**"), a developer of point-of-care (PoC) specialised medical imaging (CT) equipment and AI enabled SaaS based clinical assessment solutions, is hosting an investor webinar to discuss recent announcements, including the FDA 510(k) clearance for its CT-based Bone Mineral Density technology, and the achievement of NMPA approval for HiRise™ in China. The Company will also release its 30 September 2026 Appendix 4C quarterly in advance of the webinar.

CEO & Managing Director Greg Brown will deliver a presentation before providing an opportunity for investors to ask questions.

The webinar will be held at **11am AEDT on Wednesday 21 October 2026**.

Shareholders, investors and interested parties are encouraged to register to attend the presentation at the following link:

https://us02web.zoom.us/webinar/register/WN_v769Lm55TR0rcz1gvmku0Q

A recording will be available at the above link shortly after the conclusion of the live session.

Questions can be submitted on the day or sent in advance to matt@nwrcommunications.com.au

Release approved by the Board of Directors.

About CurveBeam AI Limited

CurveBeam AI Limited (ASX: CVB) develops, manufactures and sells specialised medical imaging ("**CT**") scanners, coupled with AI SaaS-based clinical assessment solutions, to support medical practitioners in the management of musculoskeletal conditions. The Company's flagship CT scanner, HiRise™, performs weight bearing CT scans as well as traditional non weight bearing CT scans, providing a range of advantages over the use of traditional CT or MRI devices. CurveBeam AI has more than 70 employees with its corporate office, AI and IP functions located in Melbourne, VIC, Australia and global operations headquarters in Hatfield, Pennsylvania, USA.
