Explanatory Notes

Resolution 1: Auditor's Remuneration

Ordinary Resolution

PricewaterhouseCoopers (**PwC**) is the Company's auditor and is automatically reappointed under section 207T of the Companies Act 1993 (the **Companies Act**). Under section 207S of the Companies Act, auditors' fees and expenses must be fixed in the manner determined at the Annual Meeting. Shareholder approval is therefore sought under this Resolution for the Board to fix the audit fees and expenses of PwC for the financial year ending 30 June 2027 (**FY27**).

Resolutions 2, 3 & 4: Re-election of Directors

Ordinary Resolutions

NZX Listing Rule 2.7.1 and clause 9.4 of Sky's constitution provide that a Director must not hold office (without re-election) past the third annual meeting following the Director's appointment or three years, whichever is longer.

Keith Smith

Independent Director

Keith Smith retires in accordance with NZX Listing Rule 2.7.1 and clause 9.4 of Sky's constitution and, being eligible, offers himself for re-election.

The Board considers Keith Smith to be an Independent Director, as none of the factors set out in Table 2.4 of the NZX Corporate Governance Code apply to him and the Board is not aware of any other relationship or circumstance that would constitute a Disqualifying Relationship. The Board unanimously supports his re-election.

Keith was appointed to the Board in April 2020. He serves as Deputy Chair, Chair of the Audit and Risk Committee and a member of the Content Rights Committee and the Disclosure Committee. He has a long-standing record of governance and leadership as a director and advisor to companies in a diverse range of industries, including the energy sector, retail, rural services, printing, media and exporting.

Keith is a director of several private companies and is a past director and Chair of Goodman Property Services (NZ) Limited. He is also a past President of the Chartered Accountants Australia and New Zealand.

Mike Darcey
Independent Director

Mike Darcey retires in accordance with NZX Listing Rule 2.7.1 and clause 9.4 of Sky's constitution and, being eligible, offers himself for re-election.

The Board considers Mike Darcey to be an Independent Director, as none of the factors set out in Table 2.4 of the NZX Corporate Governance Code apply to him and the Board is not aware of any other relationship or circumstance that would constitute a Disqualifying Relationship. The Board unanimously supports his re-election.

With an extensive track record of strategy and delivery across television, publishing and technology, Mike was appointed to the Board in September 2017. He serves as a member of the Content Rights Committee.

A New Zealander, he has lived and worked in the UK since 1989. Fifteen of those years were spent at Sky UK, initially as the Director of Strategy, then six years as Chief Operating Officer. He played a prominent role in most of Sky UK's major strategic decisions and its major commercial and regulatory dealings during this period.

From 2013 to 2015, Mike was CEO of News UK. Since 2015, Mike has had a series of governance roles and these currently include Chair of British Gymnastics. He is an internationally recognised authority on media matters through his Tellynomics blog, and active as a strategy advisor to a series of major players in the media sector.

Belinda Rowe
Independent Director

Belinda Rowe retires in accordance with NZX Listing Rule 2.7.1 and clause 9.4 of Sky's constitution and, being eligible, offers herself for re-election.

The Board considers Belinda Rowe to be an Independent Director, as none of the factors set out in Table 2.4 of the NZX Corporate Governance Code apply to her and the Board is not aware of any other relationship or circumstance that would constitute a Disqualifying Relationship. The Board unanimously supports her re-election.

Belinda was appointed to the Board in March 2023. She serves as a member of the People and Remuneration Committee. Belinda has extensive experience in C Level roles across digital, marketing communications and the media sector in Global, UK and Australian companies. She brings a strong commercial focus on customer-centric growth, digital innovation and expertise in strategy, leadership and business transformation.

Belinda also successfully led the creation of a content marketing and sport evaluation and activation practice across 32 markets.

Belinda's governance experience includes current Non-Executive Director roles at ASX-listed Australian media company ARN Media Ltd and Temple & Webster Group. Resolution 5: Approval of the NRL Rights Transaction

Special Resolution

The following explanatory notes are provided for the purpose of assisting Shareholders to understand the effect of the proposed Special Resolution to approve the NRL Rights Transaction (the **Special Resolution**) and therefore to decide how to exercise their voting rights. Certain information in relation to the NRL Rights Transaction is confidential to the parties or is commercially sensitive to Sky and therefore will not be disclosed. Sky considers that these explanatory notes provide sufficient information to enable Shareholders to determine whether or not to vote in favour of the NRL Rights Transaction.

Capitalised terms used in these explanatory notes have the meaning given in the Definitions on page 9 of these explanatory notes, or as otherwise defined within these explanatory notes.

Directors' recommendation to approve the Special Resolution

The Board fully supports the Special Resolution and unanimously recommends that Shareholders vote in favour of the Special Resolution. Directors have indicated they will vote all Sky shares they hold (or in respect of which they hold discretionary proxies) in favour of the Special Resolution.

Overview of the NRL Rights Transaction

Sky and the Australian Rugby League Commission (**ARLC**) have reached agreement on the terms of a seven-year broadcast partnership, commencing 1 January 2028 following expiry of the Current NRL Rights, and this agreement is conditional on Sky Shareholder approval. Accordingly, Shareholders are now being asked to approve the proposed acquisition by Sky of the New Zealand media rights for certain rugby league matches and competitions played in the period from 1 January 2028 up to 31 December 2034 (referred to as the **NRL Rights Period**) that are controlled by ARLC, which will include rights for the Matches described below (which is collectively referred to as the **NRL Rights Transaction**).

The Matches are expected to include:

- All national men's premiership rugby league competition (**NRL**) and national women's premiership rugby league competition (**NRLW**) matches (including all regular season and finals series matches, including the Grand Final).
- All State of Origin series matches (including Men's, Women's and underage matches).
- Pre-Season Challenge (official pre-season matches between NRL clubs).
- World Club Challenge matches involving NRL clubs, to the extent the ARLC holds such rights in New Zealand.
- Men's and Women's Indigenous All Stars fixtures (if played).
- All Men's and Women's Pacific Championships matches (including the Pacific Bowl and Pacific Championships).
- Australia vs New Zealand Men's bilateral Test Matches (excluding matches organised by the International Rugby League, New Zealand Rugby League (**NZRL**), or any third party, or matches played as part of a multi-nation tournament).
- Australia v New Zealand Women's bilateral Test Matches.
- All Men's and Women's U20's Australia vs New Zealand Test Matches.
- Other Men's and Women's Australian bilateral Test Matches, not involving New Zealand and not part of a multi-nation tournament.

Key Terms of NRL Rights Transaction

The consideration payable for the NRL Rights is confidential between the parties and is commercially sensitive information for Sky and it would not be in the best interests of Shareholders to disclose that information. However, Sky provides the following context for Shareholders as to the value of the NRL Rights which will be paid by Sky under the NRL Rights Transaction:

- Shareholder approval of Sky's entry into the NRL Rights Transaction is required under section 129 of the Companies Act because the value of the assets to be acquired by Sky (being the NRL Rights) is more than half the value of Sky's assets before the acquisition and because Sky will incur obligations or liabilities (being principally

the obligation to pay for the NRL Rights and related production obligations) in excess of half the value of Sky's assets before the NRL Rights Transaction. As at 30 June 2026, Sky's total assets in its Consolidated Balance Sheet was $738,852,000.

- Shareholder approval to Sky's entry into the NRL Rights Transaction is also required under NZX Listing Rule 5.1.1 because the "**Gross Value**" of the assets to be acquired by Sky (being the NRL Rights) exceeds 50% of Sky's **"Average Market Capitalisation"** (as those terms are defined in the NZX Listing Rules).
  As at 7 July 2026, Sky's Average Market Capitalisation was $443,795,395.
- Sky has maintained a focus on optimising programming costs as a percentage of revenue, and achieved its FY26 target for programming costs of between 47% – 49% of revenue. Sky expects Group programming costs to remain at or below these levels in FY28, following the commencement of the new NRL rights agreement. Sky's EBITDA guidance for FY27 of between $155 to $165 million does not include the costs associated with the NRL Rights Transaction, which commences in January 2028. The consideration payable under the NRL Rights Transaction will be made in monthly instalments spread over the term of the contract (84 months), and will be budgeted for and paid from working capital.

As the holder of the NRL Rights, Sky will have the responsibility for producing coverage of certain matches played in New Zealand, including all NRL and NRLW Premiership (including Finals Series), State of Origin, Pacific Championships, Indigenous v Māori All-Stars and New Zealand Warriors pre-season fixtures that are played in New Zealand.

Sky will be able to distribute and exploit audio-visual and/or audio only coverage of the Matches in New Zealand via any and all media and on a live and/or delayed basis and including via clips and highlights.

While the NRL Rights will be granted on an exclusive basis, there will be limited use rights granted in favour of ARLC, NRL clubs and other licensees of ARLC.

The NRL Rights Transaction will also give Sky access to, and the right to distribute and exhibit within New Zealand, audio-visual coverage of Archive Matches on a non-exclusive basis.

Business As Usual

The NRL Rights Transaction represents an activity undertaken by Sky in the ordinary course of business and, importantly, is not the result of any change or shift in Sky's strategy or rights acquisition activities. Sky has a longstanding commercial relationship with the ARLC and has held the NRL rights for more than 30 years.

The NRL Rights Transaction is consistent with Sky's business strategy of acquiring and distributing content rights and is within the core expertise, responsibility and accountability of Sky's executive management team and Board. Content acquisition is a fundamental and essential aspect of Sky's business, of which Sky has 36 years' experience.

Other considerations include:

- The NRL Rights Transaction does not involve the immediate expenditure of large amounts of Company funds given that payments will be spread over the term of the contract starting from 1 January 2028.
- Sky's total programming costs are disclosed in the annual and half year reports and are carefully budgeted and managed by Sky's executive management team and the Board. If shareholder approval is obtained and the NRL Rights Transaction proceeds, the NRL Rights Transaction will be included in the total programming costs in SKT's next applicable financial statements.
- The Directors have duties to act in the best interest of Sky and have approved entry into the NRL Rights Transaction on terms that they believe are commercially sensible for Sky and in its best interests.

Requirements for Shareholder approval

Under section 129 of the Companies Act, a company must not enter into a major transaction unless the transaction is approved, or is conditional on approval, by a Special Resolution of the company's Shareholders. A major transaction includes the acquisition of, or an agreement to acquire, assets the value of which is more than half the value of the company's assets before the acquisition. A major transaction also includes a transaction that has, or is likely to have, the effect of the company incurring obligations or liabilities the value of which is more than half the value of the company's assets before the transaction.

As noted above, the value of the NRL Rights and the obligations or liabilities Sky will incur is in excess of half the value of Sky's total assets as at 30 June 2026. Accordingly, approval of Sky's entry into the NRL Rights Transaction is required under section 129 of the Companies Act by Special Resolution of Shareholders.

Under NZX Listing Rule 5.1.1(b), a listed issuer must obtain Shareholder approval by way of an Ordinary Resolution of Shareholders for an acquisition of assets in respect of which the Gross Value exceeds 50% of the issuer's Average Market Capitalisation. Where approval is also required by Special Resolution under section 129 of the Companies Act for that acquisition (as is the case for the NRL Rights Transaction), the approval threshold under NZX Listing Rule 5.1.1 is also a Special Resolution of Shareholders. As noted above, the Gross Value of the NRL Rights exceeds 50% of Sky's Average Market Capitalisation. Accordingly, approval of Sky's entry into the NRL Rights Transaction is also required under NZX Listing Rule 5.1.1 by Special Resolution of Shareholders.

Consequences if the Special Resolution is passed

The NRL Rights Transaction agreements have been entered into by Sky on a legally binding basis but are conditional on Sky obtaining Shareholder approval of the transactions described in those agreements by or on the date of Sky's 2026 Annual Meeting (referred to as the *Condition Precedent*). If Shareholders approve the Special Resolution by the requisite majority, the Condition Precedent will be fulfilled.

If the Special Resolution is passed, any Shareholder who votes all of their shares against the Special Resolution will be able to require Sky to purchase their shares (or arrange for their purchase) as further detailed under the Minority Buy-out Rights section below.

Consequences if the Special Resolution is not passed

If Shareholder approval of the NRL Rights Transaction is not obtained, the Condition Precedent will not be satisfied and the NRL Rights Transaction agreements will automatically terminate. In this scenario, the Board will continue to have discretion to acquire the NRL Rights but only for a total consideration which does not trigger the requirement to obtain Shareholder approval under the Companies Act or the NZX Listing Rules. In this case, it becomes more unlikely that Sky will be able to acquire the NRL Rights. This is because Sky anticipates the market value of the NRL Rights and their purchase price could be higher than the relevant thresholds and details of what Sky can bid will become transparent, allowing competitors to anticipate and outbid Sky.

To date, the NRL Rights cannot be replicated from other sources and have always been granted on an exclusive basis in New Zealand, reflecting the value and commercial opportunity that exclusivity provides. This maximises the value of the NRL Rights, as it creates certainty for the rights holder, and it is likely that this will continue (other than with the specific carve-outs mentioned above). As a result, if the Special Resolution is not approved and Sky does not become the holder of the NRL Rights, Sky expects there would be no alternative means of acquiring the NRL Rights as they are likely to be sold to another party on an exclusive basis and/or exploited direct to consumer by ARLC. This is expected to have an adverse impact on Sky and Shareholders.

Minority Buy-out Rights

Section 110 of the Companies Act may confer minority buy-out rights on Shareholders who vote against the Special Resolution.

For a Shareholder to exercise those minority buy-out rights, the Shareholder must cast all the votes attached to shares registered in the Shareholder's name and having the same beneficial owner against the Special Resolution. If the Special Resolution is nevertheless passed, a Shareholder who wishes to exercise minority buy-out rights must, within 10 working days of the passing of the Special Resolution, give written notice to Sky that the Shareholder requires Sky to purchase the Shareholder's shares.

Within 20 working days of receipt of the notice, the Board of Sky must:

a. Agree to the purchase of the relevant shares by Sky; or

b. Arrange for some other person to agree to purchase the relevant shares; or

c. Apply to the court for an order exempting Sky from the obligation to purchase the relevant shares on the grounds that the purchase would be disproportionately damaging to Sky or that Sky cannot reasonably be required to finance the purchase or it would not be just and equitable to require Sky to purchase the relevant shares or on the grounds that the Board has resolved that the purchase of the relevant shares by Sky would result in it failing to satisfy the solvency test and Sky has, having made reasonable efforts to do so, been unable to arrange for the relevant shares to be purchased by another person; or

d. Arrange for the Special Resolution to be rescinded by Special Resolution of Shareholders, or decide in the appropriate manner not to take the action concerned, as the case may be; and

e. Give written notice to the Shareholder of the Board's decision as to which of the above actions it will take.

Where the Board agrees to the purchase of the relevant shares by Sky, it must give notice to the relevant Shareholder within five working days after the written notice of the Board's decision referred to in the preceding paragraph, setting out the price the Board offers to pay for those shares and certain information relating to how that price was calculated. That price must be a fair and reasonable price (as at the close of business on the day before the Special Resolution was passed) for the relevant shares held by the Shareholder, calculated (subject to the following two sentences) using a default methodology described in the Companies Act designed to allocate to the relevant shares held by the Shareholder a pro rata portion of the fair and reasonable value of all shares in Sky adjusted to exclude any fluctuation in the value of all shares that occurred and that was due to, or in expectation of, the NRL Rights Transaction.

The Board may use a different methodology to calculate the fair and reasonable price if using the default methodology would be clearly unfair to the Shareholder or Sky (and in that case the Board must also state in the notice that a different methodology has been used and why calculating the price under the default methodology would be clearly unfair).

A Shareholder may object to the price offered by the Board by giving written notice to Sky no later than 10 working days after the date the Board gave written notice to the Shareholder of the price offered by the Board. If, within that 10-working day period, no objection to the price offered by the Board has been received by Sky, it must purchase the relevant Shareholder's shares at the nominated price. If, within that 10-working day period, an objection to the price has been received by Sky, the fair and reasonable price offered by the Board must be submitted to arbitration. Sky must within five working days of receiving the objection pay to the Shareholder on a provisional basis the price offered by the Board.

The arbitration is to be conducted in accordance with the Arbitration Act 1996. If the price determined by the arbitrator:

a. Exceeds the provisional price paid by Sky, then the arbitrator must order Sky to pay the balance owing to the Shareholder; or

b. Is less than the provisional price paid by Sky, then the arbitrator must order the Shareholder to pay the excess to Sky.

Except in exceptional circumstances, the arbitrator must award interest on any balance payable or excess to be repaid.

If a balance is owing to the Shareholder, the arbitrator may award to the Shareholder, in addition to or instead of interest, damages for loss attributable to the shortfall in the initial payment.

Where the Board agrees to the purchase of the relevant shares by Sky, on the day on which the Board gives written notice of the Board's decision to the purchase of the relevant shares by Sky, the legal title to those shares passes to Sky and the rights of the relevant Shareholder in relation to those shares end.

If the Board arranges for some other person to agree to purchase the shares, the process and terms set out in the paragraphs above apply (with such modifications as may be necessary) to the purchase of shares by such person. In addition, Sky must indemnify the Shareholder in respect of any losses suffered by the Shareholder by reason of the failure by the person to purchase the shares at the price nominated or fixed by arbitration, as the case may be.
