About Metal Powder Works

Metal Powder Works Limited (ASX: MPW) has its manufacturing base in Pittsburgh, USA and specialises in the production of high-quality metal powders for additive manufacturing and other advanced applications. MPW has developed a patented, non-thermal powder production process known as DirectPowder™. The process converts premium bar stock into specification-grade powder without melting and is designed to improve yield, flexibility and affordability. MPW has produced more than 30 specification-grade metals and alloys across aluminium, copper, titanium and specialty material families.
