

Zoono Group Limited (ASX:ZNO)

ASX ANNOUNCEMENT

23 October 2026

Placement provides Zoono A\$250K in working capital

Zoono Group Limited (**Zoono or Company**) (ASX: ZNO) is pleased to advise that it has raised \$250,000 by way of a placement.

The Company will issue 6,410,256 fully paid ordinary shares at an issue price of \$0.039 per share using its placement capacity under ASX Listing Rule 7.1. The investor is a current shareholder.

Zoono will offer all shareholders with the opportunity to acquire additional shares at the same price as the placement via a rights issue off for shareholders. The shareholder has advised that they will also take up their full share entitlement under the rights issue.

The funds raised will help accelerate the Company's program to deliver its world-leading shelf-life extension technology for food producers, distributors and supermarket chains as well as the Company's marketing efforts in China, India, and Korea.

This announcement has been authorised and approved for release to ASX by the Board of Zoono Group Limited.

About Zoono

Zoono Group Limited is a global biotech company that develops, manufactures, and distributes a suite of scientifically validated, long-lasting and environmentally friendly antiviral and antibacterial solutions. Zoono's mission is to improve health and well-being through innovative, safe, non-toxic and durable germ protection.

Zoono produces sprays, wipes and foams suited for skin care, surface sanitisers, and mould remediation treatments. The products are based on the 'Zoono molecule', a unique molecule that bonds to any surface and inhibits the ability of microbes to bind to the surface including bacteria, viruses, algae, fungi, and mould.

Together with its strategic partner OSY Group Limited (OSY), the Company developed a ZXT speciality range of products and has continued to make significant progress commercialising its shelf-life extension products and technologies across multiple geographies and produce categories.

Zoono's products have received numerous regulatory approvals and Zoono's technology claims are supported by independent testing conducted in laboratories worldwide. Zoono is headquartered in New Zealand and its products are available globally.
