The authority may be emailed to the Company and/or registry in advance of the Annual General Meeting or handed in at the Annual General Meeting when registering as a corporate representative.

4. How the Chair will vote Undirected Proxies

Subject to the restrictions set out in Note 5 below, the Chair of the Annual General Meeting will vote undirected proxies **in favour** of all the proposed resolutions.

5. Voting Exclusion Statements:

Resolution 1: Adoption of Remuneration Report

A vote must not be cast (in any capacity) and the Company will disregard any votes purported to be cast, on Resolution 1 by, or on behalf of, a member or a former member of the Company's key management personnel (**KMP**), whose remuneration details are included in the Company's Remuneration Report, or by a Closely Related Party of such a member of KMP (each, a **KMP voter**).

Additionally, a vote must not be cast on Resolution 1 by a KMP voter, acting as proxy for a person entitled to vote, unless:

(a) the KMP voter is appointed as a proxy by writing that specifies the way the proxy is to vote on Resolution 1; or

(b) the KMP voter is the Chair of the Meeting acting as proxy for a person entitled to vote on Resolution 1 and the appointment of the Chair as proxy:

(i) does not specify the way the proxy is to vote on Resolution 1; and
(ii) expressly authorises the Chair to exercise undirected proxies.

If you appoint the Chair as your proxy and you do not direct the Chair how to vote on Resolution 1 on the proxy form, you will be expressly authorising the Chair to exercise your proxy even given that Resolution 1 is connected directly or indirectly with the remuneration of members of the KMP for the Company.

The Chair of the Meeting intends to vote all undirected proxies **in favour** of Resolution 1.

If the Chair of the Meeting is appointed as a proxy for a person who is permitted to vote on Resolution 1, the Chair will vote any proxies which do not indicate on their Proxy Form the way the Chair must vote, in favour of Resolution 1. In exceptional circumstances, the Chair may change his voting intention on the Resolution, in which case an ASX announcement will be made. Shareholders may also choose to direct the Chair to vote against the Resolution or to abstain from voting.

If you purport to cast a vote other than as permitted above, that vote will be disregarded by the Company (as indicated above) and you may be liable for breaching the voting restrictions that apply to you under the Corporations Act.

Resolutions 2-6

There are no voting exclusions on these Resolutions.

Resolution 7: Increase in Aggregate Non-Executive Director fee pool

The Company will disregard any votes cast in favour of Resolution 7 by or on behalf of any Director of the Company or any associate of a Director, regardless of the capacity in which the vote is cast (including as a proxy).

However, this does not apply to a vote cast in favour of Resolution 7 by:

(a) a person as a proxy or attorney for a person who is entitled to vote on Resolution 7, in accordance with directions given to the proxy or attorney to vote on Resolution 7 in that way; or

(b) the Chair of the meeting as proxy or attorney for a person who is entitled to vote on Resolution 7, in accordance with a direction given to the Chair to vote on Resolution 7 as the Chair decides; or

(c) a holder acting solely in a nominee, trustee, custodial or other fiduciary capacity on behalf of a beneficiary provided the following conditions are met:

(i) the beneficiary provides written confirmation to the holder that the beneficiary is not excluded from voting, and is not an associate of a person excluded from voting, on Resolution 7; and
(ii) the holder votes on Resolution 7 in accordance with directions given by the beneficiary to the holder to vote in that way.

In addition, a vote must not be cast on Resolution 7 by a member of KMP of the Company at the time Resolution 7 is voted on at the AGM, or a Closely Related Party of a member of KMP, acting as proxy for a person entitled to vote, if their appointment does not specify the way the proxy is to vote on Resolution 7. This restriction on voting undirected proxies does not apply to the Chair of the meeting acting as proxy for a person entitled to vote on Resolution 7, because the Company's proxy appointment expressly authorises the Chair of the AGM to exercise undirected proxies.

Resolution 8: Approval to issue Options to Non-Executive Director – Mr Michael Nossal

The Company will disregard any votes cast in favour of Resolution 8 by or on behalf of Mr Michael Nossal (who is eligible to participate in the Company's Equity Incentive Plan) and/or his nominees, or any associates of that person or those persons.

However, this does not apply to a vote cast in favour of Resolution 8 by:

(a) a person as a proxy or attorney for a person who is entitled to vote on Resolution 8, in accordance with directions given to the proxy or attorney to vote on Resolution 8 in that way; or

(b) the Chair of the meeting as proxy or attorney for a person who is entitled to vote on Resolution 8, in accordance with a direction given to the Chair to vote on Resolution 8 as the Chair decides; or

(c) a holder acting solely in a nominee, trustee, custodial or other fiduciary capacity on behalf of a beneficiary provided the following conditions are met:

(i) the beneficiary provides written confirmation to the holder that the beneficiary is not excluded from voting, and is not an associate of a person excluded from voting, on Resolution 8; and
(ii) the holder votes on Resolution 8 in accordance with directions given by the beneficiary to the holder to vote in that way.

In addition, a vote must not be cast on Resolution 8 by a member of KMP of the Company at the time Resolution 8 is voted on at the AGM, or a Closely Related Party of a member of KMP, acting as proxy for a person entitled to vote, if their appointment does not specify the way the proxy is to vote on Resolution 8. This restriction on voting undirected proxies does not apply to the Chair of the meeting acting as proxy for a person entitled to vote on Resolution 8, because the Company's proxy appointment expressly authorises the Chair of the AGM to exercise undirected proxies.

Resolution 9: Approval to issue Options to Non-Executive Director – Ms Nicole Brook

The Company will disregard any votes cast in favour of Resolution 9 by or on behalf of Ms Nicole Brook (who is eligible to participate in the Company's Equity Incentive Plan) and/or her nominees, or any associates of that person or those persons.

However, this does not apply to a vote cast in favour of Resolution 9 by:

(a) a person as a proxy or attorney for a person who is entitled to vote on Resolution 9, in accordance with directions given to the proxy or attorney to vote on Resolution 9 in that way; or

(b) the Chair of the meeting as proxy or attorney for a person who is entitled to vote on Resolution 9, in accordance with a direction given to the Chair to vote on Resolution 9 as the Chair decides; or

(c) a holder acting solely in a nominee, trustee, custodial or other fiduciary capacity on behalf of a beneficiary provided the following conditions are met:

(i) the beneficiary provides written confirmation to the holder that the beneficiary is not excluded from voting, and is not an associate of a person excluded from voting, on Resolution 9; and
(ii) the holder votes on Resolution 9 in accordance with directions given by the beneficiary to the holder to vote in that way.

In addition, a vote must not be cast on Resolution 9 by a member of KMP of the Company at the time Resolution 9 is voted on at the AGM, or a Closely Related Party of a member of KMP, acting as proxy for a person entitled to vote, if their appointment does not specify the way the proxy is to vote on Resolution 9. This restriction on voting undirected proxies does not apply to the Chair of the meeting acting as proxy for a person entitled to vote on Resolution 9, because the Company's proxy appointment expressly authorises the Chair of the AGM to exercise undirected proxies.

Resolution 10: Approval of FY 2027 grant of Performance Rights to Managing Director

The Company will disregard any votes cast in favour of Resolution 10 by or on behalf of the Managing Director, Mr Bradshaw (who is eligible to participate in the Company's Equity Incentive Plan) and/or his nominees, or any associates of that person or those persons.

However, this does not apply to a vote cast in favour of Resolution 10 by:

(a) a person as a proxy or attorney for a person who is entitled to vote on Resolution 10, in accordance with directions given to the proxy or attorney to vote on Resolution 10 in that way; or

(b) the Chair of the meeting as proxy or attorney for a person who is entitled to vote on Resolution 10, in accordance with a direction given to the Chair to vote on Resolution 10 as the Chair decides; or

(c) a holder acting solely in a nominee, trustee, custodial or other fiduciary capacity on behalf of a beneficiary provided the following conditions are met:

(i) the beneficiary provides written confirmation to the holder that the beneficiary is not excluded from voting, and is not an associate of a person excluded from voting, on Resolution 10; and
(ii) the holder votes on Resolution 10 in accordance with directions given by the beneficiary to the holder to vote in that way.

In addition, a vote must not be cast on Resolution 10 by a member of KMP of the Company at the time Resolution 10 is voted on at the AGM, or a Closely Related Party of a member of KMP, acting as proxy for a person entitled to vote, if their appointment does not specify the way the proxy is to vote on Resolution 10. This restriction on voting undirected proxies does not apply to the Chair of the meeting acting as proxy for a person entitled to vote on Resolution 10, because the Company's proxy appointment expressly authorises the Chair of the AGM to exercise undirected proxies.

Resolution 11: Approval of potential leaving entitlements for Executive KMP

If any shareholder is a current Executive KMP and wishes to preserve their ability to receive benefits under the approval contemplated by Resolution 11, then that shareholder and their associates should not vote on Resolution 11 in any capacity. It is a condition of the approval for the purposes of section 200E of the Corporations Act that no such person (or their associates) cast a vote in any capacity, other than a permitted proxy vote described below. Further the Company will disregard any votes cast as a proxy in favour of Resolution 11 by or on behalf of an Executive KMP and/or their associates.

However, this does not apply to a vote cast in favour of Resolution 11 by a person as a proxy or attorney for a person who is entitled to vote on Resolution 11, in accordance with directions given to the proxy or attorney to vote on Resolution 11 in that way.

This restriction on voting undirected proxies does not apply to the Chair of the meeting acting as proxy for a person entitled to vote on Resolution 11, because the Company's proxy appointment expressly authorises the Chair of the AGM to exercise undirected proxies.

Shareholders are invited to contact the Company Secretary, Virna Trout on +61 474 281 432 or companysecretary@eqresources.com if they have any queries in respect of the matters set out in this Notice.

EXPLANATORY STATEMENT

Purpose of Information

This Explanatory Statement accompanies and forms part of the Company's Notice of Annual General Meeting ("**Notice**") for the 2026 Annual General Meeting which will be held virtually via a video-conferencing facility at **3:30pm (AEDT) on Wednesday, 25 November 2026**.

The Notice incorporates, and should be read together with, this Explanatory Statement.

Receipt and consideration of Accounts & Reports

A copy of the Annual Report for the financial year ended 30 June 2026 (which incorporates the Company's Financial Report, reports of the Directors (including the Remuneration Report) and the Auditor's Report) is not enclosed as there is no longer a requirement for the Company to incur the printing and distribution cost associated with doing so for all Shareholders.

We recommend you access the Annual Report at the Company's website at www.eqresources.com.au or via the Company's announcement platform on ASX. A copy is available on request by contacting the Company by phone on + 61 414 597 066. Except as set out in Resolution 1, no resolution is required on these reports.

Shareholders will have the opportunity to ask questions about or make comments on the 2026 Annual Report and the management of the Company. The Auditor will be invited to attend to answer questions about the audit of the Company's 2026 Annual Financial Statements.

ORDINARY BUSINESS

Resolution 1: Adoption of Remuneration Report

Background

Section 250R(2) of the Corporations Act requires that a resolution to adopt the Remuneration Report must be put to the vote at the Annual General Meeting. The vote on this Resolution is advisory only and does not bind the Directors or the Company.

The Remuneration Report is set out in the Directors' Report in the Company's 2026 Annual Report. The Remuneration Report sets out the Company's remuneration arrangements for the Directors and senior management of the Company.

In accordance with section 250SA of the Corporations Act, Shareholders will be provided with a reasonable opportunity to ask questions concerning, or make comments on, the Remuneration Report at the Annual General Meeting.

In accordance with Division 9 of Part 2G.2 of the Corporations Act, if twenty-five per cent (25%) or more of votes that are cast are voted against the adoption of the Remuneration Report at two consecutive Annual General Meetings, Shareholders will be required to vote at the second of those Annual General Meetings on a resolution (a "spill resolution") that another meeting be held within 90 days at which all of the Company's Directors (other than the Managing Director) must be put up for re-election.

It is noted that at the Company's last Annual General Meeting, the votes cast against the Remuneration Report represented less than twenty-five per cent (25%) of the total votes cast on that resolution and accordingly, a spill resolution will not under any circumstances be required for this Meeting.

The Directors will consider the outcome of the vote and comments made by Shareholders on the Remuneration Report at the Meeting when reviewing the Company's remuneration policies.

Board Recommendation

The Directors unanimously recommend that Shareholders vote **in favour** of Resolution 1 to adopt the Remuneration Report.

It should be noted that each Director has a personal interest in their own remuneration from the Company (such interests are described in the Remuneration Report) and, as described in the voting exclusions on this resolution (set out in the Notice), that each Director (or any Closely Related Party of a Director) is excluded from voting their shares on this resolution.

The Chair intends to vote all undirected proxies **in favour** of this resolution.

Voting Exclusions

A voting exclusion statement for this resolution is set out in Note 5 above.

Resolution 2: Re-Election of Mr Oliver Kleinhempel as a Non-Executive Director of the Company

Background

Clause 17.5(b) of the Constitution of the Company requires that at each AGM one third of the Directors (except for the managing director), or, if their number is not three or a multiple of three, then the number nearest but not exceeding one-third, shall retire from office by rotation. The Directors to retire every year shall be those who have been longest in office since their last election but, as between persons who became Directors on the same day, those to retire shall (unless they otherwise agree between themselves) be determined by lot.

This is consistent with Listing Rule 14.4, which provides that a director (other than the managing director) must not hold office without re-election past the third annual general meeting following the director's appointment or 3 years, whichever is longer, and Listing Rule 14.5, which requires the Company to hold an election of directors at each annual general meeting.

Mr Kleinhempel was appointed Non-Executive Director on 12 August 2019, Chair on 24 April 2020 before returning to the role of Non-Executive Director on 1 October 2025. Mr Kleinhempel started his career at Outotec, a leading minerals & metals processing technology company, where he spent several years in Europe, South America and Southeast Asia on various assignments. In the recent 9 years, Mr Kleinhempel held various executive management positions in project development, finance and commodity trading sectors, with a regional focus on Asia-Pacific. Mr Kleinhempel holds a bachelor's degree in Business Administration from the Cooperative State University Baden Wuerttemberg (Germany) and obtained a Master's Degree from the Mining Institute of the Clausthal University of Technology (Germany).

The Board has determined that Mr Kleinhempel remains considered as a non-Independent Non-Executive Director as he is an employee of a material customer and shareholder.

Board Recommendation

The Board (with Mr Kleinhempel abstaining) recommends that Shareholders vote **in favour** of the re-election of Mr Kleinhempel.

The Chair of the Meeting intends to vote undirected proxies **in favour** of Mr Kleinhempel's re-election.

Voting Exclusions

There are no voting exclusions on this resolution.

Resolution 3: Election of Mr Michael Nossal (Chair) as an Independent Non-Executive Director of the Company

Background

A Director (excluding the Managing Director) appointed to fill a casual vacancy or as an addition to the Board must not hold office without re-election past the next Annual General Meeting (Constitution clauses 17.5 & 17.7 and Listing Rule 14.4).

Mr Michael Nossal, having been appointed Non-Executive Chair of the Company on 31 March 2026, is retiring in accordance with these requirements and, being eligible, offers himself for re-election. If Shareholders do not approve the re-election of Mr Nossal, Mr Nossal will cease to be a Director at the conclusion of the AGM.

Prior to Mr Nossal's appointment, the Company completed several background and screening checks including in relation to Mr Nossal's character, experience, qualifications, criminal history, and bankruptcy history, with no adverse findings.

The Board also considered whether Mr Nossal had any interest, position, or relationship that may interfere with his independence as a Director, having regard to the relevant factors as set out in the ASX Corporate Governance Council Principles & Recommendations (4th edition) (ASX Principles). The Board has determined that, at present, Mr Nossal is considered independent and is therefore classified as an Independent Non-Executive Director.

Mr Nossal is an experienced mining industry professional, most recently serving as Chair of battery metals company IGO Limited (ASX:IGO). His executive career focused on strategy and business development across a wide range of commodities and geographies, including senior roles with Newcrest, MMG, and WMC Resources. Resolution 4: Election of Ms Nicole Brook as an Independent Non-Executive Director of the Company

Background

A Director (excluding the Managing Director) appointed to fill a casual vacancy or as an addition to the Board must not hold office without re-election past the next Annual General Meeting (Constitution clauses 17.5 & 17.7 and Listing Rule 14.4).

Ms Brook, having been appointed to the Board on 25 August 2026, is retiring in accordance with these requirements and, being eligible, offers herself for re-election. If Shareholders do not approve the election of Ms Brook, Ms Brook will cease to be a Director at the conclusion of the AGM.

Prior to Ms Brook's appointment, the Company completed several background and screening checks including in relation to Ms Brook's character, experience, qualifications, criminal history, and bankruptcy history, with no adverse findings.

The Board has determined that, at present, Ms Brook is considered independent and is therefore classified as an Independent Non-Executive Director.

She has held senior executive roles with Glencore and Xstrata Coal, with responsibility spanning operations, major projects, M&A and technical risk across complex mining businesses.

The Chair of the Meeting intends to vote undirected proxies **in favour** of Ms Brook's election.

Resolution 5: Election of Mr Taki Dermedgoglou as a Non-Executive Director of the Company

Background

A Director (excluding the Managing Director) appointed to fill a casual vacancy or as an addition to the Board must not hold office without re-election past the next Annual General Meeting (Constitution clauses 17.5 & 17.7 and Listing Rule 14.4).

Mr Constandinos (Taki) Dermedgoglou, having been appointed to the Board on 25 August 2026, is retiring in accordance with these requirements and, being eligible, offers himself for re-election. If Shareholders do not approve the election of Mr Taki Dermedgoglou, Mr Taki Dermedgoglou will cease to be a Director at the conclusion of the AGM.

Mr Dermedgoglou has been nominated by Wonongarra Pty Ltd, the investment vehicle wholly owned by Dr Andrew Forrest AO. This appointment is pursuant to the director nomination right which transferred to Wonongarra upon its acquisition of Oaktree's interest in the Company, as announced on 20 July 2026. The Board has determined that

Mr Dermedgoglou is therefore considered a non-Independent Non-Executive Director.

Mr Dermedgoglou is an experienced resources and finance executive and brings significant capability in capital markets, mergers & acquisitions and corporate finance. Taki's career has included roles at Rio Tinto, BHP, Macquarie Capital and UBS. He holds a Bachelor of Engineering (Mechanical) with Honours from The University of Western Australia and is a CFA® Charterholder.

Resolution 6: Re-Election of Mr Stephen Weir as an Independent Non-Executive Director of the Company

Background

Mr Stephen Weir was appointed Non-Executive Director of the Company on 19 January 2024 as nominee of Oaktree Capital Management. This right was transferred to Wonongarra Pty Ltd upon Oaktree's divestment of its interest in the Company on 20 July 2026. Thereafter Mr Weir agreed to remain on the Board as an additional Director.

Clause 17.5(b) of the Constitution of the Company requires that at each AGM one third of the Directors (except for the managing director), or, if their number is not three or a multiple of three, then the number nearest but not exceeding one-third, shall retire from office by rotation. The Directors to retire every year shall be those who have been longest in office since their last election but, as between persons who became Directors on the same day, those to retire shall (unless they otherwise agree between themselves) be determined by lot. This is consistent with Listing Rule 14.4, which provides that a director (other than the managing director) must not hold office without re-election past the third annual general meeting following the director's appointment or 3 years, whichever is longer, and Listing Rule 14.5, which requires the Company to hold an election of directors at each annual general meeting.

Mr Weir, having been appointed to the Board on 19 January 2024, is retiring in accordance with these requirements and, being eligible, offers himself for re-election. If Shareholders do not approve the re-election of Mr Weir, Mr Weir will cease to be a Director at the conclusion of the AGM.

The Board considered whether Mr Weir had any interest, position, or relationship that may interfere with his independence as a Director, having regard to the relevant factors as set out in the ASX Corporate Governance Council Principles & Recommendations (4th edition) (ASX Principles). The Board has determined that as Mr Weir had no association with Oaktree prior to being introduced by the Company as a potential Oaktree nominee; he was never an officer, employee or adviser of Oaktree; he has no ongoing relationship with Oaktree and has demonstrated independence of judgement throughout his tenure on the Board, he is now classified as an Independent Non-Executive Director.

Mr Weir has more than 30 years of experience in mining, finance, and equity capital markets, with a background spanning senior corporate advisory, project financing, and construction management roles. Mr Weir's prior roles included CEO of ASX-listed Magnetite Mines Ltd, Managing Director at RFC Ambrian, a specialist resources corporate finance advisory firm, and project finance at Bankers Trust. He is currently a Non-Executive Director of Harena Resources Plc, Victory Minerals (owner of the Ballarat Gold Mine) and Chairs the Advisory Board of GBA Capital, a Sydney-based resources-focused stockbroker. Mr Weir is a Member of the Australian Institute of Company Directors.

Board Recommendation

The Board (with Mr Weir abstaining) recommends that Shareholders vote **in favour** of the re-election of Mr Weir.

The Chair of the Meeting intends to vote undirected proxies **in favour** of Mr Weir's re-election.

Voting Exclusions

There are no voting exclusions for this resolution.

Resolution 7: Increase in Aggregate Non-Executive Director fee pool

Background

The Company seeks Shareholder approval to increase the Director fee pool to A$1,000,000 from A$400,000 as

approved at the 2023 AGM, under clause 17.13 of the Constitution and ASX Listing Rule 10.17.

The Board considers the proposed increase to the Director fees paid to Non-Executives as prudent given recent changes to the Company's size and operations which will assist the Company in attracting and retaining high calibre Directors which is in the best interests of Shareholders.

Clause 17.13 of the Constitution provides that Directors' fees paid by the Company (or any entity with which it is associated) to its Directors shall not be increased without the prior approval of Shareholders. Clause 17.10(b) of the Constitution provides that fees payable to Non-Executive Directors shall be by a fixed sum and not by commission on or percentage of profit or operating revenue. Listing Rule 10.17 prohibits an entity increasing the amount of fees it pays to its Non-Executive Directors unless the increase is approved by Shareholders.

Clause 17.10(a) of the Constitution allows the Directors to divide the total aggregate amount between themselves in such manner and proportion as they may from time to time agree. For the purposes of Listing Rule 10.17, the "total amount of directors' fees payable" includes superannuation contributions made for the benefit of Non-Executive Directors and any fees which a Non-Executive Director agrees to sacrifice on a pre-tax basis.

Approval is sought pursuant to Clause 17.13 of the Constitution and Listing Rule 10.17, to increase the amount of fees payable to Non-Executive Directors to $1 million per annum.

For the purposes of Listing Rule 10.17:

- the amount of the proposed increase is $600,000;
- the maximum aggregate amount of directors' fees that may be paid to all of the Company's Non-Executive Directors will be $1,000,000 per annum; and
- the following securities have been issued to Non-Executive Directors under Listing Rule 10.11 or 10.14 with the approval of Shareholders in the period 8 October 2023-8 October 2026:

Date of Issue	Name of Non-Executive Director	Number and Type of Securities
29.07.24	O. Kleinhempel	370,370 Options at $0.0675
29.07.24	S. Weir	740,741 Options at $0.0675

16.03.26	O. Kleinhempel	6,000,000 Options at $0.15
16.03.26	S. Weir	6,000,000 Options at $0.15
16.03.26	Z. P Yeo	6,000,000 Options at $0.15
16.03.26	S. Layton	6,000,000 Options at $0.15

16.03.26	C. Bradshaw	

*retired 30 June 2025
**retired 31 July 2026

If this Resolution is passed, the Company will be able to pay Non-Executive Directors' fees up to the increased aggregate amount. If this Resolution is not passed, the maximum aggregate amount of fees payable to Non-Executive Directors will remain at $400,000 per annum.

In determining the proposed increase in fees to Non-Executive Directors, the following matters were considered:

(a) to have flexibility to make additional appointments to the Board having regard to the increased size of the Company;
(b) to ensure the Company maintains the ability to remunerate, attract and retain Non-Executive Directors of high caliber;
(c) to allow for growth in Non-Executive Directors' remuneration in the future to reflect market competitiveness for Non-Executive Directors with the skills, expertise, and experience appropriate for the Company's business; and
(d) the continued growth of the Company and resulting increased required commitment from Non-Executive Directors on the Board and its Committees may require adjustments to remuneration that reflect the growth

and are comparable with peer companies.

Current Remuneration Arrangements

The proposed increase relates only to the maximum aggregate fee pool available for Non-Executive Directors. The actual remuneration paid to individual Non-Executive Directors will continue to be determined by the Board having regard to market practice, individual responsibilities and committee memberships, subject at all times to the approved aggregate limit. Approval of this Resolution does not itself result in any increase to the remuneration of any individual Non-Executive Director.

Future Utilisation of the Fee Pool

The Board does not presently intend to utilise the full proposed fee pool immediately. The proposed increase is intended to provide the Company with appropriate flexibility for future Board requirements and does not represent a commitment by the Company to pay directors' fees up to the proposed limit.

Corporations Act

The Company is not seeking shareholder approval under Chapter 2E of the Corporations Act.

The Board considers that any remuneration paid to Non-Executive Directors from the increased aggregate fee pool will constitute reasonable remuneration for the purposes of section 211 of the Corporations Act and accordingly falls within the exception to the related party benefit provisions in section 208 of the Corporations Act.

Board Recommendation

Given the interests of the Non-Executive Directors in this item, the Board makes no recommendation to shareholders as to how to vote in relation to Resolution 7.

The Chair of the Meeting intends to vote undirected proxies **in favour** of this Resolution.

Voting Exclusions

A voting exclusion statement for this resolution is set out in Note 5 above.

Resolutions 8 & 9: Approval to issue Options to Mr Michael Nossal and Ms Nicole Brook (or their nominees) as Directors of the Company

Background

Resolutions 8 & 9 seek Shareholder approval to issue Options to Mr Michael Nossal and Ms Nicole Brook (or their nominee(s)) (the **Option Recipient Directors**) on the terms described below and in accordance with the Company's Equity Incentive Plan (the **Plan**).

To facilitate the purpose of maintaining financial liquidity, minimising cash outflows and remunerating the Option Recipient Directors for their extensive contribution towards promoting the Company's operations, the Company is proposing to grant 9,000,000 unlisted Options to Mr Nossal and 6,000,000 unlisted Options to Ms Brook (or their nominee(s)) as part of their individual Director Appointment Agreements as Non-Executive Directors of the Company (being a right to acquire one fully paid ordinary share in the Company upon exercise of the Option) on the terms as described below (**Options**).

The Board believes that it is appropriate to use Options to compensate Option Recipient Directors as this remunerates them appropriately given the circumstances of the Company and provides an appropriate and meaningful form of remuneration that aligns with Shareholder interests. The Board believes that the allotment of the Options will be to the benefit of all Shareholders as these will motivate the Option Recipient Directors to remain in the Company's employ to carry on the role of implementing and executing the Company's strategies and overseeing operations. No director (other than Mr Nossal and Ms Brook) has an interest in the outcome of this resolution.

Terms of Options

It is proposed that a total of 9,000,000 Options be granted to Mr Nossal (or his nominee(s)), under the Plan, subject to Shareholder approval.

A summary of the major terms and features of the Options are set out as follows:

Terms	
Vesting Condition	Subject to Shareholder approval and vesting in three tranches (3,000,000 options on 1 July 2026, 3,000,000 options on 1 July 2027, and 3,000,000 options on 1 July 2028)

Expiry Date	3 years from the tranche issue date

It is proposed that a total of 6,000,000 Options be granted to Ms Brook (or her nominee(s)), under the Plan, subject to Shareholder approval.

A summary of the major terms and features of the Options are set out as follows:

Terms	
Vesting Condition	Subject to Shareholder approval and vesting in three tranches (2,000,000 options on 1 October 2026, 2,000,000 options on 1 October 2027 and 2,000,000 options on 1 October 2028)
Expiry Date	3 years from the tranche issue date

Chapter 2E of the Corporations Act

For a public company, or an entity that the public company controls, to give a financial benefit to a related party of the public company, the public company or entity must:

(a) obtain the approval of the public company's members in the manner set out in sections 217 to 227 of the Corporations Act; and

(b) give the benefit within 15 months following such approval, unless the giving of the financial benefit falls within an exception set out in sections 210 to 216 of the Corporations Act.

The issue of Options to Mr Nossal and Ms Brook (the **Related Parties**) constitutes giving a financial benefit and the Related Parties are related parties of the Company by virtue of being Directors. It is the view of the Directors that the exceptions set out in sections 210 to 216 of the Corporations Act do not apply in the current circumstances. Accordingly, Shareholder approval is sought under Chapter 2E of the Corporations Act (and Listing Rule 10.14) for the issue of Options to the Related Parties.

Consideration of type of Security to be issued	The Company has agreed to issue the Options for the following reasons: (a) the issue of the Options has no immediate dilutionary impact on Shareholders; (b) the issue to the Related Parties will align the interests of the recipients with those of Shareholders; (c) the issue is a reasonable and appropriate method to provide cost-effective remuneration as the non-cash form of this benefit will allow the Company to spend a greater proportion of its cash reserves on its operations than it would if alternative cash forms of remuneration were given to the Related Parties; (d) the deferred taxation benefit which is available to the recipient in respect of an issue of Options is also beneficial to the Company as it means the recipient is not required to immediately sell the Options to fund a tax liability (as would be the case in an issue of Shares where the tax liability arises upon issue of the Shares) and will instead, continue to hold an interest in the Company; and (e) it is not considered that there are any significant opportunity costs to the Company or benefits foregone by the Company in issuing the Options on the terms proposed.
Consideration of quantum of Securities to be issued	The number of Securities to be issued has been determined based upon a consideration of: (a) current market standards and/or practices of other ASX-listed companies of a similar size and stage of development to the Company; (b) the remuneration of the proposed recipients; and (c) incentives to attract and retain the service of the proposed recipients who have appropriate knowledge and expertise, while maintaining the Company's cash reserves. The Company does not consider that there are any significant opportunity costs to the Company or benefits foregone by the Company in issuing the Securities upon the terms proposed.

The Board is not aware of any other information that is reasonably required by Shareholders to allow them to decide whether it is in the best interests of the Company to pass these Resolutions.

ASX Listing Rules requirements

As noted above, the Company is proposing to issue Options to Mr Michael Nossal and Ms Nicole Brook (or their nominee(s)) (the "**Issue**").

Listing Rule 10.14 provides that a listed company must not permit any of the following persons to acquire equity securities under an employee incentive scheme:

- 10.14.1 a director of the company;
- 10.14.2 an associate of a director of the company; or
- 10.14.3 a person whose relationship with the company or a person referred to in Listing Rule 10.14.1 or 10.14.2 is such that, in ASX's opinion, the acquisition should be approved by its Shareholders;

unless it obtains the approval of its Shareholders.

The Issue falls within Listing Rule 10.14.1 above, as the Plan constitutes an "employee incentive scheme" under the ASX Listing Rules, and therefore requires the approval of the Company's Shareholders under Listing Rule 10.14.

Resolutions 8 & 9 therefore also seek the required Shareholder approval to issue the Options to the Directors under and for the purposes of Listing Rule 10.14.

If Resolutions 8 & 9 are passed, the Company will be able to proceed with the issue of the respective Options and the applicable Director will receive the number of Options set out above, with the increase in their remuneration and potential increase in their shareholding if the Options are converted to Shares, as described above.

If Resolutions 8 & 9 are not passed, the Company will not be able to proceed with the issue of the respective Options to the applicable Directors and the Directors will not receive the Options or any potential shareholdings as described above.

If approvals are given under ASX Listing Rule 10.14, approvals are not required under ASX Listing Rule 7.1 (by virtue of Exception 14 in Listing Rule 7.2), and accordingly the issue of the Options will not use up any of the Company's 15% placement capacity under Listing Rule 7.1.

Board Recommendation

The Board (with Mr Nossal and Ms Brook abstaining) recommends that Shareholders vote **in favour** of Resolutions 8 & 9. Each of Mr Nossal and Ms Brook has an interest in the outcome of Resolution 8 and Resolution 9 respectively and therefore does not consider it appropriate to make a recommendation to Shareholders. No director (other than Mr Nossal and Ms Brook) has an interest in the outcome of this resolution.

The Chair of the Meeting intends to vote undirected proxies **in favour** of Resolutions 8 & 9.

Voting Exclusions

A voting exclusion statement for both of these resolutions is set out in Note 5 above.

Resolution 10: Approval of FY 2027 grant of Performance Rights to Managing Director

Background

ASX Listing Rule 10.14 requires Shareholder approval for the acquisition of securities by a director under an Equity Incentive Plan (the **Plan**).

Resolution 10 seeks Shareholder approval for the grant of 2,995,207 Performance Rights to Mr Craig Bradshaw, the Company's Managing Director, as a Long-Term Incentive (**LTI**) under the Plan on the terms and conditions set out in the Explanatory Statement. The annual grant of Performance Rights as a LTI is designed to align the Managing Director's reward with long-term shareholder value and the Company's strategic priorities. Performance Rights are used to deliver the LTI because they align reward with long-term performance without providing the full benefits of share ownership, including dividend and voting rights, unless and until they vest. The Board believes the proposed incentive arrangements the subject of this Resolution are an efficient and appropriate tool to align the interests of Mr Bradshaw with those of Shareholders.

Because Mr Bradshaw is a Director of the Company, Shareholder approval of the proposed issue of Performance Rights to Mr Bradshaw must be obtained under ASX Listing Rule 10.14.1 (or under ASX Listing Rule 10.14.2 if Mr Bradshaw elects for the Performance Rights to be granted to his nominee) before the Performance Rights can be issued.

Security holder approval is only required under ASX Listing Rule 10.14 if new Shares may be issued to a director and approval is not required if existing Shares are purchased on market to satisfy awards under the employee incentive scheme, where the terms of the employee incentive scheme permit such on-market purchases. Accordingly, security holder approval is being sought to preserve flexibility in the event the Board determines to issue Shares rather than purchase them on-market when Performance Rights vest and are exercised.

If Resolution 10 is passed, the Company will be able to proceed with the issue of Performance Rights to Mr Bradshaw. Subject to the satisfaction of the vesting conditions described below and to any adjustment in accordance with the rules of the Plan (e.g. upon a capital reconstruction), Mr Bradshaw will receive one Share for each vested Right. As approval is being obtained under Listing Rule 10.14, approval is not required under Listing Rule 7.1 (by virtue of Exception 14 in Listing Rule 7.2) and the issue of the Performance Rights will not use up any of the Company's 15% placement capacity under Listing Rule 7.1.

If Resolution 10 is not passed, the Company will not be able to proceed with the issue of the Performance Rights to Mr Bradshaw under the Plan and other substitute remuneration will need to be paid to Mr Bradshaw, equal to the value of the Performance Rights that are not approved.

Quantum and value

The quantum of Performance Rights to be granted to Mr Bradshaw, covering the three year period ending 30 June 2029), has been determined with reference to current market practice (as at 30 June 2026). For FY 2027 (ending 30 June 2027), the dollar value (face value) of the LTI grant to Mr Bradshaw is equivalent to 100% of his fixed remuneration for the year ending 30 June 2027 which equals $750,000.

Under the accounting standard AASB 2 Share-based Payment, the Company will recognise an expense in the income statement based on the fair value of the Performance Rights over the period from the grant date to the vesting date. The total of the fair value of the Performance Rights on the grant date of 1 July 2026 subject to Shareholder approval is approximately $778,305. If Shareholder approval is obtained, this valuation will be finalised based on the actual issue date of Mr Bradshaw's Performance Rights.

Material terms of the Performance Rights

The Performance Rights vest in accordance with the Performance Vesting Outcomes linked to the below Performance Hurdles. Performance Hurdles for the FY 2027 grant are measured over a period of three years (1 July 2026 to 30 June 2029) (**Performance Period**), with the Board determining the number of rights earned against the hurdles below to ensure that sustainable Shareholder growth has been created. Earned Performance Rights vest three years immediately following the FY 2029 determination (30 June 2029), subject to Mr Bradshaw's continuous employment up to that vesting date and to the good-leaver, change-of-control and Board-discretion provisions of the Plan. The deferred vesting period provides the retention and sustained-alignment element of the LTI, as Performance Rights that are not earned at the end of the Performance Period immediately lapse. Grants are subject to the Company's clawback policy for material misstatement, misconduct or risk failures provisions of the Plan and to the Securities Trading Policy (including the prohibition on hedging unvested awards).

Additional terms and conditions of the Performance Rights

1. The measurement against the Performance Hurdles and resultant Performance Vesting Outcomes will be determined by the Company and advised to Mr Bradshaw by no later than 30 September 2029.
2. Clawback – The Board has discretion to clawback vested but unexercised Performance Rights in the event of termination for serious misconduct or a material misstatement in the Company's financial statements.
3. Change of control – On the occurrence of a change of control of the Company, the Board will determine, in its sole and absolute discretion, the manner in which all unvested, and vested but unexercised, Performance Rights will be dealt with. In circumstances where Shareholders have voted in support of a positive change of control transaction, the Board's current intention would generally be to determine to vest any outstanding KMP LTI Performance Rights, subject to their being in the employ of the Company at the time the Shareholder decision is made.
4. Dividend and participation rights of unvested Performance Rights – There are no participating or voting rights or entitlements, nor rights to receive dividends inherent in the Performance Rights before their exercise and the issue of Shares (if applicable).
5. The Performance Rights are otherwise issued on the terms and conditions of the Plan and subject to the

Securities Trading Policy (including the prohibition on hedging unvested awards).

Information required by ASX Listing Rule 10.15

ASX Listing Rule 10.15 requires that the following information regarding the proposed issue of the Performance Rights be provided to Shareholders for the purposes of obtaining Shareholder approval pursuant to ASX Listing Rule 10.14:

(a) The Performance Rights are to be issued to Mr Bradshaw (and/or his nominee) who is the Managing Director of the Company.

(b) Mr Bradshaw is a Director of the Company and therefore a related party and subject to ASX Listing Rule 10.14.1. In the event the Performance Rights are issued to a nominee of Mr Bradshaw, that person will fall into the category stipulated by ASX Listing Rule 10.14.2.

(c) A maximum of 2,995,207 Performance Rights will be issued to Mr Bradshaw otherwise on the terms and conditions of the Plan.

(d) Mr Bradshaw's current remuneration for the financial year ending 30 June 2027 comprises a Fixed Remuneration of $750,000 pa (exclusive of superannuation) Base Salary, plus an STI award with a target outcome of 70% of Base Salary and, as outlined in this Explanatory Statement, an LTI award with a maximum potential of 100% of Base Salary. Further details regarding Mr Bradshaw's remuneration package are set out in the Remuneration Report in the Company's FY26 Annual Report.

(e) 3,135,000 Performance Rights have previously been issued to Mr Bradshaw under the Plan, and there is no average acquisition price applicable as Mr Bradshaw was not required to pay for those Rights.

(f) A summary of the material terms of the Performance Rights and the value the Company attributes to the Performance Rights is set out above.

(g) In accordance with Listing Rule 10.15.7, the Company will grant the Performance Rights within three years of the date of the Meeting, but anticipates their grant shortly following the Meeting.

(h) No consideration is payable by Mr Bradshaw at the time of grant of any of the Performance Rights or upon the allocation of Shares to which Mr Bradshaw may become entitled on the vesting of some or all of the Performance Rights.

(i) The terms of the Plan are set out in Schedule 1 to this Explanatory Statement.

(j) No loan has been or will be provided to Mr Bradshaw in relation to the issue of the Performance Rights.

(k) Details of any securities issued to Mr Bradshaw under the Plan will be published in the Company's annual report relating to the period in which they were issued, along with a statement that approval for the issue was obtained under ASX Listing Rule 10.14. Any additional persons covered by ASX Listing Rule 10.14 who become entitled to participate in an issue of securities under the Plan after this resolution is approved and who are not named in this notice of meeting will not participate until approval is obtained under that rule.

(l) A voting exclusion statement for this Resolution is set out in Note 5 of the Notice.

Chapter 2E of the Corporations Act

In accordance with section 208 of the Corporations Act, to give a financial benefit to a related party, the Company must obtain Shareholder approval unless the giving of the financial benefit falls within an exception in sections 210 to 216 of the Corporations Act.

Mr Bradshaw, as a Director, is a related party of the Company. The Board (excluding Mr Bradshaw) has formed the view that Shareholder approval under section 208 of the Corporations Act is not required for the proposed grant of Performance Rights, as the grant constitutes reasonable remuneration for the purposes of section 211 of the Corporations Act.

Board Recommendation

The Directors (other than Mr Bradshaw) unanimously recommend that Shareholders vote **in favour** of Resolution 10. Mr Bradshaw has an interest in the outcome of this Resolution and therefore does not consider it appropriate to

make a recommendation to Shareholders.

The Chair of the Meeting intends to vote undirected proxies **in favour** of this Resolution.

Voting Exclusions

A voting exclusion statement for this resolution is set out in Note 5 above.

Resolution 11: Approval of potential leaving entitlements for Executive KMP

Why is Shareholder approval being sought?
Chapter 2D of the Corporations Act

In accordance with section 200B of the Corporations Act, subject to certain exceptions, the Company must not give a benefit to a person in connection with that person ceasing to hold an office or position of employment in the Company or a related body corporate, where the person holds, or held at any time in the three years before ceasing, a managerial or executive office in the Company or a related body corporate, unless it obtains Shareholder approval under section 200E of the Corporations Act.

This resolution seeks shareholder approval to preserve flexibility for the Board to determine the most appropriate leaving package for Executive KMP under the relevant employment agreements and Plan (including the Board's discretionary right to automatically vest or retain Performance Rights and/or Options on termination). This accords with the Company's policy of treating departing employees appropriately and in accordance with applicable laws, market practice and company policy.

To assist the Company meeting this policy objective, the Board considers it prudent to seek shareholder approval in respect of such potential leaving entitlements or benefits payable to any current or future employees or office holders who are Executive KMP at the time of cessation of their employment or at any time in the three years prior to cessation of their employment, as outlined in this Explanatory Statement.

The approval does not apply to any potential leaving entitlements or benefits payable to any current or future Directors of the Company, other than the Managing Director. The approval could therefore only potentially apply to the Performance Rights proposed to be granted to the Managing Director pursuant to Resolution 10, not to the Options proposed to be granted to the Non-Executive Directors pursuant to Resolutions 8 and 9.

Shareholder approval of Resolution 11 does not guarantee that Executive KMP will receive the leaving entitlements outlined in this Explanatory Statement.

What are the details of benefits for which shareholder approval is sought?

Potential Leaving Entitlements	
Discretionary Vesting or Retention of granted Performance Rights and Options	In addition to the Performance Rights proposed to be issued to Mr Bradshaw (as outlined in Resolution 10) for FY 2027-FY 2029, the Board will also issue Performance Rights to (remaining) Executive KMP (as a Long Term Incentive) under the Plan on the same material terms as specified in explanatory statement to Resolution 10. As these (remaining) Executive KMP are not Directors of the Company, shareholder approval under ASX Listing Rule 10.14.1 or 10.14.2 is not required for this grant. As noted in the Renumeration Report (section (e)(v) in the Annual Report), Executive KMP have previously been granted Performance Rights and/or Options in prior years with staged vesting dates, as part of their remuneration under the Rules of the Plan. Under Rule 18.1 & 18.2 of the Plan, participants must remain employed on the vesting date of the relevant Performance Rights and/or Options, to be eligible for the issue of shares (subject at all times to the material terms of these grants). In accordance with these Rules, unvested Performance Rights and/or Options generally lapse where the participant ceases employment prior to the specified vesting date.

	However, under Rule 18.3, the Board has discretion to: (i) automatically vest Performance Rights and/or Options; or (ii) determine that granted Performance Rights and/or Options may continue to be held by the participant or participant's beneficiary until their nominated vesting date (subject at all times to the material terms of such grants) on cessation of employment (for any reason, including Good or Bad Leaver status), if the Board determines that the relevant circumstances warrant such treatment. As noted above, the Board's discretionary vesting or retention of entitlements under the Plan may constitute a 'benefit' for the purposes of the termination benefits provisions under the Corporations Act. Accordingly, approval is being sought for the Board to retain and exercise such rights under section 200E of the Corporations Act . All unvested and vested Performance Rights and/or Options remain subject to malus and clawback provisions of the Plan. The terms and conditions of the Plan are set out in Schedule 1.

What is the value of the benefits?

The value of any potential termination benefit connected to the Performance Rights and/or Options given in connection with Executive KMP ceasing to hold a managerial or executive office cannot presently be ascertained but matters, events and circumstances that will, or are likely to, affect the calculation of that value include:

(a) the number of Performance Rights and/or Options held at cessation and the number that are proposed to vest or have vesting conditions waived;

(b) the Executive KMP's previous performance year at the time of cessation of employment;

(c) the circumstances or reasons surrounding the cessation of employment;

(d) the market price of Shares on ASX on the last ASX trading day before the date of calculation;

(e) the Executive KMP's length of service;

(f) the number of Performance Rights and/or Options that automatically vest or that the Board decides to vest;

(g) the status of the vesting conditions attaching to the Performance Rights and/or Options at the time the Executive KMP's employment ceases, including the extent to which performance hurdles and criteria are achieved and

(h) any other matters that the Board considers relevant at the time of determination.

Approval is being sought for a three-year period. If shareholder approval is obtained, it will be effective from the date the resolution is passed until the conclusion of the 2029 AGM. The approval does not guarantee the Board will exercise the discretions set out above. Depending on the circumstances of cessation, any specific individual may not ultimately receive the benefits covered by this approval.

If Shareholder approval is obtained, it will give the Board maximum flexibility to vest or retain the unvested portion of the relevant Performance Rights and/or Options of Executive KMP when they cease employment or retire from office. It is anticipated that the Plan may be amended from time to time in line with market practice and changing governance standards and, where required, the Company will disclose these changes in the Company's Remuneration Report. However, it is intended that the approval will remain valid for the period specified above, provided that, at the time that the discretion is exercised, the Plan contains a discretion to vest or retain the unvested portion of the relevant Performance Rights and/or Options of Executive KMP when they cease employment or retire from office.

If Shareholder approval is not obtained, the Company may not be able to give Executive KMP any benefit in connection with the vesting or retention of the Performance Rights and/or Options on them ceasing employment to the extent that it would require approval under section 200B of the Corporations Act, which could constrain the Company's ability to attract and retain staff in the future.

Board Recommendation

The Directors (other than Mr Bradshaw) unanimously recommend that Shareholders vote **in favour** of Resolution 11. Mr Bradshaw has a material personal interest in the outcome of this Resolution and therefore does not consider it appropriate to make a recommendation to Shareholders.

The Chair of the Meeting intends to vote undirected proxies **in favour** of this Resolution.

Voting Exclusions

A voting exclusion statement for this resolution is set out in Note 5 above.

Summary of the Options

Annexure 1 – Summary of the Options

- Table A1-1 below summarises the key terms of the Options:

Table A1-1: Summary of the Options

Tranche	# of Options	Valuation Date	Expiry Date	Term	Exercise Price	Vesting Period Start	Vesting Period End
Tranche 1	3,000,000	05-Oct-26	01-Jul-29	2.74 yrs	$0.400	n/a	n/a
Tranche 2	3,000,000	05-Oct-26	01-Jul-30	3.74 yrs	$0.400	Grant date	01-Jul-27
Tranche 3	3,000,000	05-Oct-26	01-Jul-31	4.74 yrs	$0.400	Grant date	01-Jul-28
Tranche 4	2,000,000	05-Oct-26	01-Oct-29	2.99 yrs	$0.400	n/a	n/a
Tranche 5	2,000,000	05-Oct-26	01-Oct-30	3.99 yrs	$0.400	Grant date	01-Oct-27
Tranche 6	2,000,000	05-Oct-26	01-Oct-31	4.99 yrs	$0.400	Grant date	01-Oct-28

- The grant of the Options is subject to shareholder approval at the Company's next General Meeting. As a result, we undertook the valuation as at 5 October 2026, being the most recently concluded market day prior to the date of this report.
- Each individual Option, upon vesting, entitles the holder to purchase one ordinary share in the Company at the exercise prices listed in Table A1-1 above.
- Subject to shareholder approval, the Company will issue the Options: (i) for tranches 1 -3 (issuance to Michael Nossal), 9,000,000 options in three equal tranches on 1 July 2026, 2027, and 2028; and (ii) for tranches 4 - 6 (issuance to Nicole Brook), 6,000,000 options in three equal tranches on 1 October 2026, 2027, and 2028. While the Options are proposed to be issued at future dates (provided the grantee remains employed), in effect this is the same as issuing the tranches on the Valuation Date and having a required service vesting period until the future issue date (i.e. remaining employed with the Company). As a result, we valued all of the Options as standard options, being as at the Valuation Date and each with their own vesting period and expiry date.
- The Options are subject to the following vesting conditions:

Non-market-based vesting criteria	
All Tranches	Remaining employed/engaged with the Company until each tranche's issue date / vesting date.

Market-based vesting criteria	
All Tranches	no market-based vesting criteria

- We understand the Options are subject to a service condition, whereby the holder of the Options must remain employed by the Company until the future issue date of each tranche to receive the Options. In effect, this is the same as receiving the Options at grant and requiring the grantee to remain employed until the future vesting dates (i.e. issue dates) to be able to exercise the Options, otherwise the Options lapse (**Service Condition**).
- The Options are exercisable from their issue dates (i.e. the vesting date of each tranche) until expiry.
- The Options expire three years after their issue date (the issue date being each tranche's vesting date for the purposes of this valuation) and following which the Options lapse.
- We understand that the Options do not carry any entitlement to dividends (if any) prior to exercise.
- We understand that there are no other market-based or non-market-based vesting conditions, or any other conditions that impact on the value of the Options.

- Table A1-2 below shows the number of Options to be issued to each Grantee:

Table A1-2: Number of Options by Grantee

Grantee	Tranche 1	Tranche 2	Tranche 3	Tranche 4	Tranche 5	Tranche 6	Total
Michael Nossal	3,000,000	3,000,000	3,000,000	0	0	0	**9,000,000**
Nicole Brook	0	0	0	2,000,000	2,000,000	2,000,000	**6,000,000**

Annexure 2

Methodology and Key Inputs of the BSOP

Annexure 2 – Methodology and Key Inputs of the BSOP

In determining the fair value of the Options we used the Black-Scholes Option Pricing (BSOP) methodology, which utilises the Black-Scholes-Merton model.

Table A2-1 below summarises the key inputs used in the BSOP methodology, and is followed by an explanation of each of the six key inputs and how they were determined.

Table A2-1: BSOP Inputs

Input		Values at Valuation Date					
		Tranche 1	Tranche 2	Tranche 3	Tranche 4	Tranche 5	Tranche 6
i.	Underlying share price	$0.395	$0.395	$0.395	$0.395	$0.395	$0.395
ii.	Exercise price	$0.400	$0.400	$0.400	$0.400	$0.400	$0.400
iii.	Term	2.74 yrs	3.74 yrs	4.74 yrs	2.99 yrs	3.99 yrs	4.99 yrs
iv.	Risk-free rate	4.917%	4.925%	4.976%	4.925%	4.936%	4.991%
v.	Dividend yield	Nil	Nil	Nil	Nil	Nil	Nil
vi.	Volatility (rounded)	93.0%	87.0%	82.0%	91.0%	84.0%	80.0%

i. *Underlying share price*
Being the price of the Company's shares at the close of the market on the Valuation Date.

ii. *Exercise price*
We have been provided with the exercise price of the Options as listed in Table A2-1 above.

iii. *Term*
Being the period from the Valuation Date to the Expiry Date (see Annexure 1).

iv. *Risk-free rate*
The risk-free rate was determined to be the yield-to-maturity of an Australian government bond on the Valuation Date and with a term of equal duration to each tranche. The government bond interest rates were taken from data provider S&P Capital IQ for the government bonds quoted on the Australian Office of Financial Management website (https://www.aofm.gov.au/securities/treasury-bonds). As the term of the Options did not match any term-to-maturity for the Australian government bonds as at the Valuation Date, linear interpolation was used to determine the risk-free rate.

v. *Dividends*
The dividend yield was assumed to be nil as no dividend has been recently paid by the Company and it was assumed that this trend would continue over the term of the Options.

vi. *Volatility*
In accordance with AASB 2 paragraph B22, Volatility was determined to be the annualised standard deviation of the continuously compounded change in price of the Company's shares. For each Tranche, the volatility was calculated using the daily, weekly, and monthly share prices for a period prior to the Valuation Date and of equal duration to the term of each tranche (or as long as the shares have been publicly traded). We also considered the volatility over different calculation periods (from 6-months to 60-months) to determine an appropriate go-forward volatility. A summary of our volatility calculations is set out on the following page.

Based on the foregoing methodology and inputs, and before any other considerations discussed in the next section, we determined the value of the Options to be:

Tranche 1	-	$0.2311	per Option	Tranche 4	-	$0.2359	per Option
Tranche 2	-	$0.2502	per Option	Tranche 5	-	$0.2508	per Option
Tranche 3	-	$0.2640	per Option	Tranche 6	-	$0.2651	per Option

The following tables detail our volatility calculations for the underlying shares in the Company over: (i) a period equal to the term of each tranche (Tables A2-2 and A2-4); and (ii) various calculation periods (Tables A2-3 and A2-5).

Annexure 3 – Other Considerations

Non-market based vesting conditions

Per paragraph 19 and 20 of AASB 2, any non-market based vesting conditions are taken into account in the valuation of the Options by adjusting the number of equity instruments included in the measurement. The Company must estimate the probability of achievement of any non-market-based vesting condition (expressed as a % probability) and apply that percentage to the total number of instruments comprising the Options, to determine the number of equity instruments expected to vest as at the Valuation Date.

Given the service condition described in Annexure 1 of this report, the Company should estimate the probability of achievement of this condition and the corresponding expected vesting outcome for each tranche. The vesting percentage should be applied to the total number of Options comprising each tranche. For the purposes of this valuation, it was assumed that the likelihood of meeting the service condition was 100%, and therefore, 100% of the Options in each tranche was assumed to vest.

Annexure 4

Summary of AASB 2 Share-based Payment

Table A4-1 below sets out the pertinent clauses of AASB 2 – Share-based Payment as they relate to the Options.

Table A4-1: AASB 2 – Share Based Payment

AASB Paragraph	Comment
2 (a) *Applicable paragraph*	An entity shall apply this Standard in accounting for all share-based payment transactions, whether or not the entity can identify specifically some or all of the goods or services received, including: (a) equity-settled share-based payment transactions; (b) cash-settled share-based payment transactions; and (c) transactions in which the entity receives or acquires goods or services and the terms of the arrangement provide either the entity or the supplier of those goods or services with a choice of whether the entity settles the transaction in cash (or other assets) or by issuing equity instruments, except as noted in paragraphs 3A-6. In the absence of specifically identifiable goods or services, other circumstances may indicate that goods or services have been (or will be) received, in which case this Standard applies.
22 Corporate Advisory comment	The Options are equity-settled share-based payment transactions, in which the entity (EQ Resources Limited) receives goods or services (employment services of the grantee) as consideration for equity instruments of the entity (including shares or share options).
10	For equity-settled share-based payment transactions, the entity shall measure the goods or services received, and the corresponding increase in equity, directly, at the fair value of the goods or services received, unless the fair value cannot be estimated reliably. If the entity cannot estimate reliably the fair value of the goods or services received, the entity shall measure their value, and the corresponding increase in equity, indirectly, by reference to the fair value of the equity instruments granted. We believe that the entity cannot reliably measure the goods or services received along with the corresponding increase in equity. Accordingly, per clause 10, we have defaulted to measuring the goods or services received and the corresponding increase in equity, indirectly, by reference to the fair value of the equity instruments granted. Given that the Options essentially allow the holder to receive a fully-paid ordinary share in the Company (whose value can be reliably estimated), subject to certain vesting criteria, we are of the view that the fair value of the equity instruments granted can be reliably estimated causing AASB 2 clauses 24 – 25 to be irrelevant.
11	To apply the requirements of paragraph 10 to transactions with employees and others providing similar services, the entity shall measure the fair value of the services received by reference to the fair value of the equity instruments granted, because typically it is not possible to estimate reliably the fair value of the services received, as explained in paragraph 12. The fair value of those equity instruments shall be measured at grant date. We consider the grantee of the Options to be "employees and others providing similar services". As the Options are subject to shareholder approval and have not yet been granted, we will measure the fair value of the services to be received by reference to the fair value of the equity instruments to be granted, as at the Valuation Date.
14, 15	If the equity instruments granted vest immediately, the counterparty is not required to complete a specified period of service before becoming unconditionally entitled to those

Table A4-1: AASB 2 – Share Based Payment

AASB Paragraph	Comment
	equity instruments. In the absence of evidence to the contrary, the entity shall presume that services rendered by the counterparty as consideration for the equity instruments have been received. In this case, on grant date the entity shall recognise the services received in full, with a corresponding increase in equity. If the equity instruments granted do not vest until the counterparty completes a specified period of service, the entity shall presume that the services to be rendered by the counterparty as consideration for those equity instruments will be received in the future, during the vesting period. The entity shall account for those services as they are rendered by the counterparty during the vesting period, with a corresponding increase in equity. For example: (a) If an employee is granted share options conditional upon completing three years' service, then the entity shall presume that the services to be rendered by the employee as consideration for the share options will be received in the future, over that three-year vesting period. (b) If an employee is granted share options conditional upon the achievement of a performance condition and remaining in the entity's employ until that performance condition is satisfied, and the length of the vesting period varies depending on when that performance condition is satisfied, the entity shall presume that the services to be rendered by the employee as consideration for the share options will be received in the future, over the expected vesting period. The entity shall estimate the length of the expected vesting period at the grant date, based on the most likely outcome of the performance condition. If the performance condition is a *market condition*, the estimate of the length of the expected vesting period shall be consistent with the assumption used in estimating the fair value of the options granted, and shall not be subsequently revised. If the performance condition is not a *market condition*, the entity shall revise its estimate of the length of the vesting period, if necessary, if subsequent information indicates that the length of the vesting period differs from previous estimates. We understand the Options to have a service condition (i.e. holder must remain employed by the Company until the Issue/Vesting Date). As such, we consider the Company should account for the services rendered by the holder of the Options over the expected vesting period of the Options, with a corresponding increase in equity. The Company should estimate the length of the expected vesting period as at the grant date, based on the most likely outcome of the performance condition. ► For instruments with only a service condition, or that vest at completion of the service condition, the vesting period should be equal to the period of required service. We note that these accounting treatments should be confirmed with the Company's auditors.
16	For transactions measured by reference to the fair value of the equity instruments granted, an entity shall measure the fair value of equity instruments granted at the measurement date, based on market prices if available, taking into account the terms and conditions upon which those equity instruments were granted (subject to the requirements of paragraphs 19-22). We have used the closing share price on the Valuation Date as accurately reflecting the fair value per share of a fully-paid ordinary share in the Company as at the Valuation Date.

Table A4-1: AASB 2 – Share Based Payment

AASB Paragraph	Comment
19	A grant of equity instruments might be conditional upon satisfying specified *vesting conditions*. For example, a grant of shares or share options to an employee is typically conditional on the employee remaining in the entity's employ for a specified period of time. There might be performance conditions that must be satisfied, such as the entity achieving a specified growth in profit or a specified increase in the entity's share price. Vesting conditions, other than market conditions, shall not be taken into account when estimating the fair value of the shares or share options at the measurement date. Instead, vesting conditions shall be taken into account by adjusting the number of equity instruments included in the measurement of the transaction amount so that, ultimately, the amount recognised for goods or services received as consideration for the equity instruments granted shall be based on the number of equity instruments that eventually vest. Hence, on a cumulative basis, no amount is recognised for goods or services received if the equity instruments granted do not vest because of failure to satisfy a vesting condition, for example, the counterparty fails to complete a specified service period, or a performance condition is not satisfied, subject to the requirements of paragraph 21. Any non-market-based vesting conditions will be taken into account by estimating their probability of achievement and adjusting the number of equity instruments included in the measurement of the transaction. Any market-based vesting conditions will be taken into account when determining the fair value of the Options.
20	To apply the requirements of paragraph 19, the entity shall recognise an amount for the goods or services received during the vesting period based on the best available estimate of the number of equity instruments expected to vest and shall revise that estimate, if necessary, if subsequent information indicates that the number of equity instruments expected to vest differs from previous estimates. On vesting date, the entity shall revise the estimate to equal the number of equity instruments that ultimately vested, subject to the requirements of paragraph 21. The Company must estimate the probability of achievement of each non-market-based vesting condition (expressed as a % probability) and apply that percentage to the total number of instruments comprising the Options, to determine the number of equity instruments expected to vest as at the Valuation Date.
21	Market conditions, such as a target share price upon which vesting (or exercisability) is conditioned, shall be taken into account when estimating the fair value of the equity instruments granted. Therefore, for grants of equity instruments with market conditions, the entity shall recognise the goods or services received from a counterparty who satisfies all other vesting conditions (e.g. services received from an employee who remains in service for the specified period of service), irrespective of whether that market condition is satisfied. We have determined that exercisability of the Options is subject to market conditions (share price appreciation above the exercise price) and therefore these market conditions must be taken into account when estimating the fair value of the Options. Based on information provided, there are no other market conditions upon which vesting is conditioned.

Table A4-1: AASB 2 – Share Based Payment	
AASB Paragraph	**Comment**
AG B4	For share options granted to employees, in many cases market prices are not available, because the options granted are subject to terms and conditions that do not apply to traded options. If traded options with similar terms and conditions do not exist, the fair value of the options granted shall be estimated by applying an option pricing model. We have used the Black-Scholes Option Pricing (BSOP) methodology, which utilises the Black-Scholes-Merton model to estimate the fair value of the Options. The valuation under the BSOP methodology is discussed in Annexure 2.
AG B5	The entity shall consider factors that knowledgeable, willing market participants would consider in selecting the option pricing model to apply. For example, many employee options have long lives, are usually exercisable during the period between vesting date and the end of the options' life, and are often exercised early. These factors should be considered when estimating the grant date fair value of the options. For many entities, this might preclude the use of the Black-Scholes-Merton formula, which does not allow for the possibility of exercise before the end of the option's life and may not adequately reflect the effects of expected early exercise. It also does not allow for the possibility that expected volatility and other model inputs might vary over the option's life. However, for share options with relatively short contractual lives, or that must be exercised within a short period of time after vesting date, the factors identified above may not apply. In these instances, the Black-Scholes-Merton formula may produce a value that is substantially the same as a more flexible option pricing model. There is substantial empirical evidence (including a paper[1] by the author of the Black-Scholes-Merton model) showing that the value a European call option (one that can be exercised only on expiry) and an American call option (one that can be exercised prior to expiry) are the same. A difference in values between an American and European option arise only in certain circumstances, such as the presence of significant financial frictions, or prior to a significant dividend payment. Therefore, we consider the effect of early exercise on the value of the Options to be immaterial. Further, we consider the Options to be sufficiently simple enough for the BSOP methodology to be an appropriate pricing model to use in their valuation. (1) "Theory of Rational Option Price" (Robert Merton, published 1973) showed that an American call option (one that can be exercised before expiry) on a non-dividend paying stock should not be exercised prematurely.
AG B6	All option pricing models take into account, as a minimum, the following factors: (a) the exercise price of the option; (b) the life of the option; (c) the current price of the underlying shares; (d) the expected volatility of the share price; (e) the dividends expected on the shares (if appropriate); and (f) the risk-free interest rate for the life of the option. The above factors are taken into account in the valuation of the Options (See Annexure 2).
AG B7	Other factors that knowledgeable, willing market participants would consider in setting the price shall also be taken into account (except for vesting conditions and reload features that are excluded from the measurement of fair value in accordance with paragraphs 19-22).

Table A4-1: AASB 2 – Share Based Payment	
AASB Paragraph	**Comment**
	Based on our instructions, there are no other factors a knowledgeable, willing market participant would consider in setting the price of the Options.
	Expected volatility – Unlisted Entities
AG B27 – B29	An unlisted entity will not have historical information to consider when estimating expected volatility. Some factors to consider instead are set out below. In some cases, an unlisted entity that regularly issues options or shares to employees (or other parties) might have set up an internal market for its shares. The volatility of those share prices could be considered when estimating expected volatility. Alternatively, the entity could consider the historical or implied volatility of similar listed entities, for which share price or option price information is available, to use when estimating expected volatility. This would be appropriate if the entity has based the value of its shares on the share prices of similar listed entities. As the Company is listed this clause is not applicable to the Options. See Annexure 2 for our discussion on volatility.
AG B34 & B35	Conversely, if the employees are not entitled to dividends or dividend equivalents during the vesting period (or before exercise, in the case of an option), the grant date valuation of the rights to shares or options should take expected dividends into account. That is to say, when the fair value of an option grant is estimated, expected dividends should be included in the application of an option pricing model. When the fair value of a share grant is estimated, that valuation should be reduced by the present value of dividends expected to be paid during the vesting period. Option pricing models generally call for expected dividend yield. However, the models may be modified to use an expected dividend amount rather than a yield. An entity may use either its expected yield or its expected payments. If the entity uses the latter, it should consider its historical pattern of increases in dividends. For example, if an entity's policy has generally been to increase dividends by approximately 3 per cent per year, its estimated option value should not assume a fixed dividend amount throughout the option's life unless there is evidence that supports that assumption. The Company has not paid any dividends recently and is assumed to continue this trend for the term of the Options. As such, this clause is not applicable to the valuation of the Options.
