

Spoil yourself or find the perfect gift at Auckland DutyFree.

Travellers are invited to step into the new Duty Free area store. Featuring The Mixologist - a dedicated tasting bar with sweeping runway views, the space is designed to be enjoyed, a place to pause, sample, and discover premium products as part of your journey, with appetisers and tapas on the tasting menu for travellers to enjoy.

... explore a new world of products, from local and international brands, to new and exciting ranges of technology, beauty, and wine, with even more brands and categories to come. This is just the beginning of an evolving space that celebrates local craftsmanship while sharing it with the world.

At Auckland Duty Free, you can enjoy access to brands, products, and ranges you won't find outside the airport. From leading international names such as Johnnie Walker, Hennessy, Chanel, and Dior, to thousands of local products specially curated for travellers, the range is extensive. It includes liquor, wine, champagne, fragrance, beauty, confectionery, technology, local delights, and so much more.

Duty free is also the perfect way to get more for less, with a wide selection of bundle deals. Be sure to look out for best-value offers such as *Luxe for Less* and *Lowest Price in Australasia*. For the discerning shopper, it's a great place to try before you buy and to get expert advice before committing to your next purchase.

International Terminal

Auckland Duty Free is located at both international departures and arrivals and accepts cash, eftpos, all major credit cards, plus China Union Pay and Alipay.

For departing travellers, the main store is straight after security, and for added convenience, a smaller store is located before the gates on each Pier (Pier A and Pier B). For arrivals, the Auckland Duty Free store is located before Customs, and the baggage claim area. For the best range, be sure to buy on your departure out of New Zealand, for pick up when you return in the arrivals store.

All Auckland Free stores are currently open at times aligned to departing and arriving flight schedules.

Save time at the airport by pre-ordering a selected range of products online at **The Mall**, available to order online up to three months in advance of your travels to 24hrs before travel. You can Click & collect at Auckland Airport's Collection Point, and you can choose to collect on departure or arrival, or both.
