

LORD BYRON MOBILISATION AND INITIAL GRADE CONTROL PROGRAM COMMENCED

Aquirian Limited (ASX: AQN) ("Aquirian" or the "Company") is pleased to advise that it has commenced mobilisation to the Lord Byron site and has been awarded an initial **grade control drilling program with Brightstar Resources Limited (ASX: BTR)**.

Site mobilisation marks the start of Aquirian's Lord Byron contract with Brightstar, valued at approximately \$48 million over three years under Strategic Framework Agreement ("SFA") for Brightstar's Goldfields Hub.

The initial grade control program has commenced with an incremental contract value of ~\$200,000 under the SFA with personnel and equipment deployed to support Brightstar's resource definition activities.

Highlights

- Site mobilisation commenced with a contract value of ~\$48M over a 3-year term
- Initial grade control program commenced with incremental value of **\$200,000**
- This award adds to the previously announced scope under Aquirian's SFA with Brightstar, underscoring the potential for further revenue growth

Managing Director, Greg Patching, said:

"We are really pleased to have commenced our mobilisation for Brightstar's Lord Byron operations and to support their grade control activities. While this initial program is a relatively modest, it provides adjacent and incremental revenue under our SFA with Brightstar and underscores our strategic partnership model. We look forward to executing this program safely as we ramp up our drill and blast operations in the coming weeks."

This announcement has been approved for release by the Managing Director of the Company.
