## Quarterly Activities Report — September 2026

---

### Key Highlights:

During the September 2026 quarter, Forrestania Resources Limited (**ASX: FRS**) ("**Forrestania**" or "**the Company**") delivered the following key milestones:

- Completed the acquisition of the Edna May Gold Project from Ramelius Resources Ltd, establishing Forrestania's second processing and production hub in Western Australia.
- Successfully completed the approximately \$310 million institutional capital raising announced in conjunction with the Edna May acquisition.
- Advanced integration and operational planning activities at Edna May, including restart planning, with operations scheduled to commence in the December 2026 quarter.
- Continued refurbishment of the Lake Johnston Processing Facility, with commissioning activities progressing toward targeted first production in early 2027.
- Released four Pre-Feasibility Studies and Maiden Ore Reserves for the Company, outlining development pathways across key gold assets and reinforcing the strategic value of Forrestania's dual-hub operating model.
- Executed mining agreements with MEGA Resources in relation to the Tycho and Johnson Range proposed mining operations, in conjunction with Ore Purchase Agreements with MEGA and other third parties during and following the end of the quarter.
- Continued to expand and grow the Company's Mineral Resource base above two million gold ounces.
- Advanced the recommended off-market takeover offer for Zenith Minerals Ltd with acceptances now exceeding 62% of Zenith's issued capital and the offer now declared unconditional following the end of the quarter.
- Strengthened the Company's executive leadership team through the appointment of Mr Tom Plant as Chief Financial Officer to support Forrestania's transition from developer to producer.

### Executive Chairman, David Geraghty said:

*The September 2026 quarter marked another significant step in Forrestania's transition toward becoming a Western Australian gold producer. Completion of the Edna May acquisition and associated capital raising established a second strategic processing hub and strengthened the Company's balance sheet.*

*During the quarter, Forrestania also released our maiden Ore Reserves across British Hill, Edna May, Johnson Range and Tycho deposits, highlighting multiple development pathways supporting our dual-hub strategy centred on Lake Johnston and Edna May. Operationally, the execution mining agreements with MEGA Resources advanced our readiness for production during the December quarter".*

Key Activities

Edna May Gold Project

During the September 2026 quarter, Forresteria completed the acquisition of the Edna May Gold Project from Ramelius Resources Ltd, establishing the Company's second strategic gold processing hub in Western Australia.

The acquisition includes the fully permitted 2.9Mtpa Edna May processing facility, associated infrastructure and an extensive regional landholding prospective for gold mineralisation. Following completion, Forresteria commenced integration, mine planning and operational readiness activities aimed at supporting the commencement of gold production in the December 2026 quarter.

Edna May shall complement the Lake Johnston processing hub and forms a cornerstone of Forresteria's strategy to establish a diversified Western Australian gold business capable of supporting multiple mining operations and future regional consolidation opportunities.

### *Lake Johnston Processing Facility Refurbishment*

During the quarter, Forrestania continued refurbishment activities at the Company's Lake Johnston Processing Facility.

Works focused on plant civils, equipment procurement and installation, infrastructure upgrades and operational readiness programs. In parallel, the Company continued building ore inventories with approximately 180,000 tonnes of material stockpiled to support mill feed requirements following commencement of operations.

### *Maiden Ore Reserves and Pre-Feasibility Studies Demonstrate Development Pipeline*

A significant technical milestone during the quarter was the delivery of four Pre-Feasibility Studies and maiden Ore Reserves spanning the British Hill, Edna May, Johnson Range and Tycho deposits (refer *Forrestania ASX announcements dated 18 September 2026*).

Collectively, the studies demonstrated multiple pathways to production and highlighted the ability of the Company's Mineral Resource inventory to support future ore supply to both the Lake Johnston and Edna May processing facilities. The studies also provided greater confidence around development sequencing, capital requirements and project economics as Forrestania advances toward production.

### *Mining Services Agreements*

During the quarter, Forrestania executed mining and mining services agreements with MEGA Resources. With mining operations scheduled to commence at the Johnson Range and Tycho deposits, the agreements represent an important milestone in the Company's transition toward production and provide access to key mining capability required to support the development of Forrestania's project portfolio.

### *Ore Purchase Agreements*

During and following the end of the quarter, Forrestania executed Ore Purchase Agreements with multiple parties, providing access for third-party gold ore to be processed through the Company's Lake Johnston and Edna May facilities. These agreements support Forrestania's strategy of maximising processing plant utilisation and enhancing operational flexibility through a combination of internal and third-party ore sources.

### *Recommended Off-Market Takeover for Zenith Minerals*

Forrestania continued progressing its recommended off-market takeover offer (Offer) for Zenith Minerals Ltd (ASX: ZNC) during the quarter, with acceptances now exceeding 62% of issued capital.

On 22 October 2026, Forrestania confirmed that its off-market takeover offer for all the fully paid ordinary shares in Zenith Minerals Limited was free of all defeating conditions and accordingly, the Offer is unconditional.

Zenith's board of directors has unanimously agreed to recommend that Zenith shareholders accept the offer in the absence of a superior proposal. Zenith is an Australian gold and lithium exploration and development company focused on advancing its flagship Dulcie Gold Project in the Forrestania region of Western Australia.

---

The Dulcie Gold Project hosts a JORC Inferred Mineral Resource Estimate of 21.3Mt @ 1.0g/t Au for 675,000oz Au (refer *Zenith ASX announcement dated 19 February 2026 titled “Zenith Defines 675,000 oz Gold Mineral Resource on Granted Mining Leases at Consolidated Dulcie Project”*).

#### *Exploration and Resource Growth*

During the quarter, Forrestania achieved a major corporate milestone with its consolidated Mineral Resource Inventory surpassing two million ounces of gold, supported by the inclusion of the Edna May gold deposit following its acquisition, and a significant Mineral Resource increase at the British Hill deposit which continues to expand with resource drilling continuing.

The updated JORC Mineral Resource Estimate (“MRE”) for the British Hill Deposit now stands at 4.12Mt @ 1.60g/t Au for 212,400oz Au at a 0.5g/t Au cut-off, with drilling continuing on the deposit.

#### **Corporate Activities**

As of 30 September 2026, the Company held \$71.1 million in cash reserves and \$18.0 million in listed investments. Increase in cash reserves compared to the previous quarter follows the completion of the successful \$310.0 million equity raising during the quarter.

Forrestania appointed mining finance and corporate finance executive Mr Tom Plant as Chief Financial Officer during the quarter. Mr Plant shall commence with the company in January 2027.

In accordance with Listing Rule 5.3.1, exploration and evaluation expenditure of \$3.8 million (excluding a further \$0.9 million paid via share-based payments) was principally directed towards drilling, assaying and geological modelling programs at the Company’s British Hill and Johnson Range projects along with tenement management.

In accordance with Listing Rule 5.3.2, development expenditure of \$27.6 million (excluding a further \$13.9 million paid via share-based payments) included refurbishments of the Company's key processing facilities, including the CIL plant, elution circuit, associated site infrastructure, engineering and procurement activities, mine development works and project management costs. No commercial production was undertaken during the quarter. \$205.2 million (excluding \$90.0 million paid via share-based payments) was paid for the acquisition of the Edna May Gold Project.

A total of \$365,906 was paid in cash to related parties during the quarter (refer to item 6.1 and 6.2 in the attached Appendix 5B) which included director fees and superannuation.

#### Board Committee Composition

Following continued Company growth and consistent with the enhancement of Forrestania’s governance framework and alignment with the ASX Corporate Governance Principles and Recommendations, the Board has resolved to establish the following Board committees with non-executive director representation as noted below:

##### Audit & Risk Committee:

Mr Daniel Raihani (Chair), Mr Adam Turnbull & Mrs Karen Wellman

##### Nomination & Remuneration Committee:

Mrs Karen Wellman (Chair), Mr Adam Turnbull & Mr Daniel Raihani

## About Forrestania Resources Limited

Forrestania Resources Limited (ASX: FRS) is an Australian gold development and emerging production company focused on building a leading Western Australian gold business through two strategic processing hubs at Edna May and Lake Johnston.

The Company's asset portfolio is positioned to support a hub-and-spoke development strategy, with multiple deposits and exploration projects located within haulage distance of existing processing infrastructure. At Edna May, Forrestania is preparing to commence gold production from a growing inventory of ore sources, including Tycho, Johnson Range and surrounding project areas. At Lake Johnston, the Company is establishing a second strategic processing hub capable of supporting future production growth and regional consolidation.

Forrestania's strategy is to grow its resource inventory through disciplined exploration, targeted acquisitions and project advancement, creating multiple potential sources of ore for each hub while pursuing regional consolidation opportunities. Supported by an experienced Board and management team with a proven track record in discovery, project development and mining operations, Forrestania is committed to creating long-term shareholder value through technical excellence, disciplined capital allocation and responsible resource development.

## Notes

1. This quarterly cash flow report and the accompanying activity report provide a basis for informing the market about the entity's activities for the past quarter, how they have been financed and the effect this has had on its cash position. An entity that wishes to disclose additional information over and above the minimum required under the Listing Rules is encouraged to do so.
2. If this quarterly cash flow report has been prepared in accordance with Australian Accounting Standards, the definitions in, and provisions of, *AASB 6: Exploration for and Evaluation of Mineral Resources* and *AASB 107: Statement of Cash Flows* apply to this report. If this quarterly cash flow report has been prepared in accordance with other accounting standards agreed by ASX pursuant to Listing Rule 19.11A, the corresponding equivalent standards apply to this report.
3. Dividends received may be classified either as cash flows from operating activities or cash flows from investing activities, depending on the accounting policy of the entity.
4. If this report has been authorised for release to the market by your board of directors, you can insert here: "By the board". If it has been authorised for release to the market by a committee of your board of directors, you can insert here: "By the

[name of board committee – eg Audit and Risk Committee]”. If it has been authorised for release to the market by a disclosure committee, you can insert here: “By the Disclosure Committee”.

5. If this report has been authorised for release to the market by your board of directors and you wish to hold yourself out as complying with recommendation 4.2 of the ASX Corporate Governance Council's *Corporate Governance Principles and Recommendations*, the board should have received a declaration from its CEO and CFO that, in their opinion, the financial records of the entity have been properly maintained, that this report complies with the appropriate accounting standards and gives a true and fair view of the cash flows of the entity, and that their opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.
