8.8 If item 8.7 is less than 2 quarters, please provide answers to the following questions:

8.8.1 Does the entity expect that it will continue to have the current level of net operating cash flows for the time being and, if not, why not?

Answer: No. The Company does not expect operating cash outflows to remain at the level recorded during the quarter. The quarter included payments of outstanding liabilities following completion of the placement in the previous quarter. The Company is managing its expenditure with the aim of reducing cash outflows in future periods.

8.8.2 Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?

Answer: Yes. The Company is actively progressing funding options to support its ongoing operations and planned activities, including potential equity raisings, debt funding and other financing opportunities. The Company has successfully completed capital raisings in previous periods and has an established history of accessing capital markets to support its activities. The Board remains focused on securing additional capital to support the Company's ongoing operations and business objectives and continues to pursue available funding opportunities having regard to prevailing market conditions and investor support. The Company may also benefit from future royalty revenue under its existing commercial arrangements as the relevant activities progress and production occurs, although the timing and amount of any such receipts will depend on future production activities.

8.8.3 Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?

Answer: Yes. The Company expects to continue its operations and pursue its business objectives through the active management of expenditure, prioritisation of key activities and the pursuit of additional funding opportunities, including equity and debt funding. The Board continues to closely monitor the Company's working capital requirements and funding strategy and will manage expenditure and planned activities in accordance with available resources and anticipated funding requirements.

Note: where item 8.7 is less than 2 quarters, all of questions 8.8.1, 8.8.2 and 8.8.3 above must be answered.
