[1] "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

[2] Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

The Board has considered the circumstances of each Director and has determined that all Non-Executive Directors as at the date of this statement are independent Directors on the basis that they are free from any interest, position, association or relationship that might influence, or reasonably be perceived to influence the independent exercise of their judgement. Ms Thomas is not considered to be independent due to her executive role.

In reaching the conclusions set out above, the Board considered the guidelines of materiality for the purpose of determining Director independence set out in the Board Charter and Box 2.3 of the Recommendations.

The Board will continually assess whether there are any factors or considerations which may mean that a Director's interest, position, association or relationship might influence, or reasonably be perceived to influence, the capacity of the Director to bring an independent judgement to bear on issues before the Board and to act in the best interests of Mach7 and its security holders generally. The Committee is also responsible for administering short term and long-term incentive plans (including any equity plans). The Remuneration and Nomination Committee meets at least two times a year or as often as is required to govern the operation of the Remuneration and Nomination Committee. Following each meeting, the Remuneration and Nomination Committee reports to the Board on any matter that should be brought to the Board's attention and on any recommendation of the Remuneration and Nomination Committee that requires Board approval. The Company discloses in its annual reports the number of times the Remuneration and Nomination Committee meets throughout each financial year and the individual attendances of the members at those meetings. The LTIP is designed to align the interests of senior executives more closely with the interests of shareholders by providing an opportunity for senior executives to receive an equity interest in Mach7 through the granting of securities, the vesting of which is subject to satisfaction of certain performance or time-based conditions. A summary of the LTIP was provided in the Company's notice of meeting for the Annual General Meeting held on 28 November 2025, where a grant of LTIP was last approved by shareholders. The Company has adopted a Securities Trading Policy which prohibits Directors and senior employees from hedging or otherwise limiting the economic risk of holding unvested company securities. In addition, the Securities Trading Policy prohibits Directors and senior executives from entering into any margin lending arrangement involving the Company's securities or from granting lenders any rights over their company securities. A copy of the Company's Securities Trading Policy is available on the Website.
