## Board Changes

**Friday, 30 October 2026** – Robotic technology company **FBR Limited (ASX:FBR)** ('FBR' or 'Company') advises that Ms Shannon Robinson has resigned as Chair and Director, effective today, due to growing professional commitments.

The Board acknowledges and thanks Ms Robinson for her service and guidance during her term.

To ensure an orderly transition and continuity of governance, current Non-Executive Director Mr Glenn Cooper has agreed to step into the role of Chair.

This announcement has been authorised for release to the ASX by the FBR Board of Directors.

**About FBR Limited**
FBR Limited (ASX: FBR) designs, develops and builds dynamically stabilised robots to address global needs in a safer, more efficient and more sustainable way. These robots are designed to work outdoors using the company's core Dynamic Stabilisation Technology® (DST®).

Applications of DST® include Hadrian®, Mantis™ and Firehawk™. Hadrian® is a bricklaying robot that builds structural walls faster, safer, more accurately and with less wastage than traditional manual methods. Hadrian® provides Wall as a Service®, FBR's unique commercial offering, to builders on demand. Hadrian® robots are also available for purchase by order. Mantis™ is a high deposition welding robot for the large-scale metal fabrication industries such as mining, shipbuilding and defence manufacture. Firehawk™ is an autonomous refractory lining robot that removes human labour from the process of lining ladles used in steel production with refractory bricks.
