ANTILLES GOLD QUARTERLY REPORT & APPENDIX 5B – 30 SEPTEMBER 2026

U.S. SANCTION OF CUBAN JOINT VENTURE MINING COMPANY

On 4 June 2026, the Cuban joint venture mining company, Minera La Victoria SA ("MLV"), was designated by the U.S. Department of Treasury's Office of Foreign Assets Control ("OFAC") as a Specially Designated National ("SDN").

The U.S. Department of State ("DoS") press release announcing the designation explains the rationale of Executive Order 14404 under which it is made, and that any U.S. entity or person is generally prohibited from transacting with an SDN and secondary sanctions may be imposed on parties from other jurisdictions. The press release is available at: https://www.state.gov/releases/office-of-the-spokesperson/2026/06/sanctions on-cuban-actors-responsible-for-subversive-anti-american-activities-fact-sheet/

As a consequence, Antilles Gold Limited's subsidiary, Antilles Gold Inc ("AGI"), which is a 50% shareholder in MLV, advised its Cuban joint venture partner, Gold Caribbean Mining S.A. ("GCM"), that it was suspending its direct participation in the administration and management of MLV's activities while it evaluates the implications of the OFAC designation, and available options.

Following discussions with DoS, AGI submitted a Proposal to DoS suggesting changes to the operation and structure of the joint venture that could lead to the lifting of the sanction, or OFAC licencing MLV to transact with U.S. entities or persons.

DoS subsequently advised AGI that to advance the Proposal, a potential cornerstone U.S. investor in AGI would be required to approach DoS directly on the matter and gain approval for the various stakeholders to undertake negotiations on the proposed commercial arrangements and commitments to DoS that could lead to the lifting of the sanction and resumption of the construction of the Nueva Sabana gold & copper mine

In August 2026, the Company signed a binding Memorandum of Understanding ("MoU") with a U.S. US$3.4 billion alternative investment group, Global Emerging Markets ("GEM"), wherein, subject to the sanction being lifted, GEM committed to:

- a U.S. subsidiary subscribing US$18.0M for a 25% shareholding in AGI as the first step towards a minimum of 51% of AGI's shares being held by U.S. entities.
- ensuring AGI placed sufficient of its shares to U.S. investors to achieve a minimum of 51% being held by U.S. entities, by no later than 30 June 2028.
- ensuring AGI reconstitutes its Board by the appointment of a U.S. citizen as the independent Chairperson, two U.S. citizens nominated by GEM being appointed and AGL nominating one non-executive director and one executive director.
- ensuring that the surplus cash generated from the first two years of operation of the Nueva Sabana mine will be retained as equity for the La Demajagua mine rather than being distributed as dividends.

Following its initial approach to DoS and at the request of DoS, GEM submitted an application to OFAC for a licence that would permit it to negotiate with MLV, AGI, and DoS on the commercial terms and commitments to DoS that would be required to lift the sanction.

Negotiations between the various parties will commence immediately following the licence being issued by OFAC.
