US defense market acceleration

- WAM® a key pillar of the US Navy's supply chain with 15 out of 16 US systems directly supporting the Navy MIB.
- Multi-system orders combined with ARCEMY®'s ability to re-engineer US Navy component production is accelerating growth.
- Appointment of retired US Navy Rear Admiral Goggins to improve access to US Navy MIB decision makers and contracts.

Expanding beyond the US MIB

- First non-defence ARCEMY® system operational for energy maintenance at US utility, the Tennessee Valley Authority.
- Non-defence US demand growth confirmed with ARCEMY® order from Aerospace and Energy supplier FasTech.
- Investing $12m to double US manufacturing and meet increasing system and parts demand from defense and non-defense sectors.
