ASX ANNOUNCEMENT

Investor Webinar: Ferké Updated Interim MRE

Many Peaks Minerals Limited (ASX:MPK) (**Many Peaks** or the **Company**) is pleased to invite shareholders and investors to an investor webinar, hosted by Managing Director Travis Schwertfeger, to discuss the updated Interim Mineral Resource Estimate (**MRE**) for the Ouarigue prospect at the Ferké Gold Project in Côte d'Ivoire, announced to the ASX today.

Highlights of the Interim MRE

- Ouarigue MRE increased 57% to 34.6Mt @ 1.87g/t gold for 2,077,000 ounces, an increase of 754,000 ounces in six months
- Open pit constrained resource is 97% Measured & Indicated, with over 63% of in-pit ounces in the Measured category
- Mineralised intrusion thickens with depth, with ounces per vertical metre beneath the pit averaging over 3,000 OVM, and mineralisation remaining open at depth
- Substantial exploration upside along the 37km mineralised shear corridor, the vast majority of which remains unexplored
- Scoping Study for an integrated open pit and underground development nearing completion for later in Q4 2026, ahead of a planned Feasibility Study in 2027
- Fully funded for the Scoping Study and ongoing drilling, with A$20M cash at 30 September 2026

Mr Schwertfeger will provide an overview of the Interim MRE, the ongoing metallurgical and study work, and the Company's planned drilling and development pathway at Ferké, followed by a Q&A session.
