12 November 2026

2026 AGM – Shareholder Webcast Access

Peninsula Energy Limited (ASX: PEN) (Peninsula or the Company) advises that shareholders will be able to view a live webcast of the Company's upcoming Annual General Meeting (AGM), to be held at 9.00am (AWST) on Monday, 23 November 2026.

The webcast will provide shareholders who are unable to attend the AGM in person with the opportunity to observe the meeting proceedings remotely.

Webcast access: https://loghic.eventsair.com/611921/246811/Site/Register

Shareholders are advised that the webcast is for viewing purposes only. Shareholders accessing the meeting via the webcast will not be able to participate in the meeting, ask questions or vote during the meeting.

Shareholders wishing to participate in the AGM should attend in person, while those unable to attend are encouraged to lodge their proxy votes in accordance with the instructions and deadlines set out in the Notice of Meeting.

ABOUT PENINSULA ENERGY LIMITED

Peninsula Energy Limited (ASX: PEN) is an ASX-listed uranium company which is developing a long-term uranium production business centred on its 100%-owned Lance Uranium Operation located in Wyoming, USA. The Lance Project successfully re-commenced production of dried yellowcake in September 2025 and is continuing to ramp up production under a revised production and operational plan announced in August encompassing the progressive deployment of low-pH operations, revised wellfield design and optimised production sequencing.

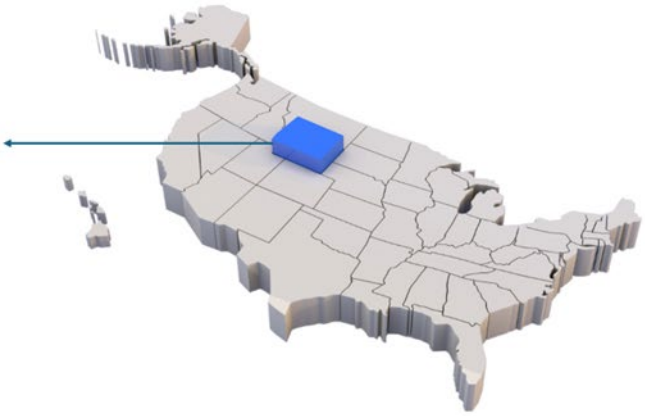

Lance is one of the largest, independent uranium projects in the US and, once back in full production, will establish Peninsula as a fully independent end-to-end producer of yellowcake. Strategically positioned within a supportive US jurisdiction, Peninsula is well-placed to become a key domestic supplier of uranium and play an important role in a clean energy future.

WYOMING, USA
