ASX / MEDIA RELEASE
12 November 2026

68th Copper Concentrate Shipment Dispatched from Sohar Port

Perth, Australia: Alara Resources Limited (ASX: AUQ) (**Alara** or the **Company**), a pure-play copper producer and explorer with projects in Oman, is pleased to announce the dispatch of its 68th shipment of copper concentrate from its Al Wash-hi Majaza copper mine in Oman. The Al Wash-hi Majaza mine is operated by Alara's joint venture company Al Hadeetha Resources LLC (**AHRL**). Alara holds a 51% interest in AHRL.

Key Highlights

- **68th shipment of 1052 WMT copper-concentrate shipped, comprising 203 MT copper**
- **Previously announced 66th shipment dispatched as two parcels (Parcels 66 and 67)**

The Al Wash-hi Majaza copper-concentrate plant shipped a quantity of 1052 WMT of copper concentrate, containing approximately 203 MT of copper, in its latest shipping cycle. This volume comprises the 68th parcel of copper-concentrate exported from the plant, which departed Sohar Port on 10th November 2026.

The interval since the previous sailing on 12 October 2026 was due to limited vessel availability at Sohar Port. Concentrate production has continued as normal over this period, and two further shipments, totalling approximately 2629 WMT, are currently at the port awaiting vessel allocation. The Company will update the market as these shipments are dispatched.

Update on 66th and 67th Parcels

The Company also advises that, following its announcement of 13 October 2026, it was informed by the shipping line that due to operational reasons, the 66th shipment was split into two consignments, one of 30 containers (TEUs) and the other of 19 containers (TEUs). Therefore, administratively the 66th shipment will subsequently be recorded as Parcel 66 and Parcel 67, with not change in the total quantity of copper concentrate dispatched.

A breakdown of the two parcels is set out in the table below.

Table: Recent Copper Shipments from Al Wash-hi Majaza Mine

	Parcel 66: 12 Oct 2026	Parcel 67: 12 Oct 2026	Parcel 68: 10 Nov 2026
Copper concentrate WMT[1]	788	499	1052
Copper concentrate DMT[1]	723	458	957
Copper MT[1]	139	88	203

1 Figures are approximate.

About Alara Resources

Alara Resources Limited (ASX: AUQ) is an Australian-based pure-play copper producer and explorer.

Alara is currently focused on operating the Al Wash-hi Majaza Copper mine and concentrate production facility in Oman. The Company is also continuing exploration activities at its other Omani projects, including the Block 7 exploration licence under the Daris JV, the Mullaq and Al Ajal exploration licences under the Al Hadeetha JV, the Block 8 exploration license under the Awtad Copper-Power Metal JV and the recently awarded Block 22B exploration licence under the Al Hadeetha Mining LLC JV.

Alara's mission is to become a mid-tier minerals producer which will deliver maximum shareholder value through profitable growth driven by low-cost, sustainable operations.
